The steamer *Trent* arrived yesterday evening from a short run up Trent river.

The Board of City Council will be in session to-night to wind up the business of the old Board.

The county commissioners were in session yesterday. Adjourned till this morning at 10 o'clock.

Schooners *Gold Leaf* and *Packet* arrived from New river last night with turpentine for A. B. Dennison.

John Dunn gives notice of his ice cream parlor. It is the proper place for young men to carry their sweethearts and friends for a nice treat.

The first peas of the season from Craven county were shipped yesterday. One box by A. W. Wood, from the farm of J. P. Thorpe, at Riverdale and 21 boxes by B. B. Lane, of this city.

Mr. Henry J. Lovick gives notice in this issue that he is ready to survey lands. He is a practical surveyor of many years standing, and knows what he is about when tracing old lines.

There will be a meeting to practice the music for Memorial Day, this Tuesday evening, at 8 o'clock, at the residence of Mrs. John Dunn. It is earnestly requested that all members of the choir shall be present.

We call attention to the advertisement of the *News & Observer* in to-day's paper. This is a live newspaper and one that has done yeoman service in the cause of Democracy during all of the late Campaigns.

**The Confederate Statue Fund.**  
The following were the contributors yesterday: Miss Madge Gignilliat, 25c.; Miss Hattie Gignilliat, 25c.; Master Harry V. Allen, 25c.; Mary S. Brown, 25c.; Jamie B. Brown, 25c.

**The Hogwump's Rod Refrain.**  
The hogwump roasts in the hollow log,  
The hogwump sits in the tree;  
Whenever I hear the hogwig sing  
My heart is sad in me.

Whenever the snagpop toots his loot  
To the wail of the migwag hen,  
And the migfunk chirps in the stilly night,  
You bet I'm lonely then.

**A Good Situation.**  
A woman of prudence and good judgment is wanted to take charge of the female department of the penitentiary as matron and attendant.

The position is a good one, duties not onerous, though important, and a good salary will be paid.

Any persons wishing to apply for the same can obtain further information by calling at the JOURNAL office.

**New Berne—Fayetteville.**  
Philemon Holland, jr., attorney-at-law, left yesterday morning for Fayetteville, his future home, where he will continue the practice of his profession.

Mr. Holland is a young man of fine talents and is destined to make a successful lawyer. We regret to lose him. We wish him unbounded success in his new field and congratulate our sister town upon the accession of so valuable a citizen to its community.

**The City Election.**  
The municipal election passed off very quietly. In the 2nd and 3rd Wards there was no opposition to the Democratic nominees. In the 1st Ward there was an independent Democratic candidate, which made things a little more interesting. In the 4th and 5th Wards there were no Democratic candidates, but independent Republicans. The following is the vote:

1st Ward Wm. Ellis, Dem. 73; R. P. Williams Ind. 56.

2nd Ward, F. W. Hancock, Dem. 77; scattering, 1.

3rd Ward, Jas. W. Moore, Dem. 68; scattering, 2.

4th Ward, Judge Mumford, Ind. 102; V. A. Crawford, Rep. 69.

5th Ward, Nathan Syron, Rep. 108; Chas. E. Nelson, Rep. 113.

## Buildings Going Up.

Of the buildings now in course of construction in New Berne is the canning establishment of Moore & Brady at Union Point. They have driven the piling and are now laying the floor, making a wharf 86x175 feet. On this will be erected two buildings 28x100 feet each, one story with tin roofs, and a boiler room two stories, 16x16 feet. They have erected a bridge, by which the wharf is reached, 300 feet long by 6 wide. E. M. Pavie is the contractor and builder. He also has the carpenters work for T. A. Green's, two brick stores and two for John Dunn. Mr. Simpson, contractor and builder, has the carpenter work for two stores for Mr. W. H. Pearce, two for L. H. Cutler and two for the Hughes estate. These buildings will keep a good number of hands employed during the summer.

## Up Country Jurors.

The District Court in session here last week, gave the Jurors from up country, an opportunity of learning something of the habits and customs of a seaport town. One wanted to know how deep we had to bore wells to obtain cistern water, another thought he was pestered with a *Greenie* fly, when the mosquitos began to sing around his head; the oyster canning was also something new, and learning which table gentlemen took at the market restaurants, was valuable information to the one who sat down at the ten cent table. The one who got lost in Riverside Park, at Kinston and was thrown behind a day on account of the train's leaving him, did not get so well posted as those who came in on time, but he learned much of city habits. We hope the authorities will reach far into the interior for Jurors to serve in this Court, as it compels them to visit our city which they would probably not do under any other circumstances.

The crowd from Greene county, we are glad to say, enjoyed themselves hugely while here. They are a clever set of gentlemen and only lacked Sheriff Harper to make it the jolliest make up of Jurors present. We hope to see them here again soon.

## Funeral of a Well-known Citizen.

The funeral of John Kins took place Sunday afternoon from the Presbyterian church. Messrs. Geo. Allen Alex Miller, J. B. Lane, E. K. Bryan, Wm. Hollister and C. E. Slover acted as underbearers, and a large congregation of citizens were present to attest their respect for the deceased. Rev. Mr. Vass, who conducted the services, spoke feelingly of him who he said had been for years a worthy example of punctuality in attendance upon divine worship, and expressed a well-grounded hope as to his future state. Mr. Kins was in the 70th year of his age.

## The Latest War News.

LONDON, May 2.—A hasty summoned Cabinet Council was held this evening. It is said that important telegrams from Sir Peter Lumsden, the British Commissioner, and from Sir Edward Thornton, the British Ambassador, at St. Petersburg, were the cause of the speedy summons of the Ministers to the council. Earl Granville stated after the council that from its latest advice the Government had every reason to believe a pacific settlement would be arrived at with Russia. The session of the Cabinet lasted over an hour.

It is now known that the special Cabinet council was called to consider a despatch just received from Sir Edward Thornton, British Minister at St. Petersburg, in which he informed the Government that Russia had accepted, in principle, the English proposal to submit to arbitration the question of responsibility for the violation of the agreement of March 17.

The marshals invited to serve at the Memorial services will please assemble at Dall's store on the evening of May 5th at 8:30 o'clock.

E. M. DUGGID,  
Chief Marshal.

## Diocese of North Carolina.

WASHINGTON, N. C.,  
May 1st, 1885.

The Second Annual Convention of the Protestant Episcopal Church, in the Diocese of North Carolina, will be held in St. Mary's Church, Kinston, on Wednesday, May 13th, 1885. Delegates can obtain reduced rates on the Atlantic & North Carolina Railroad.

NATHANIEL HARDING, Sec.

NEW BERNE, N. C., April 7, 1885.  
DR. C. D. RICH, GEN'L AG'T,  
Raleigh, N. C.:

DEAR SIR—I take pleasure in stating that I have been a member of the Mutual Trust Fund Life Association of New York since September, 1883. I was thirty-five years old when I joined the company, and my insurance has cost me only \$5.75 per year on the thousand.

I cheerfully recommend the Association to the public.

Respectfully,  
W. P. BURRUS.

Mother, think of the battle that is being waged by worms against the life of your child. There is no night of rest with them; they fight to kill. Shriner's Indian Vermifuge will annihilate them. Only 25 cents a bottle.

## ITEMS FROM ALL AROUND.

"Replanting corn," and planting cotton.  
Frost on the night of the 29th ult. Not much damage.  
Rev. J. L. Winfield was down to Pungo on the 4th Lord's day.

Schooner *W. P. Davis* sailed from D. C. Way & Co's mill on 30th ult. with lumber.  
Pantego is talking picnic. They understand making those things enjoyable at Pantego.

John Sharp, of Leechville, has gone to sea. Guess he will see more than the contract calls for.

Pantego merchants complain of unusually dull times. We are used to them at our homes everywhere.

Died, at his residence near Nebraska, on the 20th ult., Mr. Caleb Brooks, next to the oldest man in Hyde county.

Steam tug *Chowan*, Capt. Pickup, passed down Pungo river on the 28th inst. with the barge *Kitty E. Finn* in tow.

Dr. J. O. Loraine, of Phillipsburg, Pa., who has spent the winter near Leechville, leaves for his Northern home on 4th May.

Leechville merchants are with perhaps one exception engaged in farming. I have been told by travelling salesmen that the standing of Leechville's merchants is as good as any place in the county.

The *Margie* came down from Washington a few days since, bringing a number of the prominent citizens of that town to cultivate a more intimate business relation between this section and that place. They or the *Margie* did her cultivating in the mud in Wysocking bay. Our neighbor seems to think that the *JOURNAL* was a little cross or something wrong. Who could stand by and see such a calamity starting one's own house and not become at least nervous? The last I heard of the *Margie* she was cultivating the sand at the mouth of Slades creek.

I would advise Paradox and Passim (who launched so many jaw dislocating words onto the sea of literature right lately) that "in promulgating your esoteric cogitations or articulating your superficial sentimentalities, and amicable philosophical or psychological observations beware of platitudinous ponderosity. Let your conversational communications possess a clarified conciseness, a coalescent consistency, a concatenated cogency, and a compacted comprehensiveness. Eschew all conglomerations of flutulent garrulity, jejune babblement and assimile affectations. Let your extemporaneous deceptions and unpremeditated expectations have intelligibility and veracious veracity, without rhodomontade or thrasical bombast. Sedulously avoid all polysyllabic profundity, pompous prolixity, utatious vacuity, vaniloquent rapidly and vantageful verbosity. Shun double entendre purulent jocosity and pestiferous profanity." In other words, talk plainly, briefly, sensibly, truthfully, purely, keep from slang, don't put on airs, say what you mean, mean what you say, and don't use big words, nor be long at it.

## Swansboro Items.

To-day, (Saturday) all gone to the banks.

Bob-McLean and Claude Frazzelle, came home to see their better halves. Bob has been in the penitentiary business for four months and he looks like he was well fed. (We don't mean to say he is a convict.) Claude has been off teaching school in Stump Sound for some time, only home on a visit to his family for a short time.

Swansboro is on a big spree, and we can't tell you much about the news this week. Last night and yesterday, May-day and night, was one, and two (you may say,) days to be remembered, so far as enjoyment and pleasure were concerned. Day opened rainy, but cleared off soon, and the crowd came in from all parts of this and other counties, and things were carried on according to programme. First, the address by Dr. Saunders, from Carteret county, and it was certainly the best school address we ever heard, and we have heard many. Next, Queen crowned and May-pole Dance, by the School children, superintended by Mr. Harry Mallett, Teacher, and it would have done you good to have seen these children prancing the Red White and Blue. Miss Minnie Ward as May Queen and Misses Alice Russell, Rosa Moore, Lucy Bloodgood and Mertie Webb, as maids of honor, did justice and more than justice, if such could be said, because it was a new thing with the people here, especially the young. Dr. J. W. Sanders, introduced by Dr. E. W. Ward, in a very appropriate little speech just suited to the occasion, was one of the best parts of our May-day performance. Dr. Ward, who by the way, is never at a loss for anything, pitched in with a speech, so well suited, that one would have thought he was well prepared for this occasion. We would like to mention the names of the children who partook in the May-pole Dance, but it is not necessary now. All did well. At night, the S. D. Club gave one of their best entertainments to a crowded house. Many persons from this and other counties, gave their judgment in the affirmative, among a few were Messrs. Walter Murrill, Elijah Newbold, Tom McGeo, Mrs. E. W. Murrill, Miss Katie Venters, and others from Richmond; Misses Lila and Julia Mattocks, Cora and Alice Ervin, Mrs. Lily Taylor, and others from Carteret county. Mr. J. J. Wood, Mrs. Carrie Shepherd and others from Rollokaville, Jones county, N. C., witnessed everything and they say with satisfaction, and so say we; not to say anything of the Grand Ball, which came off also on Friday night, which was, so we learn, a perfect success. The ball was at Maj. Russell's. Bill H— and Frank P—, say it was

## just splendid. As they both felt well, not down particular, but head over heels or ears in love.

**A Nation of Egg Eaters.**  
"There are at least 50,000,000 eggs consumed daily in the United States," said a wholesale dealer near Washington market, New York, to a reporter for the *Mail and Express*. "That's over 4,000,000 dozen and at an average price will amount to at least \$80,000. Think of the outlay and business activity required to handle this enormous quantity. The American people are egg eaters. As a general thing the supply is equal to the demand, but about three years ago late after January, we ran ashore on domestic eggs. What was the result? Europe began to ship us pickled eggs by the millions. Shiploads came over. Prices went down and the European pickled eggs at fourteen cents a dozen became immensely popular. This almost ruined our home egg market. During the months of April and May the eggs are pickled by means of a solution of lime water. They are kept until November and December and then come in to lower the market. Fresh eggs, though, are worth thirty cents a dozen."

"Where do the eggs in the United States principally come from?"  
"From Jersey, Delaware, Virginia, North and South Carolina and Maryland. The Western States of course furnish large quantities, but not so much as the States mentioned. Nineteen million two hundred thousand eggs were shipped from Europe to this country since the first of April to September. They came from Belgium, Copenhagen, Hamburg and the greatest egg mart in the world, Antwerp. But all these European eggs are pickled, and although not half so good as the fresh, yet they have the effect of lowering the prices. All of the peasantry in Germany, Belgium and Holland raise large quantities of fowl. But in the United States a few farmers only pay attention to the industry."

**OFFICE OF JACOBS' PHARMACY,**  
ATLANTA, June 13, 1884.

Six months ago we had no demand for B. B. B., but now our retail demand is such that we are forced to buy in two gross lots. We attribute the rapid and enormous demand to the comparative size and price of B. B. B. (being large bottles for \$1.00) and its positive merit. The fact of its containing Iodide of Potash renders it more valuable as a Blood remedy. It sells well and gives our customers entire satisfaction. Our sales have increased 500 per cent. within a few months.

**JACOBS' PHARMACY,**  
per Fred B. Palmer, M.D.

We have been handling B. B. B. only a few months, and take pleasure in saying it is superseding all other Blood Remedies. It sells well, gives our customers entire satisfaction, and we cheerfully recommend it in preference to any other Blood Purifier.
