The musicale on Friday night, at Loftin's opera house, was a complete suc-cess. It proved that Kinston has musical talent of the first order, and that we can, at any time, furnish a musical treat to the lovers of this refining art. The proceeds amounted to fifty-seven dollars. The park commissioners will dispose of this amount most judiciously. In the park completed, but no new work will be completed, but no new work will be begun unless all of the operatives return.

Morrison's Prospects.

Springfield, Ill., May 12.—A meeting of Democratic leaders was held at Col. Morrison's room last night and it was unanimously agreed that no caucus was needed and none should be called. A strong effort will be made by the Democrats when the balloting begins to elect Col. Morrison, and if it should be deemed expedient to take up another candidate it will be done without the formalities of a caucus. Col. Morrison stated that whenever the Democrats can find a candidate who can get more Republican votes than he can, he will withdraw his name and let some one else try it. else try it.

Is the name of a flourishing village in Coffee county, Georgia, on the line of the Brunswick and Albany railroad. Mr. D. E. Gaskin, a well-known citizen of that village, writes under date of December 22d: Soon after my marriage, about four

years ago, my wife was stricken with some trouble peculiar to her sex, which broke down her general health. In this condition she was soon after attacked with inflammatory rheumatism of such a severe type that it made her a cripple She was reduced in flesh to sixty-five pounds, and came very near losing her life. She was attended by three good physicians who treated her with some benefit, but the swelling in her joints never left her. Last summer the rheu matism returned in a still more severe and painful form, which seemed to defy the skill of all the doctors. She would almost go frautic with pain, and would lie and scream all day. A friend of mine, who is an engineer on the Brunswick & Albany railroad, suggested that I should use Swift's Specific (S. S. S.), which I did. After she had taken one small bottle she was up and able to walk over the house, and after taking the six small bottles she is now able to do any kind of house work; the swelling has gone, all the pain has left her and she gone, all the pain has left her, and she is in better health than she ever was. The treatment before using Swift's Specific cost me between \$350 to \$400, and the six bottles of S. S. S. cost me six
