## LOCAL NEWS.

**Journalist's Almanac.**  
New Berne, latitude, 35° 9' North,  
longitude, 77° 3' West.  
Sun rises, 4:44. Length of day,  
Sun sets, 7:48. 14 hours, 28 minutes.  
Moon rises at 12:39 p. m.

**BUSINESS LOCALS.**  
Have on hand now an extra lot of  
B. SWERT.

The burnt steamer *Dejeune* is at Congdon's mill taking on lumber to rebuild her.

**Trustees of New Berne Academy met on Thursday afternoon and re-elected the present Superintendent and full corps of teachers now engaged in the graded school. This is a compliment to the efficiency of all of them which is no doubt well merited.**

**Prizes Awarded.**  
At the closing exercises of Dr. Hoover's school yesterday two prizes were awarded, one for excellence in scholarship, the other for good deportment. Samuel M. Brinson took the first, three volumes of Ancient History, and Thomas D. Carraway the second, a Waterbury watch.

**D. R. Walker of the News and Observer recently said that bee culture was a profitable business and one which ladies could properly conduct. We have proof that this is true, having recently received from Mrs. M. D. Morgan a section of very fine honey taken from one of her colonies. She has several colonies under her control, which she is managing well and successfully, as she does everything she undertakes.**

**Irish Potatoes.**  
The Irish potato crop, though not a very large one this season, is very fine. Mr. D. S. Barrus, of Pollockville, sent down thirty barrels yesterday which were shipped by the *Shenandoah*, and a sample of them shows us measured five inches in length and were as large in proportion. The section of country along Trent river between here and Pollockville is well adapted to trucking, and the farmers are beginning to find that it pays to plant potatoes on a small scale.

**The Obnoxious Trial at Richmond ended.**  
The jury in the obnoxious trial, after an exhaustive service of three weeks, took the case about 9 o'clock Thursday night and in forty minutes filed into the boxes with their verdict, which was "guilty of murder in the first degree." Court then adjourned to Friday morning, when it was understood that a motion for a new trial would be made. The prisoner received the verdict with about the same self-possession that he has maintained throughout the trial.

**A Pleasant School Picnic.**  
Our Pollockville friends came down in force on the steamer *Trent*, yesterday with Professor Sinclair's school. They stopped at New Berne a few minutes and with a few invited guests and a band of music proceeded up Neuse river to Pettipah's ferry, where they halted and spread a sumptuous dinner. The ladies present, of whom we recognized Mrs. Samuel Hudson, Mrs. J. H. Sheppard, Mrs. Ed. Perry, Mrs. A. G. Barrus, Miss Rachael Simmons and others served the dinner in good style. On the return there was a demand for apples and for some the lawyers failed to come to time, even our ship-builder, the John Birch of New Berne, failed to respond, though loudly called for. However, the crowd was not disappointed, for Mr. T. A. Green, Professor Sinclair and Mr. J. H. Becton responded with short, spicy and vigorous speeches.

Prof. Sinclair has had a flourishing school at the Seminary near Pollockville during the last five months and this excursion was given to the children at the close of the school.

## THE CLOSING EXERCISES OF THE GRADED SCHOOL.

Friday evening the closing exercises of the Graded School were held on the Academy Green. The exercises were opened with prayer by Rev. Mr. Jenkins. Miss Hattie Dail read an address of welcome, which was well written, and certainly well read.

Professor Thomas then presented certificates of distinction to quite a number of the pupils of the different grades. We regret that we were not furnished with a list of the names.

## KINSTON COLLEGE.

**COMMENCEMENT DAY.**  
Commencement week is one of unusual interest to the people of Kinston. Large crowds assemble from every direction to witness the interesting closing exercises, and their presence imparts a liveliness and vitality to the town that is truly enjoyable. It was our pleasure to be present on Thursday, Commencement Day, to hear the splendid address of W. G. Burkhead, Esq., the presentation speeches of Messrs. Rouse and Uzzell, the annual reports of the stockholders and the Principal, and to listen to the sweet strains of music by the Kinston orchestra, Messrs. Sam. Chadwick, Richard West, Horace West, James McDaniel and Louis Einstein, assisted by Miss Tiffany West at the piano.

The court house was comfortably filled with beautiful ladies and sturdy old farmers from the surrounding country and neighboring counties, whose happy countenances gave evidence of their entire satisfaction with the progress their children had made during the past session of this most excellent institution.

"Live for something, be not idle, Look about you for employ, Sit not down to useless dreaming, Labor is the sweetest joy."

The above lines formed the text of the orator of the day, W. G. Burkhead, Esq., of Goldsboro. He was introduced to the audience by J. R. Uzzell, Esq., in a neat and appropriate little speech. He chose for his subject, "Duty is Pleasure," and proceeded to prove to the boys and young ladies, by many striking illustrations, that the price of success is "steadfastness of purpose and unremitting toil." It was a speech brimful of practical suggestions and forcible illustrations, and from the riveted attention of the audience we are quite sure it will accomplish good.

Mr. Burkhead, as reading clerk of the House in the General Assembly of North Carolina, has justly won the reputation of being the best reader in the State. We will not say that he is the best orator in the State, yet he has all the qualifications of a successful extemporaneous speaker. His style is easy and fluent, his enunciation clear and distinct, his arguments logical and forcible. On this occasion he appeared happy in delivering the address, and the audience was certainly pleased with the speaker.

At the conclusion of the address Mr. E. F. Cox read the report of the stockholders of Kinston College, which showed the institution to be in a prosperous condition. In the report was the following

**MEMORIAL TO W. C. MOORE, ESQ.**  
The stockholders and friends of Kinston College desire to record a memorial of their high appreciation and regard for Mr. William C. Moore, who was a warm friend of the institution, and a hearty co-operator in forwarding its interests. He has been called away from our midst by death since our last meeting, and we deeply feel his loss to us. We most heartily sympathize with his widow and friends in their sad bereavement, and wish them to be informed of this action of this body.

The Principal, Dr. R. H. Lewis, then read the following annual report:

The annual session of 1884-85 opened on Monday, September 1st, 1884. The number of pupils registered first day was 90. At the close of the Fall term, the number was 139. At the close of the Spring term, the number is 156—88 young ladies and 68 young gentlemen.

**REPRESENTATION.**  
The following counties and States were represented: Beaufort, Carteret, Craven, Dare, Duplin, Greene, Hyde, Jones, Lenoir, Onslow, Pitt, Union, Wake, Washington, Wayne—and the States of Florida and Virginia. This shows a wider range of representation among the students than at any time during the eight years we have taught at Kinston.

**DISCIPLINE.**  
Harmony and peace have reigned within our walls during the entire year. No case requiring severe discipline has come up for adjudication. And the young ladies and young gentlemen and children of the school deserve credit for their general good deportment.

**HOLIDAYS.**  
With the exception of the week's recess at Christmas, there have been three holidays during the year, viz: Exposition day, October 17th, Thanksgiving day, and May day.

**COLLEGIATE STUDENTS.**  
In Latin, 31; 15 males, 16 females.  
In German, 8; 5 " 5 "  
In French, 5; 5 " 5 "  
Nat. Science, 12; 7 " 5 "  
Music, 28; 1 " 27 "

**GRADUATES.**  
Two young ladies, Miss Fannie Harrell and Miss Mary Taylor, having finished the English course and having passed a satisfactory written examination are entitled to diplomas.

**HONORS—FOR 10 MONTHS' PUPILS.**  
Those entitled to honors are: In Latin, W. E. Darden and Misses Lizzie Lassiter and Laura Warters. In French, Misses Lassiter, McDaniel and Warters. In Mathematics: Algebra, Ed. Barrett and Miss Dora McDaniel; Arithmetic, W. E. Darden, Miss Lena Spain.

In History: Miss Annie Robason; In English Grammar, Clarence Oostinger.

James Phillips and Misses Warters, Weyher, and Sallie Reuntree.  
In Music: Misses Mattie Etheridge, Lola Griffin, Annie Robason, Mary Taylor.

Those deserving special mention, (five months' pupils) are: In Latin, J. H. Pridden and J. C. B. Koonce; In Algebra, J. H. Pridden and Frank Parrott; In Arithmetic, Benj. Maxwell; In Eng. Grammar, Benj. Maxwell and Miss Lillian Foscoe; In Geography, Benj. Maxwell and Miss Ida Hargett.

**PREMIUMS.**  
For best deportment among the young ladies during the term, Mrs. Lewis offered a gold medal. This was won by Miss Dora McDaniel.

Mrs. Lewis' gold medal for penmanship was won by Miss Annie Robason. Miss Lucy Askew and Miss Dora McDaniel deserve special mention for excellence in penmanship.

Mrs. Lewis' gold medal for arithmetic was won by Mr. Josie Dixon.  
Master Joseph H. Turnage deserves special mention for excellence in arithmetic.

The Principal offered, at the close of the session, a premium for the pupil who best could give all the quotations for the term months. (One) quotation was read by Principal and copied by pupils, four times a week during the session. More than one hundred and fifty quotations were written. All these were repeated by Miss Lizzie Lassiter, who also gave the name of the author of each. Miss Lassiter received the premium.

Miss Emma Parrott's recitation of the quotations was so good that we cannot withhold a premium also to her.

**PUNCTUALITY.**  
Most punctual pupils for ten months are: Misses Phoebe Curtis, Nannie Isler, Mattie Moye, and Lena Spain, who have never been tardy or absent a single day.

**ADDITIONS TO MUSEUM.**  
Thirty-six specimens have been received, as donations to our Museum and Cabinet of Minerals since last Commencement.

**MUSIC DEPARTMENT.**  
Mrs. Anna L. Davis, who has been in charge of the music since the organization of the College, has offered her resignation, which has been accepted by the stockholders. It is but just to this lady to say that she has most faithfully and conscientiously discharged the duties of her position. And she will carry with her, into her retirement, the best wishes of all.

**APPOINTMENT OF MUSIC TEACHER.**  
Prof. George D. Meares, who has recently filled a most successful series of engagements in Raleigh, has been appointed to take charge of vocal and instrumental music for the next session. Mr. Meares is a cultured gentleman, a composer of music, and comes highly recommended. And we trust he will receive the patronage that his talents deserve.

**SESSION OF 1885-86**  
will open on Monday, 7th September, and close first Thursday in June.

Returning thanks for the liberal patronage of eight years past, we respectfully solicit a continuance.

**RICH' D. LEWIS, Principal.**  
The prizes awarded Misses Dora McDaniel, Annie Robason and Mr. Josie Dixon were presented by N. J. Rouse, Esq., and to say that it was well done would hardly express it correctly. It was neatly, appropriately and humorously done. J. R. Uzzell, Esq., presented the prizes awarded to Misses Lizzie Lassiter and Emma Parrott, and he too said the proper thing, and he seems to know what to say to young ladies.

Thus closed another session of Kinston College. For dozen years or more the people of Kinston have delighted to witness the closing exercises of their schools. They know what schools have done for their town: their interest in the cause of education remains steadfast, and by their "steadfastness of purpose and unremitting toil" they rightly claim that Lenoir is the banner county of the East in the cause of education.

**A Good Move.**  
The City Council have acted wisely, we think, in the course that has been adopted by which they are able to pay cash for the current expenses of the City Government. They have made arrangements to borrow money sufficient to meet current bills at the end of each month, and pay interest until the funds are received from the tax collector in sums sufficient to replace that borrowed.

**TOO DWA WIAHO**  
This puts the city expenditures on a cash basis, and reductions have already been made in salaries quite equal in amount to the interest paid, but the council should not and we think they will not be satisfied to stop there, but give the cash its full purchasing power in all supplies bought and services required. The gas bills we should suppose could be considerably diminished, if the money was paid promptly at the end of the month, and that desirable luxury, light, not be beyond the reach of the limited means of the council.

The arrangement for providing the cash is a good one and the council now must see to it that every fair advantage is taken in the matter of disbursing the cash, instead of the old-fashioned military system in the city.

**PERSONNEL OF HIS PRESENT 2d C. R. E. REG'T.**  
Capt. Hill has left.  
H. W. W. has returned from Washington City last night.

Miss Maude Anyette returned from Chapel Hill commencement last night and reports a most delightful trip.

## Stonewall Items.

The county commissioners held court on Monday. No business of public interest transacted; merely the regular routine.

The wet weather has done much injury to all the growing crops and very serious to Irish potatoes, causing a large portion of them to rot.

Fogs are being nearly blotted out by the cholera. W. T. Cahoon says the byways and highways between here and Washington are strewn with dead hogs. Does not see how the farmers are to raise meat.

Mr. A. H. Whitcomb's little daughter Mamie and Mamie Wood who accompanied her here to see her father have returned to Elizabeth City, their home. They are pleasant little girls and seemed to enjoy themselves very much. Hope they will come again.

John M. Wesket and his son Charlie were out deer driving and the dogs jumped a rabbit and Charlie shot at it and one shot struck his father in his left thigh, making rather a painful wound but not dangerous. Dr. Attmore extracted the ball and the wound is doing well.

LONDON, June 2.—The English Government has resumed negotiations with Italy for the occupation of Suakin by that power, owing to the demand of the Porte as conditions of Turkish occupation that a date be fixed for the withdrawal of the English troops from Egypt, and that the expenses of the Turkish occupation be drawn from the Egyptian loan of £9,000,000.

**Skin Diseases.**  
I have a little daughter seven years old, who for the last four years has been afflicted with a peculiar skin eruption on the face and one hand. I have tried seven or eight physicians, among them the best in California and in this province, but to no purpose. The child kept growing worse. Fortunately, I saw a statement in a St. Paul, Minn., paper, of a cure of a disease similar to that of my child. It was effected by Swift's Specific. I secured six bottles and commenced giving it to my little girl. In less than one week this terrible disease, which had baffled all the known remedies within reach, began to disappear. She has been taking it three months—is perfectly well, and her skin is as clear as wax.

**What a Minister Says.**  
Extreme weakness and general debility, produced by exposure and overwork attendant upon my duties, were gradually developing into an utter prostration of my system. Adopting the suggestions of intimate friends, who had experienced relief in similar cases by taking Swift's Specific, I now find myself restored to a perfect condition of health and strength. Accept my fervent wishes for your continued prosperity in your well chosen and successful method for relieving those who suffer.
