Weiwere shown yesterday at Messrs. E. W. & S. W. Smallwood's store some very fine clover from the farm of Mr. P. Tronwith near this city. These were speciment of red clover, which is sown for hay, measuring shout twenty-four inches and of white clover sown for grazing measuring twelve to fifteen inches. Evidently, from the appearanes of these specimens, this grop can be very successfully grown in this section, yet thousands of bales of Northern

CAUSES OF FAILURE. The immediate cause of the many failures in trying to establish a permanen@steamer line to this rich and productive county, is the lack of a proper landing. The steamer Elm City, now trying the experiment that has been tried over and over again, anchors about a half or three-quarters of a mile out in Wysocking bay and receives and discharges her freights by means of young men of all churches, and we canoes and other small craft. This slow and expensive process of loading and unloading does not prove of sufficient capable of doing, so they may go to the advanthge over the sailing vessels to induce the farmers to abandon the latter mode of transportation, the one that has been in use since they made any-

### The Poll Tox Again.

Deputy Sheriff Hahn calls our attention to the following section of the law in regard to collection of taxes, and says he is ready whenever the prosecutor sees fit to move. He further states that he has already collected a large number of polls by garnishees and will collect more by that process. It is unfair and unjust to the State, the county, and the people who pay taxes, that a portion should dodge payment, and we assure the sheriff that the JOURNAL will are lucky enough to get in while the endeavor to hold up his hands in every party is in power. The way the Demendeavor to hold up his hands in every step he lawfully takes to enforce collections against those who try to shirk:

Taking local Democrats of influence for anthority, the State is a good deal torn up, and if an election were to come off soon the party would have to struggle hard to come out ahead. All agree that the party would be stronger had there been not an ap-pointment, to make. In fact, this is about what the Democrats nearly every-where are saying. It always was so, and the Civil Service law has afforded very little relief. It was to have abated the scramble for office, and prevented the greatest of all scandals. Only Prof. Eaton thinks the law is as it should be. North Caroling Republican office-holders are not trying to hold on; they expect to go, and wonder why the President doesn't turn them out. Most of them began to pack their trunks be-fore the inauguration, and have been

waiting for the hagpage wagon ever siace. Nor are they greatly obliged to Mr. Cleveland for holding on to them, and they give notice that when the return game is won, as they are confident it will be four years from now, there will be no such standing on ceremony about turning out the Democrats who sport for the North Carolina Republi

BALTIMORE, Md., June 8 .- A despatch rom Woodstock, Va., says: A hurricane accompanied by a waterspout struck this place last night, unroofing the Methodist Church and blowing down fences and trees. The streets were flooded by the rain. At least \$10,000 damage was done in the town. ST. THOMAS, Ont., June 8.-The wind and lightning last night were terrific. A house in the east end of the city, occupied by a family mamed Ryan, was struck by lightning, which entered through the chimney and passed through the room where, Mrs. Ryan was sitting, striking and instantly killing her. A man pamed Stilson was knocked down in the street and severely injured. PORT HOPE, Ont., June 8.-A hailevery pane of glass exposed to it. Hail-stones as large as walnuts fell, ore measuring 5t inches in circumference. Several barns were blown down and

others were unroofed. UTICA, N. Y., June 8.-At about 8.30 last night a heavy wind, hail and thunder storm set in and flooded the streets and roads in Utica and the vicinity. At 1.20 this morning a terrific tornado several brick buildings were damaged they saw a number of turtles drop off a log on which they were perched, and their sympathies were exercised for the poor things which were thus so un-necessarily caused to get wet. Fellows' Halls were besten out. Cattle in pastures were maidened with fear and pain from the pelting received. The hail fell for ten minutes and was piled up in drifts on the west side of buildings.

The Swift Specific Company have the most indubitable evidence as to the cure of Cancer by their famous medi-citie, S. S. S. Among others, John S. Morrow, an old and highly esteemed citizen of Florence, Ala., makes the following statement as to the merits of this

remedy: "I have been suffering with a Cancer in my right ear, for about three years. I tried various remedies and was treat I tried various remedies and was treat-ed with Iodide of Potash, which pro-duced rheumatism. My legs and feet were greatly swollen, so that I could not walk. About one year ago I was in-duced to try Swift's Specific, which soon removed the trouble in my limbs, and my rheumatism is now entirely gone and my Cancer is steadily improv ing, being better now than at any time within two years. This medicine has tone me more good than anything else I have taken, and I feel that I am on the road to a speedy cure. Undoubt-edly Swift's Specific is the best blood purifier in the world.'

JOHN S. MORROW. Florence, Ala., Sept. 22, '84.

I have had a cancer on my face for many years. I have tried a great many remedies, but without relief. I almost gave up hope of ever being cured. Dr. Hardman, my son, recommended Swift Specific, which I have taken with great results. My face is almost well, and it is impossible for me to express my thanks in words for what this medicine has done for me.

### OBITUARY. James Campbell.

Mr. Campbell was quite a youth when he came to New Berne from Philadelphia during the war, a clerk for L. H. Cooley, his relative, a dry goods mer-chant of that city locating temporially here during the Federal occupation of here during the Federal occupation of New Berne, and afterward removing to Brooklyn, where he has amassed a fortune. Mr. Cooley's store was the present stand of Mr. Charles E. Slover. Mr. Campbell remained in New Berne, grew to manhood here, making our city the home of his choice, where he spent the twenty odd years of his matured life. He made many friends and formed lasting attachments among our people. He was of engaging manners, attracted strong friendships, and was a popular man. His disposition was genial, his nature kind, and he was a generous, benevolent man. Mr. Campbell was elected Mayor of

New Berne: he was a Director of the Atlantic and North Carolina Railroad by appointment of the Governor of the State, and he was twice chosen by the Legislature Justice of the Peace for
