

LOCAL NEWS.

Journal Minute Almanac. New Bern, latitude, 35° 8' North, longitude, 77° 3' West. Sun rises, 4:57. Length of day, 14:30. Sun sets, 7:14. Moon sets at 10:58 p. m.

Hurricane for the New Bern firemen! Front Church No. 4111. A large excursion party of our colored citizens returned from Goldsboro last night on the same train bringing the regular passenger coaches, a train of about twelve cars.

The M. E. Church Working Society gives notice of a delightful excursion to Morehead City on Tuesday the 21st. This will be a fine opportunity of spending a day at the seashore at little cost. A lively crowd of young ladies and gentlemen will be in attendance. Prepare for a pleasant trip.

The excursion season is upon us. Next Tuesday the M. E. Church Working Society will have an excursion to Morehead City; on the next day Peterson and Howell run a train from Goldsboro and on the same day the Farmers' excursion from Rockwellville on the steamer Trent will sail at New Bern, and on the 20th the grand excursion to Nags Head on the steamer Sheeltooth will leave New Bern.

Schooner Arrivals. The Ethel, Capt. Ben. Payne, from Wyeocking with corn and oats. The Mary S., Capt. Jim Berry, from Juniper Bay with corn, oats, and a fine lot of chickens.

Plums. The crop of plums in this section has been beautiful and fine this season. The finest we have seen were brought from Mrs. J. R. Bell's orchard at Harlow, Carteret county on Thursday by Mr. J. H. Bopps. They were the Wild Goose variety, large, blood red, sweet and delicious.

Our Swainsboro correspondent has been true to his promise and forwarded the new issue from a saw mill captured near that place. Through the kindness of Mr. E. B. Hargett we are in possession of the veritable instrument, which may be seen in our office up to September the first, when we shall turn it over to the Grand School Museum.

A Good Farmer. We clip the following from the Fulcon of Elizabeth City. Mr. Sandorlin is a good farmer and a good citizen to any community. Rev. G. W. Sandorlin, the "progressive farmer" has over 200 acres in rice, and it is his best condition every way. He also has the most and cleanest dry field, of 65 acres of Timothy and Red Top, ever known in this section. He is now busily engaged in mowing the same, using machinery of the improved kind - i. e. he is having it done as he is rather bulky for a driver for either mower or rake.

Mr. J. H. Mann, of Newport, is in the city. He came up for medical treatment for a dislocated hip. He is accompanied by Mr. W. D. Delamar, and has placed himself under the treatment of the Doctors Hughes. He claims to be the worst crippled man in the State. Twenty years ago he had his left shoulder dislocated and his bone broken, since that time his right arm torn to pieces by the explosion of a gun, a severe cut on both legs, skull nearly broken, and lost a hip joint.

Mr. J. W. Shepard, of Pollockville, was in the city yesterday. He reports crops improving rapidly during the last few days. Major H. W. Bates, of Jones county was in the city yesterday and reports cotton looking well. Capt. E. B. Page is in the city. Capt. J. M. White came down from Kinston last night. H. F. Mayhew, Esq., of Bayboro, has returned from a visit to New York on business connected with the estate of his uncle, the late J. H. Plummer.

THE VICTORIOUS FIREMEN.

A Glorious Reception.

Last night when the long train bearing the New Bern Steam Fire Engine Company and their magnificent engine rolled in at the depot a fusillade of rockets, ringing of bells, blowing of whistles, booming of cannon and the shout of hundreds of voices joined in the grand HURRAH that greeted the victorious firemen on their return from Wilmington.

The Atlantic Fire Engine Company No. 1, with their elegant Silby Engine, the Mechanics Hook and Ladder Company, with the Silver Corner Band and citizens' bands, enumerated by scores, were at the station to welcome the returning veterans and show their high appreciation of them as citizens and firemen and to rejoice at their success in the noble contest with their brethren of our sister city of Wilmington. A triumphal tent had been arranged for the reception of the trophies which consisted of the elegant silver pitcher, goblet and a fine brass clock. These were soon placed upon the seat and borne by four stalwart firemen, took position to join in the procession, which was quickly formed and the long line of torches reminded spectators of the Cleveland and Seales demonstration in November.

Led by the beautiful strains of the Silver Cornets! the immense throng moved off, turning down Queen street to Graves, down Graves to Middle, down Middle to South Front, down South Front to Craven, up Craven to Broad, up Broad to the engine house of the returning visitors. Here a grand illumination of Chinese lanterns, and a flood of light seemed to vie with the rejoicing people in the demonstration.

Inside there was prepared something to refresh the inner man. A sumptuous supper, ice lemonade and other coolies in grand profusion; where all who were hungry might be fed and those who were thirsty might drink.

Along the streets deposits of rosin were placed at the crossings and were being in welcome. At the Middle and Broad crossing a detachment of skilled gunners were working their piece in regular war style, and making the welkin ring when the lanyard was pulled, while the sidewalks were literally jammed with "innocent spectators" of the loveliest type. The red glare of the blazing torpedoes, lighting up the smiling faces, creating one grand panorama of love and beauty.

As the procession reached the end of the march grand balloons were sent up we suppose to communicate the good tidings to the aerial inhabitants that NEW BERNE WAS REJOICING OVER THE SAFE RETURN OF VICTORIOUS FIREMEN.

The Body of Jesse Branch Found. The body of the unfortunate victim of a horrible murder near Adams creek, Carteret county, heretofore published, has at last been found.

The slayer, whether designedly or not, had effectually glided the searching parties by burying the corpse under the roots of a tree that had been blown up, situated on a high point of ground in full view of a dwelling house, leaving the shovel used in handling the earth, on the top of the grave, which only covered the body less than a foot in depth, which he merely concealed by a few pieces of brush thrown upon the whole to divert attention of casual passers in that vicinity. An inquest held, found the jaw broken and the skull crushed by a blow from something sufficient to fatally mangle the poor sufferer and produce instant death. Eighteen days had elapsed and discovery of the body, owing greatly to the facts above stated, the placing of the body in a place so public that suspicion would not attach to it as one for search, while the deep swamps and out-of-the-way places received the most rigid scrutiny.

The perpetrator of the crime, Pottaway, is still at large, and what steps have been taken for his arrest have not come to our knowledge, but it is to be hoped he may be brought to speedy justice.

Robert Robinson, a colored boy about eighteen years old, and said to be from Petersburg, Va., was drowned in Trent river just below the railroad bridge yesterday at about 11 o'clock. He came here on the schooner Helen Ross, Capt. H. E. Frisbee, from Core sound, and was in a skiff near the schooner at the time of the accident. Capt. Frisbee was in the cabin of the Helen Ross, heard the boy holler, went on deck and discovered him about one hundred and fifty yards from the schooner in the act of sinking. Capt. Louis Brown, col. was anchored near by and also saw him when in the act of sinking.

The body was recovered after considerable dragging and Dr. H. G. Bates summoned a jury and held an inquest. The verdict was that he came to his death by accidental drowning.

A CHURCH IN A TUNNEL.

Pastor, Elder and Deacons on Trial.

By a Special Journal Reporter. NEWBERNE, July 15, 1885.

Mayor Doughty's court, on Tuesday last, excited considerable interest among the colored people in this community. The colored Baptist church here, of which Henry Dudley is pastor, held a meeting last Monday night for the purpose of disciplining several of the members for attending services at another church at Hull Swamp, where they went to hear the Rev. J. H. Brown. The pastor, Rev. Henry Dudley, presided at the meeting. He arose and announced that no one but members of the church would be allowed to sit in the meeting; whereupon, Elder W. M. Dudley, who had been excluded from the fellowship of the church because he did not believe in the washing of feet at the administration of the Lord's supper, and who appeared on this occasion as counsel for the recalcitrant members, arose and asked if he would not be allowed to sit in the meeting.

"Sit down," said the pastor, "or I'll chew you up and spit you out." A tumult immediately followed, and Deacon Bell sent for the town sergeant. When the officer arrived he found the doors of the church barred and the outsiders armed with clubs. He arrested Deacon Jarvis Bell first, and then the pastor, Rev. Henry Dudley, and Elder W. M. Dudley, who all gave bonds for their appearance before Mayor Doughty next morning.

The Mayor sat patiently for hours to hear the cases, and a large crowd was present. In the course of the trial Deacon Bell pleaded in his own defense that: "I was de one dat sent for de peace to qualify de meetin', an' I was de first one interested." He was fined \$1.00 and cost. Rev. Henry Dudley, when called upon to speak in his defense, responded in a long speech, in which he said he was born and raised in Carteret county; old man Joe Hardesty raised him on the clams and oysters of Carteret county; and he was not to be scared off. He was fined \$5 and cost, the court being of the opinion that he was the cause of the row.

Elder W. M. Dudley, who was caught in the squabble as counsel for the offending members of the church, was fined five cents and cost. He submitted his case.

There were many comments by the bystanders on the character of the disturbance. Enoch Hargett, colored, observed that "for de same cause I had to send a mandamus against my own life for eight days, and de nigra here an de most on contemptible d--n niggers I ever saw."

Sylvia said that Henry Dudley had "axed her some very unfair questions first."

Mayor Doughty gave them some very good, sound, moral advice, and the court adjourned.

Richlands Items.

There has been a considerable improvement in crops the last week.

We have a quack doctor in Richlands by the name of Santone. The people had better beware of him, or they will be humbugged.

The season for deer hunting has opened. Several parties have been out on the Quaker Bridge Road, but no game has been captured yet.

The Quaker Bridge branch road is rapidly growing up, and the bridges are very dangerous; if something is not done for it, there will not be any passing over it this fall.

The big Annual Union Sunday-school picnic will be held at Alum Springs August 13, in which all the Sunday-schools in the county have made arrangements to participate.

Cad Koonce went wishing the other day and reported at night to his family that an old sow had cut his fish; when the truth leaked out, Cad had put them in pawn for two glasses of hard cider.

The neighborhood of Haw Branch was visited on the 10th by a severe wind and hail storm, doing much damage to crops and fruit trees. Mr. F. W. Hargett says he was 11 days, with three hands, replacing the fence that was blown down on his farm.

The Methodist Sunday-school Conference was held in the Methodist Church last Saturday; 250 or 300 people were in attendance. The music furnished by our excellent organist, Mrs. J. E. Rhodes, with the happy voices of the children, was in itself enough to convince all of the benefit of Sunday-schools. The meeting was addressed by the pastor, Rev. A. G. Gaunt, Mr. W. C. Thompson, and the Superintendent, Dr. C. Thompson. Each speaker was listened to with the greatest interest, and said much in behalf of the great and important work of the Sunday-school. Dr. Thompson, in his earnest and eloquent appeal to the parents to give him their assistance in this work, reminding them of their neglect and the consequence which must follow, made us almost believe that we were listening to the great Sam Jones. A better thing than that which followed the speaking has not been seen in Onslow county, noted for its splendid picnic dinners. In every sense the conference was a success and enjoyed by all present.

Washington, July 13.—A telegram has been received from Special Agent Armstrong relative to the threatened Indian trouble at the Cheyenne and Arapahoe Agency. The telegram says: "Everything is quiet, and the Indians are willing to enrich and do whatever is required. I anticipate no trouble, since they realize that the government is in earnest. They returned nine hours today, said to have been steady. The party I reported out will be in tomorrow."

If you have a bad cold, Sine's Syrup of Tar will cure you. Only 25c. For sale by R. M. Durr.

Kinston Items.

The Friends of Temperance have revived their organization here, with Rev. J. W. Jones at the head.

Dr. Weyher has a banana tree with his stalk loaded with bananas. The tree is growing in his flower garden.

Crops are really doing well in Lenoir county. Estimates of one of our county neighbors have suffered seriously from rain and high water.

Capt. D. B. Walker, of the Negro and Observer, came near having a sunstroke on Monday. He left his flat at home and trusted to a carriage.

The address of Rev. A. J. Hires at the open house on Monday afternoon last before the meeting of W. C. T. U. is spoken of by those who heard it as being a rare treat.

A band of thieves is operating in Woodlawn township, but one of them has been caught. Hopes are entertained of soon giving them quarters in the new steel cell.

The infant child of Dr. H. D. Harper died on Saturday. On Friday, the 10th, Mrs. Mary E. Rogers, died at her residence in Kinston. She had been an invalid for more than a year. She leaves three sons, all grown.

Quite a number of our country friends are in attendance at the Inferior court. Judge Geo. C. Wooten makes a capital presiding officer. One of those who took part in building the steel cells, in our jail, has now an opportunity of examining the solidity of his work, from the inside. How shifting the scenes of life. How easily we pass from grave to gay, from lively to severe.

Saturday afternoon about dusk Frank Cox, colored, got into a dispute with Noah Bright, colored, concerning the privilege of securing a young woman, colored. The quarrel waxed warm; but after some time a truce was proclaimed and skirmishing ceased. Cox withdrew in good order, but Bright opened fire at that opportune moment, with a pocket pistol of small calibre. The ball lodged in the back of the victim. Dr. Tall attended the wounded man, on Sunday, the wounded man was walking about in his Sunday clothes.

The New Hyde County Canal. The people of Hyde county, N. C., one of the greatest corn growing counties in the State, tired of having only one outlet to Matamoras Lake, in the centre of the corn region, some time since employed one of Captain Joseph Baker's dredges to cut a canal from Fayette county northward to the lake, the canal to be ten feet deep and forty feet wide. The dredge has made one cut through and entered the lake, and is now engaged in widening the canal. Becoming impatient and fearful that the canal would not be ready for the shipment of the present crop, another of Captain Baker's dredges has been engaged, and was last week taken down by Capt. J. J. Cole, in tow of the tug Nettie. Already several wharves are being put up on the lake shores, and a small steamer runs through the cut, making connections with a tri-weekly steamer from New Bern, which has a landing at its mouth. Another object of the canal is to avoid the flooding of the lands on the north side of the lake, to which they are liable during a northerly gale.—Norfolk Ledger.

MADRID, July 13.—Senor Villaverde has been appointed Minister of the Interior and Admiral Fomela Minister of Marine. With these exceptions, the Cabinet remains unchanged. The above appointments were made to fill the vacancies caused by the resignations of Senor Romero Robledo and Senor Antiquitero Robodilla from the offices named.

LONDON, July 13.—At Eye House, Hertfordshire, today Catholics attacked some Orangemen who were celebrating the battle of the Boyne. Clubs and stones were freely used on both sides, and many of the combatants were badly hurt. The police force was insufficient to restore order, and the riot was finally quelled by the intervention of the 6th regt.

Winnacochee. Is the name of a flourishing village in Coffee county, Georgia, on the line of the Brunswick and Albany railroad.

Mr. D. E. Gaskin, a well known citizen of that village, writes under date of December 29d: "Some time ago, my wife was stricken with some trouble peculiar to her sex, which broke down her general health. In this condition she was each after attacked with inflammatory Rheumatism of such a severe type that it made her a cripple. She was reduced in flesh to sixty-five pounds, and came very near losing her life. She was attended by three good physicians who treated her with some benefit, but the swelling in her joints never left her. Last summer the Rheumatism returned in a still more severe and painful form which seemed to defy the skill of all the doctors. She would almost go frantic with pain and would lie and scream all day. A friend of mine, who is an engineer on the Brunswick & Albany Railroad, suggested that I should use Smith's Specific (S. S. S.), which I did. After she had taken one small bottle she was up and able to walk over the house, and after taking the six small bottles she is now able to do any kind of house work; the swelling has gone, all the pain has left her, and she is in better health than she ever was. The treatment before using the S. S. S. Specific cost me between \$250 to \$400, and six bottles of S. S. S. cost me six dollars."

It is certainly the most wonderful medicine and the best blood purifier in the world. The proprietors should let their agents know about it.

NOTE.—S. S. S. Company wish to caution purchasers in regard to the numerous imitations of their goods. Some carry the name on the face, purporting to be vegetable remedies; when in fact

they are really strong solutions of poisonous minerals—arsenic, Potash, etc. Be careful to get the genuine. Treatise on Blood and Skin Diseases mailed free. The Swift Specific Co., Drawer 3, Atlanta, Ga. For sale in New Bern at HANCOCK BROS.

At his home, near New Bern, on the 16th inst., of catarrh of the stomach, Michael Green, colored; aged 58 years. Funeral this afternoon from his late residence at 3 o'clock. Friends and acquaintances invited to attend.
