The Last Night.

The Standard Dramatic Company closed their season of six nights with the presentation of the great pastoral drama "Hazel Kirke" to a good audience last night. This company has met with a most favorable reception here each night and there has been a general gratification expressed by those who have witnessed their performance. There is an amount of fun mixed in with the pathetic that gives a relish to each entertainment. We wish the managers every success in their tour and are sure they deserve it. Our theatre

going people will hail with delight another visit from them, which we hope may be soon.
