VOL. IV.

NEW BERNE, N. C., WEDNESDAY, SEPTEMBER 2, 1885.

NO. 132.

LOCAL NEWS.

The New Berne House.
Mr. F. L. Peery has again taken charge of the New Berne House at Morehead City, and will keep it open for both summer and winter guests. He is as well known as a caterer, that we deem it unnecessary to give further notice.

Merchants' Kin Reunions.
The following merchants left on the Shenandoah yesterday evening for Baltimore and New York to purchase their fall stock of goods: J. P. Brogden of Trenton, M. Bryan of Vanceboro, C. H. Fowler and S. W. Ferabee of Stonefalls, J. F. Cowell of Bayboro, and Max Schwerin and Dan Jones of New Berne.

Runaway.
Capt. K. R. Jones was driving down Pollock street yesterday evening and when near Mr. John O. Gardner's his horse began kicking and was soon running at full speed. Capt. Jones attempted to jump out of the buggy but his clothes caught and he was thrown between the buggy and the wheel, but we believe he was not badly hurt. The buggy was damaged considerably, the horse bringing up at the residence of his owner with the wreck.

Personal.
Mr. Max Schwerin, of the firm of Schwerin & Ash, left for the North yesterday to buy a large stock of dry goods, which will be sold cheap.

Mr. O. Marks leaves this morning for the Northern markets, and will return with a stock of goods, good enough, cheap enough, and pretty enough for anybody.

Mr. E. B. Hargett, of Silver Dale, Onslow county, is in the city. He reports rather too much rain recently in his section.

Capt. H. D. Stowe, of Mocklenburg, is in the city. He is down looking after his farm at Croatan in this county.

Mr. W. P. Burrus and wife have returned from Bertie's county.

Mr. T. M. Arrington, Postoffice Inspector, was in the city yesterday.

Mr. Dan Jones, of Howard & Jones, left on the Shenandoah yesterday evening to make the fall purchases for the firm.

La Grange Items.
Fodder pulling is about over.
Plenty of rain. Too late for rice and cotton.
We hope to see sickness abate, after the refreshing showers.
Rev. W. E. Swain preached at Hickory Grove last Sunday. He will not fill his regular appointment at that place next Sunday.
Sim Wooten and K. E. Bizzell returned from Baltimore Saturday, and made Wooten and E. W. Bizzell left for the same city Monday.
Mrs. Needham W. Herring died at the residence of her husband near this place last Thursday. We extend our sympathies to the bereaved husband.
E. F. White, at one time principal of the L. C. I., arrived here last week. Mr. White was an excellent teacher and has many warm friends here. His stay we hope will be short.
Neah House, Esq., sold three bales of new cotton in Kinston last Friday and received 12 cents per pound for two bales and 9 cents for the other. Mostly Hall township furnishing the first cotton this season.
J. Y. Joyner, Esq., is resting at his home near here, after six weeks in Teachers' Institutes and Normals during his vacation. Mr. Joyner is gaining in popularity as an instructor almost daily. We congratulate him on his success.

Richlands Items.
Cad's turkey is laying yet.
Cotton has been considerably damaged by the drought.
Jno. A. Koonce has two swine that have given birth to lambs twice this season; one of them had two the first time and one the next.
There is some complaint among your subscribers about receiving their JOURNAL. They say that some one of them miss getting their paper every week, and has been so for six months.
Some of the merchants of New Berne have ordered two gates with patent hinges to be put up on the Q. B. Branch road, but I am sorry to say that Richlands can't raise the little sum of \$25 to build the bridges. I suppose we will have to call on New Berne or Hominy Swamp.
We had quite a treat in the village this evening; it was a speech by Mr. Scott Standford. He proved very satisfactorily to us that he was a tried and true Democrat. Said he was born a Democrat in Duplin county and Duplin had been a Democratic county ever since he had been an inhabitant of North Carolina.
A new road has just been completed from Mr. Cyrus Brown's in Jones county, to Richlands, saving a distance of six miles. The people of Hominy Swamp, with a few of their good friends of Jones, certainly deserve a great deal of credit for cutting this road a distance of eight miles. The larger portion of this road runs through State land equally as bad as the worst part of the White Oak peninsula.
Des Moines was started, if not superstitiously frightened, by a black cloud resembling a man's head in profile. The features slowly changed from blindness to a sinister aspect, finally disappearing in a violent storm.

Duck Creek Items.

Fishing has commenced at Goose Bay and Brown's Inlet.
Meeting at Wadesville on Sunday, the usual large crowd in attendance.
The cotton crop was damaged some by the dry weather but the late rain has helped it wonderfully.
Mr. Bob Henderson is the fastest runner in this section. On Tuesday he outran the storm for a quarter of a mile.
Protracted meeting at Enon commenced on Friday, under charge of the Pastor, Mr. Cashwell, assisted by Mr. Leary.
Mr. Farnell killed two large rattlesnakes last week, one with 14 rattles and one with 11. Mr. Fraxell also killed one with 13 rattles. This is good work.
Thermometer registered 98 on Monday the 24th ult., which is higher than average. Were it not for the sea breeze which springs up about 9 a. m. such heat would be intolerable.
Considerable sickness at present. Mr. Demps Williams has lost a little child which was laid away on Sunday. Andrew Henderson is down with fever. Mrs. Reed was taken ill last week and when Dr. Monfort arrived was cold and dying. By prompt treatment she was revived and is now doing well. Bogus Hurst is down with fever and Col. E. W. Fonville has been under the weather for a day or two, but is now improving.
A very severe storm commenced on Tuesday evening, from southwest, with heavy rainfall of two inches. The rain was needed, but the wind was not. The wind abated Tuesday night after doing considerable damage in the way of uprooting trees, blowing down fences etc. Fodder is ruined, and our farmers have gone to work cutting the tops for forage. The Myers, a vessel owned by W. N. Marine, laying in New River, was blown ashore during the gale, and several narrow escapes are reported from falling trees.

TOULON, August 31.—The cholera appears to be decreasing; but nine deaths occurred from the disease during the fifteen weeks ending at 2 o'clock this afternoon. There seems to be little if any decrease in the panic among the people, however.

TRAIN ROBBERIES.
BLOOMINGTON, Ill., Aug. 31.—News has been received here of an unsuccessful attempt made by a gang of masked men early Sunday morning to burn the bridge on the Indianapolis, Bloomington and Western railroad, near Danvers. It is thought their intention was to wreck the through express train, which passes here after midnight. A farmer discovered the bridge on fire and started to quench the flames but was commanded "to move on and let that alone." He drove hastily to Danvers, three miles distant, and gave the alarm in time to stop the express train, which approached cautiously and stopped and half a dozen men fled to the bushes. The bridge was eighty-feet long and fifteen feet high. It had been saturated with kerosene and was badly burned.

NOT A FILIBUSTERING EXPEDITION.
WASHINGTON, Aug. 29.—The Treasury Department today received the following telegram from the Collector of Customs at Key West in regard to the reported filibustering expedition against Cuba: "Party reported to have sailed Wednesday night on filibustering expedition has returned. Investigation fails to show any violation of law, the party having merely been on a pleasure cruise to neighboring keys."

GALVESTON, Aug. 29.—The strike on the Texas and St. Louis Railroad ended today by the road paying the workmen arrears of wages and conceding their demands.

WILLING TO EVACUATE EGYPT.
The Political Correspondence publishes an interview with an English Cabinet Minister, whose name is withheld, in which he has been instructed to declare to the Sultan that England is willing to evacuate Egypt if Turkey will guarantee to maintain order therein, and that England recognizes the rights of the other powers in Egypt, but will permit none of them, except Turkey, to undertake a military occupation of the country.

PROHIBITION VS. LICENSE.
COLUMBUS, O., Aug. 29.—The Prohibition State Executive Committee has sent a communication to the Democratic State Executive Committee, challenging Gov. Hodley to a discussion with Dr. Leonard, the prohibition candidate, of the question of prohibition versus license of the liquor traffic. The committee will not reply until they receive information from Gov. Hodley, now in the East. It is understood he will accept if Judge Spraker will consent to take part in the discussion.
