A subscriber sends a communication from Richlands. We have a large number of subscribers at that point but don't know who this particular one is.

Mr. John House, the painter, is off to Kinston today. He has done some very handsome jobs of painting in the city, notably that on the judge's bench in the new court house.

The skating rink of the season opened last night at the Weinstein Hall, and once more the lovers of this sport were enabled to glide over this elegant floor, when they didn't do otherwise.

An Italian band arrived on the Shenandoah yesterday and furnished music on the street corners and exhibited educated birds educated birds and passed the hat for compensation.

Mrs. Clement Manly and Miss Mary Manly were out driving yesterday when one of the shafts dropped loose from the buggy and frightened the horse, which ran down Broad street, upsetting the buggy and throwing the ladies out.

W. H. West, Esq., of Lenoir, tells us of two narrow escapes he has made from the fire lately. Fire broke out in his lint room on two occasions while ginning cotton, and in almost an instant consumed the contents of the room.

We noticed on the Old Dominion wharf yesterday a large lot of leather from the tannery of Crossland & Co., of Lenoir county, being shipped to Baltimore. This is better than shipping the raw hides as the tanning gives employment to our people and makes a demand for bark, of which there is plenty.

We were pleased to receive a call from Marshall Parks, president of the New Berne and Beaufort Canal Company on yesterday. He returned to Norfolk on the Shenandoah and will go as a delegate to the Southern Harbor Convention to be held at Savannah on the 24th inst.

We noticed yesterday evening a large lot of cotton being trucked to the dock in rear of the Gaston House. Will the Red Line extend to Norfolk.

We received last night a bunch of very fine, delicious raspberries from the garden of Mrs. Susan J. Dudley. The outings were sent her from Rahway, New Jersey, and this specimen of their growth shows that they have made remarkable progress in one year.

New Berne and Beaufort Canal Company.

A meeting of the Directors of this Company was held at the Gaston House in this city yesterday, Marshall Parks, Esq., in the chair and H. W. Page Secretary.

It was decided that the canal should be opened for traffic by the 1st of December and no tolls to be charged until 1st January, 1886.

U. S. District Court.

Court was called to order yesterday morning by Deputy Marshal R. C. Kchoh. In the case of Jones H. Young, convicted of embezzlement, on motion for new trial upon the ground of insanity His Honor filed an opinion in which he held that the defendant was responsible for his acts and the motion for new trial was denied.

The Court adjourned to the next regular term, which will be held in April, 1886.

At the Exchange Yesterday.

Cotton buoyed up at the Exchange yesterday notwithstanding there was a slight decline in New York futures. It reached 9-16, the highest paid for some time.

Mr. W. H. West, of Lenoir, was in the market with a line of about forty bales for which he obtained 9 cents through Mason Bryan, of Vanceboro, also had a good lot which brought 9-24.

We have been watching quotations for sometime past and we note with pleasure that New Berne has kept steadily in advance of every market in the State save Wilmington. Some other points advance pretty well up with New Berne occasionally, probably when a new buyer drops in, but for steady prices, close to Norfolk and Wilmington, our market is in the lead.

The Right Sort of a Woman.

Capt. R. P. Midyette, a jolly good old farmer from Pamlico, stepped in to see us yesterday to pay up his arrears with the JOURNAL. "You see," said he, "I've been taking your paper a long time and, through pure negligence, have not paid you, and was about to leave today without coming to see you, but you see my wife came up with me and passing along while ago she asked if I had attended to that paper. I told her no. Said she, go right now and attend to it or I'll never walk the streets of New Berne again with you. So I'm now ready to pay to next new year's day and then I'm going to take a new start, but don't stop the paper if I'm not in to see you on that day."

Cemetery Work.

The work on the wall on the east side of Cedar Grove Cemetery is about completed to the entrance on that side. It is a neat, substantial job, built of rock from the quarries on Trent river and the best cement. Two massive columns are being erected for an iron gate which will be placed there. When this is completed the wall on the West side will be extended to a point opposite that on the East side where another iron gate will be erected thus giving an entrance on each side.

The cemetery committee is making earnest efforts to obtain a lot which extends from the East side where the iron gate is now being prepared for, westward to near the center of the cemetery to which lives a family of colored people. When they succeed in doing this and removing the old unsightly buildings thereon, and those adjoining on a lot purchased some time since, the cemetery will show to much greater advantage.

The committee are to be congratulated in securing the hearty co-operation of Mr. A. E. Woodruff, the trustee of the Elizabeth Gooding fund. He readily responded to their wishes as soon as he learned that the improvements proposed would carry out the wishes of Mrs. Gooding. He has forwarded a check for \$125 to the chairman of the committee for the purchase of trees and shrubbery to be used in beautifying the grounds.

While visiting the cemetery we were struck with the beauty and symmetry of a monument recently erected to the memory of Mrs. Hargett, the handiwork of our marble man, J. K. Willis, Esq. We take occasion often to speak of his work, but no oftener than it deserves.

Administer Shriver's Indian Vermifuge according to the directions. In the morning is the best time to take it.

During last week there were two arrests on Sunday and one on Saturday—all for fighting.

On Wednesday last Mr. Fred. Loops sold out his entire stock of hardware to Mr. Burwell Canady.

Rumors of only one marriage in Kinston for the coming season. Boys you are slow of appreciation.

We saw some turnips for sale on our streets Saturday, three of which would fill a half bushel measure.

Gov. Scales could do more graceful and appropriate act than to appoint one of our veteran Kinston lawyers to the judgeship made vacant by the death of Judge McKay.

We have a queer street ornament in Kinston. It is Lewis Grady's fruit pavilion. It looks like a side show to a circus, and attracts the boys.

Mr. Frank Cox, besides demonstrating that clover and orchard grass can be successfully raised in Lenoir county, has also shown what can be done in rye by a most beautiful patch of that grain near the eastern limits of our corporation.

We have received from the author the "Life and Times of John T. Walsh, M. D." It is a very neat volume, printed by the Standard Publishing Co. The book gives a graphic picture of the varied experiences of one who tried several phases of life; but his last vocation, that of minister of the Disciples church in North Carolina, was the one in which he has gained his reputation.

Some years ago a colored man called in a store at Trenton and said to the merchant he wanted him to fit his feet with a pair of shoes, at the same time placing his foot forward. The merchant gazed at the foot with astonishment, at the same time called to his clerk "empty that large brogan box and hand it to me," which the clerk did. "Now," says he to the clerk, "look me up a very thin sock. I think if you can find me one, that this customer may, by a little coaxing and tight pulling, slip his foot into that shoe box."

Except in the case of Mr. Whitehead, the bonds were given for the May term of the court.

The grand jury appeared with a true bill against John H. Hall, for aiding and abetting the officers of the Exchange National bank, and his bond was fixed at \$5,000.

The grand jury was then adjourned until the 16th of December, prox.

Several accounts were allowed, the petty jury was discharged, and court adjourned for the term.—Norfolk Virginian.

Servia and Bulgaria.

STRENGTH OF THE CONTENTING FORCES.

The various forces of Servia are estimated as follows: Field army, 60,288 men, with 264 guns; reserve formations; 12,856 men, with 34 guns; reserve army or landwehr, 52,270 men, with 120 guns; landstrum, 45,000 men, or a total of 170,413 officers and men and 418 guns.

The infantry is armed with the Mauser rifle, improved by Maj. Mecovanovitch, which is of a calibre of 10.15 millimetres. The artillery is variously armed with muzzle-loaders and Krupp guns. The total cavalry force, included in the above numbers, 4,000 men.

The Bulgarian field army is estimated to consist of 24,000 infantry, 1,400 cavalry, two regiments and one company of artillery 2,340 men, a battalion of engineers, 880 men, a detachment of trains 2,000 men, and a force of gendarmery 1,600 men, or a total force of 32,220 men, with 104 guns.

The infantry is armed with Berden rifles and the batteries have Krupp guns and guns of the latest Russian pattern. The reserve force consists of 24,000 men. There are also twelve battalions of landstrum of 600 men each, or 7,200 men, making a total force of 60,000 men.

The Eastern Roumelian or Southern Bulgarian army comprises according to estimates 18,224 men of the first levy, 19,187 of the second, 23,197 of the reserve and 3,422 men of the active reserve, making a total of 64,030 men. There is no scarcity of arms, as there are about 80,000 Krupa, 7,000 Berdan and 6,000 Martini-Henry rifles in the province. The Bulgarian arsenals at Rustchik and Rasgrad contain a good supply of arms, uniforms and equipments.

The arsenal at Rustchik is turning out 60,000 Berdan cartridges per day, in addition to ammunition for artillery.

Jones County Items.

The Bishop of East Carolina Episcopal Church, will attend at Trenton the 16th of December next, and hold services.

The weather is cool and delightful. We trust that our people will not stop farm work because they have plenty to eat at present.

We learn that farmers are about done picking out cotton; nearly done gathering in all of their crops. How many now can draw a balance on their side, but few, we fear, can make both ends meet.

Several of our farmers are anxious to have a Fair in New Berne next fall; say that if New Berne does hold one they are determined to go. Many old men of this county never have seen a fair. I am 66 years old and have never seen one.

Many of we Jones county citizens like our county and State so well that had it not been for the war we could have stayed all our days in the good old State. Many of us have never had the pleasure of gazing at the ocean.

The Gum Branch itemizer says that the Quaker Bridge road is in bad condition; that it is 60 miles via Kinston to New Berne and only 33 by the Quaker Bridge road. Why not come via Trenton and see your old friends? Then we could grasp each other's hands and have a lively chat all about your good old county. I have an old school mate in your county who always travels via Kinston to New Berne, and I was some time at a loss to divine the cause, but have recently been informed that the Quaker Bridge road had no widows residing along it. But the Kinston route had numbers of them along it.

Robert Ward, colored, of Trenton township, was at Trenton a few days ago. The merchants know that Robert is a prosperous farmer, all of them were particularly anxious to know if he was not needing some goods today. He told them that he had nearly gotten through with his last year's crop and was today a little short could not sell cotton at present prices made too much last year by waiting a little. So he did not like to make much debt as he was particularly afraid of the Sheriff; did not want him looking him up. Robert Ward is one of Mr. E. M. Foscoe's tenants makes plenty of hog and hominy and to spare while his cotton is an extra crop and he can hold it as long as he chooses.

Some years ago a colored man called in a store at Trenton and said to the merchant he wanted him to fit his feet with a pair of shoes, at the same time placing his foot forward. The merchant gazed at the foot with astonishment, at the same time called to his clerk "empty that large brogan box and hand it to me," which the clerk did. "Now," says he to the clerk, "look me up a very thin sock. I think if you can find me one, that this customer may, by a little coaxing and tight pulling, slip his foot into that shoe box."

Married, at the residence of the bride's mother in Craven county, Rev. Mr. Crowson officiating, Mr. M. C. Giddens, the polite and clever postmaster at Trenton, to Miss Katie L. House, daughter of the late Dr. House, of Craven county. May the genial glow of connubial bliss ever gild and burnish all clouds that may overshadow their pathway through life. The happy couple arrived at Trenton on the same day of their union, Wednesday the 11th inst., and received the many congratulations of their friends. As it is customary with the young men of Trenton to serenade each other when one of the number steps off into the blissful matrimonial state, our friend Giddens was highly complimented. The better they like a man the harder they strive to give him a full serenade. So one and all did his best much to the amusement of all the citizens of Trenton, both old and young.

Pain Questions. Mythical ideas are fanning the public brow with the breath of prejudice, ignorance and humbuggery. Have you the remotest idea that your scrofula was created by the use of potash and mercury? No matter what the cause, B. B. B. is the peer of all other remedies. You presume that your troublesome catarrh is the result of mineral poisoning? B. B. B. is the quickest remedy. Are your chronic ulcers and boils and sores the result of potash and mercury? Medical gentlemen will not tell you so, but B. B. B. is the only sovereign remedy. Were your terrible kidney troubles created by mineral poisoning? Not a bit of it, but B. B. B. has proven to be a reliable remedy. Are your skin diseases, your eczema, dry letter, etc., the effect of too much potash and mercury? The medical profession are the best judges, and they say, but B. B. B. makes more pronounced cures than all other preparations combined.

Better than Real Estate

There are very few investments better than real estate, but we know of one that is, and that one is a policy in THE FIDELITY MUTUAL LIFE ASSOC'N OF PHILADELPHIA.

The policy can be bought at the rate of \$22.00 for \$500.00. It needs no cultivation or repairs, and the yearly tax on it, levied triennially, is not as much as the tax on real estate of like value.

Upon the death of the owner, the policy does not require appraisers, administrators and lawyers to diminish the value, but is PAID IN FULL AND AT ONCE without expense to the beneficiary named therein.

The payment of each policy is guaranteed by nearly \$10,000,000 assessable insurance with a reserve indemnity of \$2,500,000, and cash assets of nearly \$2,000,000.

The ASSOCIATION owns its own building, and rents no office to have its rent free. Its expenses are limited to fixed annual dues, insuperable, December 1st, Home Office, 911 Walnut Street, Philadelphia, Pa.
