HUMPHREY & HOWARD.

The hunters all say the woods are full of squirrels.

J. W. Watson has a store full of groceries which he wishes to sell. See 'ad.'

The steamer Stout arrived yesterday from Baltimore with a large cargo of general merchandise.

Heavy frost yesterday morning but not enough to cut the apple off of Mr. George Dail's young apple tree.

We learn there is an abundance of wild geese down Neuse river. Our Northern pleasure seekers can come on.

Mr. James Scott of Riverdale treated the JOURNAL office to a fine watermelon yesterday. It will be held until the next warm spell.

Col. B. T. Boykin of Sampson, has been appointed Judge of the Superior Court in the 6th Judicial District to succeed the late Judge McKoy.

We add another name to our Fair subscribers today. During the coming week we intend to make an effort to get enough to organize and get to work.

Mr. E. W. Watkins, Secretary of the International Committee of New York—Young Men's Christian Association—is in the city, and will deliver an address before the association of this place tonight at the Methodist church.

"The Old Reliable," Turner's N. C. Almanac, for 1886, is on our table. It is, as usual, full of valuable information. Its annual State Record makes it very valuable for reference. Plenty of snow and rain is predicted, so the farmer will know when to reap and sow.

The wreck of Edwards' flat burned at West's landing on Neuse river last Tuesday night was brought in yesterday by the steamer Carolina and landed at the Flanner wharf. Her cargo is considerably damaged and she is awaiting the action of the Board of Underwriters.

We learn that one of our lumber men, Mr. Daniel Stinson, has a contract for 250,000 feet of ash lumber. It will take a trip North, be turned into nice furniture and probably some of it find its way back to New Berne. Would it not be cheaper to bring the machinery to the lumber?

Col. John D. Whitford left yesterday morning for the Southern Harbort Convention which convenes at Savannah on Tuesday next. We are glad to have one representative in the convention and Col. Whitford is entitled to the thanks of the community for the interest he shows in our welfare in this instance.

Our Register of Deeds, Mr. Joseph Nelson, has returned from a hunting trip down Neuse river, and one of the feasts of his tramp was to visit John Dillard's and clean off that fine lot of grapes from the vine which Mr. Dillard was saving as a Christmas present for the JOURNAL. Well, we wish he would hunt in another direction hereafter.

The H. W. Wahab informs us that the rice crop of Hyde county is almost a complete failure. In August the crop of that county bid fair to make at least one hundred and twenty-five thousand bushels, but not more than twenty thousand bushels will be realized. He says the crop in Beaufort county is cut off in about the same proportion.

Personal.

Mr. Geo. F. Ball and bride, of Raleigh are in the city stopping at Mr. B. G. Credle's.

Murderer Arrested.
Deputy Sheriff Hahn returned from a trip down to Riverdale yesterday morning bringing with him Randall Smith, colored, who is wanted in Pitt county for murdering a man. He was lodged in jail.

A Bear Thief.
An old colored man living near Mr. Gabriel Hardison's, a few miles below this city, has a fine turnip patch from which he has been missing turnips for sometime. Confident that it was some thief, he loaded his gun with bird shot and set for him one night last week. During the night the thief came in the patch, gathered his arms full of turnips and as he started out the old darkey let him have it. But instead of a man thief it proved to be a large black bear, and when he discovered this fact he beat the bear getting out of the field. He will load the next time with buckshot, that is if he has the nerve to set again.

Caned.
Rev. Dr. Burkhead has been caned by one of his flock in this city. It was not a public caning, however, but was done at a private residence by a Christian lady, a zealous member of the M. E. Church in this city. It was a handsome gold headed cane and was presented by the lady as an appreciation of the Doctor's work for the church here.

Dr. Burkhead is about winding up his work here, and he and his family will carry with them when they leave, not only the love and good wishes of his flock, but the respect and esteem of all good citizens. He is a faithful, earnest minister and we regret that he cannot remain with us longer.

A New Paper.
A copy of the first issue of the Kinston Itemizer has been received. It is a 23 column paper and what it is and intends to be is best given in the editor's Salutation which is in these words:

The Itemizer will be a truthful and amusing chronicle of current events, at home and abroad. It will contain a summary of everything worth notice in literature, art and society. Politics, deserving of attention, will sometimes be discussed from any point of view, which, with the lights before us, the general good of the country may require.

Fair in criticism, plain in language, honorable in intention—such will be the Itemizer.

W. A. Coleman, Esq., is the editor and proprietor of the Itemizer. He has considerable journalistic experience, having edited a daily paper in the city of Knoxville, Tennessee, in the days of Brownlow. For about two years he wrote "Kinston Items" for the JOURNAL, by which our readers have become thoroughly acquainted with his style of "itemizing." We welcome the Itemizer and wish it success.

Pensions.
Yesterday a reporter found auditor W. P. Roberts and his clerks as busy as bees. They were filling out warrants for the payment of pensions. The board meets next Monday to make the definite appointment of the amount to be paid each pensioner. Gen. Roberts says the amount will be between \$15 and \$16. He says they are working with the utmost despatch, so as to get all the warrants ready by November 30, when the fiscal year closes. They will certainly all be ready by December 6th. This important news will be a source of special gratification to the pensioners in all parts of the State.—News and Observer.

Kinston Items.

Persimmon beer is now in fashion. The school children get a holiday next Thursday.

The health of Kinston is now very good. The bears, with their Turks and monkeys were in town Monday and Tuesday.

There will be thanksgiving services in the Baptist Church here on Thursday next at 11 a. m.

Rain does not stop a game of marbles, for the small boy borrows an umbrella and goes ahead.

It is said to be a very difficult matter to guess the age of a red-headed man or of a gray mule.

A very large number of turkeys have been reared in Lenoir county this year. So the supply for Thanksgiving day and Christmas will be abundant.

The union meeting of the Atlantic Baptist Association will be held on Tuesday before the 5th Sunday in this month, at La Grange, Lenoir county.

Died, near Kinston, on Nov. 13th, of cholera infantum, Jonas, infant son of Mac C. J. and Lizzie Smith. He was sixteen months old, and the only son.

The little bird fortune tellers were on the street Wednesday. They were well trained and amused and interested not only the children but very many older ones.

The next Union meeting of the Hookerton district, of Disciples' church, will be held in Hookerton, Greene county, on Saturday before the 6th Sunday in present month. There are about eight hundred dollars in the treasury to be disposed of; therefore a full meeting is desired.

We have heard of three more prospective marriages in Kinston, to come off during the winter. Our jolly register of deeds loves to accommodate the young people with the documents. Wonder what George will do when it comes time to issue his own license—get a deputy?

Munificent Bequests.
The most munificent bequests, that have been made in this State in many years, are contained in the last will and testament of Miss Mary R. Smith, who died at her residence near Chapel Hill, on last Friday, and was buried in the old family burying ground at Jones' Grove, in this county, on last Sunday. She devised the Jones' Grove plantation which is said to be worth \$15,000, to the trustees of the State University for the education of such poor boys as the Faculty may designate. Other smaller legacies were bequeathed to her old servants, who had remained faithful to her, and the residue of her estate, valued at about \$30,000, is devised and bequeathed to the trustees of the Protestant Episcopal church in the Diocese of North Carolina. Hon. K. P. Battle is appointed as executor of the will.

The deceased was an old maiden lady, about 71 years of age, who was beloved by all who knew her for her most lovable character. Her whole life was devoted to doing good and in acts of charity, and in her death "her works do follow her."—Chatham Record.

The poor sufferer that has been doing himself with so-called Troches and thereby upset his stomach without curing the troublesome cough, should take our advice and use at once Dr. Bull's Cough Syrup and get well.

FOREIGN NEWS.

The War in the Balkans.

LONDON, Nov. 20.—Dispatches received here state that the Servians have become dispirited over their recent reverses. The Bulgarians, on the other hand, have been aroused to the highest pitch of enthusiasm by the example of Prince Alexander and the victories gained under his leadership. They have gradually driven back the Servians' forward line of entrenchments. In the fighting yesterday the Servian loss was eight hundred killed and wounded. One of Prince Alexander's aide-de-camp was killed during yesterday's engagement.

VIENNA, Nov. 20.—The Bulgarians yesterday replied the Tervian attack in the direction of Widdin.

QUEEN VICTORIA DISSOLVES PARLIAMENT. LONDON, Nov. 18.—The Queen today signed the proclamation dissolving Parliament, writing in a bold, distinct hand at the top of the broad parchment. A special edition of the Gazette containing the proclamation was issued tonight. The writs for a new election have been posted.

WASHINGTON, Nov. 19.—The Secretary of State and the Mexican Minister have agreed to an additional article to the commercial treaty between the United States and Mexico, extending the time to May 20, 1886, for the approval of the necessary laws to carry the treaty into effect.

The Japanese Persimmon.
Having frequently been asked to say something about the value of the famous Japan persimmon, I frankly confess that there is so much that could be said that I do not know what to say first. The five fruit seasons just passed have satisfactorily settled the question in my mind as to the value of this fruit to the cotton growing belt of the Southern States, where it is perfectly hardy.

Five years ago I received a small tree through the mails about the size and length of a common lead pencil, and the second year it bore four or five persimmons. Generally the fruit is about the size of an ordinary horse apple. The tree is perfectly healthy, never having known it to show any sign of disease. It is exceedingly good for eating either raw or cooked, making the finest pie I ever ate, and having few if any seeds, it is easily prepared. I do cheerfully recommend every lover of fine fruit to get a supply of the fruit at once. Also as an ornamental tree it is the finest I ever saw.—J. O. BAXTER in Pamlico Enterprise.

Salvation Oil, the celebrated American remedy for cuts, bruises, sprains, burns, scalds, chilblains, &c., can be had of all druggists. It kills pain. Price twenty-five cents a bottle.

Coat Tails too Near the Ground.
President Bryan, of the A. & N. C. R., acts upon his assumption that there is no one in Lenoir county capable of managing our depot agency. And thus it always is, that men, who have a very high opinion of themselves, are generally at fault in estimating the worth of other men. Forthly Tom Benton disdainfully foreshadowed the statesmanship of Stephen A. Douglas by telling an admirer of the "Little Giant"—"His coat tail is too near the ground, sir." President Bryan thinks the coat tails of the people of Lenoir are too near the ground for business capacity. About this time, there's music in Lenoir for President Bryan and Governor Seales.—Itemizer.

Penitentiary News.
The directors adjourned yesterday, after a pleasant session of two days. Much routine business was transacted. The reports submitted were very satisfactory. They show that there are in all 1,173 convicts. Of these 320 are in the penitentiary, and 853 are at work on various railroads. The health and general condition of the convicts is better than ever before, it is stated.—News and Observer.

Plain Questions.
Mythical ideas are fanning the public brow with the breath of prejudice, ignorance and humbuggery. Have you the remotest idea that your scrofula was created by the use of potash and mercury? No matter what the cause, B. B. is the peer of all other remedies. Do you presume that your troublesomeness is the result of mineral poisoning? B. B. is the quickest remedy. Are your chronic ulcers and boils and sores the result of potash and mercury? Medical gentlemen will not tell you so, but B. B. is the only sovereign remedy. Were your terrible kidney troubles created by mineral poisoning? Not a bit of it, but B. B. has proven to be a reliable remedy. Are your skin diseases, your eczema, dry tetter, etc., the effect of too much potash and mercury? The medical profession are the best judges, and they say nay, but B. B. makes more pronounced cures than all other preparations combined.
