The *Shenandoah* carries out large lots of clams on every trip.

The *Shenandoah* took out a full cargo of cotton, clams, etc., yesterday evening.

Quit a number of oyster boats were at Messrs. Moore & Brady's wharf yesterday.

The M. E. Church Working Society will meet tonight at the residence of Mr. Geo. Henderson.

The question of dividing the N. C. M. E. Conference was defeated in the Conference at Charlotte on Monday by a vote of 92 to 110.

The Management of the Theatre inform us that owing to illness of Miss Kullogg, she has cancelled all of her Southern engagements for the month of December, but will come here sure when she renews them in January.

Doctors C. & F. DUFFY have fitted up an office in the building on Pollock street lately occupied by Mr. C. Erdman, next to John Dunn's confectionery store, and will be found there in the future.

We have been requested to announce that the invitation issued by the Young Men's Christian Association last Saturday was for a two-fold purpose—to invite gentlemen of the city to unite with them in all devotional meetings, and to show them that the association is on the lookout for all the strangers visiting here, and the form of invitation extended to them to attend the various religious services held in the city on Sundays.

There have been many bands of music recently in the city of New Berne, that played on the street corners and attracted crowds. But none of them, no matter whether with the street organ, the baryte, clarionet or brass band, can compare with Thos. P. Wilson *alias* Tom Britt's rendition of "David the King was nourished and grieved." It costs only five cents to hear his musical concert, and anyone engaging him will not regret the time and money expended.

Failure.  
"Clement," the fine buggy horse of the popular law firm of Simmons & Manly, has proven himself a perfect failure as a runaway horse. He has made two attempts recently, and the last time, yesterday, he had a fine opportunity of making a complete job of it, but only succeeded in jerking the buggy against a corner post, while nobody had hold of him, and breaking the single-tree. He scampered off a few steps but soon came back, examined the damages and appeared to be heartily ashamed of it. He will hardly try it again.

**The Doctor's Last Happy Resort.**  
EVANSVILLE, IND., Jan. 11, 1883.  
I recently had a very difficult case of Consumption. I treated it in the most scientific manner possible, but to no effect; patient grew gradually worse. Rather than give her up, and as a last resort, I decided to try a remedy that had cured one of my former patients. Greatly to my surprise, the patient began to gain, and in a much shorter time than I dared to ever expect, she was completely cured. The name of this remarkable remedy is Dr. King's New Discovery for Consumption. I now use it altogether in my practice.—Leading M. D., Evansville.

**A Little Gold Was Spent.**  
Mr. Z. A. Clark, of Atlanta, Ga., in speaking of \$480.00 in gold, desires to say to the readers of this paper, that the whole of the above amount was spent in a fruitless effort in finding relief from a terrible Blood Poison affecting his body, limbs and nose—presenting ugly running ulcers. He is now sound and well, having been cured by the most speedy and wonderful remedy ever before known, and any interested party who may need a Blood Purifier will learn from him that three bottles of B. B. B. restored his appetite, healed all ulcers, relieved his kidneys, and added twenty-five pounds to his weight in thirty days. For sale wholesale and retail by R. N. Duffy. Cash to accompany the order.

Merit will tell. Buy the genuine article and do not expect your name on vile trash. Shiner's Indian Vermifuge is guaranteed if taken according to the directions.

**The Superior Court.**  
Court convened promptly at 9 o'clock.

The case of Giles Blango, col. A. and B. was called. He submitted and was fined \$10 and sentenced to eight months imprisonment in county jail, the county commissioners to have privilege of hiring out until cost and fine are paid.

State vs. Wm. West; obtaining goods under false pretense. L. J. Moore and W. E. Clarke for the State, Simmons & Manly for defendant. Jury impaneled; argued by Mr. Manly for defendant, Mr. Clarke for the State; verdict, not guilty.

The Court took a recess until 3 o'clock.

During the recess His Honor heard at chambers the case of J. Y. Brice vs. H. D. Stove upon a motion to dissolve restraining order made by Judge Clark to prevent defendant from foreclosing mortgage on certain property in this county. The motion was argued by Thos. N. Hill, Esq., of Charlotte, and Simmons & Manly for the defendant, and by W. W. Clark, Esq., for plaintiff. A similar order had been dissolved by Judge Phillips Oct. 9th, 1885, and this order being granted by another Judge, coming up before him, His Honor thought it settled by his former order, and so dissolved the order then pending before him.

Upon the reassembling of the Court, Hon. C. C. Clark offered the following preamble and resolutions, signed by the members of the bar:

Whereas, The Board of Commissioners of Craven county has constructed the court room with special view to the convenience of members of the bar and witnesses, and the accommodation of spectators, and the consequent increased dispatch of business; and

Whereas, It is important that the design of the Board of Commissioners should be executed. Therefore

Resolved, That all spectators in the court room shall be kept back of the rail immediately in the rear of the bar.

Resolved, That the space between said rail and the bar shall be reserved for witnesses in a case being tried, and for jurors not on duty.

Resolved, That the bar shall be reserved for members of the bar, the officers of the court, the county commissioners, and such persons as may be invited therein by the court or a member of the bar.

Resolved, That the private entrance to the bar be reserved for only those enumerated in the preceding resolution.

Resolved, That the Court be requested to make these resolutions a rule of court, and that the Sheriff be directed to have them faithfully carried out.

His Honor ordered that they be spread upon the minutes and made a rule of the court.

State vs. James Johnson, constable; failure to execute process. W. E. Clarke, Esq., for the State, Wm. Whitford and Geo. H. White for defendant. Upon hearing the evidence His Honor ordered a verdict of not guilty to be entered.

State vs. J. T. York, embezzlement; W. W. Clark and William Whitford for the State, W. E. Clarke and Geo. H. White for the defendant; pending the examination of witnesses in this case court adjourned to 9 o'clock this morning.

**Honoring the Dead.**  
The Cotton Exchange building was appropriately draped yesterday in honor of the late Thos. A. Hendricks, and business was suspended between the hours of 12 and 1 o'clock. At the post-office a large portrait of the deceased was displayed at the front entrance draped in emblems of mourning. The buildings of the Atlantic and New Berne fire companies also displayed appropriate emblems of respect for the dead statesman.

**La Grange Items.**

No church services in town last Sunday.

Dr. J. D. Spicer, of Goldsboro, was in town last Saturday on professional business.

Cotton was selling in this market Monday, at \$3.70 for the best. It reached 9 cents last week.

We hear that R. B. Kinsey, Esq., of our town, will build a new two-story brick building next spring.

C. P. Barrow is building another residence on his lot near the depot. Our place grows slowly but steadily.

Mrs. Stella Temple, of S. C., formerly of our town, is visiting her mother, Mrs. M. A. Croom, and other relatives in our place.

The fruit tree agents have been here for some days delivering fruit trees. If all the trees sold in this country turn out well, there will be no need of our people going to other States for fruit.

Dr. J. M. Hodges, or Hodges Wooden, are opening their new drug store. We might wish them success in business, but it would be equivalent to wishing the people to be sick.

Thanksgiving was generally observed by our business men last week. Our Mayor requested all to close, and set the example. We think it wrong to use the "back door" on such occasions, as we learn some did, as there is nothing to compel anyone to close if they choose not to do so.

Parties are ready, frequently, to take exceptions to any notice given by local itemizers, of the misdoing in towns, because, probably, it is best to put the good foot foremost, and say as little as possible of the bad. We are not particularly interested, but it does appear that we might get along with less "cussing" on the streets, especially Saturday evenings. If a stop was put to this, would it not speak well for our town?

The Gipsy fortune tellers are in camp about two miles from town. Several have gone out to learn of their future destiny, and some have returned wiser if not better. Fortune-telling is now believed by most people to be a humbug, and still there is no one who is not pleased to listen to some pretty tale about their good luck hereafter. Few people will admit that they are superstitious and fewer still are entirely without it.

The largest shipment of cotton from our place was last Monday. Two hundred and twenty-four bales were shipped, and near one hundred left ready to be shipped. Our market has ruled close up to other markets throughout the season, and much cotton has been marketed here from sections of the county that have sold in other towns heretofore. Our buyers are placed at a disadvantage as to freights, compared with other shipping points on the A. & N. C. R., and still the price paid here is close up to other towns.

**Jones County Items.**

Capt. E. R. Page has some fine hogs; I counted 37 in a pen at his mill. I further learn that he has some monster potato banks, 700 bushels in three banks.

A doll boarding school, opened by Miss Bertha Wilson's big doll, is well patronized, we learn, by other little dolls. Our little 6 year older is quite busy making preparations to enter her little doll, Lissa, next week.

I would state to my old schoolmates of the Willow school that I was only mentioning the names of those who attended it the first year it opened. Will in future articles add the names of others who attended during the succeeding years, while the school was kept up.

Not long since one of our enterprising citizens lanced his wagon and placed it in the care of one of his hired men and told him he wanted him to be certain when he got to a hill to lock the wagon, at the same time telling him to proceed and he would overtake him. He did proceed until he got to a hill and there he stopped and waited several hours until the master of the wagon arrived, who was much surprised to find his wagon so near home, enquired of the cause of the delay. Driver answered him: "Why you forgot to give me the key. How could I lock the wagon without it?"

Died—At her home in Trenton on Monday morning, the 23d of November, Mrs. Ida Smith, aged 30 years, the beloved and affectionate wife of Mr. Jos. A. Smith. Mrs. Smith was a kindhearted christian lady, loved by all that knew her for her many christian virtues. She had been confined to her room for several weeks, though her sufferings were great, she bore them with christian fortitude. We learn that when her spirit took flight it was like one who had fallen asleep, calm and easy. Mrs. Smith leaves a grief-stricken husband and a little 8 year old daughter, a father and many other relations together with a host of friends in Jones, Craven and Lenoir counties to mourn her departure.

On Tuesday, the 24th of November, Mr. Jeremiah Daugherty and a lady Miss Julia Nobles drove into the court yard at Trenton and inquired for the register of deeds, who being pointed out the gentleman said they were from Core creek, Craven county and as it was more convenient for them to procure marriage license at Trenton than New Berne on account of distance that they desired him to grant them license to marry immediately, which being done Capt. E. R. Pace was waited upon and requested to unite them in the matrimonial harness which he readily did in the presence of an audience of 40 or 50 persons who had gathered in 7 minutes notice. When the happy couple repaired to their buggy and turned their horses for Core creek with the good wishes of the entire audience.

## NEWS BY MAIL.

**DR. LEONARD ON THE ELECTION IN 1888.**  
PITTSBURG, Pa., Nov. 29.—Rev. Dr. A. B. Leonard, late prohibition candidate for Governor of Ohio, said to your correspondent tonight: "The Democrats will win in 1888. Then, before the next following Presidential election, a new party composed of men from both the old parties, which will have a prohibition plank as the main feature of the platform, will arise and elect a President. The Republican party is dead."

**EXPLOSION IN A COAL SHAFT.**  
WILKESBARE, Nov. 27.—An explosion of gas took place this afternoon in the Cynghnam shaft, operated by the Delaware and Hudson Coal Company. There 175 men and boys in the shaft, but three persons only were injured—Thos. Hart, a miner, William J. Evans, a driver, and a man known only by the name "Dutch John." They were slightly hurt by being knocked down by the concussion. The colliery is not damaged, and the work will be resumed tomorrow.

**A GLUT OF WHEAT IN MINNEAPOLIS.**  
MINNEAPOLIS, Nov. 27.—There are over 1,800 cars of wheat in sight of Minneapolis today, and yesterday there were over 1,900 cars, with over 6,000,000 bushels in the elevators. There is only left 1,500,000 bushels capacity unoccupied, all of which is virtually under contracts to private parties. Sheds to take care of 400,000 bushels additional are being built, and it is thought side tracks lots will be sent to Duluth for storage.

**\$23,500 FOR EPAULETTE.**  
LEXINGTON, Ky., Nov. 28.—Mr. L. L. Dorsey, of Louisville, Ky., sold here today to Robert Steele, of Philadelphia, the young trotting stallion Epaullette, record 2:19, for \$23,500. Epaullette was foaled in 1880, sired by Auditor, son of Hambletonian, dam Pantaleete, by Princeps; dam Florence, by Volunteer; son of Hambletonian; third dam Nell, by Hambletonian. From this can be seen he is inbred to the great sire of trotters. He was bred by R. S. Weech, of St. Matthews, Ky., and sold as a two-year-old to Mr. Dorsey for \$300. His record was made here last month in the third heat, the first and second being trotted in 2:20.

**PRESIDENT CLEVELAND'S FORTHCOMING MESSAGE.**  
WASHINGTON, Nov. 27.—At a regular meeting of the Cabinet today, all the members being present, the President's forthcoming message was read and unanimously approved. It is said to be an unusually strong paper, containing many new and valuable suggestions.

**A SUB-TREASURY CLERK INDICTED.**  
NEW ORLEANS, La., Nov. 28.—The United States Grand Jury today indicted John H. Audemorte, late Redemption Clerk in the Sub-Treasury here, for the embezzlement of over \$25,000 of public funds. The jury also found another true bill against Audemorte and Erasmus Sheppard, for conspiracy to defraud the Government out of public moneys to the same amount.

**HALF A MILLION ACRES OF LAND PURCHASED.**  
SAN FRANCISCO, Nov. 27.—It was stated here this evening that Charles Crocker, Vice-President of the Southern Pacific Railroad Company, has purchased 500,000 acres of land in Utah for a stock range. Half the land belonged to the Southern Pacific Company and half to the Government.

**CAUSE OF THE RIEL REBELLION.**  
KINGSTON, Ont., Nov. 27.—Father McWilliams, who was with Riel at the time of his death, has returned to this city, and says he believes Riel was insane, and that he so informed the Government. On being asked what he thought caused the rebellion he said: "Poor people were goaded on by capitalists, who had gone into the Northwest and secured vast territories of land around Batouche and Prince Albert. These capitalists, seeing that their fortunes were not accumulating as they desired, incited these poor people, who looked up to them, to rebellion, in the hope that they could drive the Indians and half breeds out of their homes, and thus secure for themselves the lands. He added that the Government should place detectives in the Northwest to remove what he considered its greatest curse—English and Scotch capitalists. He heard men himself talking treason and wishing for another rebellion, as it left considerable money in the country. Father McWilliams visited the home of Riel and found his family in distress. He said he asked Riel to name to him all the white men who had assisted in the rebellion, but Riel refused.

**THE NORTHWEST INDIANS RESTIVE.**  
WINNIPEG, Nov. 28.—The execution of the Indians at Battleford is likely to make trouble. The tribes around there threaten the Government. Last night a band of Indians approached very near the front at Battleford and fired several shots, two passing through the hat and coat of the guard. The country is being secured for the hostiles, but they have not been found yet.

**REBELLION IN NEPAUL.**  
LONDON, Nov. 28.—Telegrams have just been received here from Calcutta announcing the breaking out of a rebellion at Nepaul. The Premier has been murdered and the Maharajah of the province has been taken prisoner. The British Resident is absent from Khatmandu, on a tour of inspection.

**Fortunes for Farmers and Mechanics.**  
Thousands of dollars can be saved by using proper judgment in taking care of the health of yourself and family. If you are bilious, have a sallow complexion, poor appetite, low and depressed spirits, and generally debilitated, do not delay a moment, but go at once and procure a bottle of these wonderful Electric Bitters, which never fail to cure, and that for the trifling sum of fifty cents.—Tribune. Sold by all druggists at 25c.

## FOREIGN NEWS.

**LONDON, Nov. 30.**—The *Times* of this morning says it learns that Serbia is willing to accept peace without payment of indemnity, and that she will refuse to give either money or territory as the price of peace.

**LONDON, Nov. 30.**—Advices from Serbia say that the Serbian people, press and army express indignation over the conclusion of the armistice with Bulgaria, when there is a chance for Serbia to retrieve her fortunes.

**MADRID, Nov. 30.**—Emperor William, out of respect for the memory of King Alfonso, desires to sign the Caroline agreement directly.

There was an imposing scene at the Palace of the Escorial upon the arrival of King Alfonso's body. When the procession reached the monastery, Duke de Sotter, Royal Chamberlain, knocked and requested admittance for Alfonso. When inside the gates the Duke unlocked the coffin and called three times in Alfonso's ear. Then, according to the ritual, he said, "There is no reply. It is true the King is dead." He then relocked the coffin and broke his wand of office.

"A continual dropping on a very rainy day and a contentious woman are alike." No wonder, poor souls, they are such slaves to headache. One 25 cents spent for a bottle of Salvation Oil will restore harmony in the household.

**A BRITISH STEAMER FOUNDERS.**  
LONDON, Nov. 26.—The British steamer *Aurora*, Capt. Ormandy, while leaving Hartlepool for Savannah yesterday, struck a rock in the harbor. She subsequently went on her way, and foundered within two hours. The crew quit the vessel in three boats. The first boat with nine men, landed safely. The second, in which were nine men, reached shore with only six, the three others having been drowned. The third boat, containing twelve persons, also reached the shore safely.

Every one has a will and a mind to think for himself, yet many will go about hacking and coughing until a friend recommends Dr. Bull's Cough Syrup for that cough.

Better than Real Estate

There are very few investments better than real estate, but we know of one that is, and that one is a policy in

## THE FIDELITY MUTUAL LIFE ASSOC'N OF PHILADELPHIA.

The policy can be bought at the rate of \$22.00 for \$200.00.

It needs no cultivation or repairs, and the yearly tax on it, levied tri-annually, is not as much as the tax on real estate, and the value, upon the death of the owner, the policy does not require appraisers, administrators and lawyers to determine its value, but is PAID IN FULL AND UNDEVELOPED.

The payment of each policy is guaranteed by nearly \$10,000,000 of real estate insurance with a reserve indemnity of \$200,000, and cash assets of nearly \$50,000.

The Association owns its own building, and puts enough offices to make its rent free. Its expenses are limited to fixed annual dues. Incorporated, December, 1878, Home Office, 91 Walnut Street, Philadelphia, Pa.
