Eggs advanced to 22 cents yesterday. **Dull times in police circles; no case in a week.**

The steamer **Stout** arrived yesterday with a full cargo of general merchandise.

The steamer **Defiance** sailed yesterday with a full cargo of cotton, naval stores and cotton seed meal.

The sheriff and county treasurer completed their bonds yesterday which were accepted by the county commissioners.

The schooner **Varina,** Capt. Frank Bell, arrived from Sladesville yesterday morning with a heavy cargo of baled and seed cotton.

A business meeting of the **Young Men's Christian Association** will be held this evening at their rooms on Middle street at 8 o'clock.

The county commissioners destroyed yesterday bonds to the amount of \$4,875. The bonded debt of the county now is about \$107,000.

The steamer **Shenandoah** brought in a good freight yesterday morning and took out a large cargo of cotton, clams, cleaned rice, etc.

The box office will be open for the sale of reserved seats for the **Bella Moore Mountain Pink Co.** at **E. H. Meadows** drug store Wednesday Dec. 9th, at 10 o'clock a. m.

The members of the **New Berne Athletic Club** are requested to attend a meeting at the Board of Trade rooms this evening at 7 o'clock. Business of importance is on hand. There's money in it.

Madame Camilla Urso who appears in the Theatre here on the evening of the 10th is said to be one of the finest artists in the world. The leading papers speak in the highest terms of her company. Tickets for sale this morning at 10 o'clock at **Meadow's** drug store.

We call attention to **Geo. Howard's** new advertisement. His is the "One price store," that is he tells you at first the price of his goods, and in these days of steam, telegraphs, telephones, etc., it is important that a customer should know at once what he is to pay that the trade may be completed and go about something else.

The **Wilmington Star** thinks **Rev. Mr. Yess** has settled the proper way to spell "New Bern." The second syllable should begin with a capital letter as in **New York, New Haven** and other names of cities. The **Star** thinks it a question of more than local interest and is satisfied that the use of the final e is erroneous. It is a right hard matter, however, for those of us who have used the final e so long to drop it.

Fair Warning. People indebted to the **JOURNAL** office had better settle up in a very few days if they want to avoid trouble, as our accounts will be placed in other hands for collection.

Former Castles. The number of students enrolled at **Trinity College** for the fall term of 1885 was 116, which is a large increase over the attendance for the term immediately preceding. A still greater increase during the next spring term is confidently expected. See advertisement in this issue.

Christmas Goods.

Our merchants are beginning to display their Christmas goods in considerable profusion. New Berne will offer extra inducements for this class of goods this year and if our readers will watch our columns they will know where to find them. Bring in your turkeys and get your Christmas fixings.

Still Ahead.

Mr. A. B. Dawson sold at the Exchange yesterday his 71st bale of cotton of this year's crop, and will have some twenty-five or thirty more. He brought in the first two bales from this county, and we think he is still ahead in the number of bales, and furthermore he came in and put himself ahead with the **JOURNAL**, an example worthy to be followed by others.

Election of Officers.

At the annual meeting of the members of **New Berne Steam Fire Engine Co. No. 1** held on Monday night the following officers were elected for the ensuing year:

E. M. Pavie, Engineer; **J. W. Moore,** Foreman; **Samuel K. Eaton,** Assistant Foreman; **Sam. B. Waters,** Secy.; **W. R. Waters** and **W. H. S. Turner,** Representatives.

An Item for the City Marshal.

We have been informed by a respectable citizen of New Berne that disturbances are frequent on **South Front street** between **Middle and Hancock** on Sunday nights. Last Sunday night about 10 o'clock a noisy crowd in that vicinity fired a pistol three times, one of the balls entering the window of **Mrs. Holton's** residence and lodging in the wall on the opposite side of the room. **Mrs. Holton** was in the room at the time and narrowly escaped the shot. It is said that parties meet in this vicinity on Sunday at **Sunday night** for the purpose of drinking and carousing much to the annoyance of peaceable citizens. Where is the Sunday liquor law?

Biblical Students.

"**Joe Watson** has been examined for confirmation," said **Ralph Gray** to the cleric force at the **Clyde Steamship office** yesterday, "and what do you think he said in answer to the question, who was the strongest man?"

Harry Stevenson gave it up. "What was his answer?" asked several.

"Why he said **Sullivan.** I think it was a slip of the tongue, however. **Joe** meant to say **Solomon.**"

Ike Patterson thinks the **Young Men's Christian Association** has a fine chance for spreading **Biblical knowledge.**

The Superior Court.

Court convened at 9 o'clock when the following cases were disposed of:

John Thompson, the chicken thief, was sent up for two years.

State vs. Henry Slade, larceny; guilty. Sent up for three years.

State vs. James Reed, larceny; guilty. Confined in jail for twelve months, the commissioners to have leave to hire out for cost.

State vs. Horace Upton, F. & A.; guilty. Fined five dollars and imprisoned in county jail for six months, the county commissioners to have the right to hire out for cost.

Perry Chadwick, the small boy who submitted on Monday, was sentenced to twelve months in jail, the commissioners to have the right to hire out.

State vs. T. B. Rouse, A. & B.; guilty. Fined \$10.00 and cost.

State vs. Major Dixon, false pretense; not guilty. In this case **Gen. H. White** appeared for the State and **O. H. Guion** and **P. H. Pelletier** appeared for the defendant. This case was well managed for the defendant by **Messrs. Guion and Pelletier.** Their speeches were brief and to the point.

Court adjourned to 9 o'clock this morning.

Camilla Urso.

The **Camilla Urso** concert Monday evening at **Musie Hall** was one of the most brilliant musical entertainments ever given in this city. **Urso** fairly electrified her audience with her matchless powers on the violin leaving no doubt in the minds of all who heard her that the reputation she has gained of being the foremost violinist of this or any other age, is well deserved. In addition to her own attractions she was accompanied by a fine trio of vocalists who rendered their selections in an exquisite manner receiving warm marks of approval from the audience after each appearance. The **Musical Society,** to whom we are mainly indebted for the appearance of **Camilla Urso,** are entitled to the thanks for their efforts in securing to our citizens an entertainment of such high musical order. **Star,** Washington, D. C.

Snatched from the Grave.

Mrs. Helen Pharris, No. 331 Dayton St., Chicago, Ill., is now in her sixty-eighth year, and states that she has suffered with **Consumption** for about ten years, was treated by nine physicians, all of them pronouncing her case hopeless. She had given up all hopes of ever recovering. Seven bottles of **Dr. King's New Discovery for Consumption** completely cured her. Doubting ones, please drop her a postal and satisfy yourselves. Sold by all druggists everywhere.

La Grange Items.

Rev. S. H. Iser preached here last Sunday, his regular appointment.

The price offered for cotton here on Monday was 51 cents. The buyers say it is "off."

A cold snap has been upon us for several days. Fires are needed and good ones at that.

There is but few things without some good. If rumor is correct the **Gipsies** will render this community a good service.

The **Gipsies** are still in our vicinity telling fortunes and making the hearts of some glad while others are made sad. Such is life.

The **Castello Bros' Show** are exhibiting in our town today. Being unable to attend we will give what the public say in our next.

Rice, it has been for sometime, selling in this place at \$1.00 per bushel. At these prices it is not a better paying crop than cotton?

Dr. A. C. Davis received quite a severe hurt last week. In going to see a sick cat at night he fell over an obstruction which confined him to his room for some days. We are glad to see him out again.

A number of the colored people are returning from the **Georgia and Florida** turpentine country. These hands come home and spend a few weeks and many of them return. We suppose the inducement is better wages.

Rev. A. McCullen has been sent from **La Grange Circuit** to **Louisburg.** Mr. McCullen's friends would have been pleased had he been returned here the coming conference year. He is an earnest worker and has given satisfaction to his churches.

Dr. J. M. Hadley returned from the **M. P. Conference** last week. From him we learn that **Rev. W. E. Swain** has been returned to this **La Grange Mission.** During the past year Mr. Swain has served the mission acceptably and his return will be pleasing to his congregations.

There must be something more than profit in a hunt. We see the sportsmen of our place in early morn, armed with breach-loader and other equipments, including dog and whistle, making their way for the abode of game. About nightfall they return and we rarely see any game.

Mr. Noah Rouse is having a quantity of marl dug at his marl bed on **Neuse river.** Several years ago Mr. Rouse used a large amount of this marl on his plantation on **Neuse,** and on that at his home near this place, and is thoroughly convinced that it is a most excellent and lasting fertilizer.

We can, without hesitation, say that **Dr. Bull's Cough Syrup** has given the best satisfaction. We have sold an immense amount of it during the past winter. **WALLACE, HILTON & CO.,** Druggists, Lock Haven, Pa.

Jones County Items.

Hog killings are commencing, a sausage will soon be plentiful.

Commissioners court in session Monday, also board of education.

Mr. Leon Albritton and **Mr. J. D. May,** of **Kinston** was at **Trenton** on Tuesday last.

Persimmon crop particularly fine; lookout "possums the darkey is setting for you."

Cotton all picked out; money all spent tenants looking out for a better place to move while some are enquiring when they start out on a short progress mortgage time.

Just after a three days rain carts are thick in **Trenton** with fodder for sale, well persons who bring it here have an idea about the difference in weight of wet and dry fodder.

We had a large crowd in **Trenton** Monday and the people were nearly all sober, quiet and orderly. **Trenton** can boast of as good order as any town in the State. Quite a change since 1876.

D. R. Walker then remarked of our town that he thought **Trenton** had some darkeys who could "cuss" more and louder to the square inch than anywhere in the State. Should he visit us again, he would find that there has been a great reformation.

Our friend, **Abner Dawson** was at **Trenton** a few days ago in one of his fine humors, said that a few nights since while sitting around his family fire discussing about jack-o'-lanterns, his son went to the door and called him and pointed out a light to him which proved to be jack-o'-lantern himself first he ever saw. **Abner** says just let it make its appearance again and he intends to go to it. I forgot to tell him I had heard negroes tell some wondrous stories about jacks leading them through briars and ditches and over fences and muddy bogs. But if **Abner** should start and jack should commence to lead him about, I have a receipt told me by an old darkey that will stop jack's leading-about-tricks. Now **Abner,** here it is: When you start to jack, just feel in that breast pocket of your coat—now be sure that it is empty—and turn the pocket wrong side out, and it will cause jack to just stop his light and disappear.

Never Give Up.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of **Electric Bitters.** You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of **Electric Bitters.** Sold at fifty cents a bottle by all druggists.

Both men drew pistols and began shooting, each man firing several times. **Betancourt** was terribly wounded and died in about an hour.

FOREIGN NEWS. A BRITISH VICTORY IN EGYPT. CAIRO, Dec. 4.—Hostilities have commenced in Egypt, and the troops are looking forward to some hard fighting this winter, as the Arabs seem determined to make a push for Upper Egypt. Richlands Items.

Keep the ball in motion for the fair for fear if it stops it will die the death of our railroads, a death that is past resurrection.

Any one would imagine from the amount of paper posted on our stores, if they were illustrated, that a circus was billed for our village; but on inspection we find them to be notices to creditors to pay up to insure further credit, while in their hearts they say, "If I get it this time you'll never get into me any more. Among these we find notices to close out mortgages; no less than six horses and mules were sold last week at mortgage sales.

"Histories make men wise. Poets witty." But what in the world does a man want with either when he has sprained his ankle. No sir, not these; not these! Give him but one bottle of **Salvation Oil.** The greatest cure on earth for pain.

Rheumatism. Although a practitioner of near twenty years, my mother influenced me to procure **B. B. B.** for her. She had been confined to her bed several months with **Rheumatism** which had stubbornly resisted all the usual remedies. Within twenty-four hours after commencing **B. B. B.** I observed marked relief. She has just commenced her third bottle and is nearly as active as ever, and has been in the front yard with "rake in hand," cleaning up. Her improvement is truly wonderful and immensely gratifying.
