An Audience Numbering over 3000 people.—Concert by the Camilla Urso Troupe.-The concert given by the above company of artists in the Musical Hall, company of artists in the Musical Hall, last evening, was one of the most enjoy-able of the many musical entertain-ments with which our city has been favored the present season. The house was crowded to the utmost, the available places on the stage even being oc-cupied by the audience. Mme. Urso, who had not been heard in Boston cupied by the audience. Mme. Urso, who had not been heard in Boston for several years, met with a warm reception. This accomplished artist has never played with more bril-liancy, power, delicacy and witchery than on this occasion. Her first selec-tion was "The Devil's Sonata." by Tartini. This was played with all the power, delicacy and finish for which Mme. Urso is so celebrated, and there followed upon an encore a performance even more exquisite than the other, the selection being a Valse Caprice by Wieniawaki. Laterabe performed with Herr Benno Scherek the Andante and variations from Mozart's Sonata in F for violin and plano, and both artists, it should be said, played superbly. An-other solo was Ernst's Fantasia on the March and Romanza from Rossini's "Othello," which was also performed with great success.
