

PUBLISHERS' ANNOUNCEMENT.

THE DAILY JOURNAL is a 21 column paper, published daily, except Monday, at \$2.00 per year, \$2.00 for six months, delivered to city subscribers at 30 cents per month.

THE JOURNAL.

H. S. BURN, Editor. M. HARPER, Business Manager. NEW BERNE, N. C., DEC. 16, 1888.

THE Supreme court of Ohio has decided the Hamilton county election cases in favor of the Democrats. This gives the Democrats a majority of three in the Senate and the Republicans six in the House.

MRS. LILLIE DEVERUX BLAKE is mad with the President because he did not mention women in his message. He spoke of the Mormons, he spoke about the Indians, about cattle, and mentioned JOHN ROACH, but ignored us entirely, said Mrs. BLAKE in a speech to a large number of ladies and a few gentlemen in New York last Saturday.

THE N. Y. Sun claims to have discovered the fact that Miss ROSE ELIZABETH CLEVELAND, the President's sister, wrote that portion of the message in reference to the Mormons. The style of its rhetoric and the impress of its intellectual individuality, the Sun claims, is totally different from what precedes and what comes after it.

THE REASON WHY. Sometime ago our Richland's correspondent, in paying a compliment to Mr. OLIVER's articles on the silver question said he was surprised that the newspapers did not keep their readers posted on a subject of so much interest to the farmers.

At a meeting of the Chamber of Commerce of New York held last Thursday, resolutions were adopted endorsing the President's views on the coinage of silver, and Congress was memorialized on the subject; the memorialists praying that the recommendations of the President, that "the compulsory coinage of silver dollars, directed by the law passed in February 1876, be suspended," be adopted.

examples of Germany and England be not followed any longer, but that a committee be appointed to confer with the western people, and ascertain not only their views, but the opinions of the industrial classes. He asked whether England, and France, and those countries which use silver extensively, had ever complained, or whether the average workman in this country thought that ten or twenty Blands in his pocket on Saturday night were too heavy for him?

A great many of the newspapers and writers on this subject are like Mr. COLGATE, the more they write and the more they look into this subject, the less they know about it. It is a question about which our wisest and best statesmen and financiers differ. To give the views of all pro and con in the columns of the JOURNAL, would leave but little space for anything else.

Aurora Items. Eggs 20 cts per doz. I hear the entertainment or tableau of Mrs. Lane to be held on — spoken of as a good thing and Mrs. Lane's name alone would insure success.

I am glad to note the fact that Miss Martha Whitley, assistant teacher in Aurora Academy is giving universal satisfaction with the patrons of the school. The young gentlemen propose to have a tournament in Aurora in the near future. This with the tableau and Christmas tree will help the young folks to have a good time Christmas.

Mr. B. H. Thompson has bought the lot on corner of 4th and East Main street opposite J. B. Bonner's store, of Mayor Peterson, and has hauled some lumber to begin the erection of two large storehouses, and a town hall. Ben is a live man, success to his enterprises.

It is rumored that Mr. H. H. Crawford is going to purchase the lot on corner of East and South Main street, and put up a large hotel, glad to hear it. Mr. C. has a valuable farm near here, and is one of our large landholders and has some valuable swamp lands. Well as we promised in last week's paper to continue our travel on the Respass road, we will start at Bailey's creek bridge, and first on the left is the farm and residence of E. W. Guilford; this is a very valuable farm, of new and fertile lands, Mr. G. also has a large and substantial new dwelling which is convenient and comfortable. He is a hard worker and useful citizen.

Next on the right is the residence and farm of F. B. Guilford and I tell you that is one of the prettiest and most valuable places in this county. Fenner is a wide-awake farmer, and owns two valuable farms in our fertile swamps, is also one of the county board of education and a very clever, useful citizen. Next on the left, D. E. Bennett who has a nice little farm. Mr. B. is one of the few members of the 4th N. C., who survived the war and he was shot to pieces badly, and left penniless but by hard work and economy has his farm paid for. Next on the left is A. D. Bennett and sons, "ole hat man"; Henry Bonner; J. T. Rowe and son; W. J. Rose; Augustus Bennett and Bros.; W. R. Ross and son; all the above named gentlemen have good farms each adjoining the other, one of the finest and most fertile lands in this State. Next on the right is the farm of one of our worthy county commissioners, Henry Bonner, who owns a valuable farm on each side of the road, a nice dwelling and pleasant airy situation surrounded by open lands as fertile as you need to want. Mr. Bonner is a good citizen, a county officer that has served for several years and has looked well to the interest of our county. He made a splendid crop and is in high standing in the community. I would say to the gentlemen alluded to on the left, most of them are live men, and are doing well. Mr. Henry Ross has a fine dwelling on his farm. Next on the right is a nice little farm belonging to J. H. Turner of Pamlico county; this is a nice farm and a nice man. Next is the farm of Mrs. M. B. Smith; Dr. T. P. Bonner; T. E. Boyd; Henry Bonner's farm, No. 2 Willie Crawford, all good land, and now we are to the sand hills and will stop till next time.

Why the Pendletons Mour.

We believe that the absence of the true American pig, which Bismarck has legislated out of Germany, is the real cause of Mrs. Pendleton's grievance. As a true American, she knows that at this particular season the genuine American pig is getting ripe enough to stick, and no doubt, as an American and as a true Jeffersonian Democrat, Mrs. Pendleton desires to be at home when the hog-killing season is at its height. It is well enough to say that there are hogs in Germany, but it seems to us that a delicately adjusted American stomach would revolt at the thought of eating a German hog when, by a brief journey across the sea, it can feast itself on the real American article.

Democrats all over the country, and especially in the South, will sympathize with Mrs. Pendleton. Official station in a foreign clime is desirable, to be sure, but the honor and emoluments become as nothing when the native American begins to hone for American spare-rib and back bone, American chitterlings and American crackling bread, to say nothing of American jowl and turnip greens.—Atlanta Constitution.

Proposed Department of Labor.

WASHINGTON, Dec. 12.—Representative Wesley (Pa.) will soon introduce in the House a bill to create a department of labor, with a secretary and assistant secretary, the former of whom shall be a Cabinet Officer. The duties of this department shall be to acquire and disseminate among the people useful information on subjects connected with labor, to ascertain the causes of discontent which may exist between employers and employees, and to recommend proper methods for the same.

The Success an Atlanta Article Has Achieved in the Lone Star State.

WE LIVE AND PERMIT OTHERS TO EXIST!

DENVER, TEXAS, March 16, 1888. BLOOD BATH CO. It is a great pleasure to us to state to you that your B. B. B. takes the lead of all blood purifiers in this country, on account of the cures it has effected since we have handled it. We had a case of scrofula in our neighborhood, of long standing, who had used all patent medicines which were recommended to him; besides that, he also had several doctors attending him, but everything failed to effect any good. He grew worse every day, and had not left his bed for the last six months. His name is Swerland, and we got a neighbor of his to persuade him to try B. B. B., and after using only one bottle he left his bed for the first time in six months.

To the present time he has used less than three bottles, and he is walking around visiting his friends in the neighborhood. He has gained strength and is rapidly. All scrofulous sores are healing finely, and you never saw a happier man than he is. Nearly everybody for miles around has heard of this wonderful cure, and all who need a blood remedy call for the B. B. B. We had a case of nasal catarrh in our own family (a little girl of four years old), who has been using B. B. B. for about two weeks, and already seems to be about well.

We have only three bottles left, and want you to ship us six dozen bottles. We take pleasure in recommending B. B. B. as a medicine worthy of the entire confidence of the public. Its action is more rapid than any blood remedy we ever handled.

THE Emerald Cigar Factory

NEW BERNE, N. C., C. ERDMANN, Prop'r.

Having taken possession of the new building specially constructed for my business on Middle street opposite Old Fellows Hall; I am now enabled to fill, justice to my patrons, in the manufacture of the

Finest Brands of Cigars,

which are of sufficient merit to deserve the popularity they now possess. Aside from the excellent material used, and the superior make, the CLEANLINESS observed in the manufacture of my goods give them a great pre-eminence over the Tawdry House made Cigars of the same price, generally smoked by the unthinking, and so often the cause of serious ailments and diseases. In connection with the Factory is a handsomely appointed

Smoker's Emporium,

where every kind and variety of Cigars and Tobacco may be found at prices. A full line of Smoker's Goods, including Microbloms, Star-wind, and every variety of Fine and Choice Havana Cigars, and FINE IMPORTED HAVANA CIGARS, in fact everything kept in a First-Class Tobacco Shop.
