

H. B. DUFFY'S Bargain Store!

We are happy to announce to our customers, and the trade generally, that at last, after many efforts, we have succeeded in getting sufficient time, from the rush of trade, to write up our advertisement. It is loaded with Bargains; be sure to read it through. Not by favor, but by merit alone, will we maintain and increase our unrivalled reputation. Big prices will not do in these hard times when even the wealthy cannot afford to waste their money, and the poor require double value for every dollar and penny they spend.

THE JOURNAL.

NEW BERNE, N. C., DEC. 16, 1885.
The New Rules of the House, WASHINGTON, Dec. 12.—The Committee on Rules completed its work late this afternoon, and will have its report ready when the House meets at noon Monday.

Mr. Morrison's plan for distributing the appropriation bills and generally amending the rules was adopted by the committee. In fact, all of Mr. Morrison's propositions were accepted, with a very few im material verbal amendments, amounting, Speaker Carlisle says, to nothing more than interpretations.

Mr. Randall will oppose the adoption of the report, but has not determined whether he will formally submit his views as the minority. The Morrison amendments will be signed by four of the five members of the committee, Messrs. Carlisle, Morrison, Reed and Hiscock. The members generally believed tonight that the debate on the coming report and amendments to be proposed will be so limited that the whole question will be disposed of by Wednesday afternoon, or Thursday at the furthest. The most important feature of Mr. Morrison's scheme of revision is that the Army and Military bills shall be prepared and reported hereafter by the Military Committee; the Naval bill by the Naval Committee; the Consular and Diplomatic bill by the Committee on Foreign Affairs; the Indian bill by the Indian Committee; the Postoffice bill by the Postoffice Committee; the Pension bill by the Committee on Invalid Pensions; and the Deficiency, Legislative, Executive and Judicial, Sundry Civil, Pensions and District of Columbia bills by the Committee on Appropriations.

Senators generally regard the proposition of the House to distribute the appropriation bills among a number of committees with anything but favor. The members of the Senate Committee on Rules, all of them experienced legislators, are unanimously opposed to the change. The proposed code of Joint Rules adopted yesterday by the Senate Committee on Rules, will probably be reported to the Senate on Monday, and it is thought it will be promptly passed and sent to the House. The code embodies three chief propositions, which, if adopted by the House, would, in the opinion of the Senate Committee and Senators generally, rid the House of most of its difficulties. The first is a requirement that the Speaker's table shall be cleared every day by referring all measures and communications upon it to the proper committees and thus getting them into the channels of legislation at the earliest moment. The second prohibits riders upon general appropriation bills, and the third requires that during the last three days of each session preference shall be given, in each house, to measures which have already passed the other house. These requirements are already followed in the Senate.

Do not allow worms to cheat your children out of their living. Shriver's Indian Vermifuge will destroy these miserable pests, and give the little fellows new armor for their battle of life.

1885. POCOMOKE 1885.

POCOMOKE Super-Phosphate

Is Unrivalled for all Fertilizing Purposes, and especially adapted to the growth of EARLY TRUCKS.

A trial is all that is needed to convince any one of the unrivalled excellence of POCOMOKE, and our references are the planters of this section, as well as our patrons generally, throughout the South.

The following are a few of many Testimonials:
DEAR SIR:—I have used POCOMOKE for the past three years on my truck farm, and have received better results from it than any other fertilizer, more especially when used under Potatoes and Cabbages. I expect to use ten to fifteen tons on the next crop.
Yours truly,
W. DUNN.

I used POCOMOKE under oats, applying at the rate of 200 pounds to the acre, giving it a thorough test by the side of No 1 Peruvian Guano, and the action of POCOMOKE was the best.
F. L. SNIPES, Zuni Station, Va.

I used POCOMOKE upon my garden in connection with several of the best Guanos on the market and think it is as good, if not better, than any I ever used. It hastens the crop more and makes cotton mature earlier than any I ever used, consequently have very little staling.
B. J. HOLDEN, Franklinton, N. C.

When I applied POCOMOKE at the rate of 200 pounds to the acre I made one and one-half bushels of peanuts to the shock, against three pecks to the shock on the same land when no Pocomoke was used.
