All who have tried our 10c. hams say they are as good as any in market. HUNTER & HOWARD.

The public should bear in mind that the genuine "Diamond lens" spectacles and eye-glasses, which have proved themselves the best in the market, bear the trade-mark, a small diamond stamp on every pair.

For sale in New Berne only by B. A. BELL.

Howorth's Hibernica tomorrow night. The city council was in session last night.

Those who like fun had better procure tickets for "The Two Dans."

The schooner *Warden & Evans* which sailed from Baltimore Dec. 8th, 1885, bound for New Berne with a cargo of salt for P. Ulrich and others, is reported having put in at Wilmington, N. C., in distress, leaking and with loss of sail.

The Goldsboro *Messenger* says Rev. J. T. Brogden, a local preacher of that place, has been appointed by Rev. J. T. Harris, P. E. of the New Berne district, as a supply upon Pamlico circuit, left vacant by the death of Rev. James Mahoney.

By a resolution of the Trustees of the Graded School, no pupil is allowed to enter the first grade after the first of January, unless, on examination, they be found able to keep up with the class, without extra care. This is necessary to prevent the formation of a new primary class after Christmas. Quite a number of children have been refused admission already this year. It is no hardship, as they will do better to begin regularly with the class next September.

The Two Dans.
Howorth's Hibernica Comedy Co., which will appear at the theatre tomorrow evening in "The Two Dans."

Whew! What a crowd! Every seat and every available inch of standing room in the Casino Theatre was occupied last evening, and fully one thousand people were turned away. Howorth's Hibernica Comedy and Specialty Company was the attraction, and the combination was greeted with great favor. The comedy of the "Two Dans," or the Comedy of Blunders, was cleverly presented and provoked much laughter and applause. The various specialties were gracefully introduced, the songs and dances noticeably excellent.

Letter from Minister Jarvis.

Capt. John A. Richardson has shown us a letter from Gov. Jarvis in which the Governor states he and Mrs. Jarvis are enjoying good health. He acknowledges the receipt of a package of New Berne JOURNALS which he says he reads with great interest, especially the news in regard to the A. & N. C. R. Since learning the real status of the road in regard to the suits brought by the bondholders in the Federal courts, he regards it as valuable property, and can be made valuable to the State and stockholders if there were less bickering and a united effort on the part of the stockholders to make it worth something. A Governor is right, but we all expect the millennium to come about as soon as the scheming and quarreling over the Atlantic road will cease.

The Week of Prayer.

Services were held at the M. E. Church last night, conducted by Mr. B. M. Gates. Talks were made by Mr. Gates, Rev. E. C. Vass, Mr. A. M. Baker, Rev. Mr. Crawford, Mr. Wm. Hay and Dr. W. B. Barker. Services at the same church tonight beginning at 7:30 o'clock, conducted by Mr. H. G. Tull. The following is the subject:

HOME AND FOREIGN MISSIONS.

For the revival and increase of missionary spirit in the hearts of all who believe for Home Missions and evangelistic efforts—that more laborers, full of the spirit of love and power, may be sent forth, and that a great harvest of souls may be taken place for the glory of God among the heathen—that they may be kept steadfast and zealous in seeking the salvation of their souls, and the souls of others, and that grace and wisdom may be given to them; for God's ancient people, Israel—that they may be brought into the faith of Christ; and for the maintenance of religious liberty in all lands.—Ezek. xxxvii.; Acts x. 34-38; Rom. x. 13-15; 1 Thess. I. 10-12; 2 Cor. x. 4-6.

My boys, said a delegate in a Virginia convention, "What our children take a dose of Dr. Bull's Cough Syrup, he says because that I cannot understand him." That gentleman had no doubt tried the wonderful medicine.

To Our Advertisers.

The JOURNAL wishes to return thanks to its patrons for the liberal advertising patronage given it during the fall trade. Our rates were put down at hard-time prices in order to encourage those who had not tried our columns to put their business before the public, and with the hope of having them keep it before the public. If every business man in New Berne would run a small advertisement in the DAILY and WEEKLY JOURNAL the year round, it would enable us to employ help in editing the paper, and gathering the news, take the press telegrams, and the business of the city would show to much better advantage abroad. "Constant, judicious advertising acts as no other means of aiding business."

Personal.

Jan. W. Biddle, Esq., of Cobton, one of our best citizens and a county commissioner left Tuesday morning for Hoboken, Ga., where he engages in the turpentine business. Mr. Biddle owns a good farm near Cobton and we are pleased to know that he intends returning to it again.

M. J. P. Brogden, of Trenton, was in the city yesterday and reports a magistrate's court continually in session in that town; not to correct violations of law but to enforce compliance with the stipulations of the mortgage.

General Wm. G. Lewis was in the city yesterday and left last night for Beaufort. We learn he is surveying the State lands in Carteret county.

E. M. Focue, Esq., of Jones called to see us last night.

Journalists.

The Washington *Gazette* has added to its editorial staff the young and talented H. A. Latham of Pitt. The *Gazette* is already an excellent paper and with this addition to its force will doubtless continue to grow in favor and usefulness.

The Raleigh *Evening Visitor* has enlarged to twenty-four columns. Glad to see such evidences of prosperity.

The *News and Observer* appears now in a new dress and is much more readable. It always meets a hearty welcome at this office.

The *Carteret Telephone* company, that it will discontinue the patent outside and make other improvements. It is already a good local paper.

Going to His Grave.

There he goes again direct to a saloon and pours down another heavy draught of strong drink, not so much because his appetite demands it, but for the artificial buoyancy it produces—the artificial buoyancy which leaves him more miserable than before; it is the dread ful grass that grows in daily sending thousands to their graves. A remedy for all this is found in the true friend of temperance, the best and purest of all medicines, —Electric Bitters. Sold by all druggists at 50 cents.

Oats and Clover Can be Grown.

Last week we published a communication from "A Tourist" in which inquiries were made as to whether anything but cotton could be grown in this section. In addition to answers we then give "A Tourist" we publish with pleasure the following which we commend to his careful consideration:

POLKESVILLE, Jan. 4, 1886.

EDITOR JOURNAL:—You may tell your "Tourist" that if he will come to my place I will show him that oats and clover can be grown here, and I may tell him why cattle and grass are not raised here. But it is folly to speak about fields at \$6 to \$10 per acre when we know it costs over \$35 per acre to clear them.

Yours truly,
JOHN PEARCE.

Will the President Answer?

EDITOR JOURNAL:—In your article headed "A Worthy Object" which appeared in yesterday's JOURNAL, you say that twenty-five dollars has been promised by a gentleman of this city toward fitting up and supplying the reading room of the Young Men's Christian Association, provided the Association will raise seventy-five dollars additional for this purpose.

Will you allow me to suggest that there are several persons who would cheerfully contribute toward the library could they be allowed to select the books for the purchase of which their subscription should be expended. Would it not therefore be better to state that books would be received in the place of money, or, as the books can be purchased at reduced rates by giving a large order, that each person contributing shall be at liberty to hand in with his subscription a list of those books he wishes purchased with it?

The twenty-five dollars already promised is to be expended in subscribing to newspapers and periodicals and purchasing furniture for the room.

Kinston Items.

The many friends of Nellie Padrick, who read the JOURNAL, will be pained to learn of his death. He was a sufferer for some time with consumption.

Mr. Frenches, agent for Hitchcock's Analysis of the Bible, who has lately married one of our loveliest Lenoir ladies, canvasses Virginia during 1886.

Prof. Howser is teaching a number of classes of vocal music in this and Jones county. He is furnishing much pleasure for the young people as well as improving the music of the churches.

Mr. John Collins who performed the sad service of taking his daughter, Mrs. David Walsh, to the Asylum, brought back with him Mr. Babitt, who was carried up several months ago. He is much improved.

Mrs. Dr. Lewis spent Christmas with relatives in Richmond, Va., and returned last Friday. Dr. Lewis had but iness, or made business in Goldsboro that day, and returned with her on the evening train.

Mrs. W. R. Skinner has a very full school at Nunn's school house, Pink Hill township. Callisthenics, drawing, etc., are new features that have awakened an interest and show her to be a teacher up to the times.

Dr. Chas. Duffy and wife, Catherine Lake, have recently celebrated the fiftieth anniversary of their married life. Quite a pleasant time it was. They are enjoying fair health, and we hope them many more years of domestic happiness.

La Grange Items.

Monday was a rainy, blustering, or windy day.

Rev. Mr. Isler preached here last Sunday, his monthly appointment.

The cadets who spent the holidays at home are fast returning their post.

Rev. Mr. Greenwood preached at the Primitive Baptist Church last Saturday and Sunday.

Prof. A. R. Morgan, of L. C. I., returned here Saturday evening and opened school Monday morning.

Times are dull and all are complaining of the scarcity of money. The low price of cotton and a short crop by many is bound to make it dull.

The firm of Driver & Croome, dealers in groceries and liquors in our place, has been dissolved. The business will continue in the name of J. K. Driver.

R. T. Whitfield and J. E. Reid left our place last Monday for Georgia. They go as overseers, or "woode riders," as they are known there, of hands working in turpentine. We wish them well in their new employment.

Rev. W. E. Swain, of the M. P. Church, returned to his charge last Friday, and preached his first sermon for this year at Hickory Grove last Sunday. Mr. Swain preached to the churches on La Grange mission last year, and they are highly pleased to have him returned to the mission this year.

We think many of our farmers are about ready to begin the year's work, and as soon as the Georgia excitement is over will be at it. We hope to see the year one favorable to farming and as fair and bright as was New Year's day. We know that when the farmer does well, success may come to others, but if they fail others cannot succeed.

About forty negroes left here for the turpentine fields of Georgia Monday. Several women included. These annual migrations of the colored people to the South are demoralizing to labor here, it is a bad thing for our farmers. We don't say that this is the cause, but we do say that labor is badly in fault in this section, and while this may be one of the causes, there are a combination of other causes.

BRIEFS.

A whole family of Germans in Pennsylvania have been stricken down from eating pork injected with trichina.

An inscription is about to be incorporated in New York City for the hydrophobia under the Pasteur system of inoculation.

Chicago is to have a crematory for the incineration of bodies.

War is being waged upon Sunday theatres at Cincinnati.

The U. S. dispatch boat *Dolphin* has had some experienced rough weather, and it is said she behaved nicely.

At a public reception given in Washington President Cleveland shook hands with the guests at the rate of forty a minute.

The potato crop in Ireland is almost an entire failure.

Canada demands \$150,000.00 for patent medicines imported from the United States under value.

The trial of Carl Am Ende for manslaughter was begun in the Hudson county court last Monday. It will be remembered that this is the Hoboken druggist whose mistake caused the death of two pretty young German girls last summer.

Beware of Them.

A good article that has achieved success, and attained a world-wide reputation by its true merits and wonderful results, is always imitated. Such is the case with Dr. King's New Discovery for Consumption, Coughs and Colds. Already unprincipled parties are endeavoring to delude an unsuspecting public, by offering imitations of this most fortunate discovery. Do not be deceived, but insist on having the true remedy, and take no other. For sale by all reliable druggists everywhere.

Stonewall Items.

In my last item a mistake was made either by your type setter or myself in the report of the attempted rape case tried before Jas. W. Dawson, Esq.; instead the case being dismissed at defendants cost, it should have been at prosecutors cost. I will further state the testimony before the court did not criminate Mr. Hooker one iota but showed that it was malicious.

I took a short while to visit Oregon, Beaufort County, on last Thursday, and on my way there I stopped at Mr. Joe Peed's and refreshed the inner man, and beast to the satisfaction of both. Mr. Peed complains, like all others, of short crops, yet he averaged 800 lbs of lint cotton per acre; corn about 8 bbls. per acre. Mr. Peed and Milton Wilkerson are grass raisers, Mr. P. having a fine pasture of Eureka grass which he likes better than any he has ever tried. His milk, horse, colts and milch cows appear to like it fully as well as Mr. Peed, from what I can see from his house. I then proceeded to Oregon, where I was the guest of as hospitable host and hostess as ever entertained a friend, to wit, Mr. and Mrs. Tutill, and there I met Miss Mamie Tutill, of New York City, who is visiting Mr. E. Tutill, her uncle, also Mrs. Alice Springer and Miss Jennie Burbank, and I assure you that a very pleasant time we had watching the old year pass away and the new one come in. If New York will send south such citizens we would be well crowded before we would say enough.

The Messrs. Springers were piling up lumber by the thousands daily. Mr. Tutill has the finest lot of clover and orchard grass I have ever seen anywhere. Those who think clover will not grow South just ought to go and see his.

Severe Weather in the Northwest.

CHICAGO, Jan. 4.—A severe snow and sleet storm which has been raging throughout the Northwest since Saturday has seriously interfered with telegraph wires in all directions. All the lines west of here are down and communication East is very uncertain.

A dispatch from Sioux City, Iowa, last night, reports a blizzard there. It has been snowing and blowing steadily since Saturday and there is already snow to the depth of a foot on the ground no signs of the storm abating.

At Des Moines and Omaha heavy snow storms are reported, and a St. Paul dispatch reports similar storms throughout Minnesota and Dakota.

The cold wave signal is flying from the Signal Service building here.

BOAT AND CREW TAKEN DOWN BY A WHALE.

NEW BEDFORD, Jan. 1.—A boat's crew of the whaling schooner *Mary E. Simmons*, commanded by John E. Pereira, third mate, was taken down by a whale near the Cape Verd Islands on Nov. 29. No traces of the boat or men could be found. Arthur Ward of New Haven was one of the crew. All the other belonged in the Cape Verd and Western Islands.

THE PARVIAN ARMY REDUCED.

LIMA, Jan. 1. via Galveston.—The Government has reduced the army to 3,000 men, including infantry, cavalry, and artillery. In the late revolution Gen. Iglesias had 7,000 troops and Gen. Caceres 3,000. Great satisfaction is felt throughout the country at the new order of things.

"Are cannot With it hot custom state its infinite variety." Flesh is hardy heir to an ache or pain which cannot be cured by using Salvation Oil.

MARRIED.

On the 28th inst. by the Rev. G. W. McMillen, at the residence of the bride's father, Dr. W. W. Ward, Mr. Walter E. Merrill to Miss Annie R. Ward, of Onslow county.

The JOURNAL extends congratulations.
