

THE DAILY JOURNAL.

VOL. IV.

NEW BERNE, N. C., FRIDAY, JANUARY 8, 1886.

NO. 230.

LOCAL NEWS.

Journal Miniature Almanac.
New Berne, latitude, 35° 6' North.
" longitude, 77° 3' West.
Sun rises, 7:10 | Length of day,
Sun sets, 5:05 | 9 hours, 55 minutes.
Moon sets at 8:17 p. m.

BUSINESS LOCALS.

WANTED—A house on the suburbs of the city suitable for a tannery. Apply at JOURNAL office.

All who have tried our 10c. hams say they are as good as any in market.
HUMPHREY & HOWARD.

The Diamond lens spectacles and eyeglasses have been pronounced by scientists to be "made from the purest quartz known, of great durability, clearness and uniformity of vision and superior to those made from crown or flint-glass or pebbles."
For sale in New Berne only by B. A. BELL.

"The Two Dams" tonight.
Go to the theatre tonight, if you want to see magnificent scenery and laugh enough to grow fat.

J. C. Herring & Co. offer oyster shell lime for sale. See "adv."

The steamer *Elm City* brought up a good cargo of corn on her last trip.

Chattel mortgages are in demand. Many of the tenant farmers can't help it, unless they sell out and work for wages.

The regular meeting of the New Berne Improvement Association is postponed until next Friday night, January 15th, 1886.

The steamer *Carolina*, Capt. Styron, arrived from Snow Hill yesterday with 99 bales of cotton and one turkey, and the Misses Dawson as passengers.

Fresh pork brings from five to six cents, hog round. This is low, but even at this price in this grain section there is more money in raising it than cotton at 81 cents.

The silver men seem to be in the majority in Congress but still cotton don't seem to go up. An advance in the price of cotton is what we want, and we want it right now.

The engine of the mail and passenger train ran off the track at Morehead City on Tuesday night, the switch having been left open and turned over. No one hurt nor was the mail delayed in arriving here next morning.

The executive committee of the Young Men's Christian Association will meet at the rooms of the association tonight at 8 o'clock, at which all members who have received subscriptions towards raising the seventy-five dollars will report.

New Berne has at least two Richmonds who want to occupy O'Hara's seat in the next Congress. Secretary Manning had better seize the opportunity of putting the surplus silver afloat by paying the members off with the standard dollars. Many of them will be needed to secure nominations during the present year.

The first case of disorderly conduct for the year 1886 will be before the Mayor this morning. Whether it is the scarcity of money that prevents disorderly conduct or that the people are naturally growing better we are unable to tell. At any rate it is a very welcome state of affairs, and if business in our justices' courts would diminish in proportion we would not have such bills of court cost to pay as we sent out yesterday.

We publish today an open letter from Capt. J. D. Foy to Mr. Jonathan Havens. He draws a pretty picture for Jones and Onslow counties and we hope his imaginations will become realities in the near future; that his own eyes may behold the iron horse ploughing through the rich swamps and poeocins of these two counties. If we continually keep it before the public that there are rich lands, fine farms, fine fish and oysters in these two counties and that a railroad is needed to develop the country, it will come after awhile. Every great and important movement has to be agitated long before they are successfully carried into operation.

Personal.
W. D. Styron, Esq., of the Norfolk Fertilizing Company, was in the city yesterday.

A Liberal Donation.
The New Berne Board of Trade yesterday directed the secretary to forward to the Orphan Asylum at Oxford the sum of twenty-five dollars as a New Year offering to that deserving institution.

Schedule B.
The register of deeds says the merchants are coming in rather slow to list their schedule B taxes. He requests us to state that but few more days remain in which to attend to this and that he is determined to carry out the law no matter who gets hurt.

A Good Selection.

At the annual meeting of the board of officers of the Fire Department held on Wednesday night Mr. E. M. Pavie was elected Chief Engineer of the Department for the ensuing year.

Mr. Pavie, being a man of mechanical genius, possessing good judgment and self-control, of dauntless courage and untiring energy, will make a most excellent Chief of the Department.

After the election the board was invited down to Sam. Radcliff's, where a fine oyster supper was served.

Serious Cutting Affray.

From parties just returned from Onslow court, we learn that a serious cutting affray occurred on last Monday night at Tar landing, Onslow county. The particulars are as follows: The man that done the cutting, named Ballard—our informant did not ascertain his first name—arrived at the landing a little after dark on horseback and asked a respectable colored man living in the neighborhood to hitch his horse. His request was immediately complied with, and when the colored man returned he asked him what he had done with his horse. Upon receiving a reply that he had "hitched him under a shelter," he rewarded the colored man's kindness by cutting him so seriously that his physicians are satisfied he cannot recover.

The Week of Prayer.

The Evangelical Alliance held services at the M. E. Church last night, Mr. J. V. Williams leading. Talks were made by Rev. Mr. Crawford, Rev. L. C. Vass, Dr. Barker, Messrs. T. A. Green, A. M. Baker, D. L. Ellis and J. W. Kerison. Services will be held at the same church tonight beginning at 7 o'clock and will be conducted by Rev. L. C. Vass.

The following is the subject:

NATIONS AND GOVERNMENTS.
For rulers and all in authority; for the spread of justice and peace; for the defeat of malicious passions and conspiracies; for the manifestation of a Christian spirit between employers and employed; for the removal of all race and sectional prejudices; for the abolition of traffic in slaves, opium, and intoxicating drinks, and all other immoral trades and practices; for a favorable reception of Christian missionaries by heathen rulers and people; and for the coming of Christ in his kingdom.—1 Tim. ii. 1-6; Ps. xl. 2 Tim. iii. 2; Thess. ii. 1-8; Rom. xiii. 1-8; Ps. xxix.; Matt. xxiv. 29-31.

The Theatre Last Night.

Howorth's Hibernica Comedy and Specialty Company appeared last night to a crowded house. The "Two Dams" was rendered to a delighted audience. The specialist performed to the admiration of all.

John F. Fenton as Dan O'Leary, Bryan O'Lynn as Dan O'Lowry, E. J. Heaton as Moses Beeswaxki, Mr. Kimball as Mr. Lee, Mr. Bert as Boston Crackers, W. J. Flannery as the African Oon and Wm. Ashton the tourist, were unsurpassable in their characters, while Misses Belle O'Lynn and May Fenton charmed with the grace and beauty of their performances.

The clog dancing of Mr. Fenton was beyond description, and Mr. Ashton as the "Old Lady" and "Simon Simpleton" took the audience by storm, while the panorama of Ireland is in itself worth the price of admittance to any lover of the picturesque and beautiful.

The hour at which we write is too late to admit of a longer description of the entertainment of this truly excellent company but advise everybody to go tonight. The best show that we have had for years.

We Already Have It.

EDITOR JOURNAL:—Won't you please advocate the necessity of the next Legislature having a law passed compelling all officers to take an oath to obey and support the Constitution and laws of North Carolina, and enforce the same, so that a stop may be put to so much extravagance? JOD.

The King of Denmark is truly a paternal monarch. Finding that during the recent severe weather the royal foot guards were suffering greatly from colds and coughs, this good old gentleman ordered a supply of Dr. Bull's Cough Syrup for them and now the sentries are happy.

DEATHS FROM SMALL-POX IN CHICAGO.

CHICAGO, Jan. 4.—Another death from small-pox is reported to have occurred in the Bankes family on South Halsted street. This is the fourth death in this family since the disease appeared some days ago. The other children died at the small-pox hospital, but this one, aged six months, died at home. Three other members of the family are still suffering with the disease.

Bucklon's Arnica Salve.
THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures them. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. dwtv

Congressional Work.

Both Houses of Congress assembled promptly at 12 m. on Tuesday last, and the work of introducing bills was begun.

Senator Vance introduced a bill to repeal chapter 27 of the act of 1883, relating to the Civil Service. The Senator is doubtless thoroughly convinced that this law is a great humbug and his constituents will heartily endorse his action.

Senator Blair introduced a bill to provide for the erection of monuments to Abraham Lincoln and Ulysses S. Grant. Whenever the purse strings of the Government are loosed to build monuments it will be found an expensive business without any return for the outlay.

Senator Logan wants the accounts of laborers, workmen and mechanics, working under the eight hour law, adjusted; wants to confer military rank on telegraph operators and wants a commission to inquire into the material, industrial and intellectual progress made by the colored people since 1863. We hope the Senator will get correct information.

Senator George wants to enlarge the powers and duties of the Department of Agriculture. Better abolish the whole concern.

Senator Gray gave notice that he would call up, on Wednesday, Senator Rice's silver resolution for the purpose of making some remarks on it. Senator Rice after learning the parliamentary condition of his resolution, disclaimed making any personal attack on the President and Secretary of the Treasury.

Senator Edmunds called up his Utah bill, and after it was read Senator Hoar moved to strike out the seventh section which prohibits the exercise of suffrage by women in Utah. The bill finally went over.

The Senate went into executive session after considering for an hour and a half appointments to minor positions in Kentucky and Tennessee adjourned without action on any of them.

The House, Mr. Muller, of New York, the County Democracy Chief, appeared and was sworn in.

The Hoar Presidential Succession bill was referred to a committee. Under the call for bills and resolutions the following were introduced:
By Mr. Compton, of Md., to repeal the temperance act.
By Mr. McComas, of Md., to establish a national savings bank. Also, to establish a postal telegraph system, and for the redemption of the trade dollar. Also, to prevent the use of the U. S. mails to advertise noxious drugs or poisons. Also, for the erection of a monument over the grave of Francis Scott Key.

By Mr. Cutcheon, of Mich., to reform the Civil Service and preserve the constitutional distinction between legislative and executive duties by the organization of the bureau of civil appointments.
By Mr. Maybury, of Mich., for the importation free of duty of ores, of iron, lead, copper and zinc and bituminous coal, salt and lumber.
By Mr. Morgan, of Miss., for the establishment of agricultural experiment stations.

By Mr. McAdoo, of N. J., to prevent fraudulent entries on the public domain. Also, to prevent aliens, other than bona fide settlers, from owning land in the territory.
By Mr. Buchanan, of N. J., to repeal the tobacco tax. Also, for the establishment of a department of agriculture. Also, for the retirement and recoinage of the trade dollar.
By Mr. Barksdale, of Miss., to remove restrictions on the coinage of the standard silver dollar, and to coin the same on the conditions prescribed for gold coinage. Also, to extend the time for the completion of the Gulf and Ship Island R. R.

By Mr. Bennett, of N. C., to prevent the marriage of white and negro races in the District of Columbia.

By Mr. O'Hara of N. C., to reimburse depositors of the Freedmen's Savings and Trust Co.

By Mr. Johnston, of N. C., to abolish internal revenue taxation. Similar bills were introduced by other members of the N. C. delegation.

By Mr. Reid, of N. C., reducing the duty on steel rails to 87 per cent.

Bills were introduced for the erection of public buildings at the following places: Houdon and Belfast, Me.; Worcester, Lynn, New Bedford and Springfield, Mass.; St. Clair, Rome, Marine City, L'Angeles, Mount Clemens, East Saginaw, Jackson and Grand Haven, Mich.; Duluth, Minn.; Vicksburg, Miss.; Xenia and Springfield, Ohio; Hastings, Neb.; Patterson and Camden, N. J.; Hudson and Newburg, N. Y.; Charlotte, Wilmington, New Berne, Asheville and Salem, N. C. Without conclusion of the roll the House at 4:15 adjourned.

The number of bills introduced today was 799.

"I was most ready to return a blow and would not brook at all this sort of thing," for I knew I could cure all damages with Salvation Oil.

Mr. A. P. W., of Hampton, Ga., has recently emerged from one of the most remarkable cases of Blood Poison on record. His body and limbs had no less than four hundred small ulcers—his bones tormented him with pains—his appetite failed—his kidneys presented frightful symptoms—and all doctors and 100 bottles of the most popular Blood Poison remedy failed to give him any relief. He secured B. B. B., the concentrated quick cure, and five bottles healed the ulcers, relieved all pain, cured his kidneys, restored his appetite, and made him a healthy and happy man. Any one can secure his full name and correspond with him.

Mary Chapman, of Atlanta, gained 44 pounds of flesh while using five bottles of B. B. B., and was cured of a wonderful case of scrofula of the neck.

For sale wholesale and retail by R. N. Duffy.

BRIEFS.

British Parliament meets on the 21st inst.

The incoming trans-Atlantic steamships to New York report very rough voyages.

The new American opera, "The Little Tycoon," has been produced in Philadelphia and was well received.

Heavy snow storms continue to prevail throughout the northwest interfering much with communications.

The sword contest between Duncan C. Ross and James Furguson at San Francisco, was won by Ross in the ninth round.

Large numbers of families have been driven from their homes in Pennsylvania on account of the recent overflows.

The Balkan conference has been abandoned; Prussia refused to guarantee the independence of the Union of Bulgaria and Eastern Roumelia.

John L. Sullivan, the Boston slugger, has committed another one of his many dastardly deeds. He knocked down and bruised a small newsboy in New York.

It is rumored that C. P. Huntington is to consolidate all of his railroad property east of the Mississippi river at an early day. The Newport News and Mississippi Valley Railroad is to be the title of the new company.

CLIPPINGS.

At least four incorporated towns in Colorado are at an altitude over 9,000 feet above the sea.

The agent of the Passamaquoddy Indians of Maine reports their number at 531, all farmers.

Football on skates is the latest attraction at roller rinks in New England, and it is described as very amusing.
Gen. Jubal A. Early is described as a venerable appearing man, his long, white beard reaching to his waist and his bent figure indicating the rapid advance of extreme old age.

The Salvation Army has retreated in disorderly rout from Westfield, Mass., after a brief campaign, leaving all its drums, tambores, arms and accoutrements in the hands of the enemy—the sheriff's officers—who retain them to satisfy unpaid bills.

Massachusetts registered over 6,000 insane persons in her asylums and hospitals during 1885—an increase of 200 over the previous year. The annual cost to the State of this form of relief exceeds \$1,000,000, not reducing the \$350,000 of interest on the value of buildings, etc.

The London Lancet says that children who are allowed to go barefooted enjoy almost perfect immunity from the danger of "cold" by accidental chilling of the feet, and they are altogether healthier and happier than those who, in obedience to the usages of social life, wear shoes and stockings.

Wagner has so inoculated the Germans with a passion for cycles that the Berliners have recently been enjoying, at the Friedrich-Wilhelmstadt Theatre, a cyclic performance of the works of a very different composer—Offenbach. So popular was this cycle that it had to be repeated several times in succession before the public tired of it.

Tidal observations on the eastern coast of America have acquired a new importance since the Coast Survey has confirmed by recent observations the older suggestion that there are tidal fluxes in the Gulf Stream, and variations of its velocity due to half-monthly changes in the relative sea levels of the Atlantic and Gulf of Mexico.

Leprosy is declared by the Lansing (Iowa) Mirror to exist to a considerable extent among the colony of Scandinavians from northern Norway, now settled near the village of Spring Grove, in Houston Co., Minn. Doctors who have examined the subjects, who are in three or four different families (but are related, are said to have pronounced the malady undoubtedly leprosy.

In the *Union Medicale* a doctor tells of a duel at which he assisted, and in which one of the men died of a pleurisy—empyema following upon the wound. He thought that this could have been prevented by due antiseptic precautions. "The blades should have been clean, medically. The foils should be passed through a flame or carbolic acid." We should like to have the pistols and balls disinfected." This sounds a little odd, considering how easily they could be dispensed with.

The authorities of the Crichton Royal Institution for the Insane lately came to the astonishing conclusion that it would be a good plan to give a few of their choicest lunatics the diversion of shooting parties. A new comer, who joined one of them, strayed away from the party, and was afterward found shot through the head. The death is thought to have been caused by accident, but it led people to ask which were the more insane, the patients or the authorities of the asylum.

The Palace Dielen, near Brussels, is in telephonic communication with the Opera House in Brussels, and it appears that the Queen of the Belgians was lately listening to a rehearsal of the new opera by Litoff when she suddenly dropped the "receiver" and retired. The leader of the orchestra, in his anxiety to bring the chorus up to the perfection he considered necessary, used rather strong language. The Queen made a formal complaint, and there has been much trouble at the Opera House.

MARRIED.
In this city, on Thursday, January 1, 1886, Justice W. M. Watson officiating, Mr. Henry C. H. Loftin and Miss Bertha S. Best, all of Craven county.
