

THE DAILY JOURNAL.

VOL. IV.

NEW BERNE, N. C., TUESDAY, JANUARY 12, 1886.

NO. 233.

LOCAL NEWS.

Journal Miniature Almanac.
New Berne, latitude, 35° 6' North.
" longitude, 77° 3' West.
Sun rises, 7:10 | Length of day,
Sun sets, 5:06 | 19 hours, 56 minutes.
Moon sets at 9:10 p. m.

BUSINESS LOCALS.

All who have tried our 10c. hams say they are as good as any in market.
HUMPHREY & HOWARD.

A sure enough cold snap.
W. M. Watson, Sec. and Treas., offers a house for rent.

Trent river frozed over Sunday night above the railroad bridge.

Wood is in demand, or warmer weather would be preferable.

A large crowd was out to Richardson's pond yesterday skating.

The thermometers in this city ranged from 5 to 14 yesterday morning.

Splendid skating on the ice ponds in the northern suburbs of the city. Over fifty were out at one time yesterday.

The steamer *Defiance* arrived yesterday morning and is loading lumber at Congdon's mill.

Only one case before the Mayor since the last of January, 1886, and that was dismissed. So much for New Year resolutions.

The *Shenandoah* expected this morning in a new dress, she having been hauled off during the holidays for repairs, etc.

The docks were covered with ice yesterday morning. Our fish dealers were busily engaged all day packing it away for shipping fish.

Our marble man, J. K. Willis, took to Kinston yesterday a handsome monument to be placed in the cemetery there to the memory of the late Mrs. Leon Albritton.

California Minstrels, something rich, rare and new will be at the Theatre on Tuesday night, the 26th inst. On Wednesday night, the 27th, Miss Clara Louise Kellogg will appear.

The Telephone comes to us this week somewhat improved in appearance and change of name. It is now the *Seaside Telephone* instead of the *Carteret Telephone*. It is a good local paper and deserves a good patronage.

The steamer *Shenandoah* having been thoroughly overhauled, repainted, etc., etc., will again resume her regular route by sailing today, 4 p. m., to make her regular connection. The attention of shippers is called to "ad." which appears fresh in today's JOURNAL.

Carnival Skating.
Owing to the severity of the weather the carnival at the skating rink has been postponed until Tuesday evening next, when there will be a goodly number of maskers and something entirely new for the audience.

Kinston College.
We call attention to the advertisement of Kinston College in this issue. This is now one of the leading institutions of learning in Eastern Carolina, and the number of pupils enrolled during the present year is sufficient evidence of its efficiency and popularity.

Cold weather.
Lieut. Dismore, Chief Engineer of the United States Cutter *Stevens*, reports the thermometer on board the cutter at 3 a. m. yesterday morning (Monday 11 h) 5 degrees above zero. This is the lowest report with one exception that has ever been made in New Berne during the present generation. In January, 1884, the thermometer on the cutter registered seven degrees. On Pollock street the thermometers ranged from eight to fourteen degrees during the forenoon of Monday, January 11 h.

Schooner Beset—Six Lives Lost.
The *Seaside Telephone* reported in its issue on Saturday last a three masted schooner ashore on Shackelford banks, but did not give particulars. Yesterday evening we wired Morehead City for particulars and received the following reply:

Morehead City, Jan. 11.—Schooner *Cressie* Wright, Captain Thomas P. Clark, from Philadelphia to Savannah, loaded with guano, struck a gale of wind off Frying Pan Shoals on Friday and was beached six miles west of Cape Lookout and three east of Beaufort bar on Friday night. The captain, mate and one sailor frozen; three of the men were drowned; one man from Buffalo, New York was saved today, but badly frost bitten. If the boats could have boarded her yesterday another man could have been saved. Why won't the government give us a life saving station? Surely these six men's lives would have been saved for the outlay.

The Doctors' Last Happy Escort.
EVANSVILLE, Ind., Jan. 11, 1886.
I recently had a very difficult case of Consumption. I treated it in the most scientific manner possible, but to no effect; patient grew gradually worse. Rather than give up, and as a last resort, I decided much against my wish, to use a remedy that had cured one of my former patients. Greatly to my surprise, the patient began to gain, and in a much shorter time than I dared to expect, she was completely cured. The name of this remarkable remedy is Dr. King's New Discovery for Consumption. I now use it altogether in my practice.—Leading M. D., Evansville.

DETAILED.

Several of our river boats as well as the Elizabeth City and Norfolk boats, were detained by the low tide on Saturday. The Trent was unable to get in from up Trent river until Sunday evening; the Kinston could not get out for Kinston until Sunday evening; the Carolina could not leave for Snow Hill until Sunday evening, and the Elm City which was due from Lake Landing on Sunday morning had not arrived last night when going to press.

The Evangelical Alliance.

The Week of Prayer was observed in this city, all the services being held in the Methodist Church as the Presbyterian Church was in the hands of painters, and could not be occupied. The concluding sermon on Sunday night was preached by Rev. L. W. Crawford to a large and appreciative congregation.

The following persons have been elected officers of the New Berne Branch of the Alliance for the ensuing year:

President—Dr. W. H. Barker.
Corresponding Secretary—Rev. L. C. Vass.

Treasurer—Mr. A. M. Baker.

Vice-Presidents—Revs. L. W. Crawford, G. W. Neal, Edward Bull and M. W. Crowson; Messrs. B. M. Gates, F. W. Hancock, J. B. Holland, Benj. B. Lane, T. A. Green, L. H. Cutler, O. Hubbs, J. A. Simpson, Aug. S. Seymour, Wm. Hollister, Geo. Allen and Geo. N. Ives.

Recording Secretary—J. D. Clark.

Personal.

Mr. Geo. N. Ives was up from Beaufort yesterday and took advantage of the cold snap and packed away a good quantity of ice. D. Bell & Co., also took advantage of the situation and put away a large quantity.

We are pleased to learn that Miss Corinne Harrison has been tendered a high position in the Normal school at Columbia, S. C., by Professor Johnson. She has been teaching for the last three years in the schools of Boston and Somerville, Massachusetts, where she has made an enviable reputation as a teacher. We regret that the proper inducements were not offered in time to keep so valuable a teacher in New Berne. The JOURNAL wishes her much success, and she merits a great deal, wherever she may go.

H. G. Tull, Esq., left yesterday morning for Riverton, N. J., his future home. He takes a position with Mr. Henry A. Droar, a seedsman. Mr. Tull is an exemplary young man and a valuable addition to the society of any community. We regret his leaving New Berne, but wish him unbounded success in his new field of work.

Capt. E. L. Keeler, of Brant Island lighthouse, is in the city.

Redeeming Lands Sold for Taxes.

Secretary Saunders, in order to give ample time to every delinquent taxpayer whose land has been sold to the State, for the non-payment of his taxes, to redeem his property at the least possible cost, will not issue instructions for bringing suit under the recent act of the General Assembly until the second Monday in February. Until that time redemptions can be made on the same terms allowed before the first day of January.

He also gives notice that no suit will be brought in the following classes of cases in which deeds are lodged in his office:

1. Where parties have receipts from the sheriff or tax collector for the time covered by the deed in this office. In this case, let the party exhibit the receipt to the chairman of the board of county commissioners, and give a copy of the same to him, to be forwarded to this office.

2. Where parties have paid the taxes for the time covered by the deed in this office, and have lost the receipts therefor. In this case, let affidavit be made by the party and given to the chairman of the board of county commissioners, to be forwarded to this office.

3. Where the owner of the land at the time covered by the deed in this office is dead. In this case, let the affidavit be made by the representative or the present owner of the land of the death of the former owner, and that the affiant believes the taxes to have been paid. This affidavit must be given to the chairman of the board of county commissioners, to be forwarded to this office.

In the above cases no instructions will be given for bringing suit, but the facts will be reported to the Legislature for such action as it may deem proper.

The Doctors' Last Happy Escort.

EVANSVILLE, Ind., Jan. 11, 1886.
I recently had a very difficult case of Consumption. I treated it in the most scientific manner possible, but to no effect; patient grew gradually worse. Rather than give up, and as a last resort, I decided much against my wish, to use a remedy that had cured one of my former patients. Greatly to my surprise, the patient began to gain, and in a much shorter time than I dared to expect, she was completely cured. The name of this remarkable remedy is Dr. King's New Discovery for Consumption. I now use it altogether in my practice.—Leading M. D., Evansville.

BRIEFS.

The Princess of Wales is seriously ill.

Prospects of widening the Suez Canal is being discussed.

The New Orleans Exposition is again financially embarrassed.

A large number of Christians have been massacred in Anam.

Large contributions are being made as aid against the great Nanticoke mining disaster.

Sixteen penitentiary convicts made their escape while working in mines at Coal Hill, Arkansas.

The National Convention of third and fourth class postmasters meet in Chicago on the 15th inst.

The Richmond *Whig*, a bitter Republican sheet, has revived. This time it is to assume Democratic principles.

The appointment of the French Cabinet by De Freycinet has been completed. Their announcement failed to create any enthusiasm.

[[Burlington, Vermont, is to have an ice carnival commencing Feb. 13th. The Montreal Snow Shoe Club, numbering over 1200 men, are to participate.

Severe weather prevails in the Northwest; trains are snowed under and abandoned. At points the temperature is thirty-five degrees below zero.

THE JEWELS.

Saturday last was a red letter day in the calendar of the Panel and a red nose day with the members. The wind at 60 miles to the hour with the mercury down low in the twenties, rendered a concentration of the force easy and prompt.

At an early hour a *quidrum* was present and ready for business around the comfortable fireplace at the Exchange. Some little preliminaries in the way of bets on the market reports were attended to. Be it understood however that the Panel does not bet; and while each member claims to be the equal of any of the Adams' race yet he also claims to be no better.

New publications were first taken up and considered. Mr. Beck's speech, Mr. Haven's pamphlet and the open letter of Capt. Foy was dwelt upon. The last named was so graphic in description that it is said to have delayed the westbound train on the A. & N. C. Road for an hour or more, the day of its publication, awaiting the arrival of the train from Dudley with the Captain and his party, at Whitford, and caused some members of the Panel to put all their Carambol tickets in their pockets in case any of the Onslow boys should wish to play when they reached the city.

The weather was discussed and the direction of the wind dwelt upon but whenever a party ventured out to make observation, the wind regarded the curiosity with such gust as to facilitate an early report however unsatisfactory it might be to them within.

Anecdotes had their turn and some, venerable with age and tongue-worn with oft-telling, were introduced and laughed at, the laughter sometimes being more the offering of politeness than of genuine mirth.

The Panel thinks of advertising for a few fresh anecdotes and confounders—something of a late issue—about the middle of the 18th century or little earlier—short pithy ones that can be related quick and sprightly—in fifty minutes or so—with salient points well edged up so as to catch the mental eye readily and provoke a simultaneous laugh throughout the Panel without waiting for the narrator to start the giggle—many of these now in use are (to venerable with age to be laughed at without subjecting the laughist to the charge of showing disrespect to aged and honored public servants.

A janitor is also spoken of—one who can successfully leave the door open will be likely to get the place. Shutting it when popping in or out will be the cause of immediate dismissal with the forfeiture of all unpaid wages. The volunteer service has worked pretty well but a paid department now seems to be on the brain.

As soon as the Diaries of members for the "old twelve days" are codified and the weather for the current year is agreed upon, instructions will be given to agriculturist, what, then, and where, to plant. How to cultivate, when to gather in, where to sell and how to use the money; unless it should be *Bland dollars*; if in this coin an early shipment to Kentucky is advised.

Congress is now attracting attention and some interest is manifested as to measures already introduced.

The repeal of all internal revenue laws strikes the Panel quite forcibly as there is a considerable quantity of tobacco used by the members and a little sperits for camphor and snake bites.

In the treatment of rheumatism, gout, neuralgia, tic douloureux, semi-crisis, sciatica, etc., Salvation Oil should be applied to the parts affected, and thoroughly rubbed in, so as to reach the seat of the disease. It kills pain. Price 25 cents a bottle.

Congressional Work.

JAN. 8.—The chair laid before the Senate a resolution of the New York Produce Exchange, urging Congress to make liberal provision for the Signal Service. The resolution was appropriately referred.

Mr. Eulis offered a resolution declaring it to be the opinion of Congress that the call for ten millions of bonds recently made by the Secretary of the Treasury should be paid in silver dollars.

Mr. Voorhes's resolution of inquiry in regard to the Pension office was, with his consent, allowed to go over until Monday.

The Senate then proceeded to the consideration of bills on the calendar, and the Utah bill was again taken up.

Mr. Edmunds created some merriment on rising to speak on one of the amendments offered yesterday. Looking about him and finding comparatively few Republicans in their seats, he said: "As hardly any of the friends of human liberty are in the Senate I will address myself to reform men."

After some debate, Mr. Brown's amendment, offered yesterday, which was to strike out words that would compel the lawful husband or wife of the accused to testify, was rejected. (years 11, nays 42) and the compulsory provision was therefore retained in the bill.

Mr. Morgan drew attention to the twelfth section, which provides for fourteen trustees to administer the property, business affairs and operations of the corporation known as the "Church of Jesus Christ of Latter Day Saints." He wanted to know what their duties were to be, and why the bill was silent as to their salaries? He demanded an answer from his fellow members of the judiciary committee.

Mr. Edmunds replied that Mr. Morgan should have an answer.

Mr. Morgan saw no authority in Congress to appoint trustees to manage church business. He characterized such trustees as "Mugwump Mormons." They would be occupied, necessarily, he said, in promoting Mormonism, as he interpreted the bill under consideration; for they were to exercise all the powers granted by territorial laws creating the corporation.

Mr. Edmunds replied that they had nothing whatever to do with church matters or matters of faith, but only with property; to see that the church money which were enormous, were not applied to the propagation of polygamy. "Not one-quarter of the Mormons, as Mr. Edmunds understood, believed in polygamy."

Mr. Teller inquired if the Mormon Church moneys were now applied illegally—that is in violation of the character of that church?

Mr. Edmunds replied that he believed they were.

Mr. Teller asked how?

Mr. Edmunds answered: They are used for the purpose of inducing and securing immigration that may contribute to the lusts of those vagabonds.

Some amendments offered by Mr. Call were voted down. As the bill was about to be brought to a vote, Mr. Morgan said its friends seemed determined to press it without giving its opponents a chance to study it. He again inquired as to the salaries which the commissioners were to have. He did not want to send fourteen men out to Utah to "loot" the Mormon Church. He had announced his determination to wipe this Church out and leave nothing of it but its name and an unholy memory, but had been met by the proposition in this bill to perpetuate the Church.

While the bill was on its final passage Mr. VanWyck endeavored to fix the duties of the proposed fourteen trustees upon the member of the present Utah Commission, but was ruled out of order. He asked Mr. Edmunds whether he had any objection to such an amendment? To which that Senator answered that he had.

The bill having been brought to a vote was passed—yeas 28; nays 7—Messrs. Blair, Call, Gibson, Hampton, Hoar, Morgan and Vance.

Mr. Hoar, explaining his vote, said he voted against the bill only because of the section disfranchising women, but even with that section in he would have voted for the bill had his vote been necessary to its passage.

The Senate then, at 5:50 p. m., adjourned till Monday next.

Personal.

Major Graham Daves, who for the past four years has been trace and claim agent and general agent of the Atlantic Coast Line at Charleston, S. C., has been transferred to North Carolina in the service of the same line. The *Charleston News and Courier* says: "Major Daves will leave the city in a day or two for the scene of his new labors, which for the present will be in Wilmington, N. C. Major Daves has been in the employ of the Atlantic Coast Line for over twelve years, and has been stationed in this city for the past four years, during which time he has made a host of business and social friends, to whom his sudden departure will be a source of much regret."

Mr. Chas. S. Bryan, of New Berne, is visiting our city, a guest at the residence of Lieut.-Gov. Stedman.—*Wilmington Star*.

Mr. A. P. W., of Hampton, Ga., has recently emerged from one of the most remarkable cases of Blood Poison on record. His body and limbs had no less than four hundred small ulcers—his bones tormented him with pains—appetite failed—his kidneys presented frightful symptoms—and all doctors and 100 bottles of the most popular Blood Poison remedy failed to give him any relief. He cured E. B. B., the concentrated quick cure, and five bottles healed the ulcers, relieved all pain, cured his kidneys, restored his appetite, and made him a healthy and happy man. Any one can secure his full name and correspond with him.

Mary Chapman, of Atlanta, gained 44 pounds of flesh while using five bottles of E. B. B., and was cured of a wonderful case of scrofula of the neck.

COMMERCIAL.
