NEWS.

Toboggans have made their way South as far as New York City.

The Duchess of Argyll is reported to be in a very low state of health.

At the examination just held at West Point twenty-nine cadets failed to pass.

The larger portion of Texas is under snow and cattle are dying in large numbers.

Two freight trains collided near Coling, Indiana, killing one engineer and three firemen.

A new crematory has just been completed at Pittsburg, Pa., it is to be heated by natural gas.

The greater powers have summoned Serbia, Bulgaria and Greece to disarm, assuring them that Turkey will follow suit.

At Roum, France, 600 convicts revolted and took possession of the prison.

Troops have been called out to quell the disturbance.

French Ministers abroad have been instructed to ascertain whether the governments they represent will support the exposition proposed to be held at Paris in 1889.

A Northern sportsman was frozen to death in Curruck sound on the night of the 10th. When found he was in a sitting position in the boat and it is supposed he lost his way in the darkness.

Col. Edmund Richardson, the leading cotton merchant at New Orleans, the largest cotton planter in the world and the richest man in the South died on the 12th inst.

His estimated wealth is \$15,000,000. He was a native of North Carolina.

Gov. Hill was sworn in office with a revised edition of the Bible and a correspondent to the N. Y. Sun writes to know if the Governor should sanction the new version.

More is dependent upon the honor of the person than the kind of book sworn by, and we think the Governor's word sufficient.

NEWS BY MAIL.

DESTRUCTIVE FIRE IN MILLERSBURG. PITTSBURG, Pa., Jan. 14.—A dispatch from Millersburg, Ohio, received last night, says a fire broke out in the large hardware and tin establishment of Voorhees & Eler, on Main street last night.

It is burning fiercely, and fears are entertained that the entire block, including the Central Hotel and a number of fine business buildings, will succumb to the flames. The loss will be heavy.

FIRE ON SHIPBOARD. BALTIMORE, Jan. 14.—A special from Newport News, Va., says a fire broke out on board the British steamer Matthew Bedington, loading with cotton for Liverpool. It is supposed to be all out, but there is considerable damage.

COTTON FIRE ON A STEAMER. FORT MONROE, Jan. 14.—A dispatch from Newport News reports that about two thousand bales of cotton were damaged by fire and water on the British steamer Matthew Bedington. She will have to discharge her from hold. The vessel was injured.

The Baltimore steamer arrived here at 5 p. m. and reports heavy ice down to Cape Point.

A PROMINENT CITIZEN KILLED. STAUNTON, Jan. 17.—A. W. Bondurant, a prominent citizen of Staunton, was decapitated at Gospen by the Chesapeake & Ohio train. His head and one arm was severed from his body.

INTENSELY COLD WEATHER. STAUNTON, Jan. 14.—Last night was intensely cold. This morning the thermometer registered 9 degrees below zero, but the weather has moderated since. William Jackson, colored, was found today at the fair grounds frozen to death.

River and Marine. Further particulars of the wreck of the schooner Cressie Wright are given. The vessel went ashore Friday night six miles west of Cape Lookout light. The steward was swept away soon after the vessel struck, one sailor was drowned in attempting to get ashore and another was knocked overboard and lost on Sunday by the breaking of the mizenmast. The captain and mate froze to death on Sunday night at 8 o'clock.

Another sailor, the only one of the crew left, was rescued about 10 o'clock by a crew of natives. The steamer O'Clock B. Day, of Beaufort, Capt. Dudley, brought off the three frozen men. The rescued man is named Charles Tatt. Although badly frost bitten, he is doing well. The natives, to the number of fifty men, with several boats that they carried across the beach, stayed on the beach from Saturday until Monday, and made every effort in their power to reach the sufferers, but the wind was blowing a gale right on the beach, making a tremendous sea in which no boat could live.

Therescued man did all in his power to keep his companions from freezing. He held and rubbed them constantly, but to no purpose. They would sleep, and sleep brought death. The rescued man is from Buffalo. The crew of the schooner were without anything to eat or drink from Wednesday night, the 7th inst.

Nothing has been heard from the missing Frypan Pan lightship, which disappeared from her anchorage three days ago. By direction of the light-house board the relief lightship, which is painted white with the word "Relief" in large black letters on either side, was placed on that station yesterday. It will be kept there until further notice. It is the opinion of those best informed that the missing lightship went down with all on board in the recent storm. It is said that she was reported to the inspector eight months ago as unseaworthy—worm-eaten and leaky—and no notice had been taken of the complaint; that the men on board of her had frequently resorted to the pumps to keep her free of water, and that they were unwilling to remain on the vessel. The Grand Lodge of A. F. & A. M.

Fabius H. Busbee, Esq., has been re-elected Grand Master of Masons of North Carolina. We publish elsewhere extracts from his address, which shows the Fraternity is in a most excellent condition and the outlook for future usefulness bright and promising.

He reminds the Grand Lodge of the responsibility the Fraternity has assumed in directing and caring for the Orphan Asylum, and urges the brethren to continue their undivided support of this noble institution. The address is warmly commended by the Grand Lodge as an able and interesting document.

St. John's Lodge of this city was well represented in the Grand Lodge by Messrs. T. A. Green and Thos. Daniels.

The Anniston Land and Improvement Co.

The Anniston Land and Improvement Co., Anniston, Ala., have just issued a magnificently illustrated pamphlet of 30 pages, embodying a history and description of the city of Anniston, rightly termed "The Model City of the South."

The book is splendidly printed on highly finished paper, and the illustrations are equal to the Century engravings. The first page of the cover, a work of art in itself, shows miniature medallion cuts of some of the leading public buildings in Anniston, and the last cover page contains a map of the center of the city.

The growth of Anniston within the last few years is an illustration of the astonishing progress the South is making. In 1881 its population was 1,600. It has now a population exceeding 6,000, and has all the appointments of a city of 30,000: streets graded and paved and lined with shade trees; water works; a perfect system of drainage; churches, schools, &c. It is beautifully located at the highest point on a railroad in the State, surrounded by lofty mountains, and in the center of a rich and healthy agricultural section. It is free from all influences that breed malaria, and has pure air, pure water, and an equable climate—the three essentials of a good home.

It has two blast furnaces, with a capacity of 75 tons per day, a rolling mill, a car-wheel foundry and machine shop, a cotton factory with 11,700 spindles, two planing mills, an ice factory and other manufacturing establishments. The city is lighted by electricity. The splendid Anniston Inn, one of the most elaborately furnished and furnished hotels in the South, was opened last spring. It is fully described and illustrated in the pamphlet, as well as the Anniston Iron District, the features of the surrounding country, the attractions of Anniston as a home, and as a place resort, etc.

The pamphlet will be sent free on application.

In all cases of neuralgia there are certain localities where pain is more intense—these are called the "painful points." Rob the "painful points" thoroughly, when afflicted with this disease, with Salvation Oil, the great pain annihilator. Price 25 cents a bottle.

OFFICE OF JACOBS' PHARMACY.

Atlanta, June 18, 1884. Six months ago we had no demand for B. B. B., but now our retail demand is such that we are forced to buy in two gross lots. We attribute the rapid and enormous demand to the comparative size and price of B. B. B. (being large bottles for \$1.00) and its positive merit. The fact of its containing Iodide of Potash renders it more valuable as a blood remedy. It cures well and gives our customers entire satisfaction. Our sales have increased 500 per cent. within a few months.

JACOBS' PHARMACY.

For Fred B. Palmer, M.D. We have been handling B. B. B. only a few months, and take pleasure in saying it is superseding all other Blood Remedies. It sells well, gives our customers entire satisfaction, and we cheerfully recommend it in preference to any other blood purifier. ASHER & MOORE, Druggists. Atlanta, Ga. For sale wholesale and retail by B. N. Duffy.
