For twenty years it had been debated, whether we could not, in some better mode than the present, count the electoral vote. This point was without law. Mr. Sherman proceeded at great length to point out many contingencies which are nossible in our present system of dealing with the electoral vote and the chances for a serious political disturb-ance, and said that while prompt legislation on the subject is of vast import-Mr. J. Edmunds, Hoar and Evarts found fault with this proposition, and each of these Senators occupied considerable time discussing the general subject of the bill. The debate ended at 4 o'clock.
