A good, gentle, family horse for sale. Apply to S. W. SMALLWOOD.

Real Estate Mortgages and Deeds for sale at the JOURNAL'S office.

All who have tried our 10c. hams say they are as good as any in market. HUMPHREY & HOWARD.

Chattel mortgages and Lien Bonds for sale at this office.

Clara Louise Kellogg at the theatre to night.

A more comfortable seat still remains for the Kellogg Concert Co. Secure them at once.

Remember, Miss Kellogg will not be alone tonight; she is supported by a number of celebrated artists. Such an entertainment has not been offered in New Berne before.

We regret very much to hear of the serious illness of Phil. Holland, jr., at Fayetteville. His sister, Miss Pass, accompanied by Mr. S. H. Lane left yesterday morning to attend him.

Members of the New Berne Bar are requested to meet at the office of Green & Stevenson, at 4 o'clock, p. m., today, to arrange for a calendar for the coming term of Craven Superior court.

A party given at the residence of Mr. B. G. Credle last night was attended by quite a number of young people, and all seemed to have enjoyed themselves. Various amusements were engaged in and the time passed off very pleasantly.

America's greatest songstress and, as Richard Grant White said, the only real American prima donna, will probably never visit New Berne again. Of course everybody in the city and surrounding country will try to hear her tonight.

Tuesday was the biggest day at the Exchange since before the holidays. Messrs. J. L. Tucker, Wm. Butler, Claude Quinney and James Dawson at Pitt county, E. S. Broadway and H. O. Small of Lenoir were in with a good lot of cotton.

The Kellogg Concert Co. will arrive from Raleigh on a special train this evening at 8 o'clock. Miss Kellogg will be accompanied to the Gaston House in a private carriage. Comfortable seats have been reserved for those coming on the special train from Kinston and other points.

Rev. Mr. Harding, of Kinston, purpose to spend next Sunday, the 31st inst., with the congregation of Grace Church, Trenton. All public are kindly invited to attend the services, both in the morning and at night.

On for the Asylum.

Tuesday morning Mr. T. A. Green, who is a Director of the Orphan Asylum at Oxford, took to the train John W. Gibson, a bright little boy of about ten years, and started him for the Asylum. There are evidences on every hand of the good work being done by this institution. It should receive the hearty support of all good citizens.

Employment Wanted.

Mr. Bobb G. Arnault, who arrived in this country from London several weeks ago, is in the city and wants employment. Says he can do dock work or attend to horses, is a good driver, and will take hold of any sort of job he can get. He is a communicant of the Church of England, has a good recommendation, and from a pleasant conversation is a worthy man. We hope some of our citizens will give him a trial.

Communion Meetings in Jones County.

The Doctor's Secret.

Probably no one development will more widely attract the attention of the secret of success of getting leading physicians. When they have a difficult case of throat or lung disease they refer their scientific ability to Dr. King's New Discovery for Consumption, Coughs and Colds, having a decided effect in a prescription bottle, with their own directions and name attached. The action is cured, and they get the credit. Sold by all druggists.

New Berne Stock Market.

The stock market was quite lively yesterday when the news leaked out that a "Bear" in the market was buying up stock in the New Berne and Pamlico Transportation Co. A "Bull" movement was started too late, as Mr. J. V. Williams had succeeded in purchasing a controlling interest. This line owns the elegant steamer *Elm City*.

Personal.

Mrs. J. C. Kennedy, of Kinston, is in the city, the guest of Mrs. Clem. Manly.

W. B. Lane, Esq., of Cobton, is in the city. He says the land is too wet for putting in truck.

Messrs. J. M. Francks and J. W. Mills, of Richlands, arrived last night. They bring a lot of fine dressed turkeys which can be found at Capt. K. R. Jones this morning.

Mr. P. H. Kornegay arrived last night and will begin arrangements for his tannery.

Miss Kellogg in Wilmington.

The Clara Louise Kellogg Concert Company appeared in Wilmington on Monday night. The *Star* says:

Wilmington paid this cultivated and gifted lady the rare compliment of, as large and excellent a house as was possible on last night. The prima donna showed her appreciation of this fact by responding to several encores. The entertainment was refined and elegant and was very much enjoyed throughout. Miss Kellogg has been before the musical world since 1860, when she made her debut. She is a high soprano. She has really an engaging face and is wonderfully preserved. She is bright, cultivated intellectually, and is a refined lady.

The *Star* also pays a high compliment to others of the Company and closes thusly:

We suppose that all who pretend to any musical culture whatever will agree with us in the opinion that the concert was a delightful feast, in which taste and refinement presided.

Review of the State of North Carolina.

Mr. John Latham is in the city delivering to subscribers the 33 volume of his "Historical and Descriptive Review of the State of North Carolina." This volume contains a general sketch of the State giving a description of climate, soil, products and manufacturing industries. It is devoted especially to the towns of Edenton, Elizabeth City, Goldsboro, Greenville, Kinston, New Berne, Tarboro, Washington and Wilson.

It claims to give sketches of the leading men and business houses of these towns, but upon examination we find it far from being complete. Especially is this true of New Berne and Kinston where we know many prominent and influential business men who do not appear at all in this volume. It is true that it gives sketches of many leading and influential business men of New Berne, and some horrible pictures of some of them, yet it cannot be taken as a safe business guide because there are many of our leading business men omitted. For instance, we do not find the names of Messrs. Dal Bros., Hackburn Bros., F. Ulrich, O. Marks, A. M. Baker, Schweerin & Ash, Taylor & Smith, L. H. Gutter, H. B. Duffy, M. H. Sultan, and many others whom we cannot just now call to mind, who are among the foremost business men of the city.

With this exception, the book is well written and contains much valuable information.

Allowed to Correct.

EDITOR JOURNAL:—Will you please allow me to correct a willful and malicious falsehood, that some low debased character or characters has put in circulation, that the injunction I got against the county commissioners has caused them to have no means to take care of the poor which report is positively false. The injunction was gotten out for the purpose of preventing an unconstitutional and unlawful tax that was going to take from the people of the county eight or ten thousand dollars but did not have anything to do or prevent the same taxes from being collected for taking care of the poor as they have always been. And I will advise the people if they know or can find out the author or authors of the falsehood to be sure to never allow them to have any office in their gift for it is a well established fact that all liars will steal when they can get the chance with or without oath.

NEWS BY MAIL.

REPORT OF THE FORTIFICATIONS BOARD.

WASHINGTON, Jan. 23.—The Secretary of War today submitted to the President the report of the Fortifications Board. It is a long document, and describes fully the necessity and advantages of better coast defenses. It is estimated that it will require about \$175,000,000 to establish a good system of defenses. A recommendation is made that an appropriation of \$31,000,000 be made at the present session of Congress to secure the necessary plan for beginning the construction of such heavy ordnance as will be required. The Board also suggests the establishment of two Government foundries, and recommends the construction of torpedo boats for harbor protection.

GERMANIZING THE POLES.

BERLIN, Jan. 23.—The Cologne Gazette says the Prussian Government has determined to Germanize the Polish provinces, and with this view will purchase estates in those provinces and parcel the land out to the German peasants. It will also, in order to more fully carry out its project, increase the number of schools in which the German language is taught.

ADVICE TO MOTHERS.

Mrs. Winklow's SOOTHING SYRUP should always be used for children's ailments. It soothes the child, softens the gums, allays all pain, cures wind, colic, and is the best remedy for diarrhoea, teething, and all other ailments.

BRIEFS.

Boston is agitating an underground railway for that city.

Congressman Bankie, of Wisconsin, died at Washington on the 24th inst.

The barbers of Macon, Ga., have been successful in getting an ordinance passed prohibiting Sunday shaving.

Johnson DeB. Hooper, who recently resigned the professorship of Greek at the University of N. Y. on account of ill health, is dead.

Cartersville, Ga., has been thrown into a state of excitement by dynamite explosions, supposed to be the work of illicit distillers.

The birthday of Robert Burns was celebrated at Defuniak Springs, Fla., last Monday by the Scotch pilgrim fathers of that State.

The schooner "Twenty-one Friends," that was deserted off Hatteras, March 23, 1885, has been discovered entering the Bay of Biscay, whither she had drifted.

At Galveston, Texas, thirty cases of small-pox are reported. A quack, calling himself "Diamond King," commenced to sell various nostrums as a sure cure, but was himself stricken down with the same malady the second day.

Advices from St. Louis state that seven brothers near there have become raving maniacs and have been taken to the Jacksonville (Ill.) Asylum. The cause given is, that they had gradually become very wealthy and invested in a silver mine which proved a total failure.

An official test has been made of the new fifty-four ton gun at Sandy Hook. Seven rounds of 265 pounds of powder and an 800 pound solid shot each, were fired. This is the largest piece of ordnance ever cast upon this continent and is pronounced a success.

Kinston Items.

Miss Mary Archbell of Beaufort county has returned to Kinston College.

Mrs. A. D. Betts and Miss Lina Koonce are both teaching in Trenton.

Miss Almira Holland has moved from this place to the lower part of Jones county.

Miss Mollie Jernan of Tuckahoe, Jones county, spent Wednesday and Thursday of last week with friends in town.

Mr. Jno. D. May and T. B. Cox have lately returned from Jones and Onslow, and report success with the magic lantern show.

Mr. Mewborne, who taught for some time at Trenton, is now teaching a ten months school near Mr. Spencer Phillips', Jones county.

Mr. Rhodes' school at Cypress creek, Jones county, is reported in a flourishing condition. He has an attendance of forty and is assisted by his sister, Miss Cattie.

Mr. H. C. Bowen has been elected pastor of the Disciple's Church. He has agreed to serve the church by the month till arrangements can be made to secure some one to devote his whole time to the work.

Mrs. Stanley, Mr. Ed. Rountree, and Miss Willie Rountree arrived Saturday from Aniston, Ala., where they have been for several weeks since the death of Mr. Nathan Stanley. They report his business closed up, and Mrs. Stanley will make her home in North Carolina.

A certain gentleman in town, who has been a widower for sometime, called on one of our young ladies recently. He told her that he had been wanting to come to see her for a long time; that he and his wife started one time, but did not get there. Widowers are generally very successful in marrying, and perhaps this will give the faithful an idea of how to proceed.

A Black Friday.—That and, when a person is first seriously attacked with rheumatism, may well be termed a black one, for he will remember the same as long as he lives. If he uses Salvation Oil in time, he will, however, soon be able to speak of a "Good Friday."

La Grange Items.

Col. Davis returned to his post Friday after a few days' absence.

Rev. Mr. Harris, P. E. of this District, preached at the M. E. Church Monday night.

Rev. Mr. Hires preached at the Baptist Church here last Sunday and Sunday night.

We were just a week previous about the charade, banquet, etc., at the L. C. I. The time is next Friday night, and homestead.

Noah Palmer, who has been visiting Mr. Noah Rouse and other relatives in our county, returned to his home in Baltimore last Saturday.

About 100 bales of cotton from Backlesbury, was sold in Goldsboro last Thursday and delivered here Friday, the price paid being 81 cents.

The weather is certainly unfavorable for farmers. Week before last was severely cold, and it is sleeting. We hope to see it better before long.

We are glad to hear that Dr. Hodges business at his new drug store is quite satisfactory. The Doctor keeps a full line of medicines, usually found in a drug store, which he is selling at "rock bottom prices."

Dr. J. S. Bizzell left for Winston last week, to engage in business. Dr. Bizzell has been in the practice of dentistry in one place for some time, and his removal leaves us without one of that profession.

It is no hard matter to account for the scarcity of money, when one sees the amount of pork and other Western meats that find sale in our country. It may seem cheaper to buy at present prices, than to raise, but it keeps the money away from us after all, if the price is low.

The best way to reform the world is to reform one's self. We may complain all day about the doings of others, something we can't help, and it only amounts to complaining, while it may be there is a nice little job of several days, or probably a life time, for us at home, where we might, or should be, able to change things.

Jones County Items.

Fodder during the last week advanced to 85 cts per cwt.

Firewood is the need with us all, all of us are interested in this indispensable need.

The cold snap has destroyed the most of our garden vegetables. So we have to resort to our last resort sauer kraut.

Seed cotton has about all been sold; so corn now is taking its place, and is brought to market quite freely, selling at 90 cts per bushel.

We are having hard, cold, sleeting weather. Farmers are prepared to commence crop operations but the weather is so unpropitious that but few have made any headway at it.

Money is scarce in our county and it appears to get scarcer and scarcer every year and will continue so unless our people change their habits in raising crops, that is, raise more of their supplies so their meat houses can be at home instead of Cincinnati.

Quash Harrison a very industrious and a very old colored man died some few days since very suddenly at the plantation of William Murrill, colored. This old colored man has borne the reputation of being honest and always appeared to know always found him to be an exceptionally good old man.

As your Jones county itemizer is well known, he would like to say to the readers of the JOURNAL, that he is thoroughly prepared to do all kinds of cart and wagon wheel making and repairing, and as the times are hard and the cash so very scarce, will, during the hard times, work at hard time prices, viz.: cart felloes at 25 cts, per piece; spokes, one for 15 cts., two for 35 cts. Will new-rim and new-spike cart wheels for seven dollars per pair. Will soon be prepared for furnishing coffins neatly trimmed and padded from three to twenty dollars. Will take money or any kind of produce that he can turn into money in payment. But please don't ask him for credit at the above prices. Will work on credit, but must be secured and must have time prices, as his shop is one and a half miles below Trenton, will receive and deliver all work left at Trenton without charge for hauling.

Millions of Dollars Stolen.

The series of robberies which have been taking place along the Hudson river recall many similar series of bold robberies. Every year we hear of residents of neighboring towns and villages having an experience similar to that of some of our neighbors up the Hudson recently. Nor is New York free from the ravages of the expert thief, who at one moment is satisfied with pilfering a coat or a small piece of jewelry, while at the next he is aiming at the quarter million or half million in some bank vault. Should an accurate summary be made of all the robberies committed during the past ten years there is no doubt it would show a total of over thirty millions of dollars, and if to this should be added the fire losses, the result would be simply appalling. And yet, doubtless, at least one-half of this amount could have been saved by the judicious expenditure of a thousand, or perhaps, two thousand dollars. Securities and valuables deposited in the vaults of the Mercantile Safe Deposit Company in the Equitable Building are exempt from the risk of fire and are out of the reach of robbers of every class, whether they are sneaky thieves, burglars, safe-breakers, dishonest officials or false friends.—N. Y. World.

PRACTICAL EMPATHY.

Minister's wife (rather trying at times)—"How much did you get for performing that marriage ceremony this morning?"

Minister—"42."

Wife—"Only \$2?"

Minister—"Yes. The poor fellow said he had been married before, and I hadn't the heart to charge him more than that."
