There is still a good quantity of cotton on the Exchange platform waiting for a better price.

Mr. Hill Humphrey, of the firm of Humphrey & Howard, is off to Onslow on a business trip.

The wood dealers have collected quite a good supply of wood since the cold snap. Merrick's yard, at the Brinson dock, is pretty well filled with different varieties.

Country hams are coming in right lively and they are more toothsome than any Northern sugar cured ham. They command about eleven cents per pound from the carts.

Mr. W. B. Boyd has been appointed agent for the Fidelity Mutual Life Association, and is ready to write policies which are considered better than an investment in real estate. See advertisement in this issue.

A hunter went out yesterday and bagged thirteen partridges. He objected to his name being given to the public because he is a kind-hearted man and hates for it to be known that he slaughtered so many in one day.

The *Elm City* will leave at 12 o'clock tonight for Hyde county, touching at Swan Quarter. Messrs. F. M. Simmons and M. DeW. Stevenson will go in attendance of Hyde Superior Court, which convenes tomorrow.

The Albemarle and Chesapeake Canal is now open and the boats of the N. C. Freight Line will resume regular trips between this city and Norfolk, Baltimore, Philadelphia, and N. Y. The *Stout* is expected tomorrow morning.

We omitted to state in noticing Mr. C. Erdmann's assignment that it was made for the benefit of his creditors. He was forced to take this step on account of having gone security for a friend. All he wants is a fair chance and he will "come again."

The funeral services of Mrs. R. F. Lehman were conducted at Christ Church yesterday by Rev. V. W. Shields. The undertakers were Maj. John Hughes, Messrs. Henry R. Bryan, Thos. Daniels, Geo. H. Roberts, Wm. H. Oliver, C. B. Slover, Alex. Miller and Daniel Gibson.

We have been handed a copy of the *Christian Herald* containing portraits and sketches of three of the most eminent men now living in Great Britain: William E. Gladstone, twice Prime Minister and leader of the Liberal party; C. S. Parnell, leader of the Irish "Nationalist," and Robert Arthur Cecil, the Marquis of Salisbury, leader of the Conservative party and successor to Mr. Gladstone to the Premiership. We propose copying from it in a future issue.

Home, Sweet Home.

Mr. Ed. Bishop, one of New Berne's wealthy young men who went to Baltimore last summer to try his fortune, returned yesterday per steamer *Defiance* and was heartily welcomed by his old friends. He says there is no place like home and that he has come to stay.

A Word of Caution.

As is usually the case where an article of true merit has a world-wide reputation by its wonderful results, as the celebrated Electric Bitters have done, certain unprincipled parties have endeavored to imitate them, and expect to induce an unsuspecting public to purchase their fraudulent wares. Ask your druggist for the genuine Electric Bitters. They are guaranteed to cure, and take no others. Sold by all druggists at fifty cents.

BRIEFS.

It is thought that Archbishop Gibbons of Baltimore is to be made a Cardinal.

An American company has been awarded the contract to build a bridge that is to span 3,000 feet across a river in Wales.

Russian railways use peat for fuel, claiming that it costs only half what wood or coal does.

The amount of capital invested in enterprise in North Carolina for the year 1885 is put down in the *Baltimore Manufacturer's Record* at \$3,230,000.

Minister Cox's life has been endangered at Constantinople from the overturning of a lamp in his room. He had barely time to make his escape.

Many of the larger cities are taking vigorous steps towards raising funds for the erection of a monument to the memory of the late Vice President Hendricks.

Connecticut wants a better coast defense. Her legislature has passed a resolution requesting her representatives to use every effort toward securing appropriations for that purpose.

Fears of a big overflow in the Susquehanna are entertained. The river is much swollen from the recent rains, and the temperature remaining low enough to prevent melting of the ice gorges, is the only remedy against inundation.

In Germany a printed formula at the head of their postal cards, reads, "Only a few lines today." Then the space left for the message is followed with, "God be thanked, I am in good health and hope you are also. The weather is—; write soon, and give my love to all. In haste."

MEN AND TEAMS BURIED BY SNOW SLIDES.

SALT LAKE CITY, Jan. 29.—A snow slide at Thayne's Canon, near Park City, Utah, yesterday, buried four men and their teams. The buried men were Lon Gallard, married, of Park City; Wm. Sessions, of Heber City; Frank Horak, who leaves a widow and four children—he had been at Park City one month, but his home was at Canton, St. Lawrence county, New York, and Willett Brockus single, of Rosette, St. Lawrence county, N. Y. The bodies of the last two named will be sent East tomorrow.

Four men named Frost, Burns, Peters and Warring were buried in their cabin by a snow slide on Lake Creek, near Ketchum, Idaho. Warring dug out in six or seven hours, and had to go nine miles for help. He heard Frost groaning all the time he was buried in the cabin. Tom Loring is reported to be buried under sixteen feet of snow on Thompson creek, not far from the scene of the last reported disaster.

The Atlanta Constitution.

In a long article relating to the B. B. of that city, says:

The Blood Balm Company started one year ago with \$183.00, but to-day the business cannot be bought for \$50,000. The demand and the satisfaction given is said to be without a parallel, as its action is pronounced wonderful.

We are glad to announce that our druggists have already secured a supply, and we hope our readers will supply themselves at once.

It is said to be the only speedy and permanent blood poison remedy offered, giving entire satisfaction in all cases before one bottle had been used. For Blood Diseases, Kidney Troubles, Scrofula, Catarrh, old Ulcers and Skin Diseases, try one bottle of B. B. B. For sale wholesale and retail by E. N. Duffly.

Congressional Work.

SENATE.—Jan. 28.—Among the bills introduced in the Senate was one by Mr. Sherman, to discontinue the coinage of silver dollars, and to provide for the purchase of silver bullion in bars. Not less than two million ounces, nor more than four million ounces, per month, at its market price, and for the issue in payment thereof of coin certificates of no less denomination than ten dollars each, the bullion to remain in the treasury as security for the payment of the certificates.

Mr. Ingalls presented a petition of Frederick Douglass and other leading colored citizens of the District of Columbia, complaining against the discriminations against them at theatres and other places of public entertainment in the city of Washington, and praying that the license laws of the District of Columbia be so amended as to prevent such discrimination.

The petition, Mr. Ingalls said, was accompanied by affidavits in support of its averments. The petition was appropriately referred.

The Senate then went to the calendar and resumed consideration of the bill to divide the Sioux reservation in Dakota into separate reservations and to secure the relinquishment of the Indian title to the same.

After debate the bill at 2 o'clock was displaced by a bill providing for the admission of Dakota. Mr. Butler's substitute for the committee's bill was read. It is an enabling act providing for the admission of the territory of Dakota as a whole as a State of the Union, when an election shall have been held under this act and a constitution, republican in form, shall have been adopted by the people of such territory. The substitute also prescribes in detail the conditions to be observed by the proposed State as to public lands, schools, &c. Mr. Butler then took the floor in support of his substitute. He conceded the right of the people of the territory to apply for admission as a State when it had the necessary conditions; but he denied that the territory had any inherent right to organize a State government. Congress alone could authorize the transition from a territory to a State, and the exercise of that power by any other body would be a bold usurpation.

Mr. Wilson, of Iowa, contended that the action of the people of Dakota was in every sense proper, peaceful and constitutional, and no narrow partisanship or political bias should be permitted to interfere with the honorable and many demands of its people to admission as a State.

The debate then closed and the bill went over till 2 o'clock tomorrow, at which hour Mr. Vest will have the floor.

A message from the House announced the death of Hon. Reuben Ellwood, late member of that body from Illinois. Brief eulogies upon the deceased Representative were pronounced by Messrs. Cullom and Logan, after which the Senate, as a further mark of respect to his memory, adjourned.

HOUSE.—Mr. Robertson, of Ky., offered a resolution, reciting that section 3678 Revised Statutes, prohibits a diversion of appropriations, and that representations are made that this section is violated in this, that certain moneys appropriated by Congress for carrying on the Signal Service Bureau, have been misapplied, and directing the committee on Expenditures in the War Department to inquire whether the statute is being observed, and whether or not it has heretofore been violated, and to report such measures as will secure its enforcement.

Mr. Peters, of Kansas, objected to the present consideration of the resolution, and it was referred to the committee on Expenditures in the War Department.

Mr. Gibson, of West Virginia, from the committee on Expenditures in the War Department, reported a resolution calling on the Secretary of the Treasury for a report of all balances due to and from the United States as shown by the books of the offices of the Register and Sixth Auditor of the Treasury, from 1789 to 30th June, 1885. The Secretary of War and the Postmaster-General are also called on for a statement of balances, as shown by the books of their departments. Adopted.

Mr. Wheeler, of Alabama, from the Committee on Military Affairs, reported a bill authorizing the President to restore officers to the army in certain cases. [This bill applies to the case of Fitz John Porter, and as it was placed upon the public calendar it may be called up for action at any time during the morning hour, an advantage which is not enjoyed by the specific Fitz John Porter bill, which is upon the private calendar.]

In the morning hour the House, on motion of Mr. Dingley, of Maine, went into Committee of the Whole, Mr. Crisp, of Georgia, in the chair, on the bill reported by the Shipping Committee to abolish certain fees for services to American vessels.

Mr. Weaver, of Ia., introduced a bill to provide for the organization of the territory of Oklahoma, for the allotment of homesteads to Indians in severalty, and to open up uncoupled lands to actual settlers. Referred.

Pending action on Mr. Dingley's bill, the hour of one o'clock arrived, and the committee having risen, the House proceeded to the consideration of appropriate resolutions touching the death of Representative Reuben Ellwood, of Illinois.

After eulogistic addresses by Messrs. Hopkins, Henderson, Hill, Dunham and Adams of Ill., Tillman of S. C., Peters of Ky., and McMillan of Tenn., the House, as a mark of respect to the memory of the deceased, at 2:30 adjourned.

NEWS BY MAIL.

CORONER'S INQUEST AT NEWBURG.

WHEELING, W. Va., Jan. 28.—Coroner Jones, of Preston county, today began the investigation into the death of thirty nine miners by explosion in the Orrel coal mine at Newburg a week ago. Superintendent Saxton admitted that the State mine inspector had ordered him to put weights on the air doors to prevent them being accidentally left open, which was not done. Mining Boss John Bratt testified that Saxton several times was rendered unfit for duty by intoxication. There is need of much more aid than has as yet been extended the twenty-four widows and forty-two orphans. Comfortable clothing is scarce.

AN ENTIRE FAMILY FROZEN TO DEATH.

MONTGOMERY CITY, Mo., Jan. 27.—Some time last year John C. Kimbrel moved, with his wife and three children, to Kansas, taking up a claim near Dodge City. During the recent blizzard Kimbrel and his family were in a covered wagon. Yesterday farmers found the entire family frozen to death in the wagon.

SHE SAVED THE TRAIN FROM DESTRUCTION.

LANCASTER, Pa., Jan. 27.—Mrs. John McClellan, of Falmouth, on Monday discovered a broken rail in the main track on the Pennsylvania Railroad, near that place and prevented a terrible accident. She was walking along the railroad on her way home and was attracted by a bright streak extending across the top of what is known as the "frog" rail. She hurriedly retraced her steps for a mile through the deep snow and notified some trackmen of her discovery and they flagged a train which was then approaching. It was found that the rail was so badly split that an accident must certainly have occurred.

Block of Ages, close friends,
Let me hide myself in thee.

Again the solemn death-bell tolls, and reminds us that another of Christ Church flock has been taken away.

IN MEMORIAM.

MRS. HARRIET B. LEHMAN, consort of the late R. F. Lehman, departed this life on Thursday night, January 28, A. D. 1886, in the 57th year of her age.

The sad announcement of the death of this estimable lady sent a thrill of sorrow through the hearts of many and dropped a shadow of gloom over our community.

She was unassuming in her manners, abundant in good works, a Christian in whom there was no guile.

Many are the hearts today among the lowly and neglected that are desolate, because one to whom they could look to as an earthly friend has been taken away.

Soothed by all the ministries that love could bestow she passed gently away, leaving in the hearts of many friends a memory fragrant with the perfume of a charitable and unselfish life.

"To live in hearts we leave behind
Is not to die."

On Saturday afternoon, at Christ Church, the Rev. Mr. Shields performed the last sad rites to her memory amid a large concourse of our citizens who were there assembled.

Her remains were taken to Cedar Grove Cemetery.

"Then shall the dust return to the earth as it was,
And the spirit shall return unto God who gave it."

"In my hand no price I bring,
Simply to try cross I cling."

On the discovery of the conspiracy the police authorities, fearing that injury to the Czar was intended, advised him to return to his palace at Gatchina. The Emperor, however, declined to do so.
