BUSINESS LOCALS.

"MONEY SAVED IS MONEY MADE."—I am agent for a set of four patent brushes with handles. Carpets CLEANED and saved ONE-HALF the wear. Windows and Walls washed BETTER, and in one-fourth the time; also dusted and cobwebbed with scarcely no trouble. Will take pleasure in showing the ladies, whether they order or not.
Very respectfully,
T. C. STRICKER.

Job-work executed with neatness and dispatch at the JOURNAL office.
TRY DALL'S fine Bouquet Butter and Pig Hams.
Chattel mortgages and Lien Bonds for sale at this office.

The M. E. Church Working Society meets tonight at the residence of Mr. Thomas Daniels.

Mr. J. H. Becton is quite ill at his residence on East Front street from a slight touch of pneumonia.

Capt. William Fulford, the venerable night-watchman, is, we regret to hear, seriously ill from an attack of Paralysis.

The ground hog is reported to have returned to his quarters yesterday morning with unusual haste. Winter is not gone.

We call attention to the advertisement of F. Ulrich in this issue. He gives notice of fine selected Early Rose seed potatoes.

Mrs. A. M. Hanff and children returned from Columbia, S. C., last night, whither they have been on a visit to Mrs. Hanff's father.

Clarke & Morgan, taxidermists, have moved their office from the rear of their dwelling to the west of it, on East Front street, which renders their place more accessible to visitors and convenient for their increasing business.

Col. Frank Meyer, who has been on a short business trip to Norfolk, Va., returned on the Shenandoah and presented his genial countenance at the Cotton Exchange yesterday. He made a clever shipment of cotton by return steamer.

A party of gentlemen from the North, who are registered at the Central Hotel, have been spending the past few days hunting. They will try the birds today, and the guests at the Central are expecting quail on toast for supper.

The new store of Mr. S. F. Teiser on Broad street is being painted. When this building and the one of Col. Jordan's on the opposite corner of the same block are completed, they will fill up long needed vacancies and add much to that portion of the city.

There is one young man in New Berne who is very solicitous about our streets being better lighted these dark nights, and we agree with him, although we think he should have taken better pains when he turned at the Weinstein corner Sunday night when he had to pull himself out of the gutter.

The day of St. Valentine is approaching and the children are already searching around to see what they can get off on somebody. The young ladies have hardly commenced to ponder over whether they shall send any at all or not, and if so, whether it shall be something nice and tidy or the most hideous they can find.

Pharmaceutical.
A meeting of the State Board of Pharmacy will be held in the city of Raleigh next Tuesday, the 9th for the purpose of examining such candidates for license to practice pharmacy as may appear before it. Druggists interested will take due notice. Any further information will be given by the secretary, Wm. Simpson, Raleigh, N. C.

Death of Mrs. Bayard.
Again death has visited the family of the Secretary of State, this time taking away his beloved wife. Mrs. Bayard had been in rather poor health for some time but it is thought that the immediate cause of her death is attributable to the sudden loss of her daughter which occurred only two weeks ago. She died in Washington but will be taken to her former home at Wilmington, Del., for burial.

J. T. Raymond.
A special train will leave here tomorrow evening at 8 o'clock to convey all wishing to attend the opera at Goldsboro, where the eminent comedian, John T. Raymond, is to appear in the amusing sketch from Mark Twain, "Col. Mulberry Sellers." Return rates, including admission to the opera, from New Berne \$1.75, from Kinston \$1.75, and from La Grange \$1.50. The train will return immediately after the performance.

Just in Time.
The foreman of the JOURNAL office was whetting his knife yesterday morning preparatory to cutting out an issue of this morning's daily from our weekly stock, when a dray drove up to the door with a part of one hundred reams of the daily size which had just arrived on the steamer Stout, although the bill of lading for the paper was signed in Philadelphia on the 23d ultimo.

We came near being caught in a snap quite as serious to us as the recent cold snap, which was the cause.

LITERARY NOTES.
The N. Y. Tribune has issued an almanac for 1886 that is very valuable. It contains the inaugural address of President Cleveland in full. Election statistics are given since 1864, and in fact all kinds of political information as well as other. The price is 2 cents postage paid and is well worth the money.

D. Lothrop & Co., publishers of Boston, will shortly issue an important religious work for popular reading, "Divine Sovereignty and Other Sermons," by Rowen Thomas, D. D.
The American Bookmaker, published by Howard Lockwood, 126 and 128 Duane street, New York, is an excellent journal for publishers, lithographers, book-binders and all others connected with the printing trade. It also contains some very handsome illustrations.
One hundred thousand copies of the Chicago Current, a worthy literary publication, is to be issued on Saturday before Easter next. It will be double the usual size and will contain a large collection of interesting reading matter. Write for a copy of this issue.

Jones County Items.
Commissioners court was in session Saturday, and quite a small crowd in attendance.
We are having cold, bad weather, but we had it so long we are becoming accustomed to it.
Mr. W. C. Kinsey will open a new stock of goods in Trenton sometime during this week in Mr. Thos. Whitakers's new store.
Married, at the home of the bride's mother, Beaver Creek township, Miss Hannah Huggins and Mr. R. A. Tilghman, Jas. Becton, J. P., officiating.
Trenton was a dull day for traders on Saturday last, as farmers are at a perfect stand-still, and laborers are not employed, so they are all waiting for the weather to change.

Hard E. Scott, a former resident of Trenton, is visiting relatives in Jones. Mr. Scott must be faring well at his new home in Franklinton, as he is the very picture of good health.
Messrs. Simmons & Parker are moving their steam saw mill on the Core creek and Trenton road, about 2 1/2 miles from Trenton. Soon will be ready for work. We are confident that they will find it an excellent locality for their mill.
Our weather and crop prophets, after a careful survey of the different signs and indications, tell us that 1886 will show to us all a very forward spring and a very heavy crop, provided, say some of them, that people will all plant their various crops just at the right time of season. Now as we have all been every year complaining of short crops, won't every one just see to it that his crop is planted at the right time and well manured and cultivated, and by these means bring about a better state of affairs.

On Thursday of last week while Mr. F. Koonce, wife and child were crossing Chinquapin creek bridge in a top buggy with top raised, the horse became choked down by hames and all were precipitated into the stream, which was much swollen, turning the vehicle upside down. We learn that Mr. Koonce, after rising to the surface, saw his wife and caught her. She in the meantime had caught the baby. Mr. Koonce succeeded in bearing them to the shore. He then extricated the horse but the buggy proved to be a perfect wreck. Save the unpleasant wetting none were hurt, not even the horse.

On Thursday last Willie Green, col., was before Squire Page and Smith to answer to the charge of assault and attempt at rape on the person of Sidney Jones, colored. After a careful investigation of the facts, he was remanded to jail in default of bail. Mr. Pearson, his attorney, like he always treats his clients, exhibited untiring zeal and used every honorable effort in his behalf. The man was bailed on Saturday and in a short time was wending his way homeward to Polkville township.

Some of our most prominent citizens have been cured of rheumatism of years standing by that wonderful pain-banisher, Salvation Oil. Sold by all druggists for twenty-five cents a bottle.

Catopaxi, Mexico, is in a state of eruption. The emission of the heated lava can be distinctly seen at a distance of twenty miles.
The new novel "Master of L'Etrange" was written by a lady from Franklin county. With the exception of an incompleteness in its last pages, it is a fine work.
Eighty wild ducks were picked up recently during one night at the base of a lighthouse on the Georgia coast. They were driven by a blizzard and killed by coming in contact with the tower.

The original manuscript of "Auld Lang Syne" by Burns, has turned up in Chicago. A gentleman of that city discovered it among a large collection of literary curiosities which he purchased some years ago while in Edinburgh.
La Grange Items.
Last Sunday was a fifth Sunday and we had no preaching in town.
Rev. Mr. Rose left here last Friday and will return Wednesday with—well, rumor says with Mrs. Rose.
Mrs. Dr. Hadley and Will N. Hadley are visiting friends in Durham. We would not wonder if Will has serious intentions.
We are pleased to be able to say that our schools, just beginning the spring term, are in good condition. Col. Davis assures us that his school is in better condition than ever before.

This is court week for Lenoir county, and as usual our township is furnishing a good part of the business. "Hard times" has nothing to do with court matters, taking present evidence. Several new cases go up from here this term.
The Charade, Banquet, etc., at the L. C. I. last Friday night was very good. Everybody seemed to enjoy the Charade and the Banquet was just splendid. At the Charade we got several hearty laughs, and at the Banquet we tried to get on the outside of twenty-five cents worth of roast pig, but failed, we next captured a plate of the very best of oysters, a glass of something that has "bub" to it, a piece of cake and went home to dream of wonders never thought of. The whole affair passed off nicely and we are sure every one went home pleased with what they saw.

"In all God's diadem
No stars shine brighter than the kingly man,
Who nobly carries whatever crown he wears;
Who grandly conquers, or as grandly dies;
And the white banner of his manhood bears
Through all the years uplighted to the skies."
"Set yourself earnestly to see what you were made to do, and then set yourself earnestly to do it, and the loftier your purpose is the more sure you will be to make the world richer with every enrichment of yourself."

Rev. Israel Harding spent several days of last week in Wilmington, attending the meeting of the ministers of the Diocese of East Carolina.

Uzzell & Rouse have dissolved their law partnership by mutual consent, but both continue to practice at this place. Gentleman, suppose you take female partners.
Preparations are being made for an excellent festival at the Nicol building this week. The ladies deserve success for the energy which they manifest in assisting to repair the Methodist Church.

We chronicle the unexpected death of Mrs. Jno. R. Phillips, which occurred on Monday, Feb. 1st. She had not been sick but a very short while. We extend sympathy to the bereaved family.
Died, Jan. 30th, Mabel Clare Nunn, infant daughter of W. B. and India Nunn. It never knew disease, till it was seized with meningitis, which did its work rapidly. The bereaved parents have the sympathy of many friends.

The Teachers' Association holds its next session at the graded school building on Saturday, Feb. 6th. "The Importance of Legibility in Writing" is the subject for discussion. Prof. G. A. Grimsley and Dr. H. D. Harper are the leaders. Dr. Lewis is orator and Miss Cynthia Tull, essayist.

STATE NEWS.
Gleaned from our Exchanges.

Smithfield Herald: On February 9th, 1886, the farmers are requested to meet at the court house in this place, for the purpose of organizing a "Farmers' Club," the object of which is to regulate wages and prices. All of the farmers are cordially invited to attend.

Raleigh Visitor: Frank Hinton and Hattie Knight, colored, who are charged with passing a counterfeit silver dollar, had their trial yesterday afternoon before United States Commissioner A. W. Shaffer, and were sent to jail in default of \$500 justified bond each.

Fayetteville News: We learn that upon the fifty freight cars recently built in the C. F. & Y. V. R. shops here, that about \$5,000 was saved over the price of former purchase of cars from the Tredgar works. This is surely indicative of good management and shows in a general way that our people can do just as well as any if they only will.

Lenoir Topics: Caldwell takes back the corn belt. Esq. Sudderth has raised corn, 50 ears of which weighed, unshelled, 74 pounds, four more than was necessary to make a bushel. It was a small eared corn.
—Mr. J. M. Bernhardt, of Harper and Bernhardt, has a double headed serpent of the king variety, which is preserved in alcohol. It was presented to him by a friend in Yorkville and is quite a curiosity.

Asheville Advance: We understand that the morning after the recent big snow, some parties were out moon hunting in the mountains of upper Hominy, when a large snow slide came down upon them. They caught on to the trees, but their dogs were carried off with the snow more than one hundred yards. The slide covering an area of about 3 acres, descending to the base of the mountain. No damage done, but all hands badly frightened.

Chatham Record: We are requested to announce that a meeting will be held here next Saturday of those persons interested in establishing the stock law in this neighborhood. The object of the meeting is to arrange about building the outside fence.—We hear conflicting statements as to the damage done to the wheat and oats by the recent cold weather. Some farmers say that their grain crops are almost ruined, while others say the wheat is hurt very little and oats not as much as many suppose.

Durham Tobacco Plant: The electric wire is being put up through the town and in less than a month the town will be illuminated with electricity. The light will be so good there will be no necessity of closing business for the night.
John C. Angier, President of the Durham Wooden and Woollen Mills, is one of the most energetic and thorough business men in the State. In addition to the management of the wooden mills, he is an active member of the Durham Furniture Manufacturing Co.

ADVICE TO MOTHERS.

Who's the Best Physician?
The one that does most to relieve suffering humanity of the thousand and one ills that befall them, bringing joy to sorrowing thousands, is certainly the best of all physicians. Electric Bitters are daily doing this, curing hundreds that have tried all other remedies and found no relief. As a Spring tonic and blood purifier they are a perfect specific, and for liver and kidney complaints have no equal.
