### BUSINESS LOCALS.

**FOUND!**—A bunch of Keys with a shoe buttoner. Apply at JOURNAL OFFICE.

**"MONEY SAVED IS MONEY MADE."**—I am agent for a set of four patent brushes with handles. Carpets CLEANED and saved ONE-HALF the wear. Windows and Walls washed BETTER, and in one-fourth the time; also dusted and cobwebbed with scarcely no trouble. Will take pleasure in showing the ladies, whether they order or not.  
Very respectfully,  
T. C. STRICKER.

**TRY DAIL'S** fine Bouquet Butter and Pig Hams, and Real Estate Mortgages and Deeds for sale at the JOURNAL office.

**Thunder shower yesterday.**  
J. L. Hahn has lost a pistol and will pay a liberal reward for its return. See "ad."

About one dozen shad in market yesterday. They sell for \$1.25 per pair for bucks, \$3. per pair for roe.

The road-bed of the A. & N. C., is being put in splendid condition. It has been graveled from this city nearly to Kinston and as soon as the spring opens the work of putting in new cross ties will begin.

We call attention to the advertisement of O. Hubbs in this issue. He has bought out the Cohen stables on Middle street and has just received a fine lot of horses and Kentucky mules. He is attentive to business, and we wish him success in this enterprise.

We publish today the court calendar for the term beginning next Monday. No case will be taken up before the day set in the calendar except by consent of both parties. If the cases set for a certain day are not disposed of on that day they will be taken up as soon as reached. So parties will understand that they need not attend until the day on which their cases are set for trial, and then they must attend until their cases are reached.

**Movement of Steamers Yesterday.**  
The Trent, Capt. Roberts, left for Trenton and intermediate landings with full cargo of merchandise.  
The Blanche, Capt. Barco, arrived from up Neuse with a cargo of cotton.  
The Florence, Capt. Ipoek, left for Vanceboro with freight and passengers.  
The Elm City was due, but not in at time of going to press.

**Map Drawing.**  
We have been shown specimens of map drawing by Masters Milton Hollowell, of the 6th Grade, and Locklan Vass, of the 7th Grade, of our Graded School, which for neatness and correctness exceed anything we have seen from boys of their age. Master Hollowell's are drawn by the "Parallel and Meridian system," while Master Vass' are drawn by sight, using dividers to insure accuracy. Maps of the United States, of the Middle, Southern, New England and Western States, of Europe, Asia, Africa and South America are drawn out with remarkable accuracy, showing all rivers of any importance and mountain ranges, State lines, etc. Several methods are taught and the progress made by the pupils in this branch is evidence of the efficient work being done by the teachers. We are glad to see the school is flourishing. Thirty one new pupils were enrolled during the last month.

**For Congress.**  
We were surprised while at Kinston last Tuesday to learn that the Democrats were seriously thinking of making a fight for election of a member of the fiftieth Congress from the "black district." And we were again surprised to hear that some thought our townsman O. E. Foy was the man to lick out any Republican that might be put in the field. But others thought that F. M. Simmons, Esq., was the coming man, and the only one that could be put in the field with any prospects of success. Mr. Simmons' great love for Democratic principles, and his desire for the success of his party, might induce him to lead the forlorn hope and willing to do, for its success; but O'Hara's ten thousand majority and the privilege of distributing seven thousand packages of seed—by the way he has not sent us a single package—rather precludes the idea of a Democrat being elected from this district. We do not believe Mr. Foy has any aspirations in this direction, though he possesses fine legislative talent.

One must be poor to know the luxury of giving. That may be so, but we think anybody can enjoy the luxury of giving his fellow-sufferer a bottle of Dr. Ball's Cough Syrup to cure his cough.

**Independent Farmers.**  
Messrs. Hawkins and Sons, from near Tilghman's crossing on the A. & N. C. F. were at the Exchange yesterday with a lot of 88 bales of cotton which was of a very good quality and, we are glad to learn, sold for a good price.

These gentlemen are from upper Jones and their late appearance in market with so large a lot indicates the ability among farmers of that section to sell their crops when they choose rather than at the bidding of over strained creditors as is too often the case.

Mr. Carroll asked permission to open a wood yard at corner of Broad and Hancock streets, and also to allow trains to stop a sufficient time to unload.

On motion of Councilman Hancock, the petition was granted with the proviso that Mr. Carroll move the wood from the cars by carts into the lot.

J. M. HARGET, City Marshal.  
Councilman Moore, from committee on fire department, presented estimates for repairs, etc., on Mechanics truck, and on motion the matter was referred to the fire department committee to investigate and with power to act.

Councilman Smallwood, from finance committee, reported that the matter of gas bills for December had been investigated and arranged.

The mayor was instructed to accept service on \$27.45, old vouchers held by Wm. Cohen.

On motion of Councilman Hancock the matter of draining a portion of Change street was referred to sanitary committee to investigate and report at next meeting.

Mr. Manly, city attorney, stated that he had received a communication from Mr. Oaksmith in regard to the use of the lower end of Pollock street, threatening suit unless the matter was settled.

On motion of Councilman Hancock, the following resolution was adopted:  
Resolved, That the resolution authorizing F. W. Hancock, J. W. Moore and V. A. Crawford to negotiate and borrow the sum of \$1,000 for the City of New Berne, as stated in that resolution, and all of the same is hereby repealed and annulled.

Councilman Hancock offered the following resolution:  
Resolved, That the Mayor and Board of Councilmen are hereby authorized to borrow from Green, Foy & Co. \$900, to be paid in three annual installments of equal amounts, and shall execute notes or bonds therefor bearing 8 per cent per annum, and to secure said indebtedness, shall pledge in any manner satisfactory to both parties the water front at the foot of Middle street, in the said city of New Berne, and a market house to be constructed thereon, and all rents and profits thereof that may be sufficient to satisfy said indebtedness and to insure said property for the benefit of Green, Foy & Co. in some reliable such other acts as may be consistent with safety securing said loan.

The resolution was adopted by the following vote: Ayes, Ellis, Hancock, Moore, Hackett, Smallwood, Styron and Crawford, Nay, Miller.  
Mr. Manly was instructed to file affidavit with county commissioners in regard to taxes on property now owned by the city.

Monthly bills allowed. Minutes read and adopted.

Adjourned.  
R. D. HANCOCK, Cler.

**BRIEFS.**  
During the month of January the National public debt was reduced \$8,672,553.

The Western Sentinel is soon to come out semi-weekly. It will be a twenty column folio; price \$3.00 per year.

The authorities in Cincinnati are still laboring to suppress Sunday theatres in that city, but they find it very difficult. It is announced that Mr. Gladstone, on his arrival at Osborne to receive the command of the Queen, kissed the hand of her Majesty.

The rumor that Mr. Bayard would soon resign from the Cabinet is pronounced by his private secretary, Mr. Henry Bryan, to be false.

Greensboro, Ga., has a matrimonial club. The young men pay an initiation of \$5, and \$1. monthly dues. When a member marries he gets \$100.

The fruit growers of New Hampshire report that their orchards have been almost ruined by the late frosts. One man lost over a thousand peach trees.

A fire broke out in a Charlotte hotel last Sunday morning, and one of the guests, a Russian, was so badly burned that he died soon after. Three other men were nearly suffocated by smoke.

Alonzo Moore of Cumberland county, Pa., put on an old pair of summer trousers and found the right pocket unusually heavy. He ran his hand in and drew out a black snake three feet long.

Geo. W. Bryant while hunting on the Blue Ridge in West Virginia, was suddenly pounced upon by a ferocious catamount. Being unable to use his gun he used his fists to such an advantage that the animal had to retreat, when he seized his gun and shot him dead.

**Who's the Best Physician?**  
The one that does most to relieve suffering humanity of the thousand and one ills that befall them, bringing joy to sorrowing thousands, is certainly the best of all physicians. Electric Bitters are daily doing this, curing hundreds that have tried all other remedies and found no relief. As a Spring tonic and blood purifier they are a perfect specific, and for liver and kidney complaints have no equal. In the strongest sense of the term, they are positively the best and cheapest physician known.—Daily Times. Sold by all druggists at 50 cents.

**Congressional Work.**  
SENATE—Feb. 1.—The Chair laid before the Senate a letter from the Secretary of War transmitting the report on the militia forces of the United States. Also, a letter from the same Secretary transmitting a communication from the President of the Board of Commissioners of the Soldiers' Home, recommending that authority be given by Congress for disposition by the Commissioners of the effects of the deceased inmates of the Home. It was appropriately referred.

Mr. Call submitted a resolution which, at his request, was laid over for the present, directing the Committee on Military Affairs to report a bill providing that ex-Union soldiers shall not be required to submit to civil service examination before appointment to any position embraced in the civil service law. Mr. Call said he introduced this bill because a distinguished ex-Union officer now residing in Florida, having applied for a subordinate position in the Pension Bureau, found on looking over the civil service directory that but a single name was listed for that bureau with them. It seemed to Mr. Call that a man who had the ability and intelligence enough to fill a subordinate place in the Pension Bureau.

At 2 o'clock the Electoral Count bill came up and Mr. Hoar moved an amendment of which he had previously given notice.  
Mr. Hoar supported his amendment in a long speech, broken frequently by debates with Senators who interrupted with questions and points against Mr. Hoar's argument. Mr. Sherman was prominent in these discussions, and considerable amusement was afforded by the warmth and eagerness with which these two met and answered each other, sometimes before their points had been fully stated. Messrs. Maxey, Ingalls, Logan and George took part in the discussion.

Mr. Evarts obtained the floor, but gave way for a motion for an executive session, which was carried. Before the doors were closed Mr. Allison offered a resolution, which was agreed to, directing the Secretary of the Senate to pay the funeral expenses of the late Vice-President.

At 5:45 the doors were reopened and the Senate adjourned.

**HOUSE.**—In his opening prayer the Chaplain said: "We commend to Thy infinite pity and tenderness Thy servant, the Secretary of State, who sits with his children in a home desolate because twice within a fortnight death hath entered in. In this time, when earthly, State and human sympathy avail so little, may the spirit of the living God come to cheer and comfort them."

Mr. Hanback, of Kansas, rising to a question of personal privilege, sent to the clerk's desk to have read an editorial from yesterday's New York World entitled "The Telephone Scandal," but the reading was immediately interrupted by Mr. Breckenridge, of Arkansas, with a point of order that there was nothing in the editorial which reflected upon the gentleman from Kansas in his representative capacity.

The Speaker ruled that unless the article reflected in some way on the gentleman from Kansas in his representative capacity, there could be no question of privilege involved.

Mr. Hanback could not say the article was personal to himself, and in order to get around the difficulty offer the following resolution:  
Resolved, That the committee on expenditures in the Department of Justice be empowered to make full inquiry into any expenditure on the part of the Government relative to the rights of the Bell and Pan Electric Telephone Companies and for the purpose of this investigation and to the end that people may be fully advised, the committee is granted the right to send for papers and papers; all expenses to be audited and accounted from approved vouchers, and when so approved to be paid out of any money in the Treasury not otherwise appropriated.  
The Speaker could not see that the resolution involved a question of privilege. It was merely a resolution of inquiry.

Another short debate ensued over this ruling, in the course of which Mr. Randall, of Pennsylvania, said that while he did not believe that the House had anything to do with the subject matter as presented, he was opposed to throwing any obstruction in the way of the fullest investigation on any matter which pertained to the good government of the United States.

After a little more wrangling on the subject, Mr. Morrison, of Ills., cut the gordian knot by asking unanimous consent that the resolution be immediately considered. Mr. Beach, of New York, showed a disposition to object, but was prevailed upon by Mr. Robertson, of Ky., to give his consent; and the resolution was adopted without dissent.

Mr. Hanback was still dissatisfied, and endeavored under a cover of a question of personal privilege, to read the newspaper article as at first, but he was ruled out of order upon objection from several members, and as he declined to appeal from the Speaker's decision he was obliged to desist.

At this moment Mr. Brady, of Va., joined with Mr. Hanback in demanding recognition from the Speaker, and having obtained it, stated that he rose to a question of personal privilege. He had been reflected upon as a member of the House and as a committee member. He had also been reflected upon by a gentleman on the floor of the House, and he now rose and asked unanimous consent that he might be accorded the privilege of a personal explanation.

Messrs. Bragg, of Wis. and Hammond of Ga., objected and the matter was dropped.

When the call of States was completed several motions to adjourn were made on the Republican side, but they were all voted down; and Mr. Matson, of Ind., having secured the floor, moved to suspend the rules and put upon passage a bill increasing the pensions of soldiers and widows from \$8 to \$12, with an amendment providing the act shall apply only to widows who were married to deceased soldiers prior to its passage, and to those who may hereafter marry prior to or during the service of the soldier.

Mr. Browne, of Indiana, inquired whether the effect of the passage of the bill under a suspension of the rules would be to put to one side the amendment which was pending to the bill repealing the limitation on the arrears of the pension act; and on receiving an affirmative reply moved that the House adjourn.

Mr. Matson briefly stated that the object in bringing up the bill at this time was that it should have a chance to be considered on its merits.  
The motion to suspend the rules and pass the bill was agreed to—yeas 198, nays 66—and the House at five o'clock adjourned.

**Railroad Accident.**  
STAUNTON, Feb. 2.—A disastrous collision occurred on the Chesapeake & Ohio Railroad here at 1 o'clock this morning. No. 3 night express ran into a freight train on a siding, and completely wrecked both engines.

Gettings, of Richmond, fireman of No. 3, was killed, his body being terribly scalded and mutilated.  
G. W. Ettinger, master machinist, of Richmond, had his right arm and leg badly broken, and received a bad scalp wound.

Zedge Lowery, of Richmond, engineer of No. 3, had his throat and arm scalded, and his condition is dangerous.

Charles Smaller, of Staunton, engineer of the freight train, had his body bruised and his back badly sprained.  
The only passenger hurt was Dr. Lafferty, of Richmond, who was standing in the sleeping car and was knocked down and bruised, but not seriously.
