BUSINESS LOCALS.

INFORMATION WANTED.—My son, John D. O'Neal having left my premises—Little Swift Creek—without my consent, any information leading to his whereabouts will be gladly received—about 16 years of age and well grown.
J. B. O'NEAL,
dwit Eruid's Store, N. C.

A TREAT.—Fine Country Hams, put up by Onslow and Jones county's best farmers for sale at Humphrey & Howard's. Remember, these gentlemen have an art for selecting the best hams.

TRY DALL'S fine Bouquet Butter and Pig Hams.

We are glad to hear that Capt. Oaksmith is improving.

Mr. James B. O'Neal advertises for a runaway boy. We hope some one will put him on the track of the wayward youth.

Cottage prayer-meeting under the auspices of the Young Men's Christian Association, conducted by the missionary committee, at Mrs. Susan Jones, on Spring street, this (Tuesday) night at 7 o'clock.

A Schooner Disabled.
The schooner *Ella Hill* is reported at Hatteras with rudder gone, and otherwise damaged. The schooner *Addie Henry*, Capt. Hill, will go down today to tow her up.

Old History.
In response to an inquiry in last Saturday's issue of the JOURNAL, Mr. L. J. Taylor brings to this office a copy of Lawson's History of North Carolina, first issued in 1714 and reprinted in Raleigh in 1860. Also two volumes of Martin's History, issued in 1829.

Movement of Steamers.
Steamer *Elm City* left Sunday night for Hyde county, with freight and passengers.
Steamer *Carolina* arrived Sunday from Snow Hill with cotton.
Steamer *Kinston* arrived last night from up Neuse with freight and passengers.

Correction.
In the county debt statement which we published on Sunday, there was a slight error in the dates, and we print it again this morning.

The date the debt was contracted was 1877 and '88. Not 1878, as we had it. By this it will be seen that the debt was reduced in about twenty one years less than \$5,000 while since 1879 it has been brought down from \$145,296.32 to \$113,200.

Quite an encouraging statement.

Mayor's Court.
Five cases were before the Mayor yesterday morning. One for loud swearing on the streets on Sunday, fined three dollars and cost, amounting to five dollars and sixty cents in all; he pleaded guilty and promised not to think so loud hereafter.

Four were up for shooting within the city limits, contrary to the city ordinance prohibiting the same. Two were fined one dollar each and cost; one was dismissed, the other held over for this morning on account of absence of witnesses.

The Superior Court.
The Superior Court convened yesterday morning, Judge Shepherd presiding. The calendar was taken up for Monday and cleared. The following cases were given to the jury and verdicts were returned for plaintiffs in each:

Saltan vs. Hutzler & Bro.; Cuthbert vs. N. & T. Steamboat Co.; *Foley & Bro. vs. Loyick & Blank.*
Court adjourned to 9 o'clock this morning, when the calendar set for today will be taken up.

Personal.
Rev. Mr. Scott assisted at the morning services of the P. E. Church on Sunday morning and left on the *Elm City* at night for his charge at Lake Landing in Hyde county.

Capt. J. M. White, general agent of the N. & T. R. Steamboat Co., arrived last night.

Mrs. W. P. Burrus returned last night from a visit to her father in Bertie.

The Misses Southgate, daughters of Mr. James Southgate, of Durham, arrived last night on their way to Norfolk per steamer *Stamwood*.

Miss Mary Bryan, telegraph operator at Portsmouth, Va., arrived last night on a visit to friends and relatives.

Mr. Charles Hollister, the clever traveling salesman of Thos. Gates & Co., made a business trip to Kinston yesterday.

Old Chums.
Fred Perry has many old chums in this city who are always delighted when he puts in his appearance at the Gaston House after being absent several months. One of these walked into the dining room at the Gaston House yesterday morning and seeing Fred at a table rushed across the dining room, extending his hand and shouting, "How are you, Fred, why old friend I'm so glad to see you!" But "Fred" instead of extending his hand squared himself in his chair and revealed the judicial dignity of Judge Shepherd. The Judge good naturedly accepted the apologies which followed without feeling specially complimented, and the young man retired in good order.

The People Want to Know
1st. Why did the county commissioners allow a justice of the peace twenty four dollars for presiding at two days meeting of the justices, when the law says the justices shall receive no compensation for their meetings?
2d. Why did they allow a justice of the peace fees for disposing of cases, when the law explicitly says in no case tried by a justice of the peace shall the county be liable to pay any cost.
3d. Why is it worth more to list taxes in Craven county than other counties?
4th. Why was Solomon Edmondson allowed pay for posting tax notices?
5th. What is the "county work" done by the register of deeds that it requires so much of the county funds to pay for?

The columns of the JOURNAL are open for an answer to these inquiries. Standing on the street corners and telling a crowd that the editor of the JOURNAL has a personal spite against one of the commissioners is not a satisfactory answer; there is no truth in the allegation in the first place, and if there was, the above inquiries should be answered just the same.

THE JEWELS.
Saturday last was regular meeting day with the Panel in executive session, and a number of removals were made and vacancies filled in the positions around the comfortable fire-place at the Exchange.

The very cold weather has chilled the "ardor of youth" somewhat among the members and sedate manners prevailed. The antics of the thermometer for some thirty years was recited and a little warmth of discussion was enjoyed when a member asserted that the thermometer was just as high on the 8d of August, 1881, as it had been this winter. The discussionists having mistaken *high for low* and came near being *Jack in the game*.

The formation of the English Cabinet, with Gladstone as Premier, met the approval of the Panel. While considering foreign matters a member announced with grave solemnity the death of CATO, a distinguished Roman Senator, which sad event occurred suddenly on February the 5th, and suggested that some action of the Panel eminently proper, and that an obituary should be at once prepared. Investigation, however, developed the fact that it was February 5, 46 B. C., and not this February as the member had supposed; and it was further discovered that his information was gathered from a stray leaf out of Hostetter's almanac, which he had mistaken for a cablegram to a New York paper.

The programme of the Kellogg concert company for the recent entertainment here was read, and when that part was reached which announced the appearance of the prima donna for the first time before a New Berne audience in the *Jewel's* song a general applause welcomed the compliment.

Here ensued a general discussion of musical matters and talents, and a concert company of the Jewels may or may not be the result.
It is claimed that there is in the Panel a first class *Beary tone* and the most perfect *contrary alto* in the land and if a *soprano* anno can be found a company may be formed. No piano will be used but an Estey organ substituted as the company wish to start out well organized. No reserved seats will be sold at their entertainments but great care will be exercised over the receipts which will likely be quite *rou-bout*. The afternoon being well advanced and the principal business being done the Panel rose and departed in a body.

Has Our Permission.
Mr. Editor allow me for to withdraw the names of M. P. Holly and R. C. Baker and insert the name of W. H. Dewey, a man who stand in the fear of God but fearless of man.
H. H. JAMES.

Nine Physicians Outdone.
It is generally considered a pretty difficult task to outdo a physician, but the following will conclusively prove where nine were completely outdone. Mrs. Helen Pharris, 331 Dayton street, Chicago, Ill., was treated for Consumption by nine physicians, and all pronounced her case incurable. Seven bottles of Dr. King's New Discovery for Consumption completely cured her. Doubting ones, please drop her a postal and convince yourselves. Sold by all druggists.

BRIEFS.
Philadelphia is to have a Chinese theatre.

Three horses sold at Lexington, Ky., recently, brought \$8,000.

Prohibitionist John P. St. John has begun a campaign in Connecticut.

Important a power as Austria is the United States has no Minister there.

The crown jewels of France are to be sold to provide fund for aged workmen.

Nearly two blocks of buildings have been burned at Greenville, S. C., loss, \$80,000.

The State of Illinois spent two millions of dollars last year for charitable purposes.

Silver mines of much value are thought to have been discovered in Ross county, Ohio.

It is estimated that 750,000 people go into London by rail every day to earn their living, and leave it again every night.

A Maine teamster says he can start the most obstinate horse by taking him from the vehicle, and leading him around until he becomes giddy.

A sleighing party in attempting to cross the track ahead of a train in Ohio, were run into and several of them severely hurt.

Two cranks from Toronto are constructing a boat in which they say they are going through the whirlpool at Niagara. They seem to have forgotten that these are the same waters in which the great swimmer, Capt. Webb, met his fate.

JAMES A. BRYAN,
Chm'n B'd Commissioners,
Comm'r's office, New Berne Dec. 1, '85.

"I would not live always, I ask not to stay." We do not wonder, with such a cold as yours, but there is a bright side to every thing, and sunshine even for those racked with pain. Dr. Bull's Cough Syrup never fails to cure the most stubborn cough.

Kinston Items.

Dr. Miller has filled one of his stores with groceries.

Mr. John Brown has moved his grocery shop to the Tuckahoe part of Queen street.

Mr. Abe Oettinger's residence is framed and promises to be one of the handsomest in town.

Mr. J. M. Mewborne has returned with his family to his farm. We regret to lose so useful a citizen, but wish him success in all his undertakes.

Kinston business chart, at the post-office, shows the skill of the writer and the enterprise of some of our business men. Oettinger Bros. stand at the head of the sheet.

The Disciples' union meeting at Tuckahoe, Jones county, was well attended on the 5th Sunday. The next will be at Union Chapel, Onslow county, 5th Sunday in May.

Report says that Caesar Cox, who stole a horse and buggy from Isaac Gooding and was sent to the penitentiary, is now in Jones county, having made his escape not long ago. Look out for him.

Mr. Lewis Grady informs us that a recent letter from Florida states that all the young orange trees are completely killed and all the fruit frozen. He now has to furnish oranges at his pavilion, grown in other countries.

J. Y. Joyner, Esq., was sworn in on Friday of our Superior Court. He has lately obtained license and will practice law with Faircloth and Allen, at Goldsboro. His success as a teacher shows that he has the talent and tact to fill any position into which he throws his energies.

"Would it not be well to tax the cats in our town, or bind them over to keep the peace, or declare them a nuisance? Some immediate steps should be taken, since they have given such a scare by turning over a lamp at Marsh Gray's. This is a very important matter; let us not neglect it.

A church member who lives in upper Pink Hill gave twenty-five cents to the Bible agent one or two years ago. The agent told the audience that if they would give liberally, the Lord would bless them with good crops. This church member says that he just gave enough to make a good weed, but his cotton wouldn't boll. He has been called on again lately, and says he has given more liberally and expects a better yield.

Do Not Be Deceived.
In these times of quack medicine advertisements everywhere, it is truly gratifying to find one remedy that is worthy of praise, and which really does as recommended. Electric Bitters we can vouch for as being a true and reliable remedy, and one that will do as recommended. They invariably cure Stomach and Liver Complaints, Diseases of the Kidneys and Urinary difficulties. We know whereof we speak, and can readily say, give them a trial. Sold at fifty cents a bottle, by all druggists.

Jones County Items.

Weather just like January. Thunder, rains, snow, sleet and freezes.

In my last week's items either typo or myself made quite a mistake. Commissioners court was in session on Monday instead of Saturday.

Hill Wilder, colored, purchased a fine mule and carried him home and turned him in his field about three or four weeks ago and the mule has not been seen or heard of since.

We learn that the citizens of the upper Chinquapin section have secured for ten months the services of that most excellent gentleman, W. E. Mewborne, as teacher for their school, near Mr. Spencer Phillips'.

Our excellent young countyman, M. G. Koonce, was united in marriage to Miss Carrie Blount on Tuesday last near Seven Springs, Wayne county, Rev. Israel Harding officiating. May a happy, prosperous life attend them.

Capt. E. R. Page started all his plows on Thursday last ploughing in snow; said he, I am doing this to prove that it will improve my land as snow ploughed in the soil is an excellent fertilizer; I know it to be so; have proved it by former experiments.

Will in a week or so resume my recollections of the old citizens of Jones. Will in my next give a sketch of Mr. Shadrac Mallard and his sister. They were stock-raisers; spent their lives on old Jumping Run, near the pocusin and in the capacity of shepherds.

We learn that Miss Lina P. Koonce, with the assistance of Mrs. A. D. Betts, has quite a flourishing school at Trenton. Both of these ladies have attained a high order, and with the full co-operation of the citizens, will build up a school worthy of the patronage of our citizens.

Stock cattle fared bad during the severe weather. Many of our farmers depended largely on reeds to help winter their cattle, and as the severe cold has destroyed all the reeds the only resource is to feed them for the balance of the winter. Should spring continue cold fodder will certainly command a high price. [Why don't they make ensilage?—ED. JOURNAL.]

We learn that our farmers, notwithstanding the scarcity of money, are investing largely in fertilizers. Cotton will be planted again this year as largely as ever. Planters can see their way out only when they plant largely in cotton. No money at 8 or 9 cents, say they, but we can't make any in raising corn. We advise all, first raise your supplies and then supplement with cotton to raise money.

A colored man on Saturday last while trying to let down the hammers of his gun in Mr. Beeding May's store, accidentally discharged the contents of one barrel of his gun in close proximity to your itemizer, the shot passing by him as near as three feet. I have not experienced such a fright since my old battle days at Bermuda Hundreds and Cold Harbor. The colored man was frightened badly; said that his gun had no shot in it, but we found them all battered up in the plastering and brick wall.

We learn that a gentleman who is connected with some of the land syndicates of the North was at Trenton during the bad weather last week to visit and inspect the value of our swamp lands in Dover and White Oak pocusins. But the heavy rains and the severe cold weather prevented him. Would it not be a good investment for the Department of Agriculture to clear up a few small farms in these pocusins as experimental ones and have them drained and cultivated and by these means bring the whole of these valuable lands into market? Should they prove only half as productive as many of our people claim for them would they not soon be sought for by capitalists from nearly everywhere.

I have often heard it remarked: Better to be born lucky than rich. This was proven on Saturday last in the case of a young gent who had taken a little too much of the ardent.

The severe cold weather has taken out to the woods the police to gather up some fuel to warm up their families; so this gent had it all to himself. At first he was highly elated; loved every man he met; must shake hands and enquire after the health of every one's families. Then there came a change; a kind of a depression stole over his good humor; commenced cursing and relating a batch of imaginary woes. A friend remonstrated with him. "Oh," said our hero, "You need not try to get me to pray out of trouble; I never do that; I always curse out." Shortly a buggy came up and our hero was softly placed in the lap of a friend, who caught his arms and held him like he had been in an iron vise. Our hero just tried his best to curse himself loose but his friend held to him the tighter so he changed tactics and tried what virtue there was in biting, so he threw his head back, opened his mouth and took a full bite on his friends shoulder but his friends' two coats were too thick or else his jaws were so weakened by wrestling that they had lost their wonted power, so the friend succeeded in carrying him away, to the great amusement of the crowd.

PARDONING CANADIAN REBELS.
OTTAWA, Feb. 4.—Pierre and Jean Baptiste Vandal, who were sentenced to seven years imprisonment in the penitentiary for having taken part in the late revolts in the northwest, have been pardoned. It is expected that the release of other prisoners confined for the same offence will follow.

ADVICE TO MOTHERS.
MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. jan3d4thawly

Congressional Work.

HOUSE.—Feb. 5.—The Speaker announced the appointment of Messrs. Hammond, of Georgia, and Culberson, of Texas, to fill vacancies upon the committee on American Shipping Interests.

At 12:50 the House went into Committee of the Whole, Mr. Blount, of Georgia, in the chair—on the private calendar. The committee remained in session until 3:40, when it rose and reported various bills to the House, leaving the Fitz John Porter bill standing at the head of the calendar. A number of relief bills and other measures affecting private interest were passed.

Mr. Randall, from the committee on Appropriations, reported the Pension Appropriation bill, and it was referred to the Committee of the Whole.

On motion of Mr. Laird, of Nebraska, a resolution was adopted making the Fitz John Porter bill the continuing special order from Thursday, 11th inst., until Thursday, 18th inst., including the night session of Tuesday evening. The House then at 4:30 adjourned until Monday.

SENATE.—Among the petitions presented and appropriately referred were a number by Messrs. Hoar, Frye, Culberson, Conger, Dawes and Allison from various assemblages of Knights of Labor, praying Congress to open up the Oklahoma lands to settlement, and to establish a territorial government over these lands.

On Mr. Harrison's motion, the morning business was laid aside and the Dakota bill was taken up, on which Mr. Butler took the floor. The debate was participated in by Messrs. Morgan, Plumb, Harrison, Call, Edmunds and Beck. Mr. Butler's substitute was then put to a vote and lost—yeas, 22; nays, 63.

The bill reported from the committee was then passed—yeas, 32; nays, 22. The only Democrat voting in the affirmative was Mr. Voorhees. The negative votes were all Democratic. The bill decides the Territory of Dakota on the line of the 46th parallel of latitude, provides for the admission of the Southern portion as a State under the title of Dakota, and the organization of the Northern portion into a separate territory under the name of Lincoln. Adjourned to Monday.

The Killing of Capt. Crawford.
WASHINGTON, Feb. 4.—It is believed at the War Department that the killing of Capt. Crawford by Mexican troops was the result of an accident, and that the Mexicans fired on his command under the impression that they were hostiles. The statement that the United States troops had stock in their possession at the time of the attack which had been stolen in the vicinity is explained by Lieut. Maus's report that they had just captured it from the hostile Indians.

WESTON EXPECTED TO WIN.
CHICAGO, Feb. 4.—Weston had covered 2,376 miles at 5 o'clock this afternoon in his 2,500-mile walk. O'Leary has not yet put in an appearance, and the contest is conceded to Weston.
