Eggs have advanced to fifteen cents.

A lot of New river mullets were in the city yesterday.

A few oyster boats arrived yesterday evening. The severe cold weather has delayed operations in that line.

The "Jewels" had under consideration yesterday a pile of Beck's speeches. Hope to have a report in a few days.

The last cold snap did more damage to young cabbage than the one in January. Though there is a fair stand yet.

The stockholders of the New Bern and Pamlico Steam Transportation Co. will hold a special meeting at the Cotton Exchange rooms this evening at 3 o'clock.

Our truckers are about done planting garden peas. Mr. J. L. Rhem has put in two hundred acres. The planting is considerable later than last year, though the first shipment may be made sooner.

"Bell's Time" now ornaments the inside balcony of the new court room. It is a handsome eight-day clock, cherry frame, and will, to some extent, win sympathy for the jury if the attorneys will cast their eyes at the dial when they begin their arguments.

We are glad to know that John S. Long, Esq., in behalf of that powerful life insurance company, the Equitable, of New York, yesterday paid to Mrs. Mary Hazard Clark the amount of a policy held by her deceased husband in that company. A most meritorious dispatch.

The *Weekly Record* of Beaufort has reached us. It is a neatly printed paper and contains a great deal of reading matter. We wish the *Record* much success. The following announcement we copy:

The *Weekly Record* is Democratic in politics, and vol. No. 1 makes its appearance without apology. The paper is owned and controlled solely by F. B. Mace and John Forlaw. Subscription cash in advance. MANAGER R. H. GARNER, Associate Editor.

Steamer Movements.
The *Kinston* left for Kinston yesterday with a heavy cargo of general merchandise.

The *Shenandoah* arrived on schedule time yesterday morning and took out a good cargo of cotton, claims and other freights.

The Superior Court.
Court convened Tuesday morning at 9 o'clock, and by 11 o'clock the calendar for the day was exhausted and the jury discharged for the day. His Honor then announced that motions would be heard, when a motion was made for a new trial in the case of Cuthbert vs. N. T. Steamboat Co., which was tried on Monday and a verdict returned in favor of plaintiff. M. DeW. Stevenson, Esq., corporation and W. W. Clark, Esq., for the plaintiff. Motion denied. Defendant appealed to the Supreme Court.
Judge Shepherd dispatches business in a manner which reminds one of the old-time courts. When a case is called it means a trial, non-suit, or continuance, and that quickly. He announced that if the calendar for today don't give more work he will have to move up on it.

Personal.
Messrs. T. A. Green and L. H. Outler attended the meeting of the District Stewards of the M. E. Church at Goldsboro yesterday.
Captain C. D. Foy, with his long white beard, of White Oak, Jones county, was in the city yesterday. He proposes to build another railroad from Pollockville to Dudley on New river, thus connecting the waters of Trent and New. Hope he may succeed and live to take the first ride on it.
Mayor Meadows left for Raleigh yesterday morning to attend a meeting of the State Board of Pharmacy, of which he is a member. Councilman Ellis is exercising the functions of Mayor during his absence.
Mr. A. M. Baker who had the misfortune to break his knee-pain several days since is improving.

Messrs. H. W. Walsh and D. F. Jarvis arrived from Hyde county yesterday evening.
The many friends of Miss Hannah A. Oiler will be pleased to hear of her safe arrival at Englewood, N. J. The trip was pleasant and she suffered no inconvenience from it. We are pleased to hear there is hope of her speedy recovery.

Additions to the Graded School.

Miss May E. Cabo, daughter of W. T. Cabo, Esq., of Stonewall, and Miss Georgiana Smith, daughter of Mr. Geo. W. Smith, of Onslow county, were received at the Graded School yesterday and entered the 5th Grade. The School, we are glad to see, is on a boom. It is doing excellent work and the spring session bids fair to enroll a larger number of students than ever before.

Kinston Items.

The festival is still in full bloom at the Nicol building.

Mr. Green Oberry, an aged gentleman who has worked at the steam-mill business for several years, died at his house, Feb. 5th, after a severe illness of several days.

The regular school fund for the graded school district for the white race is less than \$300 as provided by the general act. This would run the school only about a month, giving us an idea of what our public school would be without special taxes.

Messrs. Gates & Harry Creagh, of Richlands, are in town. The latter has been fortunate enough to see our Onslow school girls, although the rules are against them. Mr. Harry has shown good taste in his selection of a horse and buggy.

Miss Myrtle Taylor and her pupils gave a very enjoyable entertainment at the close of her school, about two miles from town, on last Tuesday, the 2d. They rendered at least, thirty speeches, songs, and dialogues; and nearly all were well learned, showing much work by both teacher and pupils. It is to be regretted that such fine public schools cannot continue at least four months each year.

Misses Bettie and Laura Vinson of Wilson's Mills, Johnson county, are visiting at Mr. Redmon Parker's. They have spent several weeks in our county, much to the pleasure of some of the young gentlemen. One of them, from Pink Hill township, being much smitten, called on them last Sunday and they were not at home. He started in pursuit, and at the last hearing he was inquiring about them from those he met on the road. Not learning that he could soon find them, he stopped for dinner, intending to continue the search.

The Teachers' Association met at the Graded School Building on Saturday, Feb. 6th, 11 a. m. The officers of last year were re-elected. Rev. Israel Hedges was elected Chaplain. Rev. A. J. Hires, Prof. Meares and Prof. Grimesley were appointed a business committee. The incontinent weather causing a small attendance, the orator and essayist were excused at this meeting and requested to respond at the next meeting. "Legibility in Writing," was discussed and illustrated by Prof. Grimesley, Rev. Harding and Hires, and Dr. Lewis. "Should vocal music be taught in public schools?" is the subject for next meeting. Kinston College the place—March 6th—the time.

Our Superior Court was in session until after midnight on Friday night in order to get through with the State docket in time for Judge Gilmer to take the train Saturday morning for Goldsboro, which he was compelled to do in order to reach Kenansville in time to open court on Monday morning. Considerable work was done on the criminal docket, the civil being continued to the next term which convenes in August. In addition to the cases reported last week the following were disposed of:

State vs. Phillip Taylor, perjury, guilty. Judgment: one year in county jail, with permission to county commissioners to hire out.
State vs. L. J. Korngay and C. C. Tindal; affray; defendants submitted, judgment suspended upon payment of cost.

State vs. Jno. F. McCoy; removing crop; not guilty.
State vs. Mary King; larceny; not guilty; prosecutor ordered to pay cost.
State vs. Dennis Blount; A. & B.—two cases—guilty; six months in county jail, with power to county commissioners to hire out.
State vs. Anderson Rountree; removing crop; not guilty; prosecutor ordered to pay cost.

State vs. Ralph Lee; larceny; guilty; six years in penitentiary.
State vs. George Parrott, col.; assault with deadly weapon; guilty; three months in county jail; commissioners power to hire out.
State vs. George Parrott, col.; carrying concealed weapon; guilty; judgment suspended on payment of cost.

The signal service wires between Hatteras and Norfolk have been repaired.
Dr. C. Whitier of California has purchased 78,000 acres of land in Swain county, this State, for \$76,000.

A company of United States troops have been dispatched to the Mexican border, trouble being feared there.
The great walking match at Chicago between Weston and O'Leary, Weston being the victor. The walk was 2,500 and was covered in 54 days.

In Orange Co., Va., marriage license have been issued to Benjamin Creel aged 82 years and Mrs. Ormina Herndon aged 73 years. We think it safe to conclude there will be no interference by parents.

The Dakota bill has passed the Senate by a vote of 82 to 22. The bill is to admit southern Dakota into the Union under the name of Dakotah, and to create out of the northern part a new Territory to be called Lincoln.

Farmers of the different agricultural societies in Virginia are preparing to move on the Legislature for an appropriation of \$15,000 for the establishment of agricultural experiment stations at the three principal colleges in that State.

The reception of Miss Kellogg in Sumpter, S. C., her birthplace, though she had not been there since a child, was a rousing one. The company marched from the depot to the hotel singing "Home Again," Miss Kellogg seeming overwhelmed with delight.

Nothing but superlative intrinsic merit can account for the phenomenal reputation achieved, in so short a time, by Salvation Oil. It kills pain. Price twenty-five cents a bottle.

La Grange Items.

Rev. W. E. Swain preached at Hickory Grove last Sunday, his regular appointment.

Rev. Mr. Greenwood preached in P. B. Church in this place last Saturday, Sunday and Sunday night.

Mrs. Geo. L. Hodges, of Kinston, Miss Alice Hines, of Pitt, and Miss Mattie Rountree, of Lenoir, are visiting in our place.

We saw the largest turnip of the season last Wednesday, shown and raised by W. O. Pelletier, near here. It measured 31 inches in circumference and weighed 11 pounds, the whopiest turnip we ever saw.

We regret to learn that hog cholera is raging seriously in some portions of our county. We learn that several of our Blueberry friends have lost nearly all their hogs, while others are suffering and the end is not reached.

Our town beats creation for law suits. Hardly a day passes without some case being disposed of. Our people must be a "disobedient and rebellious people," or so many examples of the law's mighty force and power against the violators would teach them a lesson.

J. Y. Joyner, Esq., was in our town last Saturday. Mr. Joyner has been licensed by the Supreme Court of the State to practice law, and will, we learn, locate in Goldsboro and become a member of the law firm of Faircloth & Allen. We wish Mr. Joyner success.

A protracted meeting began at the M. E. Church in this place last Sunday night, conducted by Rev. Mr. Mendinial of the Church of Friends, and Revs. Rose and Swain of our place. The meetings will continue through the week, and it is hoped that good will be accomplished.

Notwithstanding the cold and unfavorable weather for farm work, we are pleased to see much work has been done. The plowing is well advanced, and as our farmers have but little fencing to do, or many of them, at least, they will soon be ready to engage in other work connected with the farm.

We wish to explain inasmuch as complaints have been made in regard to the published account of the charade at the Academy a few days ago. We say for ourselves that our report was not what we wished, but was all it could have been under the unfavorable circumstances surrounding at the time. It is impossible to report fully on any public demonstration without "taking notes," and it is impossible to take notes without being favorably situated and properly prepared for that business at the time. This is known to all who have ever attempted anything of the kind. It would have pleased us, as a friend and patron of the school, to have given a detailed account of all the pieces and the names of all those who participated, but our situation would not permit, for which we are not responsible and prefer not to be blamed.

Do Not Be Deceived.
In these times of quack medicine advertisements everywhere, it is truly gratifying to find one remedy that is worthy of praise, and which really does as recommended. Electric Bitters we can vouch for as being a true and reliable remedy, and one that will do as recommended. They invariably cure Stomach and Liver Complaints, Diseases of the Kidneys and Urinary Difficulties. We know whereof we speak, and can readily say, give them a trial. Sold at fifty cents a bottle, by all druggists.

When you see Cad say "jug and molasses, both—d—n the luck!" and he will tell you all about it.

Farmers are making a beginning. I see an occasional plow going, but very little compost making; suppose they are going to buy fertilizers or take it straight.

A negro named Chas. Humphrey was caught stealing meal in the store of J. W. Mills. He was arraigned before E. W. Hargett, J. P., and failing to give the required bond was sent to jail.

One of our clever merchants, who was in New Bern and heard Miss Kellogg sing, says he knows there is a fortune in his grasp. It was my misfortune to be with him on the lonely Q. B. road the next night and will say if there is an old frog in those canals that has partly lost his voice and was ashamed to croak, he will know that he has heard him, and take heart to try again!

Talk about immigration to this State! The greatest drawback to it is the greed of our land owners. They love to own a large plantation. I will venture the assertion, and think the facts will bear me out, that the nine farmers who contended for the corn prize in Georgia made as much or more corn on forty acres as the largest plantation in Onslow county. And what do we care about ensilage when we can pull fodder at a cost of \$1.00 per cwt. and sell it for 50 cts. per cwt.? One acre in ground peas will fatten 500 pounds of pork, which is worth \$30, and \$10 will buy the hogs, or less money raise them; and the same acre in cotton will not make enough to buy the hogs, but who can convince us? There is an old adage which says "live and learn and die and forget all." The consolation will be with us, we will not have much to forget.

Nine Physicians Outdone.
It is generally considered a pretty difficult task to outdo a physician, but the following will conclusively prove where nine were completely outdone. Mrs. Helen Pharriz, 331 Dayton street, Chicago, Ill., was treated for Consumption by nine physicians, and all pronounced her case incurable. Seven bottles of Dr. King's New Discovery for Consumption completely cured her. Doubting ones, please drop her a postal and convince yourselves. Sold by all druggists.

Ordained a Deacon
Dr. J. H. Foy, the founder of Kinston Collegiate Institute, which has been merged into Kinston College and, until a year ago, a prominent member of the Christian Denomination, was, at St. Louis, Mo., January 31st, 1886, ordained a Priest of the Protestant Episcopal Church. The ceremony took place at St. Peter's Church and was conducted by Bishop Robertson, assisted by the rector, Dr. Foy, after a probation of six months, was ordained a deacon and is to take charge of a parish embracing De Soto, Crystal City and adjacent towns.—Itemizer.

A Man Adlicted With the Rabies from the Bite of a Rattlesnake.
JASPER, Ga., Feb. 8.—The condition of Mr. Sylvester Sams, a well-known citizen of this county, excites considerable interest. Two years ago Mr. Sams, while walking over his farm, was bitten by a rattlesnake. He immediately resorted to the native remedy, whiskey, of which he took copious draughts. Nothing more was thought of the matter until six months ago, when Mr. Sams betrayed symptoms of St. Vitus's dance. He was never still, not even in his sleep, twitching his muscles and moving incessantly. Lately he has developed violent symptoms, and has beaten his wife and family, and in fact all who came within his reach. He now acts like a man with a well defined case of rabies, only instead of barking he makes a rattling sound. He has been taken to Canton jail, where a strong guard will be kept over him until the crisis of his case is reached.

A London Mob.
LONDON, Feb. 8.—At seven o'clock this evening all that part of the city in the neighborhood of the National Gallery, Carlton Club and Reform Club, is in possession of a mob. Several faction fights have already taken place among the rioters and the furious mob is now marching through St. James St. and Piccadilly, on its way to Hyde Park to hold a meeting. The mob is cursing the authorities, getting drunk and smashing windows. On its way to Hyde Park the front of the mob made an effort to enter the War Office, but turned away when the sentinel at the entrance confronted the intruders with his bayonet. Conspicuous among the buildings attacked by the mob that occupied by the Devonshire Club, and that occupied as the residence of Arnold Morley, the newly appointed Patronage Secretary. The police along the route to Hyde Park were brushed out of the way by the rioters as so many straws, and many of the officers were terribly whipped for the interference.

Nominations of Postmasters.
WASHINGTON, Feb. 8.—Among the nominations sent to the Senate today by the President were the following: Wm. C. Davis, postmaster at Elizabeth City, N. C.; W. B. Burnet, at Athens, Ga.

Plain Questions.

Mythical ideas are fanning the public brow with the breath of prejudice, ignorance and humbuggery. Have you the remotest idea that your scrofula was created by the use of poison and mercury? No matter what the cause, B. B. B. is the peer of all other remedies. Do you presume that your troublesome catarrh is the result of mineral poisoning? B. B. B. is the quickest remedy. Are your chronic ulcers and boils and sores the result of potash and mercury? Medical gentlemen will not tell you so, but B. B. B. is the only sovereign remedy. Were your terrible kidney troubles created by mineral poisoning? Not a bit of it, but B. B. B. has proven to be a reliable remedy. Are your skin diseases, your eczema, dry tetter, etc., the effect of too much potash and mercury? The medical profession are the best judges, and they say nay, but B. B. B. makes more pronounced cures than all other preparations combined.
