Mr. Riddleberger said he had no objection to any specific measure reported by the committee, but he objected to these "omnibus" schemes by which twenty-nine public building appropriawill tell you something confidentially tion bills on the calendar were taken up if you will use your influence for me on and passed yesterday, without any writreported, were put through on the same day on which they were reported, with out giving time for their consideration.

In offering the resolution, Mr. Hoar said that when the announcement was made yesterday of the great public calamity that had occurred in the death of the illustrious citizen named in the resolution, the Senate, very properly followed all precedents in late cases, and what Mr. Hoar was sure would have been in accordance with the desire of the distinguished deceased; that is to say, the Senate proceeded with public 20.00 business; but it was proper that proceed-20 00 ings should at once be initiated for paying fitting tribute to the memory of the 9.63 deceased.

The resolution was agreed to.
On motion of Mr. Call, the Senate took up Mr. Eustis' recent resolution calling on the Secretary of the Treasury for information as to the refusal of the Assistant Treasurer at New Orleans to receive shipments of silver and to issue silver certificates therefor. Mr. Call, while not objecting to the resolution, defended the action of the Treasury officials in the matter referred to. He also de-fended the order issued by the Treasurer to the Assistant Treasurer at New Orleans, to the effect that that officer should not receive or receipt for more silver money in one day than the clerical force could count on that day. Any other order, Mr. Call said, would lead to loss by the Government. He had been informed by the Treasurer that in 74.40 one case the Government had been held responsible for a discrepancy of \$25,000, 8.00 growing out of the fact that receipts had been given for money "to be counted."

The resolution was discussed by Messrs.

Coke, Beck, Teller and George.

Mr. Eustis said he had telegraphed

Mr. Roach at New Orleans to ascertain Mr. Roach at New Orleans to ascertain the purpose of the bank shipments of silver. His reply, today received, was as follows: "Shippers sought to get rid of excessive silver by shipping to the sub-treasury and asking that silver certificates therefore should be turned over to their New Orleans correspondents. The sub-treasurer declined to receive from the express company, because, first, he doubted the propriety of the treasury becoming the intermediary between country and city banks; second, for the lack of clerical force. I feel assured that provisions for sufficient clerks would remedy everything.

EVENING SESSION

The special committees submitted their reports, and some discussions of a very entertaining nature were had upon various matters presented to the body. A short time was spent in hear-ing brief reports from each lodge in the State, upon a call of the roll. A variety of suggestions were offered by the speakers, and much important information was exchanged, which will be beneficial to each worker in the order. These brief, informal reports gave a fair insight into the condition of the order in the State, and the status and condition were found to be very satisfactory. The reports from the 'county lodges' were particularly gratifying, showing a sub-stantial zeal in carrying forward the principles of friendship, charity and benevolence upon which this order is founded.

The election of officers for the ensu ing year resulted as follows: S. C. White, G. C.; Nathan O'Berry, G. V. C.; W. L. Jewett, G. P.; John L. Dudley, G. K. R. S.; R. T. Scanlin, G. M. E.; C. D.
