of Mr. Wheeler's style and method one man and a mule it has picked of treatment:

One night, in the New York Academy of Music, after our friend (Mr. Ingersoll(had denounced religion, ridiculed reverence, and performed his spiritual clown trick on the mercy seat of every one's seusibility, two rough looking young men were coming down the stairs, one of whom accosted the other

"Well, Bill, he made a clean sweep of it eh? There ain't nothing the only thing about the plant that

her grip of me.' somewhere who had woven her example and her love into the fibre of his manhood, and he couldn't quite get away from her; and, somehow, all the irreverence of that lecture seemed to strike at her. And that old woman sits in the hearts of millions, answering this sentimentalism with her mute but eloquent example. I have seen her everywhere, poor, careworn, sitting with her hands folded. Her work is done and she is waiting for eternity. Precipital for her. I've heard the dying wretch in the hospital murmur with stiffening lips, as he passed out inmother. I've seen the wildest de- row. As the machine starts the bauchec, in the orgies of his sin, upright cylinders revolve. These brought up and sobered as some in turn start the stems with their wave from the past washed in upon hidden hooks, to whirling round in his soul and brought with it the opposite directions. As they reach hand. Honest chivalry could not square inch of it. The closed bolls hand. Honest chivalry could not do less. The very seams and scars upon her face are beautiful, noble, memorial; I look into your watery but uncomplaining eyes, and remember how you poured all the affinence of a mother's heart upon your boys—how you went often hungry and thinly clad—how you clang to them with something like desperation—how many tears you shed that they never saw, how many wounds you bore that they

never felt! I salute you, Christian a huge bag and drops it. The mother of America! You believe touch of the stems on the plant, in God; poverty cannot dim the lus- while persistent, is so gentle that bend the fibre of your faith. Your example, your precepts, your character have passed into the generation, and when anything more dangerous than sentimentalism as though every particle of lint was commandments nor practiced all your precepts, will rise up from one derfully successful. One skeptic sea-washed limit of the Republic to said, "Has the thing got eyes?" have left behind."

else of earth had forsaken the over the world. and races have become extinct, but crop after the next. these little streams have widened and deepened till they encircle our sweeten myriads of arid hearts."-Boston Advertiser.

Picking Cotton by Machinery

The last issue of the Southern Bivouac was an admirable article opinion? Why not bring the matter on Mason's cotton picker. The text is fully illustrated, and justifies the hope that we shall soon pick our cotton crop by machinery, at STEAM TRANSPORTAT'N CO one-third the present cost.

The disappearance of Mason's picker from public view for the past patents, and that having perfected man of the world of purely secular against a cost of one dollar a bale, training.

The following is a good illustration in the process of the The following is a good illustration in the presence of experts. With

which Mr. Mason proceeded is that the lint is fibrous. It is the only fibre on the stalk. It is therefore would sink into crevices, or pene-"Well, I don't know,' replied the trate slits made in a smooth surface other; 'I kinder feel that the old rolled over the plant. Acting on woman's there yet. She ain't lost this idea Mr. Mason made a series of round hollow stems. At frequent "I thought of this," continued intervals in these stems he made UPHOLSTERY GOODS. in the presence of experts. With one man and a mule it has picked 2,000 pounds of seed cotton a day. Mr. Mason says he can double this, and make it pick three bales a day. The difficulty of picking cotton by machinery has been the inventing of a machine that might separate the lint from the stalk and leaves, bring it away and leave everything else. The principle on which Mr. Mason proceeded is that
