### BUSINESS LOCALS.

**WANTED**—Board for lady and gentlemen, with private family. Address P. O. Box 457.

Job-work executed with neatness and dispatch at the JOURNAL office.

The frost, so far as we can learn, has not damaged the pea crop and other truck near the city.

H. B. Duffy renders an excuse, a good and lawful one, for the non-appearance of his advertisement today. He will let the people hear from him soon.

In Mr. J. V. Williams' letter yesterday was a typographical error. The price of truck for half barrel crates to N. Y. and Philadelphia should have been 25 instead of 20 cts.

Herbert Thomas, a little son of Hon. C. R. Thomas, who had the foresinger of his right hand so severely mangled by shutting a door a few days ago as to cause amputation of the first joint, is doing well.

The gross receipts from the Bon-Bon party at Stanly Hall on Wednesday and Thursday nights, under the auspices of the M. E. Church Working Society amounted to about \$200. It was a most pleasant affair, and we are glad to know that the receipts were highly satisfactory.

Moore & Brady are making land rapidly at their cannery establishment at Union Point. The south side and eastern end of the building is now protected from the waves by the huge piles of shell that have been dumped. Such manufacturing industries as this build up the trade of a town and gives employment to the needy. We need more of them.

In response to an appeal from a member of "The Historical Debating Society," a colored organization in this city, we give space in today's issue for him to make a correction which appears elsewhere. The Society is discussing questions of vast importance; the next thing to discuss is, "Resolved, That a dish cloth is more use to a house than a wife." The particulars of the Carrollton tragedy will also be explained at that meeting.

**Personal.**  
Charles R. Thomas, jr., of Beaufort, spent a few days in the city last week. He is prominently spoken of as the next Democratic candidate for the Senate or House of Representatives from Carteret. He would make a very worthy representative in either branch of the General Assembly, and we hope to see him nominated.

**The Result of Persistent Work.**  
We are informed that two Russian peddlers have canvassed the counties of Jones and Onslow and within a very short time collected a thousand dollars worth of furs at Polkville. How many young men in New Berne who are waiting for a job had any idea there was a hundred dollars worth of furs in these two counties? Yet these two industrious peddlers get out and collect a thousand dollars worth and no doubt make a handsome profit.

**The State Horticultural Society.**  
We have received the report of the North Carolina State Horticultural Society for the year 1885. It contains the discussions of the fruit growers at a meeting held at Raleigh, December 1st 1885, which meeting was for the purpose of making a list of fruits suitable for cultivation in the State.

In discussing grapes we notice the Spupperong is not mentioned. Perhaps it was because this grape is so well known in North Carolina that it was considered a waste of time to discuss it, or it may be that our old friend, Capt. S. W. Noble, of Wilmington, was not present to tell them of the good qualities of this kind of grapes in the East.

This Society, which is the successor to the Fruit Grower's Association is capable of doing, and is doing, a vast amount of good for fruit growing in the State. We believe more good could be accomplished, however, if there was an Eastern organization, combining both fruit and truck. We have thrown out this suggestion before and it has been endorsed by several prominent fruit and truck growers but we have yet to find the man to inaugurate it.

One of Baltimore's foremost commission merchants, Mr. W. Edwin Chipchase (of Chipchase Bros.) writes:—A few days since I sprained my left foot, the pain was so severe that I could hardly walk at all. I saw your Salivation Oil advertised, so determined to give it a fair trial. A few applications relieved me entirely and my foot is now as strong as ever. For the relief and cure of sprains and inflammations I regard it as a preparation of great merit.

### BRIEFS.

It is thought there is a case of leprosy in Yadkin county, this State. The estimated amount of life insurance in the United States is \$2,000,000,000.

At a political gathering in Laredo, Texas, a riot occurred in which five persons were killed and a number wounded. Four of the killed were Mexicans.

Mail advices from Hong Kong report that a dangerous anti-foreign feeling has been created at Canton by the news of the anti-Chinese persecutions in the United States.

In the April 5th issue of the *Southern World*, a handsomely printed paper published at Jacksonville, Florida, is a beautiful illustration of the mountain scenery in the western part of this State.

"Gymnasiums are great nuisances for boys and men who have any life in them for work and exercise. Very often permanent injury is sustained by boys in their spine and abdomen. The fact is, gymnasiums are dangerous to the bodies and limbs of boys. Men and boys who want or need exercise can very easily get it by sawing or cutting wood, hoeing the garden or ploughing the fields. No man or boy who is not too lazy to work has any use for 'dumb bells,' 'weights' and 'pulleys.'" —Charlotte Democrat.

[Now that editor has no privilege to a gymnasium, or he has forgotten when he was a boy. There is a gymnasium in New Berne in connection with the Y. M. C. A. of this city, and so far, it has been a success. We have seen many young men with pale faces and colorless cheeks, with drooped shoulders and limbs that are spare for want of development, with sunken chests breeding consumption; and, instead of a nuisance, we deem the gymnasium a great blessing. If all young men and boys were engaged in labors that would furnish proper physical exercise, then there would be but little need for the gymnasium. The work of the majority of young men in towns and cities does not furnish this, and if the exercise to be gotten only by sawing wood, hoeing in gardens and the like at their spare time, is relied on, it will be left undone. As for accidents, every vocation of life has its risk. Of course injuries have been received in gymnasiums, a boy with ambition has the spirit in him to excel, and will at times, overstrain himself, but would he not be guilty of the same offense in a contest at the buck saw or wielding the axe? Boys want some place to enjoy their leisure moments, the gymnasium has been advanced for this purpose, and is it not better than many other places where they would be otherwise attracted? We want less round shoulders, and more erect forms with full chest that add so much to the appearance of persons.]

### List of Letters

Remaining in the Postoffice at New Berne, Craven county, N. C., April 11th, 1886.  
Wiley Allen, care Edward Clarks; Clary C. Clark, Edward Carburn; Jimmie Green; Comphre Hatciff; R. McFayling; Joseph Gyms; Ellis King (Eld. St. Mary's church); Mary Manning; William Neal.

Persons calling for above letters, will say advertised, and give date of list.  
M. MANLY, P. M.

The Republican voters of the 5th Ward are requested to meet at the Samaritan hall on Queen street, near the corner of West street, Monday evening at 8 o'clock, April 26, for the purpose of nominating a candidate for city councilman for the ensuing year.

J. W. HARRILL, Chm.

### ADVICE TO MOTHERS.

MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

### Stonewall Items.

Mr. W. A. Harvey is at Bayboro doing up all who wish to try their hand horse trading.

The schooner Alexander Wiley, Beecham master, left on the 7th with a load of lumber from A. H. Whitcomb's mill for Philadelphia.

Alf Styron and Harv Carrow, of Washington, N. C., were with us Saturday prospecting for steam communication direct with Norfolk. New Berne had better look out for her interest. It would be a welcome line for our people.

On the 7th inst., in the Methodist Church in this place at 7:30 o'clock p. m., Rev. J. T. Brogden officiating, Jas. B. Ferabee and Miss Hattie Jones, formerly of Reidsville, Beaufort county, were married. If there is any single lady who would like to change from single to double gearing, let her come to Stonewall and try her luck.

In 1860—the year I moved to this county—there was not a bale of cotton ginned in the bounds of Pamlico; this year, in this place alone, C. H. Fowler has had baled 400 bags at his gin and has on hand enough to make 20 bales not ginned, besides what F. F. Cherry has baled at his gin. Cherry has one of the Moore county gins lately put up from which he supplies his customers with gins to suit the most fastidious. It is a complete mill.

**Corrected.**  
MR. EDITOR:—Please correct the statement that appeared in the *People's Advocate* in its last issue. In the Historical Literary Debating Society, on Tuesday evening the subject for debate was: "Resolved, That slavery had done more injury to humanity than intemperance." The subject was argued by Messrs. J. W. Telfair and W. A. Sutton in the affirmative and I. H. Smith and I. Harris in the negative. The points made in the affirmative were 7, in the negative 9. The *Advocate* had it backward.

It was a wise one that said: "Every man is occasionally what he ought to be perpetually." That must be when he is honest enough to acknowledge the merits of Dr. Bull's Cough Syrup, the only sure cure for coughs and colds.

### Congressional Work.

SENATE—April 8.—Immediately after the morning business the Senate, on motion of Mr. Voorhees, took up the Congressional Library bill, recently passed by the House. The bill was at once passed without amendment or debate. The Senate then considered the bill granting to the Kansas and Arkansas Railroad Company right of way through the Indian Territory. The bill passed—yeas 36, nays 8.

At 2 o'clock the bill for the admission of Washington Territory to statehood was laid before the Senate. A debate followed as to the order of precedence. Finally Mr. Frye obtained unanimous consent for the consideration of the fisheries resolution tomorrow after the morning business.

Mr. Voorhees then took the floor and advocated the adoption of his amendment to the Washington Territory Admission bill. Mr. Voorhees' amendment consists of an enabling act for the admission of Montana.

Messrs. Platt and Harrison opposed the amendment.

Mr. Voorhees' amendment was defeated by a party vote. Yeas, 19; nays, 23.

The Democrats voted for and the Republicans against it.

After further debate by Messrs. Hoar, Edmunds, Beck, Platt, Butler, Brown and call, the bill went over and the Senate, at 6 o'clock, adjourned until tomorrow.

HOUSE.—A communication from the Acting Secretary of the Treasury enclosing a draft of a bill authorizing the cancellation and destruction of securities, mutilated in printing or the excess required for issue, was laid before the House and referred.

Mr. James, of N. Y., called up the Silver bill.

Mr. Dibble, of S. C., said he was opposed to the unlimited coinage of silver at this time.

Mr. Herbert, of Ala., declared that in the President and in the success of his Administration lay the hope of Democratic ascendancy, and he had no sympathy with the Democrats who seemed to think the hope of Democracy lay in the destruction of the present Administration.

Mr. Tillman, of S. C., advocated the unlimited coinage of silver and Mr. Little, of Ohio, took the opposition view.

Mr. Crown, of Pa., spoke in support of a double standard and in opposition to the suspension of coinage.

Messrs. Hiscock and Hewitt spoke in opposition to continued coinage.

Mr. Bland then obtained unanimous consent to withdraw his motion to recommit the bill.

Mr. Dibble, of S. C., offered an amendment providing that unless in the meantime, through the concurrent action of the nations of Europe with the United States, silver be remonetized prior to July 1, 1889, then and thereafter coinage provided by the present laws shall be suspended. The proposition was defeated—yeas 4, nays 201.

The question then recurred on the passage of the bill, which provided for the unlimited coinage of silver, and it was defeated and the bill killed by a vote of 121 yeas to 163 nays, Virginia members voting as follows: Brady, Cabell, Croxton, Daniel, O'Ferrall, Trigg and Wise in the affirmative, and Barbour and Tucker in the negative.

At 6:30 the House adjourned.

Politically the vote stood—against Republicans 92, Democrats 71—63. For unlimited coinage, Republicans 30, Democrats 98—126.
