BUSINESS LOCALS.

WANTED—Board for lady and gentlemen, with private family. Address P. O. Box 547.

Job work executed with neatness and dispatch at the JOURNAL office.

Celia Ryan, col., was sent to jail yesterday as a lunatic.

A large shipment of radishes was made yesterday per *Shenandoah*.

The steamer *Stout* arrived from Baltimore last night with a cargo of merchandise.

The steamer *Carolina* arrived from Snow Hill yesterday evening with a cargo of cotton.

Two cases of disorderly conduct were before the Mayor yesterday. They were fined \$2.00 each and cost.

The steamer *Defiance* left yesterday for Baltimore with a cargo of cotton, naval stores, canned oysters, etc.

The *Shenandoah* made regular trip yesterday, bringing in a good cargo of general merchandise and taking out cotton, truck, etc.

Mr. H. Sperling's old store on Middle street is being torn down preparatory to the erection of a brick building. Mr. J. A. Simpson is the contractor.

The district court of the U. S. will convene in this city on Monday, the 26th inst. Jurors and witnesses will not be called until Tuesday the 27th.

T. M. Constable, Esq., who has been here for a few days on business and pleasure combined, left yesterday on the *Shenandoah* for his home in Norfolk.

There will be a business meeting of the Y. M. C. A. held tonight at their rooms. Associate, as well as active members, are requested to be present.

"The Cotton King" is the name of a cotton cultivator at Dail Bros. store. It is manufactured by M. C. D. Pate at Snow Hill and is said to be a valuable farm implement.

The spikes were being set yesterday by the hands on the A. & N. C. R. preparatory to changing the gauge. The work of changing on this section between this city and Morehead City will begin tomorrow.

The lot and building of Manwell & Crabtree's machine shops, including machinery, was sold yesterday. Mr. Jas. Manwell being the purchaser of the lot and building and the most of the machinery.

Sheriff Hahn's new jailer has been setting his house in order and makes quite a different showing from that made sometime since. The jail yard as well as the cells on the inside is being cleaned up and presents a more wholesome appearance.

The reading rooms of the Y. M. C. A. are a very pleasant place to visit, provided you can leave when you wish. Two young men the other day were unintentionally locked in by some mischievous person and found difficulty in making an exit.

The cotton sales at the Exchange this season are already more than two thousand bales in excess of last year. A close observer estimates that the increase in the number of bales sold here about balances with the decline in price, and, therefore, the crop put about the same amount of money afloat.

Messrs. Carl Hughes and Robert Primrose have opened an office adjoining the cotton platform and will solicit consignments of truck. The office is handsomely decorated with pictures and paintings and will prove a pleasant place to "drop in" and ascertain latest news from the markets and where to ship for best prices. Success to the young gentlemen.

Strangers in the city who take occasion to visit the rooms and gymnasium building of the Y. M. C. A. express themselves highly pleased, especially with the appearance of the reading rooms. These are under the supervision of the library committee, Messrs. Shackelford, Sliver and Ellis, who take a great deal of pains in keeping them neat and tidy.

Interesting Services.
The series of sermons at the M. E. Church by Rev. L. W. Crawford, on the last six days of the Saviour's work on earth, are attracting large crowds. The subject last night was the Saviour's work on Monday before the crucifixion—the blessing of the fig tree, the driving of the money changers out of the temple, healing the sick and giving sight to the blind. The lessons drawn from these incidents were touching and impressive.
Services again this evening at 4 o'clock and at 8 tonight.

Change of Schedule.
A change of schedule on the A. & N. C. R. R., will be made on and after Monday the 19th inst. Leaving Morehead City an hour earlier than at present going West and East bound trains will run on the present schedule. This is on account of the work of changing the gauge and will be temporary.

Poetical.
A gentleman of this city, who has a poetical turn, insists that we should publish for one time, the following lines: "And still they gazed, and still the wonder grew That one small head would carry all he knew."
We don't know to whom he makes the application, but he holds himself strictly responsible for its insertion in these columns.

Let the Whistles Blow.
There is more blowing to the amount of commerce in New Berne than in any other town in the United States, said a gentleman a day or two since on being annoyed by the continual whistling of the river boats. This may be so, but upon reflection we find that our steamboats have considerable to blow for. It is not the river boats alone that blow; besides these we have the elegant *Shenandoah* here promptly two days in the week, the *Goldsboro*, the *Stout*, the *Experiment*, the *Defiance* and the *Elm City*, that carry freights to points North, all do their share of the blowing, besides Meadows' grist mills, Ellis' rice mill, Dennison's cotton seed oil mill, Congdon's, Stimson's and the Radcliff saw mills, and Moore & Brady's cannery, Cawman & Thompson, Manwell & Crabtree's machine shops, railroad shops and E. G. Cuthbert's machine shop, all blow, and they all have something to blow for.

Let 'em blow; they are a part of the life of the old town, and when we come to enumerate the amount of work they are doing we are surprised that they blow so little.

The New Berne and Beaufort Canal.
Commodore Marshal Parks arrived on the steamer *Shenandoah* yesterday and will, in company with Capt. W. H. Bixby, of the U. S. A., who has charge of certain river and harbor improvements in North and South Carolina, and other citizens visit the New Berne and Beaufort canal today.

The failure of the river and harbor bill at the last session of Congress has delayed the government work on the approaches to this canal, so that the work done by the company has not as yet resulted in any practical benefit to the community. Mr. Parks and Capt. Bixby are going down for the purpose of making an examination and ascertain if possible how to make the appropriation already on hand the most available. When the government work is begun on the approaches to the canal it will be but a short time before boats drawing five feet of water can pass through.

An effort is being made by Hon. Thos. G. Skinner to have this canal divested of its local character and made of National importance. If it can be made a part of a great inland route from Maine to Florida there is probably some hope of obtaining an appropriation of some consequence.

BRIEFS.

The bill for the admission of Washington Territory into the Union, has passed the Senate.

Lynchburg, Va., is preparing to celebrate, October next, the centennial of its founding.

At a fire in Lawrence, Mass., the walls of a seven story house fell, burying ten persons.

The British steamship stranded on Frying Pan Shoals, has been floated by the wreckers. She will proceed to Baltimore for repairs.

The trial of Maryland dredgers for taking oysters from Virginia waters has resulted in acquittal of all except the captain, who was fined \$500.

The bursting of the skating rink boom was hard on boxwood dealers. It is stated that fully 150 tons of Turkey boxwood for American account are lying at London, stopped there by cable last fall.

An estimate of the earth's weight has been placed at 4,855,000,000,000,000 tons. Such statistics as these are calculated to make the president of a fat man's club realize the utter smallness of human achievements.

The Cincinnati *Graphic News* sends out in supplement an illustration of the much-talked of "Peach Blow" vase which recently sold in New York for \$18,000. It is an exact reproduction in size and color, showing a graceful ovoid shape, with slender neck and slightly spreading at the top which gives perfection in form and texture. Its height, exclusive of carved stand, is eight inches and diameter three. The peculiar peach-bloom color, is what gives it its value.

Interesting Services.
The series of sermons at the M. E. Church by Rev. L. W. Crawford, on the last six days of the Saviour's work on earth, are attracting large crowds. The subject last night was the Saviour's work on Monday before the crucifixion—the blessing of the fig tree, the driving of the money changers out of the temple, healing the sick and giving sight to the blind. The lessons drawn from these incidents were touching and impressive.
Services again this evening at 4 o'clock and at 8 tonight.

Congressional Work.
SENATE.—April 10.—At 1:30 the Washington Territory Admission bill was passed without substantial amendment—yeas 30, nays 13. The Senate then adjourned until Monday.

HOUSE.—Bills were passed for the establishment of a light house at Croatan, North Carolina; for the construction of a supply steamer for the Atlantic and Gulf coasts; for a light-ship at the entrance to Chesapeake bay, and for range lines near Pensacola. On one light house bill, at the instance of Scott, of Pennsylvania, an amendment was incorporated repealing any law which prohibits the employment of persons over forty-five years of age in the light house service.

The bill to establish sixteen additional life-saving stations gave rise to some discussion, opposition to it being based upon the fact that life-saving stations already authorized to be established could not be constructed for ten years. Mr. Davis, of Massachusetts, made an earnest appeal in favor of the bill and it was finally passed. Adjourned.

The Republican voters of the 5th Ward are requested to meet at the Samaritan hall on Queen street, near the corner of West street, Monday evening at 8 o'clock, April 26, for the purpose of nominating a candidate for city councilman for the ensuing year.
J. W. HARRELL, Chm.

La Grange Items.

The weather is pleasant and spring-like.

Mr. W. R. Jones, of Goldsboro, was visiting in town last week.

J. F. Mewborn was here last Monday looking up cotton, we suppose.

The season is far advanced, but the demand for fertilizers still goes on.

Joseph Wells has moved his dwelling house out and to front on Caswell street.

Services at the M. E. Church last Sunday and Sunday night by Rev. W. E. Swain.

Neuse river is on a big rise. The fall of the water is expected to bring a good run of shad.

Many strangers were in town last week attending the athletic games at the Davis School.

D. R. Jackson, of Kinston, spent a few hours in our place last Friday. David gives us an occasional call.

Col. Davis is fully established in his new "mess hall." The building is commodious, convenient and well arranged.

C. W. Joyner has bought out the firm of Joyner & Taylor, and will, we suppose, carry on the business at the same place.

Geo. W. Brout, Esq., of Wilson, and Dr. Brooks, of Black creek, were here last Friday visiting their sons at the Davis School.

Miss Potter, of Green, was visiting Mrs. Dr. Hodges last week. Several others of the fair sex were in town whose names we did not learn.

The old store house of Britt & Taylor has been moved out, or in, to make room for the new brick store upon which work will begin in a day or so.

There are two or three dwelling houses unoccupied in our little village, that could be rented at a bargain. One recently purchased by Mr. J. E. Sutton, near the L. C. I., would be very convenient to any one desiring to patronize that institution.

The annual sermon at the L. C. I. will be preached by Rev. T. J. Ogborn, President of the North Carolina M. E. Conference, at 11 o'clock Sunday, June 15th, and the annual address will be delivered Tuesday, June the 15th, by Rev. Dr. Whitfield, pastor of the Baptist Church in Goldsboro.

Last Wednesday was a big day for drunks in La Grange. Brad Brown says there was seventeen drunk besides himself, and we think it safe to put him down as two, as he got about more than any other two. We are at a loss to account for this wholesale spreeing at this season.

The athletic games at the Davis School last Friday and Saturday were very well attended and gave visitors quite an entertainment. The following is the programme and winners:

- FIRST DAY.**
1. 100 yards dash; won by J. H. Flowers. Time 1:02 seconds.
 2. One mile walk; won by S. R. Dunn. Time 9m. 31s.
 3. Three-legged race, 100 yards; won by Hargrave and J. E. B. Whitfield. Time 1:34c.
 4. Running broad jump; won by W. A. Brooks. Distance 18ft.
 5. One mile run; won by A. F. Moses. Time 5m. 37s.
 6. Pole vaulting; won by A. L. Ormond. Height 9ft. 4in.
 7. Sack race; won by J. A. Street. Time 23s.

- SECOND DAY.**
1. 440 yards dash; won by J. H. Flowers. Time 1m. 13s.
 2. Throwing base ball; won by E. H. Sugg. Distance 97yds. 2ft 6in.
 3. Three mile run; won by M. D. D. Herring. Time 23m. 4fs.
 4. High jump; won by J. H. Eaton. Height 4ft. 10in.
 5. Potatoe race; won by S. M. Crisp. Time 1m. 55s.
 6. Throwing hammer; won by A. L. Ormond. Distance 70ft. 3in.
 7. Hurdle race; 140 yds; won by J. E. B. Whitfield. Time 19s.
- The speech of Rev. Geo. W. Sanderlin in presenting one of the prizes is very highly complimented.

ADVICE TO MOTHERS.
MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.
jan24dtuatwly

NEWS BY MAIL.

ALL QUIET AT LAREDO.
LAREDO, Tex., April 10.—Gen. Roberts, commander of the State troops at San Antonio, is here with two companies of militia. He says he will not report either the city marshal nor the county sheriff, but will simply preserve the peace in case of mob violence.

Sheriff Sanchez says the "Huaraches" party fired first in the late bloody riot. Gen. Roberts has made a report to Gov. Ireland, in which he says that both political factions have been at fault. No arrests have yet been made.

THE PENSACOLA NAVAL EXERCISES.
PENSACOLA, Fla., April 10.—The fleet was called to quarters at 9 o'clock last night. The display which followed filled the city with enthusiasm. The bay was a sheet of flame. The houses of the city shook with the roar, while fireworks, colored lights and signals added to the exhibition. On Monday the fleet will engage in a boat drill. On Tuesday the naval brigade will land from boats assailing the troops entrenched on land under the guns of the man-of-war Yantic. The assailing force will be covered by the guns of the Squadron, which will shell the troops on land. The marines, blue-jackets, artillery and pioneers will remain in port for a week or ten days. On Saturday next or Monday following—the exact date not being fixed yet—a sham battle will be fought on shore.

FAITH MEETINGS IN VIRGINIA.
UPPERVILLE, Va., April 10.—An interesting series of faith meetings are being held in the house of Geo. H. Ayre, near this place, conducted by Mr. Ayre's wife and others. So far the meetings have been crowned with success. More than sixty souls have professed conversion and ten or fifteen healed. Many Christians, by consecrating themselves and theirs fully to God, have received the gift of the Holy Ghost by anointing with oil, laying on of hands and prayer. These meetings were first held in the Methodist Church of this town, assisted by a Mrs. Perry, of Baltimore.

NO DISCOURTESY SHOWN THE CHINESE MINISTER.

WASHINGTON, April 9.—Collector Hager of San Francisco telegraphs to Acting Secretary Fairchild that no discourtesy was shown the Chinese Embassy. He says they arrived in advance of time, and every facility to land was extended. They made no complaints. They landed by direction of the Collector. Before leaving the ship the Envoy expressed thanks to the Surveyor in charge for the courtesy shown him, and invited the Surveyor to call upon him at his hotel.

WILL NOT ACCEPT THE ADVANCE.

PITTSBURG, Pa., April 11.—The coal-miners of Pittsburgh district who were recently granted an advance from 2 1/2 cents per bushel for mining, have voluntarily notified their employers that they will not accept the increase until May 1, when a general demand for the 2 1/2 rate will be made.

Nowadays a frequent and painful disease, rheumatism, can be permanently cured by Salvation Oil. All druggists keep it. Price 25 cents.

ON ACCOUNT OF PRESS OF Business, IN Making Sales, AND Ordering Lines of Goods

Notice.
To ALL WHOM IT MAY CONCERN:
Whereas Certificate No. 679, for five shares of the Capital stock of the Wilmington and Weldon Railroad Company, issued to J. H. Flanner and belonging to him at the time of his death, has been lost or mislaid, and whereas application has been made by me to the said Company to issue a new Certificate; Now, therefore, all persons are hereby forbidden to buy or trade for the same.
JOSEPH FLANNER, Adm'r
ap13dwtw of J. H. FLANNER, dec'd.

Steamer for Sale—Cheap
A very light draught, stern-wheel steamer-boat, double engines, carrying fifty to seventy-five bales of cotton, besides passengers; boiler nearly new, machinery and boat in perfect order, is for sale cheap. This boat draws about two feet, runs seven miles per hour, requires but three men—Captain, Engineer and Cook—burns half-cord of wood in twelve hours, and runs at expense of \$1.50 to \$1.00 per day. She is exactly adapted for work on the Trent or Contentines rivers, and will be sold to responsible parties on the easiest terms, and delivered at New Berne free of expense to purchaser.
Address J. C. W., Box 431, New Berne.
ap9dtd

Evergreens and Roses.
