BUSINESS LOCALS.

Good Friday.

The repairs on the M. E. Church are about completed and services will be held there tonight.

The steamer Deflance arrived from Baltimore yesterday morning with a cargo of general merchandise.

The steamer Kinston arrived from Kinston yesterday with a few bales of cotton and a lot of sweet potatoes.

Procure seats for the Ida Serven entertainment. The prices are low and the entertainment, from all reports, first-class.

Mr. Hassell, the "Bee Hive" man at the postoffice "set 'em up" yesterday from his new soda fountain. It is a good place to "cool off."

L. Wallnau comes to the front with a new advertisement this morning. He quotes prices and will show goods with pleasure when customers call.

We have received a copy of Senator Vance's able and timely speech on Civil Service. It is a good document and we may draw on it occasionally as the outrage proceeds.

The steamer Elm City has made a change in schedule by which she will leave at 10 p. m., hereafter. This will give the truckers an opportunity to utilize the whole day in preparing shipments and the General Manager guarantees quick trips.

The change of gauge reached Tuscarora last night and is expected to reach the city today about 4 p. m. A party of gentlemen took a trip up the road yesterday to where the hands are at work and report the work progressing rapidly considering the number of hands at work. They also report the road bed in splendid condition as far as

A Good Suggestion. A gentleman throws out a suggestion, published in another column, that the people of this city, and of the 2nd Ward in particular, desire the return of Mr. E W. Smallwood as a member of the board of city council for the ensuing year. Mr. Smallwood has made a very efficient member and we see no reason why he should not be returned as an associate, if he can be prevailed upon to accept it. It is very true he was defeated for the nomination in his ward, but it is well known in the city that the nomination was not made upon the individual merits of the two candidates before the primary meeting, as both are very efficient members of the present board. He was beaten for the nomination because the friends of his opponent got in the field first and worked the hardest. Mr. Smallwood was not brought out by his friends until the others had can vassed the ward. Both have made good members during the past year, and we have no doubt it is the wishes of the people that both shall remain members

The Doctors Coming.

Our citizens should not forget that the Doctors are coming to see New Berne on the 18th of May. Whether or not the old town needs the services of so many physicians at one time to cure her of her lethargy, we will not venture to say, but we must welcome them in a manner that will do honor to the City of Elms. About one hundred and fifty will be in attendance, and they will be from all sections of the State. Tracy, of Buffalo, N. The 10th of May.

The Wilmington Review in noticing the memorial services to be held in this city on the 10th of May, says:

"Col. Hall's subject will be the 'Bat-tle of New Berne,' an action in which he took part as Major of the 7th N. C. Infantry, and which he will doubtless describe in a way that will be interesting and valuable as a contribution to the history of the early days of 1862."

The report accompanying the bill states that nearly 2,000,000 men and women have petitioned the legislatures of the different States for similar laws and up to the present year the wishes, of the people have been complied with in fourteen States. As an evidence that people earnestly desire a law like the one suggested, the committee points to a fact that petitions bearing on their face the names of 71,276 persons have been pre-sented to this Congress asking for its enactment. The effect of similar laws in different States where they have been in force has, in the opinion of the committee, proven most salutary. Such laws lead to progress and serve to check the threatening evil to humanity and general welfare. The report argues that the bill invades no right of self-government. government. The measure had the vital merit of inviting no political significance of the people. It was difficult to see how any objection could be raised to such a statute, except by those who feared to have the next generation educated upon a subject universally recognized to be of most vital importance to individual health and social security.

Mr. Storm, of Penn., from the Committee on Civil Service Reform, reported a bill amending the statute so as to give

the law; and the committee thinks that the demand is just and reasonable. A minority report is submitted by Messrs Clements, of Ga., and Blanchard, of La., in which argument is made that an amendment of the law would be a violation of the alleged fundamental prin-ciple of the civil service law, that appointments should be made alone upon merit, ascertained by competitive ex-

amination. House went into Committee of the priation bill.

Bayne and Scott, of Pa., took a different view of the case. who was satisfied that possession of the Peninsula by the United States was an element in the work of improving the harbor of Erie, and a motion to strike out the proviso was rejected by the Committee. A number of motions to strike out items already in the bill, and to insert new ones and to increase others ever was made in the bill as far as prog-ress was made. Mr. Skinner, of N.
