"Bill Arp" tomorrow night.

P. H. Pelletier, Esq., assignee, gives notice of sale of goods. See "ad."

If you have not already, be sure to secure your ticket to the entertainment tonight.

The steamer *Shenandoah* took out about 3,580 boxes of peas, besides other vegetables.

In the sixth paragraph, first column of editorial page and last line, read vindicating one's honor instead of "indicating."

Pork is now down to ten dollars per barrel. Surely farmers who have to buy this article ought to be satisfied with the price.

In order that the members of the M. E. Church Working Society may have an opportunity of attending the musical concert to be given by Miss Fannie Holland, they have postponed their meeting tonight.

The old board of city council held their last monthly meeting last night. They have managed the city affairs very creditably during the last year. They have carried out one feature that should commend itself to all future boards, and that is *paying cash as they go*. We trust the incoming board, and we doubt not that it will, will give as general satisfaction as the outgoing.

The oyster season is over and Messrs. Moore & Brady are now running on peas. Between three and four hundred hands, women and children, were engaged in shelling yesterday. Such industries not only give employment to the idle and needy but make a market for the surplus peas of our truckers. Many farmers find that they can engage peas to this firm at paying prices, which is better, take it all and all, than taking the risk of getting fancy prices by shipping.

### Present Your Claims.

The city treasurer, J. W. Moore, requests all persons holding city vouchers issued by the present board to present them for payment by 12 o'clock Friday and they will be cashed.

### Errata.

The vote in the Second Ward was reported incorrectly in yesterday's issue. The vote stands thus: W. B. Boyd, 1; J. V. Williams, 3; E. B. Pool, 1; F. W. Hancock, 63.

We cheerfully correct the error, slight as it was, and also remark that the vote at the primary meeting of the Democrats in that ward was much larger than at the polls. How is that?

### The Theatre To-Night.

The musical concert at the theatre tonight is for the benefit of the Y. M. C. A. It has been gotten up by Miss Fannie Holland, and she has worked earnestly to make it a success, and we have no doubt but it will be, for every body must like good music. Tickets are for sale at Meadows' drug store, where they can be reserved this morning after 9 o'clock.

### An Oyster Fair.

Dr. Mann, of Beaufort, was in the city yesterday on his way from Hyde county. He makes the very practical and timely suggestion that an oyster fair be held at New Berne sometime next winter, say in February. The survey of our sounds by Lieut. Winslow and the general interest now manifested in oyster culture makes this of more than ordinary interest to our people. It is a thing that we can have without a great outlay of money, and New Berne being now the center of the oyster industry is the proper place and we know our people will not hesitate to incur whatever expense it may require to give an exhibition of the oysters, and fish too, of our sounds and rivers. Such an exhibition would give an impetus to oyster culture that would be bound to prove beneficial to the coast region. Will not the Beaufort Record, the Pamlico Enterprise, the Economist, the Falcon, the Carolinian, the Progress and Gazette help us at the proper time work up this fair?

### Personal.

Mr. Frank Myer, with Mrs. Myer and their little daughter, left yesterday on the *Shenandoah* for their home in Norfolk. Mr. Myer has been one of the principal cotton buyers in this market for several years, and his departure in spring is always looked to with regret by his many friends here, and their early return in the fall is hoped for.

Mrs. Glover and children left on the *Shenandoah* yesterday for a visit North. Miss Hattie Coleman of Kinston is in the city on her return from a visit to friends in Hyde county.

Dr. C. E. Mann of Beaufort was in the city yesterday on his way from Hyde county. He says times are dull in Hyde but not hard. No such thing as hard times down there. The farmers are cheerful and are pushing their work.

Mr. Geret Vyne of Havelock was up yesterday with 138 boxes of peas which he sold to Messrs. Moore & Brady for canning.

Mr. T. Fletcher Hargis, representing the grocery house of Wm. M. Powell & Co. of Baltimore, is in the city.

Mr. Walter Corstearp and lady took passage on the *Shenandoah* yesterday.

### Commissioners' Proceedings.

The county commissioners were in session on Monday and Tuesday.

In response to an application of the physicians of this city permission was granted to the Medical Association of North Carolina to hold their convention in the court room of the court house on the 19th, 20th and 21st of May.

The question of revoking the license of J. J. Westbrook to sell liquor at Brownville came up. A strong petition asking that the license be revoked was presented by Hon. C. C. Clark, counsel for the petitioners. Mr. Westbrook was represented by L. J. Moore, Esq. After argument by counsel the board decided, upon the advice of their attorney, that having granted license they had no power to revoke them; that if Mr. Westbrook kept a disorderly house as reported, it was a matter for the grand jury.

A petition was presented from No. 1 township asking the board to order an election on the 1st Monday in June on the question of prohibition, in accordance with the Code. Upon examination it was found that the petition did not have the requisite number of voters, and the clerk was instructed to notify them of this fact. The petition lacked 33 names.

A petition was filed asking that the order discontinuing the public road leading from Lane's chapel to Carmach ford, be rescinded.

### The Death of William Whitford.

Mr. Whitford was a native of New Berne, son of Col. J. D. Whitford and had attained the age of 33 years.

He was a graduate of the University of Virginia and studied law in the office and under the direction of Hon. C. C. Clark of this city. He was admitted to the bar and entered upon the practice of his chosen profession with some promise of success, but being of a restive temperament the duties of the counselor and attorney did not seem congenial to his disposition and he devoted much of his time to occupations in which his generous nature and genial temper could be more pleasantly employed. He at one time organized and commanded the New Berne Grays a volunteer military company composed of the youths of the city and under his efficient command it became quite noted among the volunteer companies of the State.

Later he espoused the cause of life insurance and devoted his time mainly to the prosecution of that business.

Quite early in manhood he was married to the only daughter of the late Geo. S. Stevenson, and to them was born four interesting children, who, with their widowed mother, are left to mourn an irreparable loss.

The deceased was of bright intellect and possessed of characteristics calculated to make friends at first acquaintance and hold them fast as time wore on.

His death is mourned by a large circle of relatives and friends, and a number of others who esteemed him for his many valuable qualities and are saddened at his sudden and unexpected death.

**GOSCHEN'S REVOLUTIONARY SPEECH.**  
EDINBURGH, May 1.—Right Hon. Geo. Joachim Goschen, Liberal M. P. for Edinburgh, East speaking at a large meeting held at Paisley today, asserted that Mr. Gladstone's Home Rule bill would never obtain royal assent.

### Our Firm Belief.

ATLANTA, June 13, 1884.  
It is our firm belief that B. B. B. is the BEST Blood Purifier on the market. We are selling four or five bottles of it to one of any other preparation of the kind. It has failed in no instance to give entire satisfaction. Merit is the secret.  
W. P. SMITH & Co.,  
Druggists.

Sold in New Berne by R. N. Duffy and E. H. Meadows.

### The New Board.

The new board of councilmen met at the city hall last night and completed their organization as follows:

The elected members were sworn in and the board called to order by Councilman Williams.

Thos. Daniels was put in nomination by the member from the 1st ward as an associate, and P. M. Draney was nominated by the member from the 5th ward. Mr. Daniels was duly elected.

Col. Davis has organized a band of music, much needed in connection with his school. The players are making good progress, and will soon be able to make their own music.

The town election is over and the country is safe. The following are elected: E. W. Bizzell, D. C. Murchison, C. P. Barrow, H. M. McDonald and Simeon Wooten, all Democrats.

The protracted meeting at the M. E. Church in this place closed last Thursday with eight additions in all. The preaching was very good throughout, and hopelasting good was accomplished.

Rev. A. R. Morgan, principal of the L. C. I., preached at Hickory Grove last Sunday, filling the appointment of Rev. W. E. Swain, the pastor, who is on a short visit to relations in the eastern part of our State.

The grand opening and display of millinery goods at Sim. Wooten's came off last Monday. The department is in charge of Miss Jessie Webb, of Baltimore who is in every way competent to make things look pretty.

We were glad to meet our friend J. Y. Joyner, Esq., of Goldsboro, in our town last Monday. Mr. Joyner was so closely and so long identified with our place that it is difficult to realize that he is not still one of us.

We occasionally meet with the talented and pleasing itemizer of the *Messenger*, whose items are read with so much interest by our people. By the way we suspect that the verses published in the *JOURNAL* from this place a short time ago, was from the pen of this—

D. M. Stanton, Joe Kinsey and D. C. Murchison made shipments of peas last Friday, the first of the season. The trucking business is not claiming as much attention about here this year as it did last, the ruinous prices, or no price at all, of potatoes last year, we suppose, being the cause.

Col. Davis has purchased the piece of ground on which the old gin house of Sutton and Walters stood. The house is being taken down and gin fixtures, engine, etc., removed. This pulling down and removal is timely and beneficial, doing away with a first-class fire. We saw the old house at one time when we thought a fifteen cents insurance would have been too much risk.

### Stonewall Items.

Cotton is coming up slowly; the weather is too cold for it.

J. B. Quick closed his saloon last Friday. He says selling John Harley Corn does not pay. So mote it be.

Misses Shiney and Mattie Oliver, who have been on a visit to their uncle, Dr. Attmore, for a few days, returned to your city today, 4th. From appearances they have had an agreeable time. I can speak for their friends and assure them that their visit has been quite agreeable and highly appreciated; and from other observations I should guess if I were allowed, that a widower of this place will be wending his way to Broad street ere long.

The election in our place yesterday was as quiet as possible, and the regular nominated ticket elected without opposition. John W. Brabble, mayor; C. H. Fowler, Dr. G. S. Attmore and S. W. Ferebee, were the ticket. At Bayboro it was not so quiet. The old ticket headed by W. E. Hooker, was renominated and did not give satisfaction. Another ticket headed by Jas. T. Lincoln, for mayor, was nominated and elected. Both were Democratic.

### Most Excellent.

J. J. Adams, Chief of Police, Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for consumption; having found it to be all that you can claim for it, desire to testify to its virtue. My friends to whom I have recommended it, praise it at every opportunity."

Dr. King's New Discovery for consumption is guaranteed to cure coughs, colds, bronchitis, asthma, croup, and every affection of throat, chest and lungs. Trial bottles free at Hancock Bros. drug store. Large size \$1.00.

### PROTECTING THE CANADIAN FISHERIES.

OTTAWA, Ont., April 30.—The government steamer *Lansdowne* arrived at St. Andrews, in the Bay of Fundy, yesterday evening, and ordered off four American fishing schooners which had put in for bait.

The Department of Marine and Fisheries has secured the schooners Critic, Terror, Houlet, Conrad and General Middleton for the fisheries protection service. These vessels will be put in commission with the least possible delay.

### An Old Citizen Speaks.

Mr. J. M. Norris, an old resident of Rome, Ga., says that he had been badly troubled with kidney complaint for three years; at times could scarcely walk and had tried many remedies without benefit, until he began taking Electric Bitters and anointing his hands and feet with Bucklen's Arnica Salve. This treatment afforded him great relief and he strongly recommends Electric Bitters to all who suffer with kidney complaints, or need a blood purifier. Sold by Hancock Bros.

Chattel mortgages and Lien Bonds for sale at this office.

### La Grange Items.

We saw some of our farmers taking out cotton hoes last Monday, which indicates that cotton chopping is at hand.

The long dry spell was broken up by copious and long continued rain last week. No one can complain that it is too dry to plant cotton now.

Church services at the Primitive Baptist church last Saturday and Sunday. Rev. Mr. Greenwood of Wilson, the pastor, was assisted by several visiting ministers.

Col. Davis has organized a band of music, much needed in connection with his school. The players are making good progress, and will soon be able to make their own music.
