The Shenandoah took out a good shipment of Irish potatoes and beans yesterday.

The New Berne district conference of the M. E. Church convenes at Kinston on Friday.

Messrs. Moore & Brady close their canning establishment today for the season, and requests that all checks and claims held against them be presented today at their place of business.

The nice shower of rain on Monday night rendered the Street sprinkler unnecessary yesterday, and the city marshal took advantage of the opportunity and had it nicely painted. Some of the merchants have handsome advertisements on it, which helps to pay the expense of getting it up.

Miss Lena Hudgins, of Greensboro Female College, will teach vocal music at the Asylum during Greensboro vacation.—Orphan's Friend.

Miss Lena was sent from this section several years ago to the Asylum as an orphan girl. She will graduate at Greensboro Female College next year. It would seem perfectly fitting and natural that she should desire to spend her vacation aiding the institution which has done so much for her, and is doing so much for others.

Board of Justice's Meeting.
The magistrates of the county should remember that it is their duty to meet at the court house on Monday the 7th of June for the purpose of electing a board of county commissioners, a county superintendent of public instructions, and to levy taxes for the ensuing year.

Vocal Music.
Prof. Hauser met a number of ladies and gentlemen at the Y. M. C. A. rooms last night and organized a class in vocal music. The Professor gave evidence of his proficiency in the art and will begin teaching the class tonight. There is room for others yet and all who attend will be greatly benefited.

An Honorable Organization.
The National Lodge of Growlers have recently held their third annual convocation at Washington, D. C. This has revived a long slumbering desire among our citizens to organize a lodge in this city. A preliminary meeting took place yesterday and when the initiation fee was put at five dollars, there was a general growl, but as the prepayment was not stipulated, it may be that the non payment of the fee by those who are initiated, is reserved for a subject to growl about whenever the stock of subjects runs low.
Let the good work go on.

Personal.
Rev. F. S. Becton and Mr. James Bell of Harlowe arrived on the steamer Cleopatra yesterday.

Mr. A. S. Aldridge and son, Mr. William Temple, Mr. John Dillard and two young ladies came up on the Cleopatra yesterday.

Miraculous Escape.
W. W. Reed, druggist, of Winchester, Ind., writes: "One of my customers, Mrs. Louisa Pike, Bartonia, Randolph Co., Ind., was a long sufferer from Consumption, and was given up to die by her physicians. She heard of Dr. King's New Discovery for Consumption, and began buying it of me. In six months' time she walked to this city, a distance of six miles, and is now so much improved she had quit using it. She feels she owes her life to it." The Superior Court.

Court assembled at 9:30 o'clock Tuesday morning. The following cases were disposed of:

State vs. J. L. Hahn, failing to list poll tax; nol pros.

State vs. John J. Bryan, disposing of mortgaged property; not guilty.

State vs. Henry Bender, embezzlement; guilty. Judgment suspended on payment of cost and refunding money.

State vs. Ellen Huggins, larceny; guilty. Six months in county jail. Commissioners authorized to hire out.

State vs. Alfred Tilghman, A. & B. Not guilty.

George Bryant, convicted for A. & B. sentenced to 12 months imprisonment in county jail, the commissioners authorized to hire out.

State vs. Simon Stanly, abandonment of family. Convicted at last term of court, and judgment being suspended on payment of cost, and it appearing that the cost had not been paid, the Solicitor prayed judgment; sentence, six months in county jail. County commissioners authorized to hire out. Appeal. Justified bond for appearance in the sum of two hundred and fifty dollars required.

Court took a recess to 9:15 this morning.

Must Pay the Cost.

"Judgment suspended on payment of cost" is the verdict upon which many criminals go free without any punishment whatever. But with Judge Shepherd, when judgment is suspended on payment of cost it means that the cost must be paid. A large number of these cases are on the docket of Craven county, waiting for the cost to be paid. Judge Shepherd has ordered them to be brought up on instant capias and has determined that the cost must be paid or they will be hired out.

Stockholders Meeting.

The annual meeting of the stockholders of the Neuse and Trent River Steamboat Co. was held yesterday at the rooms of the New Berne Board of Trade in this city. The following named gentlemen were elected officers for the ensuing year, viz.:

Dr. James F. Long, President.

Thos. A. Green, Vice-President.

The Board of Directors are: D. M. Roberts, W. F. Stanley, Thos. Daniels, F. M. Simmons, L. H. Cutler, C. E. Foy, B. M. Gates, S. G. Roberts and D. N. Kilburn.

The Finance Committee are: Geo. Allen, B. M. Gates and Lewis Bynum.

The reports of General Manager J. M. White and Secretary D. L. Roberts were full and complete and showed the company to be in a good and sound financial condition. A cash dividend of six per cent was declared and ordered paid to the stockholders of the company. After the other general routine of usual business, the stockholders adjourned. Thus marks another year of prosperity to the Neuse & Trent River Steamboat Co.

Excuses Rendered.

There were many cases on the criminal docket of our superior court at the present term for cost. The parties were tried and convicted at former terms of the court and judgment was suspended on payment of cost. When the docket was called at the present term these parties had not paid the cost, whereupon capiases instant were issued and the sheriff directed to go out in the highways and hedges and bring them in. Quite a number were before the court yesterday evening and the excuses rendered were various and some amusing. One had not paid because he had married a wife and had several children to support; another had planted a big crop, and the crop was short; another thought his bill had been paid as he had been working for a man who reserved two dollars and fifty cents per month for that purpose; another had worked a whole month with a man who had promised to pay the bill for the month's work; another had to nurse his sick mother and bury her after she was dead. But they all made good promises, and made little more substantial arrangements for discharging these obligations.

Saved His Life.

Mr. D. I. Wilcoxson, of Horse Cave, Ky., says he was, for many years, badly afflicted with Phthisis, also Diabetes; the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle, and after taking six bottles was entirely cured and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by Hancock Bros.

Closing Exercises of Piney Grove School, Jones Co., Friday Evening May 21st.

In this, the commencement season of our colleges and high schools, it is but proper and right that the country private schools should receive some notice from the public; for without these the germ of knowledge, or the desire for knowledge which is germinated here, and serves as feeders for the higher schools and colleges, these higher institutions would perish for lack of patronage.

As a matter of encouragement to those who are trying to establish private schools in their neighborhoods, we give a little history of Piney Grove school in Jones county which closed its session on Friday evening, May 21st.

Several attempts had been made in the neighborhood to supplement the public school funds, but when the school district was enlarged so as to place over one hundred children at one school house, not large enough for twenty-five, a few of the leading men in the neighborhood determined to have a school of their own. With this determination, they employed Miss Ozora Fields, of Goldsboro, a most energetic, painstaking and competent teacher, who was prepared at the Goldsboro Graded School, to take charge of the school and the first session closed at the time above stated, a large crowd having assembled to witness the following exercises:

The Old North State; by the school.

The Psalm of Life; by Henry Parker.

What I Live for; by Emma Simmons.

The Blue and the Gray; by Willie Henderson.

The Curfew; by Josephine Stallings.

Six Years Old; by Zeb Parker.

The Child's Future; by Bertie Parker.

One Step at a Time; by Robert Parker.

Calisthenics; by the whole school.

The Rain-bow; by Sue Henderson.

Knowing the Circumstances—a dialogue; by Phenie Simmons, Emma Simmons, Roena Pollock, Josephine Stallings and Sue Henderson.

The Boy's Complaint; by Alonzo Redd.

Rock of Ages; by Phenie Simmons.

The Corn Song; by Fredrick Parker.

The Miser—a dialogue; by Johnnie Mattocks and Martin Parker.

Choice Extracts; by Phenie Simmons, Emma Simmons, Josephine Stallings, Walter Meadows, Willie Henderson and Henry Parker.

Passum Mook's Surmount; by Johnnie Mattocks.

Nolle Deeds; by Martin Parker.

The May Queen.

Where all did so well, it is unfair to mention individuals. Suffice it to say that everybody present was highly pleased and some surprised that a country school could show in a five months' session such progress and proficiency as was exhibited here that evening. The singing of the Old North State by the children at the opening and close of the exercises sent a thrill of joy through the large audience who witnessed with pleasure the rendering of the whole programme and seemingly regretted that it was not longer.

Miss Fields will begin another session at the same place soon. She has won the affections of her pupils, the respect and esteem of the neighborhood, and by continuing the school will accomplish much good in the community. P.

The crops are said to be growing rapidly. The stand of cotton is good; corn doing finely, but the wheat crop is not promising.

A heavy rain passed through the Buckleberry section last Saturday evening. The wind was right heavy in places, and it is said small quantities of hail fell. The wind was very strong in the White Hall section.

It is expected that W. S. O'B. Robinson or J. Y. Joyner, of Goldsboro, one or both, will address the citizens of this place tomorrow on the subject of "local option," at which time it is proposed to organize a local option club.

Marvelous.

NASHVILLE, Tenn., Nov. 8, 1884.

One of my customers, Mrs. L. Williams, has been using B. B. B. a short time and reported to me that its effects were simply marvelous, and that it far surpasses all other blood remedies she had used, and that she could heartily sanction anything said in its favor, as it has given her more relief than anything she had ever used before.

Stonewall Items.

Johnson Spruill is quite ill from paralysis, and was and is in a precarious condition.

Crops of all kinds look promising. The printer made me say that the curlew bugs were as bad as last year, when I wrote that they were not so bad.

Brinson Campen, who has had quite a serious and painful attack of acute inflammatory rheumatism, is much improved; so Dr. Attmore, his physician, reports.

The dry spell came to an end on Sunday last with us by a heavy rain and hail storm. The hail in our section did little damage, but in the Spring Creek section it was quite destructive; at B. P. Small's and in his neighborhood it did serious damage and beat the shingles off his house and smashed the window panes. All growing crops were injured quite seriously.

Ladies and friends of the Methodist church held a festival in Fowler's hall on Friday and Saturday evenings before court, and realized near \$100 for the improvement of the church here; and the Baptist and Methodist ladies of Bayboro and friends of both churches held a festival on Monday and Tuesday of court week and realized a handsome sum for their respective churches in that place. The Methodists of that place are having quite a nice church built.

Great Chicago Strike!

It is generally known throughout the whole country that large strikes are being made among the laboring classes in some of our largest cities, such as Chicago, Philadelphia and New York. Some have been wounded for life and some have lost their lives. The question now arises, what shall be done to keep the peace in Eastern North Carolina? The farmer cannot afford the eight hour system at the present prices of produce, neither is the laboring man satisfied with the present prices of labor. Some relief must be had; something must be done; some one must come to the front and devise some scheme by which the people may be relieved from such a tyrannical oppression. In view of the foregoing facts, and in the absence of any relief from other sources, we suggest that the quickest and most satisfactory way of keeping down strikes and discontents among the laboring classes of Eastern North Carolina is to make the prices of goods and supplies in conformity to low wages, and in making the suggestion we hereby announce to the public that we propose to act upon it, and direct everybody, laboring classes and all, to the great cheap cash store of Humphrey & Howard, where they will find a large and complete stock of groceries and dry goods at strike prices. The most vital strike in life is the strike for ways and means which guarantees you perfect satisfaction at the least cost, the strike then for the great cheap cash store of Humphrey & Howard will certainly obtain for you the lowest possible prices, thereby alleviating all past troubles and guaranteeing you peace, prosperity and happiness in the future.—m20dw1m

Survival of the Fittest.

For some time past the question of purity in baking powders has formed quite a feature of newspaper discussions, and eminent doctors of philology have given opinions as to the ingredients which compose many of the articles sold under that name. The investigations have narrowed down to the limit which awards the Royal Baking Powder the palm of purity, and several of the most distinguished scientists have testified to their conviction that no extraneous or deleterious matter enters into its composition. The Royal Baking Powder Company have achieved a world-wide reputation for the success which has marked their preparation of cream of tartar for baking purposes. It is indisputably shown that they have eliminated all elements of tartaric lime, alum or other impurities, and present to the public a healthful and chemically pure article. Such widely known chemists as Henry Morton, E. G. Love, H. A. Mott, Wm. McMurtrie and others have verified its superiority over other manufactures, and testified, through practical experience, to its excellence. It is well for families to observe the fact that it costs more to manufacture the Royal Baking Powder than any other, but it is, as shown by chemical analysis, the one "absolutely pure" baking powder made.
