The New Bern Graded School.

The question as to whether the graded school in this city shall continue as a public, free school is now before the people.

We are satisfied the plan will not work successfully. The moment tuition is charged in any grade, private schools will absorb the graded school.

This school was inaugurated and conducted for one year by the aid of voluntary subscriptions, the people of New Bern responded liberally to the call for money to erect a new building.

The plan embodied in the circular sent out by the board of trustees will not succeed; we doubt if the trustees themselves have much faith in it.

We believe the people of New Bern feel interested in this matter, and they would like to know what amount of money is necessary to continue the school upon its present basis.

Beach Grove S. S. Excursion to Middle Landing.

According to previous announcement the beautiful and handsomely decorated steamer Kinston, commanded by Capt. T. G. Dixon, so well and favorably known throughout this section, because he leaves nothing undone that is calculated to make his passengers feel free and happy.

left her wharf at the foot of Middle street at 6 o'clock on the morning of the 25th of May, touching the different landings on the river.

Although the morning was a little cloudy, and looked very unfavorable for such an occasion, but in spite of the weather a goodly crowd was on from the city, and we had not proceeded far up the river, when the last vestige of cloud was dispelled and driven far out of sight, and a lovely day for the pleasure seekers was the consequence.

When we arrived at Street's Ferry, there we met the Beach Grove Sunday-school children and a host of other friends, in charge of Mr. Daniel Lane, their zealous and untiring Sunday-school superintendent, who took all possible pains in looking and caring for the interest of the little ones under his care.

Long may he live, for he is doing a noble work and has accomplished much good. Here we also met the committee of arrangements, composed of Messrs. John G. Speer, M. W. Carman and W. P. Richardson, who also did their noble duty trying to make all feel at home.

When we arrived at Spring Garden, we were pleased to meet and take on board a delegation of bright little faces accompanied by parents and friends from Asbury S. S.

By the time we reached our destination, and, stopping at other landings, our craft was completely thronged with the young, middle-aged and old people, all seeming bound and determined to make it indeed a grand affair.

Upon arriving at Biddle's Landing, we were welcomed to the residence and grove of the late Col. Biddle, where in a very short time, a long table was erected and a few minutes later it was laden to its utmost capacity with almost everything that was good, under the supervision and management of table committee, composed of Messrs. O. H. Ferry, J. H. Stevenson, E. M. Street and Guthrie Davis, and then they had performed their part for the work, all was ready to take position around the table, and then God's blessings were invoked by the Rev. W. J. Crowson, P. C. of Craven circuit, after which, one of the most enjoyable repasts ever took part in, followed.

After the inner-man had been thoroughly satisfied with all the delicacies that the heart could wish, many of the young folks engaged in playing and amusements under the beautiful shade trees. We took our leave of that lovely spot at 3 o'clock p. m. and we must say unhesitatingly that, taking everything into consideration, it was the grandest picnic we have attended for some time.

Great Chicago Strike!

It is generally known throughout the whole country that large strikes are being made among the laboring classes in some of our largest cities, such as Chicago, Philadelphia and New York.

Some have been wounded for life and some have lost their lives. The question now arises, what shall be done to keep the peace in Eastern North Carolina?

The farmer cannot afford the eight-hour system at the present prices of produce, neither is the laboring man satisfied with the present prices of labor.

Some relief must be had; something must be done; some one must come to the front and devise some scheme by which the people may be relieved from such a tyrannical oppression.

In view of the foregoing facts, and in the absence of any relief from other sources, we suggest that the quickest and most satisfactory way of keeping down the prices of Eastern North Carolina is to make the prices of goods and supplies in conformity to low wages, and in making the suggestion we hereby announce to the public that we propose to act upon it, and direct everybody, laboring classes and all, to the great cheap cash store of Humphrey & Howard, where they will find a large and complete stock of groceries and dry goods at strike prices.

The most vital strike in life is the strike for ways and means which guarantees you perfect satisfaction at the least cost, the strike then for the great cheap cash store of Humphrey & Howard will certainly obtain for you the lowest possible prices, thereby alleviating all past troubles and guaranteeing you peace, prosperity and happiness in the future.
