During the thunder squall yesterday afternoon, lightning struck the three some damage to one of the masts and alightly injuring two of the crew, one of which is Nat Dixon, of Portsmouth,

The State Normal School at Wilson opened June 2 let and continues three weeks. The following corps of leachers have been secured:

Sylvester Hassell, A. M., Superinter Ent. Heary E. Shepherd, A. M., Ll., D., of Charleston, S. C., Principal and lec-turer on history and the English lan-guage and literature.

Charles H. Winston, M. A., LL. D. Charles M. Winston, M. A., Lie D., of Richmond, Va., lecturer on didactics, English grammar, and elementary physics, chemistry and astronomy.

Alexander Graham, A. M., of Fayetterille, S. C., lecturer on physiology and mental arithmetic.

Collier Cobb, Superintendent of Wilson synded school, lecturer on geogra-

son graded school, lecturer on geogra-phy, map drawing and moulding, and elementary geology and mineralogy. Edward E. Britton, A. M., of Lau-

rens. S. C., lecturer on mathematics and pedagogies. James H. Rayhill, of Jacesonville, Ill., teacher of reading, elecution and calls-Miss E. H. Bartine, of Staunton, Va.

Teacher of Art. Instruction will be given in music. book-keeping and the languages, if de-

sired. Lectures are expected, during the session, from Major S. M. Finger, State Seperintendent of Public Instruction, Prof. S. S. Woolwine, of Nashville, Tenn., and Professors N. B. Henry and Geo. T. Winston, of our State Univer-sity.

Board can be obtained at \$1.00 per

day, \$5.00 per week or \$12,00 per ses-sion. For further information address the superintendent.

The talk of private schools to be pened in New Berne next fall would indicate that our people have made up their minds to let [their public graded school go by the board. But the people have not spoken in the matter. The five hundred children that have been taught at the graded school for the last four years at a cost of about five thousand dullars per year cannot be taught in private schools, at the present rate of charges for tuition, for less than ten thousand dollars a year. But without a public school the consequence will be and association will attend school at all

The pitizens of Goldsboro have pledged over four thousand dollars for the con-tionation of their school, and the Mes-senger mays that its continuation for an-other year is assured.

Maj. Finger pointed out a plan by which the school could be continued after the meeting of the General Assembly—the plan now in operation at Raleigh, Charlotte, Wilmington and other places. where he says it is working very satiswould it not be in New Berne? We desire to hear from the people on

this subject. We know the board of trustees are composed of gentlemen of education, integrity, wisdom and fore-sight, but they are not expected to furn-

sight, but they are not expected to furnish means out of their own pookets to carry on the school. The people of New Berne came to the rescue and helped to establish the school; they again responded and helped to construct a flus huilding. Now shall this handsome building with its near two thousand volumes, of valuable library books remain file while six or eight, and perhaps a dozen, little private schools are heins taught in buildings unsaited and unfit for the purpose! What say the people; shall we continue our school on its former basis and trust to the wisdom of the next General Assembly, to give us logistim that self pat it or a presentant foundation, or shall we abandon it and let each book out for himself. This is

the less fond of the society of our charming young ladies.

The county board of education met in extra session on Saturday, June 5th, and appropriated the funds in the treasury in such a way as to complete a four months term in every district in the county, white and colored, and also meet a small deficiency in payment of the graded school teachers.

The premiums in the primary department of Kinston College were presented to the following pupils in appropriate language by J. W. Jones, former pastor of the Methodist church: Sallie Rountree, greatest improvement in penmanship in whole school; Static Wayher, Primary History of U.S. May Cettinger, greatest improvement in all things.

The schedule on the A. & N. C. R. has been changed. Going west the mail arrives at 10:08; going cast, arrives at 5:15 p.m. and leaves at 6:15, not stopping for supper as under the old schedule. The trains were somewhat irregular for a while on account of change of gauge on other roads, but is coming and going on time now.

The Disciples of the Hookerton diswhere he says it is working very satisfactory, and it is also similar to the planupon which the Columbia schools are so successfully conducted by Prof. D. B. Johnson, a description of which was given by Rev. Mr. Vess a few days ago. Will this plan be acceptable to the citizans of New Berne? If it is auccessful and satisfactory in Wilmington, Raleigh. Winston and Charlotte, why would it not be in New Berne?

We desire to hear from the people on time now.

while on secount of change of gauge on other roads, but is coming and going on time now.

The Disciples of the Hookerton district held a union meeting at Rountree's on May 29th and 80th. \$800 were appropriated for State missions, and a liberal collection taken on Sunday. Ashley S. Johnson, of Knowville, Tann., did the preaching to large and tences. The next meeting will be at Bethel, Lenoir county, 5th Sunday in August, and Saturday before. All the churches are requested to delegate, and send contributions to be used when and where the union may direct.

The commissioners, board of education, and justices of Lenoir county met in joint session on Monday, June 7th. J. W. Grainger was elected chairman. Taxes were levied as follows: general county. 29 1-6 cents; school, 18 1-3 cts.; State 35 cts. making 86 3-3 cents on the hundred dollars valuation of real and personal property. Poll, 22 special on the poll, 75 cts., on property. 35 cts. for bridge and just the the america district 7 cts. special. This is 38 cts. less

Great Chicago Strike !

It is generally known throughout the whole country that large strikes are being made among the laboring classes in some of our largest cities, such as Chicago, Philadelphia and New York. Chicago, Philadelphia and New York. Some have been wounded for life and some have been wounded for life and some have been wounded for life and some have been their lives. The question now arises, what shall be done to keep the peace in Eastern North Carolina? The farmer cannot afford the eight hour system at the present prices of produce, neither is the laboring man satisfied with the present prices of labor. Some relief must be had; something must be done; some one must come to the front and devise some scheme by which the people may be relieved from which the people may be relieved from such a tyrannical oppression. In view of the foregoing facts, and in the ab-sence of any relief from other sources, we suggest that the quickest and most satisfactory way of keeping down strikes and dissentions among the labor-ing classes of Eastern North Carolina is to make the prices of goods and supplies in conformity to low wages, and in making the suggestion we hereby an-nounce to the public that we propose to act upon it, and direct everybody, laboract upon it, and direct everybody, labor-ing classes and all, to the great cheap cash store of Humphrey & Howard, where they will find a large and com-plete stock of grossries and dry goods at strike prices. The most yital strike in life is the strike for ways and means which marginasses you perfect antifer. life is the strike for ways and means which guarantees you perfect satisfaction at the least cost, the strike then for the great cheap cash store of Humphrey & Howard will perainly obtain for you the lowest possible prices, thereby alleviating all past troubles and guaranteeing you peace, prosperity and happiness in the future.—midd wim
