What say the people as to maintaining the graded school, as a public school for another year?

Large quantities of potatoes, beans, squash, cucumbers and other truck have been forwarded from New Berne, both by rail and steamer during the past week.

Professor Thomas' excursion on the *Kinston* left yesterday afternoon for a short run down the river, with a good number of persons on board who doubtless had a good time.

The Clerk of the Superior Court, Mr. E. W. Carpenter, has appointed J. J. Jones, colored, of Cobton, a justice of the peace in the place of Jas. W. Biddle, who has removed to Georgia.

The Neuse and Trent River Steamboat Co. have begun improving their property at the foot of Craven street—the Planner property—by tearing down the warehouse preparatory to building a

The *Evening Herald*, Syracuse, New York: "Before Justice Merwin, James S. Crouse and Allen T. Nye, who were sued by C. W. McLean, of New York, for $100,000 on a patented device which he claimed they had contracted for, have recovered judgment for cost against the plaintiff."

Dr. Wiley W. Reynolds, who has been delivering lectures on temperance in Raleigh, Charlotte, Goldsboro and other towns in North Carolina, is expected here this week. He will only be in the city a few days. Notice of his lectures will be given. His reputation as a lecturer is very fine, and our citizens should not fail to hear him.

The Irish potato crop is said to be short, though we hear of some heavy yields. Mr. J. A. Meadows is reported to have taken ninety barrels from one acre and no one knows how many more will be found. Mr. B. Weathersby is also reported as having a good crop. "D. R. Walker" might as well come on, for if the country is not saved now it will be gone.

Mr. John H. Bell, agent of the Neuse and Trent River line, has been appointed freight agent of the steamer *Cleopatra* on the lower Neuse River Route and Beaufort and Swansboro connections, and all freights for that line will hereafter be received at the dock and warehouse of the Neuse and Trent river steamboat company. The *Cleopatra* leaves New Berne Monday's and Thursday's at 7 a. m., returning Tuesday's and Friday's at 3 p. m.

Christ Church Sunday School Excursion.

The bell of Christ Church will be rung tomorrow morning, Friday, at 7:45 o'clock, when the children will meet at the church and go thence to the *Shenandoah*, for an excursion down Neuse river. A delightful time for the children and all who attend. Thanks for an invitation.

Further News From Prohibition.

From the Raleigh *Observer* we gather further news from the election on prohibition.

Littleton went wet by a small majority; Scotland Neck dry by a small majority; Charlotte wet by 420 majority; Fayetteville wet by 76 majority; Concord dry by 53; Oxford dry by 68; Monroe dry by 13; Cameron dry by 9.

Solicitor Galloway, in response to an inquiry by an *Observer* reporter, stated that in his opinion the law goes into effect immediately.

Railroad Officials.

We inadvertently omitted to notice the change in railroad officers at this place a short time ago. Mr. R. G. Mallett has been appointed Soliciting Agent in place of Mr. T. C. Bryan, who has received an appointment from the associated railways at Raleigh. Mr. Mallett is well qualified for the position; is a young man full of energy and push, of good address and capable of doing, and we learn is already doing a good work for the road.

Mr. Geo. D. Miller, who made a very acceptable agent at Kinston, has resigned that position to go to New Bern and succeed the place formerly held by Mr. Miller at the depot. The citizens of New Bern were fortunate in the one and those of Kinston were fortunate in the other. Both were first to a pleasant place to work.

Republican Congressional Convention.

The Republican Congressional committee of the 2d district met at Wilson yesterday and selected August 25th as the time for holding the nominating convention and Kinston the place. I. B. Abbott represents Craven county in the committee.

Personal.

Mr. J. P. Brogden and sheriff Koonce of Trenton, were in the city yesterday and reported heavy rains in their section.

Mrs. G. F. M. Daif and children returned last night from a visit to relatives at Snow Hill.

Mr. T. H. McKay, jr., is in the city.

Mr. Gilbert Beale, a former citizen of this city is registered at the Gaston House.

Rev. Zadok Parris, minister in charge of Onslow circuit, is in the city on a short visit to his relatives.

Caution to Farmers.

We think it worth while to caution farmers about selling their country produce, beef, cattle, lambs, etc., to strangers on credit. We have heard of impositions of the kind on farmers in other sections of the State recently. Shrewd rascals with oily tongues have talked farmers out of their produce with the promise of pay in a few days and before the farmer knows it he has pulled up and gone to other quarters to perpetrate the same fraud.

Country produce will at all times bring *cash* at some price in New Berne, and the farmer will find it better in the end to sell for cash at a small price than to a doubtful character for a big price on time.

A Commercial Conundrum.

H. & H. were engaged in business, equal partners. The rules of the firm were to sell goods only for cash. H., the senoir partner, departed from this rule and sold a customer who was also named H., goods to the amount of one dollar and a half without the cash. Junior H. also, singularly enough, departed from the rule and sold the same customer the same amount on the same terms. At the end of the month when the firm was in the habit of settling up balances, these two amounts of one and a half dollars each were found to be outstanding. Junior H. demanded that the senior H. should pay him the half of the bill, he, the senior, had sold contrary to the rules of the copartnership. The demand so just could have but one response, and was promtly paid over by the senior H. to the junior H. Then the senior H. saw nothing fairer than that the junior H. should pay to him, the senior H., one half the bill which he, the junior H., had sold without due regard to the rule of cash in or no sale. And of course the junior could see it in no other light and accordingly paid over the money. Now, the question is: As each of the firm has been paid their respective halves in the transaction, does H., the customer owe anybody? If so, whom, how much and when will it be paid?

Rev. A. McCullen and lady are in town attending the commencement. Mr. McCullen preached for our people last year, and his pleasant face became so familiar that he now seems like Senator Vance's man, "one of the family."

During the past few days we have had an opportunity of seeing the crops in several sections of our county, and, to us, the prospect is encouraging. The condition, as to cultivation, in most places is good and the stands of corn and cotton are above the average. There is complaint that cotton is dieing out, and this is generally the case, at some time of the year, and in some places "General Green" has a strong foothold, but with prompt and continued attacks of the General's forces, and with favorable weather, things will soon be in fine condition. We regard the outlook very favorable where we have seen the crops.

The general tie-up of the street car lines in New York, Brooklyn and Jersey City last Saturday was of short duration. They all resumed work the next day as suddenly as they had stopped.

An eminent South American physician, who has made a special study of inoculation for yellow fever, in a letter to the president of the Louisiana State board of health, says: "Out of 7,000 inoculations that I have performed I have lost only eight cases, notwithstanding the intensity of the epidemic this year, and that in the same district there have occurred over 3,000 deaths from this dreaded disease among those not inoculated."

Kinston College Commencement.

Thursday Night, June 3d, 8 p. m.

On Thursday, June 3d, our people filled the spacious court room and gave rapt attention to the excellent address of Clement Manly, Esq., on "The History of American Poetry." While many were not prepared to appreciate so learned an address, we can safely say that all were pleased, some delighted; and Mr. Manly well sustained his reputation as a scholar and speaker of whom New Berne and the Old North State may feel a just pride.

ABSTRACT OF DR. LEWIS' ANNUAL REPORT.

The report gives some statistics of Kinston College for the year 1885-'86. No. pupils enrolled 167, males 68, females 99. Besides ordinary English branches, there were classes in Latin, French, German, English Literature, Geometry, Trigonometry and Book-keeping. Fourteen counties and the States of Virginia, Florida and Texas were represented in the school.

DISTRIBUTIONS OF SCHOLARSHIP DURING THE SCHOLASTIC YEAR.

Misses Lillian Foscue, Ida Hargett, Mamie Hancock, Delia Hicks, Nannie Isler, Fannie Kilpatrick, Nannie Loftin, Emma Parrott, Dora McDaniel, Lena Spain and Laura Warters, and Messrs. Lawrence Ballard, Ed. C. Barrett, Jas. H. Pridgen, John Tull and Wm. O. Wooten.

Distinctions for Spring Term:—Misses Viola Dees, Lizzie Hodges and Annie Taylor, and Messrs. M. F. Becton, W. T. Daly, Josie Dixon, Thos. M. Leary, E. A. Simkins, F. R. Tingle and Robert F. Vause.

Punctuality:—Misses Phoebe Curtis, Emma Parrott and Lena Spain have never been tardy or absent during the entire scholastic year.

PREMIUMS.

The Principal's gold medal, offered for greatest improvement in his classes during the year, was won by Miss Emma Parrott, of Lenoir county. Prof. T. R. Rouse's gold medal, offered for same, was won by Robert Whitehurst, of Carteret. Mrs. R. H. Lewis' gold medal, offered for same, was won by Miss Annie Henderson, of Lenoir Co. Prof. Geo. D. Meares' gold medal, offered for greatest improvement in music for the year, was won by Miss Lola Griffin, of Kinston.

RESOLUTION OF TRUSTEES.

Resolved, That, at our annual meeting we desire to give expression to our unabated confidence in the ability and capability of Dr. E. H. Lewis to carry on this Institution; and to express our gratification at his and his assistant's success during the past session, in the great work of educating the young people of our land committed to their charge, pledging Dr. Lewis, our co-operation and patronage in the future.

E. F. Cox, President.
V. E. Weyher, Secretary.
Kinston, June 3d, 1886.

At the close of the reading of the annual reports by Dr. Lewis, Clement Manly, Esq., was requested to present the gold medals to Miss Isabel Parrott and Mr. Robert Whitehurst, which he did in a few well chosen words.

The Rev. Mr. Bandeilla was both called upon to present Mrs. Lewis' gold medal to Miss Annie Henderson. He preached an excellent Baccalaureate sermon Sunday and Friday. The latter was after the exercises of the day. The former being ground, was loudly called, and responded by saying, "When the eagles are soaring aloft the owls and bats must get to their hiding places." Mr. Sanderlin applied this with a graceful gesture to Mr. Manly and himself remarking that he could not tell whether he was an owl or a bat. He spoke but a few minutes with great wit, point and power, causing repeated cheers and returns of laughter. It had to be heard to be appreciated.

Dr. Lewis presented Prof. Meares' gold medal to Miss Lola Griffin, explaining that all the medals were offered for greatest improvement.

ANNUAL CONCERT.

A short time before the appointed hour, the rain began to fall in torrents, and continued for hours. Quite a large number assembled notwithstanding, and many of them relate a very eventful time returning home. The concert was postponed till Friday morning 10 o'clock.

Space and time will not admit of special mention. But if we were to do so, we might be somewhat like the man who criticised a class in vocal music, and had never learned a note himself. However, we will say that we heard very complimentary remarks from many, and the suggestions from a few of some culture and talent that there was rather much of the operatic style; they could not understand the words of the singers; that the instrumental was sometimes too loud for the vocal. Prof. Meares has had 33 pupils in instrumental music and a large vocal class. All of them are well pleased with his instruction.

Great Chicago Strike!

It is generally known throughout the whole country that large strikes are being made among the laboring classes in spite of our largest cities, such as Chicago, Philadelphia and New York. Some have been attended by the loss of life and some have lost their lives. The question now arises, what shall be done to keep the peace in Eastern North Carolina? The farmer cannot afford the eight hour system at the present price of produce, neither is the laboring man satisfied with the present prices of labor. Some relief must be had: something must be done; some one must come to the front and devise some scheme by which the people may be relieved from such a dreadful catastrophe. In view of the happiness, desire and to the absence of any relief from other sources, we suggest that the quickest and most satisfactory way of keeping down strikes and dissentions among the laboring classes of Eastern North Carolina is to make the prices of goods and supplies in conformity to low wages, and in making the suggestion we hereby announce to the public that we propose to act upon it, and direct everybody, laboring classes and all, to the great cheap cash store of Humphrey & Howard, where they will find a large and complete stock of groceries and dry goods at strike prices. The most vital strike in life is the strike for ways and means which guarantees you perfect satisfaction at the least cost, the strike them for the great cheap cash store of Humphrey & Howard will certainly obtain for you the lowest possible prices, thereby alleviating all past troubles and guaranteeing you peace, prosperity and happiness in the future.—m26dwlm
