

LOCAL NEWS.

General Miniature Almanac. New Bern, latitude, 35° 8' North. Longitude, 77° 8' West.

BUSINESS LOCALS.

Lost-In or near the city, a leather purse containing some money. The finder will be liberally rewarded by leaving same at JOURNAL OFFICE.

Rolling cars have appeared in market.

Remember the excursion train leaves Pollock street this morning at 7 o'clock.

A train car, containing guests for the Atlantic Hotel at Morehead City, passed down last night.

The cemetery committee has begun work on the extension of the rock wall on the west side of Cedar Grove Cemetery.

A large shipment of Irish potatoes, squash, cucumbers, etc., awaited the arrival of the Shenandoah yesterday evening which were taken out at 10 p.m.

L. H. Cutler gives notice of fruit jars.

The trustees of the Academy will be an abundance of them and every family should procure jars and lay in a supply.

A correspondent writes a very sensible letter on the Onslow railroad. The scheme is practical one, and we believe will some day be put into operation.

A slight change in the schedule of the A. & N. C. R. goes into effect today. The train is now due here from Goldsboro at 7:47 p.m. twelve minutes later than formerly.

The Republican county executive committee meets today to fix the time for calling the county convention, or rather to fix the time for the election of a large number of office seekers.

The steamer Kinston will leave this morning for Kinston and will return on Thursday and make a run to Pollocksville on Friday, giving an opportunity to those who desire to attend the closing exercises of Pollockville Academy.

We hope the trustees of the Academy will inform the people of New Bern at an early day if we are to have a free graded school for another year. We have full confidence in the ability of the trustees, but we see no reason why their deliberations should not be made public.

Mr. J. A. Pridden, chairman of the board of commissioners of Lenoir Co. offers for sale the county stock in the A. & N. C. R.

A Complaint to Punish. "Mr. An's today Tuesday." "Cause de Shenandoah and here."

Brought Here For Burial. The remains of Mrs. Jesse D. Beale, which were brought here from Suffolk, Va., where she died some years ago, arrived last night and were buried in the family lot in Cedar Grove Cemetery.

The remains were in charge of her son, Mr. Oak Beale, now of Alabama.

Walter Kinnell Esq., and family of Laurinburg arrived last night on a visit to his father, Prof. Geo. W. Neal.

H. A. Latham, Esq., associate editor of the Washington Gazette, W. H. Jacobson, Esq., editor of the Washington Progress, and W. J. Crumpler, Esq., editor of the Washington Watch.

Miss Sarah Charns to South the Street.

Somebody wrote the above in the way of a pun, but we have realized the truth of the assertion for several evenings past. The dreary hours of editorial life have been brightened and our weary eyes relieved by the delightful and humorous and occasionally satirical epigrams of Miss Sarah Charns.

Justice's Court. The case of Dewey vs. Williams, before Justice W. G. Brinson, drew quite a crowd yesterday.

The plaintiff claimed that the defendant was under contract to furnish him the steamer Etna City to run an excursion to Norfolk on June 7th, and failing to do this he, the plaintiff, sustained damages to the amount of two hundred dollars.

Hon. C. C. Clark and W. W. Clark, Esq., appeared for the plaintiff; Messrs. Simmons & Manly for the defendant.

The plaintiff introduced in evidence a written contract. The defendant offered to show by parol testimony that there were other considerations which were not mentioned in the contract. Objection to this testimony brought about quite a sharp skirmish between the opposing counsel as to its admissibility.

The Justice finally decided to admit the testimony and note the objections, and if, after considering the matter he was satisfied the evidence was not competent, he would rule it out.

After the evidence was all in the case was adjourned to 9 o'clock this morning.

Dist. and Disease. A friend who took a walk up town on Monday evening gives us the following account of what he saw and how he enjoyed the trip.

"The balmy breath of eve called us to a quiet stroll in pleasant company. We left the relaxing from busy cares, passing up Pollock street, we came to Green street, and at the Golden Gate jump turned towards Trent river on the street, nearly parallel to German Street, and a fine view of the river and the Onslow County Academy was opened to our view. We drew near to a pump on the sidewalk, and the offensive smell was utterly stifling. Just beyond was a long ditch with its stagnant water, covered with thick, dark green algae, and the rank dark grass clustered thickly on the margin of the putrid liquid mass. There was no difficulty in the whole being effectually drained, for there was slope enough downwards. But the neighborhood was full of poisoned air. How could the inhabitants stand it? Unless something is done there to remedy the nuisance, a pestilence may be expected in that quarter."

We call the attention of the Sanitary Committee and the Police to the wretched condition of that street. It ought to be amended, and quickly too. And whoever is culpable for its getting into such a state ought to be warned.

Onslow Railroad. JACKSONVILLE, N. C., June 14th. EDITOR JOURNAL, Dear Sir:—I have read a letter written to the Wilmington Star proposing a narrow gauge railroad from Wilmington to Onslow county.

and the people would not feel it. Onslow county as a county would hardly be expected to take any stock, but the township or neighborhood in which the road terminated on the Trent river ought to give at least five thousand dollars in a similar manner as Onslow does here.

The State of North Carolina ought to give a portion of its public lands through which the road would pass, say every alternate section; it could well afford to do this, and then the remaining part of the land would be worth more to the State than the whole of it is now.

The building of twenty-five miles of narrow gauge road through this level and open road, judging from former estimates that we have seen upon this subject, and especially when much of our cheap labor can be used in grading and cutting and laying ties, iron, etc., the total cost ought not to be over forty thousand dollars to us these two rivers together, and as we have before stated the Neuse and Trent River Steamboat Company is better prepared to undertake this scheme than any one else we know of; and if the other subscriptions as above stated can be raised, and a subscription on the part of the Steamboat Company of twenty-five thousand dollars, then the road might be built.

The Steamboat Company already has the extra boats to navigate the New river and the Trent river, and twenty-five miles of narrow gauge road would tie the two rivers together, and open up to steamboat and railroad transportation one hundred miles of the finest country in Eastern North Carolina. Yours truly,

ONSLow.

From the Lone Star State. HUTCHENS, TEXAS, February, '85. For many years my wife has been afflicted with a large scaling ulcer on the leg, which has had the attention of several doctors, and the use of all kinds of medicine, without benefit.

She was told that B. B. would cure her. She has used two bottles, and the ulcers improved rapidly until entirely cured.

It was the first and only medicine that ever did her any good.

W. J. KINSEY, Sold in New Bern by E. N. Duff and E. H. Meadows.

La Grange Items. Dr. J. S. Bizzell has resumed the practice of his profession in our place.

There is considerable sickness in our community, mainly bowel troubles.

We are sorry to hear of the serious illness of Allen Wooten, near this place. Farmers are giving the grass a black eye. Last week was favorable for such operations.

The closing exercises of L. C. I. will begin Tuesday night. If possible, we will give the proceedings in our next.

Nearly, we might say all, the cadets have returned to their homes. Our town is not as lively as it was some weeks ago.

J. H. Kinsey, Esq., is in town visiting Joseph Kinsey. "Onslow Henderson's" visits are always pleasant and, when he comes the wood saws get sharpened.

J. M. Starke, Professor in Davis School, left here for his home in Petersburg, Va., last Saturday. Prof. Starke has many warm friends in La Grange, and carries with him their best wishes.

A large crowd was in town last week attending the commencement. Many ladies, and the young girls said pretty things, and the young men said pretty things, and the young girls said pretty things, and the young men said pretty things.

Rev. T. J. Ogden preached the commencement sermon at the L. C. I. last Sunday. It was our pleasure to hear him, and though the preacher was evidently unwell, we have never heard a better sermon. Services were held Sunday night at the ordination of Deacons and Communion administered.

Friday the preacher visited and preached at Hickory Grove.

We regret our inability to give an account of the closing exercises of Davis School. The address of Capt. Ashe, of Raleigh, on Wednesday is said, by one competent to judge, to have been splendid. Mr. Burkhead's speech was well delivered and well received. The speeches, declamations and debates of the societies were good, and taken all in all, the entire proceedings, so far as we saw or have heard, were a complete success. Col. Davis deserves the encouragement of all the business men in our town for his successful efforts in building up a first-class school. We wish him all the encouragement and patronage he deserves.

Curlew Bays. Mr. Joseph Fred. of Beaufort county, says that if the farmer will cut the corn stubbles and rice stubbles with a hoe, close to or even with the ground, as soon after the crop is gathered as possible, he will not be troubled with the curlew-bay. This is a very valuable piece of information, and it should be carefully attended to by all who are liable to the ravages of this pest.

PREPARATIONS FOR THE WEDDING OF MRS. BROWN. Boston, June 12.—Dr. George Marshall is in Boston today for the purpose of completing the preparations for the wedding of Mrs. Brown, which will take place in the City Hall on Sunday next.

It is thought Congress will return about the first of July. A session in New Orleans is being contemplated.

Rubinstein, the distinguished pianist, will make a tour of the States.

The monument to the late President Grant, erected at Washington, D. C., in New Bern it was 5 degrees lower.

Girard College has a large number of rolls, the largest number at any time since the organization of the institution.

Hon. L. Q. C. Lamar has accepted an invitation to deliver the memorial address at the unveiling of the Calhoun monument in Charleston next November.

That wise and noble ruler, Emperor William, of Germany, has expressed his wish, and he believes that of his country also, that pardon be granted the imprisoned Spaniards for the insults offered the German flag at Madrid last year.

Almonds, English walnuts and pecans are successfully grown in Florida. It is doubtful whether the first two mentioned can be grown in North Carolina, but from practical experience the latter fruit can, and with good results.

The tree is not only prolific in yielding, but deep with root, hard, and fine of body, rendering it an excellent shade tree as well as being profitable.

The Legislature of Louisiana has passed a law prohibiting the exercise of the privileges allowed in the cities of that State on Sunday.

All places of business and amusement are to be closed except newspaper offices, book stores, public markets, drug stores, restaurants and theatres where liquors are not sold. This is better, but could be very well further curtailed.

THREE HUNDRED ICEBERGS. ST. JOHNS, N. F., June 13.—The St. Joseph from Liverpool, which has just arrived, brought the crew of the schooner Mary, Queen of the Seas, which was lost on May 3 in the middle of the Atlantic.

The captain of the St. Joseph reports some 300 icebergs east of the Great Banks and as low down as the forty-fourth parallel of latitude.

An Old Citizen Speaks. Mr. J. M. Norris, an old resident of Rome, Ga., says that he had been badly troubled with kidney complaint for a great many years and with excruciating pains, at times could scarcely walk and had tried many remedies without benefit, until he began taking Electric Bitters and anointing his hands and feet with Bucklen's Arnica Salve.

This treatment afforded him great relief and he strongly recommends Electric Bitters to all who suffer with kidney complaints, or need a blood purifier. Sold by Henderson Bros. 105 N. 2d St.

Great Chicago Strike. It is generally known throughout the whole country that large strikes are being made among the laboring classes in some of our largest cities, such as Chicago, Philadelphia and New York.

Some have been wounded for life and some have lost their lives. The question now arises, what shall be done to keep the peace in Eastern North Carolina? The farmer cannot afford the eight hour system at the present prices of produce, neither is the laboring man satisfied with the present prices of labor.

Some relief must be had; something must be done to keep the peace in the front and devise some scheme by which the people may be relieved from such a tyrannical oppression. In view of the foregoing facts, and in the absence of any relief from other sources, we suggest that the quickest and most satisfactory way of keeping down strikes and disturbances among the laboring classes in Eastern North Carolina is to make the prices of goods and supplies in conformity to low wages, and in making the suggestion we hereby announce to the public that we propose to set upon it, and direct every body, laboring classes and all, to the cheap cash store of Humphrey & Howard, where they will find a large and complete stock of groceries and dry goods at strike prices. The most vital strike in life is the strike for work and money, which guarantees you perfect satisfaction at the least cost, the strike that for the great cheap cash store of Humphrey & Howard will certainly obtain for you the lowest possible prices, thereby assisting all poor people and guaranteeing you peace, prosperity and happiness in the future.

NEW STOCK SATINES AT Little Store 'Round the Corner. By watching bulletin boards at same place you will keep up with latest events.

J. F. IVES, Middle Street, One door from Pollockville, NEW BERNE, N. C.

The National Live Stock Association, RICHMOND, VA. For Insuring Preferred Risks in Live Stock. INSPECTION—SELECTION—PROTECTION.

CARDINAL FEATURES. Science put into practical operation. A plan of policy guaranteeing indemnity. Mortuary premiums payable annually, semi-annually, quarterly or bi-monthly, at the option of the assured. An ample reserve, available for all unforeseen contingencies. Local trustees in every county, for collecting of Mortuary Premiums, insuring policy holders against lapse, by the failure of mail.

The plan of the Company is purely mutual and offers to insurers indemnity against loss of stock by disease or accident. No policy will be issued covering stock whose actual cash value is less than \$100, nor will a policy of insurance be issued for an amount greater than \$25,000 on a single flock. This Company does not insure fancy horses at fancy prices, but simply agrees to indemnify owners for their animals, to the extent of good serviceable stock.

Horses and Colts insured between the ages of one and fifteen years; and Mules between the ages of one and twenty years. Policies will not be issued covering Livery, Dray, Race or Track horses, nor any stock owned by Street Railways, or Mining Companies.

No Pups, or second class stock, nor Agents without regard for scrupulousness, tolerated.

W. B. BOYD, Agent, NEW BERNE, N. C.

Ferdinand Ulrich, WHOLESALE GROCER. SMALL MARGINS. Special Prices on Flour.

T. A. Green's Old Stand. NEW BERNE, N. C.

Stockholders' Meeting. The Thirty-Second (Regular) Annual Meeting of the Stockholders of the Atlantic and North Carolina Railroad Company will be held at MOREHEAD CITY, N. C. on THURSDAY, 24th day of June, 1886.

The By-Laws require that no vote by proxy shall be allowed, unless the proxy be accompanied by an affidavit by alleged owner as to bona-fide ownership of stock.

F. C. ROBERTS, Secretary. June 24

Dissolution of Copartnership. The Copartnership heretofore existing under the firm name of Beal & Keel is this day dissolved by mutual consent. J. M. Keel will continue the business and will settle all claims owing by their firm and receipt for all monies due the same.

May 27th, 1886. J. B. KEEL, J. M. KEEL.

Please to Take Notice. That the National Bank Building is now undergoing repairs, and during that time the business will be carried on as usual, at the Brick Store adjoining Geo. Allen and M. Prig.

May 31, 1886. J. A. GUDON, Jndtr.
