From present indications, the Republican will have a lively time tomorrow. and adjourned to 12:80 o'clock today.

-A IN in the 6th Presinci, 5th Ward. The Republicans held their primar conventions yesterday in the variou voting precincts of the county for the purpose of selecting delegates to the county convention, which, accoubles at the theatre tomorrow."

In the 6th precinct, 5th ward in this oity the sonvention was held at the little church near the Freg Poud I D Abbott and C. E. Palmer both claimed to be chairman of the precinct committee. They both undertook to call the meeting to order, but it was soon apparent that the Abbott followers were in the majority, at least they made the most noise, and he was declared chair-

man of the committee, and afterwards declared permanent chairman of the meeting, the Palmer crowd protesting in the meantime against the manner of proceeding. A pandemonium ensued for a while, during which time the Abbott factions declared the following delegates elected :

To county convention-1. P. Aubott, George Richardson and E. Merrick alternates, W. F. James, Peter Fisher

and W. C. Griffin. To township convention-J. C. Price, Peter Fisher and Silas Bryan.

The delegates to the county convention were declared the committee. As chairman Abbott left the stand coats flew off and the growd rushed to gether towards the center of the floor

and for a few minutes there appeared to be a free fistiouff. One standing out and looking on expected to see at least

forty broken noses and bunged eyes. But all ended in smoke; if there was a lick passed it was a very light one. While this row was in progress the Rey. A. J. Marshall, the pastor of the church, came in and tried to pour oil on the troubled waters, and in the midst of his appeal one of the participants mounted a bench and shaking his fist violently

said, "I would let my soulgo to h-l before I would vote for Israel Abbott.' The prescher continued his remarks and severely reprimanded them for desecrating the house of God in such a manner and told them if they did not pro-

ceed to their business in an orderly manner he would take steps to remove them from the house. By the time the preacher got through

the Abbott crowd had withdrawn from the house. Palmer then called the meeting to order and proceeded quietly to organize by electing H. W. Canady chairman and J. T. York secretary.

A motion to elect delegates to the N. H. Styron, H. H. Simmons and

and Elsworth Anderson delegates to the county convention and is counds, like a Hahn ticket. Shepard, I. C. Wooten and Geo. son were elected delegates to the town-

ship convention. In the second ward D. Stimson, O Hubbs and David Barum were elected delegates to the county convention. This sounds like a Stimson delegation. In the Srd ward the meeting was somewhat unruly with chances in favor of a Stimson delegation. At the time of going to press the meeting was still in session.

Steamer Movements.

The steamer Shenandoah arrived yes terday morning and left at about 9:80 a. m. for Nag's Head with a grand excursion for that point.

The steamer Carolina left early in the morning with the returning excursionists for Quaker bridge and returned in the evening.

The steamer Kinston left with a jam of celebration sets returning to the upper Neuse.

The steamer Florence took back the passengers of the day before, with some additions, to their homes at Vanceboro and vicinity

The steamer Gleopatra arrived from below with freight and passengers.

This, how-ever, is just what might have been we-peched. Goldsboro, like a level fiscaled city, went decidedly "wet" at the local optich election in June last. Politicians know what a "good thing" is und al-ways manage to get close to it. A po-litical convention, without whitrey, would be a dead failure anywhere on earth.
