### BUSINESS LOCALS.

A fine lot of Ice-Rind Melons just arrived from Baird's creek and can be obtained at your door today from Walter Willis.

A Lot of FINE STATIONERY, including Box Paper and Cards, Carter's Inks, etc., just received at MRS. STANLEY'S Book Store, Pollock St.

The New York Star will be furnished by the week—seven papers—at 15 cts. GUY C. STRONG.

No street sprinkler has been needed for a number of days.

The last few days have been quite cool for the middle of July.

The steamer Stout left yesterday with a cargo of melons, lumber and naval stores.

The people's ticket is gaining visible strength as the objects of the movement are discussed and understood.

L. Wallman offers goods at 30 per cent less than cost in order to make room for fall stock. See "ad."

The Shenandoah brought in plating machinery yesterday for Card & Gallup's mill at Sloumbs's creek.

The steamer Wave after a thorough overhauling left yesterday for Beaufort and will resume work on Bogue sound.

The Shenandoah made her regular trip yesterday, bringing in a cargo of general merchandise and taking out melons and vegetables.

English sparrows are becoming numerous in New Berne, and already this bold and saucy little fellow is being complained of for driving off our domestic birds.

Four cases were before the Mayor's Court yesterday. Two were up for disorderly conduct, one of which was fined a dollar and cost, the other a penny and cost. Two for profane language on the streets were fined one dollar each and cost.

Constable Walling, of Cobton, called yesterday to tell us that the crops in his section are prosperous; that Bill Lane is the best man in the county and that Mr. Charles Clark is popular with both parties. He goes back today and declares himself a candidate for re-election as constable and will "rah for Hahn."

The agent of the Old Dominion Steamship Company desires us to inform the Junior Good Samaritans, and their friends, that he will keep the ticket office open until 9 o'clock tonight (Saturday) to enable them to purchase tickets for the Grand Excursion to Washington. Such another cheap opportunity will not probably be granted to visit our sister town, Washington, and all who buy a ticket are helping the Junior Good Samaritans to put money in their treasury. The steamer will sail on Tuesday, July 20th, at 8 a. m.

**Church Services To-Day.**  
There will be services in the Methodist church at 11 o'clock today (Saturday), preaching by Rev. J. T. Harris, the presiding elder of the district.

**Improvement Will Come.**  
There has been lately a number of gentlemen prospecting around here with a view to making investments in various enterprises, which will give additional employment to our laboring classes. Let us push ahead the people's ticket to a grand success, and, as Major Palmer more than intimated the other night, we may reasonably expect great improvement in the county of Craven to follow. Whatever benefits the masses in their moral and financial relations surely improve any county.

**Realized.**  
Passengers who arrived on the Shenandoah yesterday report that a small schooner, with several passengers, was captured near New's Head on Wednesday last. Two of the passengers, a young lady and a small girl were drowned. A young lady remained in the cabin of the boat in water up to her neck all night and until parties boarded the boat next morning and out her out, saving her life. The body of the little girl was recovered.

**Wanted.**  
Mrs. Ann M. Discovery, of paralysis, wife of the late Terrel Discovery, has on the morning of the 15th inst., at fifteen minutes to five o'clock.

Funeral services from Christ Church this afternoon at five o'clock, at which friends and relatives are invited.

Head Office Mortgages and Deeds for sale at the Journal office.

## Onslow County Affairs.

We publish by request the expenses of Onslow county last year, it having been charged that the present board of commissioners is responsible for the debt of the county. From the accounts published the expenses, though small when compared with many other counties—Craven for one—are in excess of the receipts. But for the year 1885 the commissioners of Onslow county published their proceedings and every tax payer in the county had the opportunity of scrutinizing their expenditures and knowing whether or not their money was properly spent. When county commissioners show, by giving the greatest publicity to their acts, that they are not afraid nor ashamed to let the people know how they have discharged their duties they are generally able to refute any charge of extravagance or negligence that may be brought against them. When they do this, show that the money has been spent for legitimate purposes, then it is not their fault if the taxes levied are not sufficient to meet these expenses.

But few counties in North Carolina, if any, with the present low valuation of property, can meet current expenses and keep within the constitutional limits of taxation. This state of affairs plays into the hands of speculators. They object to all taxes beyond the constitutional limit in order to depreciate county script and buy it up at a discount of about fifty per cent and then bring suit against the county and get interest from the day they obtain a judgment. It is a very pretty business for this class of our useful citizens who have a little ready money, but it is a bad business for the people. While it is wise to have some limit to taxation, it is certainly foolish to have the counties so restricted that they cannot pay current expenses. A proper valuation of property and an equalization of the assessments would remedy the evil to a great extent.

### City Disbursements.

In our notice of the city treasurer's report yesterday morning we stated that the disbursements for the months of June and July this year were considerably less than for the same months last year. This comparison was made without any reference to the nature of the disbursements. Our attention has been called to the fact that several hundred dollars of the disbursements for June and July, 1885, was for old vouchers issued by a former board, and that the actual current expenses for those two months was only \$108.53 in excess of the same months this year, and this excess was on account of more work being required on the streets.

The comparison was not made for the purpose of reflecting in any way upon the management of the board last year, for it was generally conceded that they inaugurated the cash system and the strictest economy. Our only object was to show that the spirit of economy still prevails and all vouchers are promptly cashed.

### Personal.

Dr. F. P. Gates, of Bayboro, called to see us yesterday. He is a native of Lenoir county, studied medicine under Dr. Hyatt, graduated at Bellevue Medical College, N. Y., successfully passed a rigid examination by the State Board of Medical Examiners when in session in this city, and now offers his professional services to the people of Pamlico. He is thoroughly devoted to his profession and we predict for him much success.

Messrs. J. T. Gooding, of Broad creek, and J. F. Cowell, of Bayboro, Pamlico county, called to see us yesterday. They report crops as looking very fine but most too much rain.

Mr. D. H. Harrison, from Upper Jones, was in the city yesterday and reports crops damaged from rains. Politics, he says, are dull yet.

Miss Minnie Eaton, daughter of Sam. K. Eaton, Esq., left on the Shenandoah Tuesday last for Maine, where she will spend the season with relatives, preparatory to her entering an academy in New Hampshire. Miss Minnie will be very much missed by her friends and companions.

Rev. J. T. Harris, Presiding Elder of this district, is in the city.

Mrs. W. E. Dulin, Mrs. J. B. Shin and children, of Washington City, arrived on the Shenandoah on a visit to relatives.

**Wonderful Cures.**  
W. B. Hoyt & Co., wholesale and retail druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bismuth and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bismuth. We guarantee them always. Sold by Hancock Bros.

## SHERIFFS.

There is yet no abatement of the cholera in Italy.

There is a general strike in the tanneries in Massachusetts. Mexico and probably China, will erect legation buildings at Washington. The corner stone of the Lee monument at Richmond will be laid Oct. 23.

There has been more rioting in Ireland between Catholics and Protestants. The contract for building the new Harlem bridge in New York has been awarded for \$2,055,000.

Maxwell, convicted of murdering Preller at St. Louis, has been sentenced to be hanged August 27th.

It is stated that Grand Master Workman Powderly has consented to accept the nomination for Governor of Pennsylvania.

Wiggins, the Canadian foreteller, is prophesying again. This time he has his eye on a big storm that is to strike the United States on the afternoon of September 29.

The President has issued an executive order warning all officeholders against the use of their official positions in attempts to control political movements in their localities.

At last cents are coming into use in California. Ten years ago the Californian would not deign to notice anything less than a ten cent piece, but with the decline in prices of different commodities the nickel was gradually brought about, and now the penny.

The Secretary of War has detailed Major John J. Upham, fifth cavalry, and Capt. Henry J. Nowland, seventh cavalry, to witness, under an invitation extended by the French Government, the maneuvers of the twelfth and eighteenth corps of the French Army, which are to take place during the month of September next.

### Buncombe All Right.

ASHVILLE, N. C., July 14.—The following has been sent to President Cleveland:

"To President Cleveland, Washington, D. C.—Sir: We, the undersigned, citizens of Asheville, N. C., beg leave to say the message sent you by Mr. Natt Atkinson does not voice the sentiments of this community. While your veto of our courthouse bill is generally regretted, the confidence of the public in your wisdom and justice remains unshaken, and should you visit North Carolina at any time you would receive a cordial welcome at Asheville. Respectfully,"

(Signed) E. J. Ashton, mayor; Girdwood Rankin, Scott Murray and Godolph W. Powell, aldermen; H. A. Gudgey, State Senator; Johnston Jones and Richmond Pearson, House of Representatives; S. R. Keeler, president of the Board of Trade; F. A. Hall, president of the Tobacco Association; J. P. Sawyer, president of the Asheville Club; W. E. Breece, president of the First National Bank; S. W. Battle, M. D., U. S. N."

The following is the message of Mr. Atkinson, to which the above refers:

"Having sent you several invitations to come to Buncombe county, believing you to be a wise and just man, and having found out that you are neither, all the invitations are withdrawn."

## NEWS BY MAIL.

### SEVERE RAIN STORM IN NEWARK.

CHICAGO, July 16.—A special from Newark, Ohio, says: "This city was visited by one of the most severe storms ever known yesterday. Over \$50,000 damage was done, the greatest loss being in fruits and growing crops. Several business blocks had their roofs carried away. Men, women and children were terribly frightened. The storm was of about one hour's duration, the wind high, lightning fierce, but terrific and rain falling heavily."

**DISMISSED FOR DISCREDITABLE CONDUCT.**  
WASHINGTON, July 15.—Acting Secretary Fairchild today summarily dismissed the chief of a division and two clerks in his office for creditable conduct in connection with examinations for promotion. It seems that the chief of division had been instructed to prepare examination papers for promotion in his office, and that after doing so he surreptitiously furnished the questions to two of the clerks under him.

This fact was brought to the attention of the head of the office, who made inquiry of the accused parties, and upon their denial of the truth of the charges, reported them to the acting secretary as persons unworthy to hold position under the government. A high official of the Treasury Department states that he is convinced that this practice has been long in vogue, and that the authorities are determined to put a stop to it as far as possible.

**TORIES AND UNIONIST GAINS.**  
LONDON, July 15.—The net gains made by the Tories and Unionist combined, in the elections so far, amount to forty-five seats over and above their holdings in the last House of Commons.

### The Usual Result.

It is not to be denied that a good sewing machine is one of the most important appurtenances of the modern household.

We thought we had a good machine until one day the agent of the New Home presented himself at our door and proceeded to deliver an oration upon its characteristic merits.

"But," we answered, "our machine suits us well and we do not care for another."

The agent, however, begged the privilege of leaving one of his machines with us, "for the ladies to try."

The request was not unreasonable, so we granted it—but more to oblige the agent than anything else; for we really did not want the machine, and had not the remotest idea of buying it.

The machine once in the house, it was natural that the ladies should look it over; they did so, and as a consequence fell in love with it. They say that without the slightest wish to deprecate or disparage any other machine, still, all things considered, in their opinion, the most desirable one to be had.

This unrivaled machine is manufactured by the New Home Sewing Machine Co., Orange, Mass., and 30 Union Square, New York.

### Atlanta Party's Wet Again.

ATLANTA, Ga., July 11.—The Kimball House for the last three days has been emptying a keg of beer every five minutes. The rush from the first has been unabated, the drinkers being composed of the best men of the city, who seem to enjoy the defiance which they are giving the prohibition law. Under the injunction which the Kimball House has secured against the city officers, there will be no interference until July 17. Then it is believed that Judge Clarke will further continue the injunction in order to give the lawyers full time to gather up authorities. The case will then be taken to the United States court, where it is expected to linger for a year. By that time another election can be held. This will be a bonanza for the Kimball House, for during that time it will have the exclusive privilege of dealing out beer and spirits to 60,000 people. The State Democratic convention meets here on June 28, and the prohibitionists are anxious that the town should be dry on that date, but their hope will not be realized.

A singular feature of the present renewal of the liquor traffic is the manner in which the colored people are affected by it. In the election, under the lead of their preachers, they were ardent prohibitionists; now that the Kimball house has opened its doors as a bar-room where negro custom is refused, the colored people stand on the sidewalks and denounce the whole business as a trick by which the white man seeks to keep them from getting drunk. This feature was the prominent topic of discussion by crowds assembled at the negro churches today. They denounce the white prohibitionists for having led them into "the trap."

### Miss Connelly Acquitted.

COLUMBIA, S. C., July 14.—Yesterday the grand jury of Barnwell county found a true bill in the case of Miss Emma Connelly, who shot and killed her second cousin, John T. Steedley, during Sunday school on July 4, for circulating defamatory reports about her. The trial was set for today. Both parties were of good families, and had many strong supporters in the county. Steedley's family engaged some of the best lawyers in the State to aid the prosecution. The trial began at 11 o'clock this morning. Miss Connelly, who is a very handsome woman, 20 years of age, was usually through the trials which issued from her. The jury went out shortly before 9 o'clock and in fifteen minutes brought in a verdict of not guilty. This is the first time a lady has ever been tried for murder in South Carolina.
