Blight on Pear and Apple Trees... Editor JOURNAL... I have never seen a tree with...

I further found evidence to satisfy me that it is a native and ever present fungus... I have never known disease to return to the peeled portion of a tree.

I continued to peel other diseased limbs of both pear and apple trees with the same results... My theory is that deep peeling cuts into these fungus plants and exposes these lower portions to excessive drying by evaporation...

The Good Opinion of Others... A correspondent, who is evident in an unambiguous mode writes to me asking if I think it is "the thing" for a young man to strive to obtain the good opinion of others...

It is necessary to be able to act not only without any view to the praise of men, but with the deliberate expectation of exciting their suspicion and disapprobation... We often see individuals acting in such a way as to excite derision and blame in matters perfectly indifferent to their own interests...
