### BUSINESS LOCALS.

**Watermelons.**—The best grown in the county office by **HOWARD & JONES**.

**Washing Suits at \$1.00.**—Summer neckwear, White Lawn Duds Bows, Summer Underwear, Tennis Shirts, Plaided Boom Shirts, Tourist Bags, etc., at **HOWARD & JONES**.

**The New York Star** will be furnished by the week—seven papers—at 15 cts. **GUY C. STYAN.**

**Eggs are still booming.** They sold for 25¢ wholesale, yesterday.

**The county Democratic convention** assembled in this city tomorrow at Stany Hall.

**Mr. Samuel Cook** is sinking a new well at the foot of Broad street for the city authorities.

**The steamer Stout** arrived yesterday morning from Baltimore with a large cargo of general merchandise.

**The dead trees** on Johnson street, opposite the Academy Green, have been cut down and removed by the city authorities.

**The farmers in the sixth township** had a grand barbecue at Mr. Allop Tolson's on Saturday. A large crowd was present and all enjoyed themselves.

**We notice considerable repairs** and improvements being made to residences in the city. The paint brush would greatly improve many buildings.

**Mr. J. T. Eaton**, of Carteret, brought up a car load of fine Cuban watermelons yesterday. They are very good, and are so pronounced by all who try them.

**The coalition ticket** in this county is strengthening every day. It simply means good county officers and good representatives in the General Assembly.

**Peterson & Hollowell's excursion** returned from Morehead yesterday. There was a large crowd and a number of cousties represented. We believe everybody was pleased and enjoyed the trip. Several persons along had never seen the ocean before, and expressed themselves very favorably impressed with it. These gentlemen know how to get an excursion and how to run it after the fashion of the day.

**The steamer Trent** returned from Baltimore and Portsmouth yesterday morning. A good number of our citizens had returned, and all are again enjoying the good time they had from the number of bunches of the fine Portsmouth brought along. It would seem that they intend to prolong it for awhile. Dick Williams promised an accurate report of the camp and officers. If he doesn't give it through the JOURNAL, anyone can get it by calling on him.

**Last night when the mail and passenger train** bound for Morehead City, had gone about one mile below the city, the safety valve of the engine blew out and the train was brought to a halt. The escape of steam was distinctly heard in the city, and a **JOURNAL** reporter started for the place. He met one of the train hands who told him that the bridge, where it was damaged, was delayed to passengers. He was going to get another "whee" and another engine.

**The premium list** of the third annual exhibition of the Eastern Carolina Fruit and Stock Association is out. The list is a large one, a premium being offered for almost every product of the farm, and the list is a very complete one. It is a pleasure to notice that the largest premium is offered for cotton, notwithstanding the cry of too much cotton to the market of corn, wheat, bacon, hay, etc. The Fair will be held at Goldsboro on Wednesday, Thursday, and Friday, Nov. 3 and 5.

**Sheriff Kooner**, of Jones, was in the city yesterday. He had a report compiled by Judge Clark's agent to compare the charges for jurors next week.

**Major Gordon**, of Egypt farm, was in the city yesterday. He takes a good command of the political situation.

**Rev. G. H. Church**, arrived yesterday, where he will be preaching the annual week meeting. He is stopping with Mr. H. P. Williams.

**Paul Duckett**, of the Greenville Institute, arrived from Northampton last night. He has been in the city and will spend some of his vacation here. In addition to this we have had to weekly submit to indignities forced upon us by the Democratic Legislature—to humbly see a portion of our county sold off and given to another county without any of the county debt going with it. In fact so persistently have we been abused and ignored that we must show our manhood and protect our rights.

## First Congressional District Conventions.

**Special to JOURNAL.**  
ELIZABETH CITY, Aug. 11, 1886.  
The Judicial convention met at 9 a. m. today. J. H. Blount was nominated for Solicitor over Wm. J. Griffin, of Pasquotank.

**Congressional convention** met at 3 o'clock, p. m. C. F. Warren was elected permanent chairman. On the eighth ballot Latham received 140 votes, Skinner 97, Brown 54, Moore 40, Shaw 1. Convention then adjourned for one hour.

**Greenville Institute.**  
This institution, under the management of Prof. John Duckett as Principal, is looming up as a school of no mean proportions. The catalogue shows an attendance last year of 108 pupils; the building is entirely new and commodious; board and tuition are fixed to suit the times and the Professor has very efficient and competent teachers to assist him. The fall session begins August 1st. See "ad."

**First Cotton.**  
We have received several open bolls of cotton that were taken from the farm of Mrs. Col. G. C. Moses, in the Beaver Creek section of Jones county. They were taken from the field on the 8th inst., and appear to be well matured. Mrs. Moses' farm, or this portion of it, is managed by Col. Hunter, a young man of considerable ingenuity and a good superintendent of a farm.

The indications are that new cotton will be in the market earlier than usual this year. But a good deal depends on the weather through August and September.

**Wilmington and New Berne Firemen.**  
It is real pleasure to witness the good feeling existing between the fire companies of New Berne and of our sister city of Wilmington. They have met several times on the field of contest, and have alternately conquered each other, but no ill feelings were engendered, on the contrary they delight in honoring each other. The following preamble and resolutions adopted by the Atlantic S. F. E. Co. No. 1, of this city, will explain themselves.

Whereas, We have received a communication from the W. S. F. E. Co. No. 1, informing us that they had named their new steamer "Atlantic," in honor of this Company, and, whereas, we esteem the compliment as one of the highest character, therefore be it

Resolved, That this Company recognizes with becoming meekness their unworthiness to receive such a compliment from a company whose merits and attainments far exceed our own, and that we joyfully regard it as an additional expression of that warm-hearted kindness that has ever been shown to us by the W. S. F. E. Co. No. 1 in many years of acquaintance with that Company of gallant firemen.

Resolved, That we solemnly reaffirm our obligation upon us to preserve unimpaired the reputation of the W. S. F. E. Co. No. 1, and lend it down as a rich legacy to our successors, and to keep it in such glow that this action of our Wilmington brethren shall ever be a fragrant recollection to them for all time to come.

Resolved, That we heartily thank our Wilmington brethren for this high compliment and shall always cherish it as the crown jewel in our diadem as firemen.

Resolved, That a copy of these resolutions be forwarded to the W. S. F. E. Co. No. 1, be published in the New Berne JOURNAL, and spread upon the minutes of this Company.

J. R. H. GARRAWAY,  
L. H. CUTLER,  
JAS. W. WATERS,  
Committee.

**Craven County.**  
Editor JOURNAL.—Mr. Strange in his letter to the Index, which you published in a late issue, says that Wilmington suffers because of its lack of influence with the "powers that be." Now if Wilmington and New Hanover county feels the lack of representation, what must be the suffering of New Berne and Craven county? Wilmington is represented in the Congressional delegation and has had the honor of the presidential chair of the State Senate, but poor old Craven has no representation in State or National Legislatures nor in the State administration. She is completely side-bound as far as political influence goes. Ever since the Democratic party has been in power in the State she has been nothing but a black lump on the political log—useless and something to be kicked and euded by the very ones who, because of her hopeless condition, should try to alleviate her troubles, and now that patience has ceased to be a virtue she is determined to be represented, at least in the State Legislature, by men who will be heard and felt. And suppose that we are not going at it in the old-fashioned Democratic style, which is not the case however, and the Star and other papers outside the county call into us, what matter is it as they can't defeat our ticket and all their "bosh" will not influence one single vote.

And again, pray tell why the Democrats of Craven county should, to our detriment, fight the battle of the Democratic party of the State? I don't say we will not but merely ask why we should when the Democrats of our adjoining counties who have representation in the National and State Legislatures have invariably given us the cold shoulder and the Democratic States have never given us a plain and unobscured step in the face. In addition

## to this we have had to weekly submit to indignities forced upon us by the Democratic Legislature—to humbly see a portion of our county sold off and given to another county without any of the county debt going with it.

In fact so persistently have we been abused and ignored that we must show our manhood and protect our rights. As to the Democracy of the coalition movement I would like for some of the wonderfully ruminative Democrats who oppose the Coalition ticket to tell us how President Cleveland, whom we all know to be a Democrat, became mayor of the city of Buffalo? Unless facts have been terribly perverted he was elected to that office by just such a movement as the many Democrats and Republicans are trying to carry in this county, and mind, ye growlers, that this movement does not have a somewhat similar termination.

Like the city of Buffalo, Craven county is overwhelmed with political rascality, and the good people of the county, Democrats, Republicans, Independents and colored men, have combined to bring about a letter order of things, and if the Democrats of adjoining counties and "smart Alecks" who pose as editorial champions of Democracy don't like it they can jump it. The Coalition ticket is supported by the intelligent white and colored voters of the county, which is evidence enough that it is the correct thing, and that it will be a success there is no doubt.

**Tilden's Will.**  
NEW YORK, Aug. 9.—The will of Samuel J. Tilden was read at Greystone this afternoon by lawyer James C. Carter, of this city, in the presence of all the relatives except those in the West. The document is a long one, containing about ten thousand words, and would occupy about five columns nonpareil type in any one of the great dailies. Besides the family, there were present the Hon. John Bigelow, Andrew H. Green, and Mr. Tilden's private secretary, George W. Smith.

Col. Samuel J. Tilden, who spoke for the family, said that not a word about the will could be given to the press. The family had decided, he said, that no intimation of the terms of the will should be made public until it was offered for probate, and as the date had not yet been fixed for that, he could not say when it would be given to the press.

Hon. John Bigelow gives the following facts about the will. Mr. Bigelow, Andrew H. Green and George W. Smith are named as executors and trustees. All of Mr. Tilden's kindred are generously provided for in this way: The whole estate is placed in the hands of the executors as trustees. Each heir is to receive an equal share in the line of his or her consanguinity, that is, nephews and nieces equal amounts, but they are to receive only the income derived from an equal separate specific sum, the principal at their death to be disposed of in a manner which Mr. Bigelow could not state. None of his relatives, he said, except Mrs. Mary B. Pelton, his sister, are given any specific bequest forever. To her he bequeaths the residence No. 38 West Thirty-eighth street, and the sum of \$100,000 to live upon. All of his real estate except this is placed in his executors' hands to be disposed of as they see fit, either by sale, rental or exchange, Greystone and the Gramerly Park property falling under the same rule. The executors are first charged with the duty of settling apart for his relatives the sums named for them from which the several incomes are to be derived. This done, it becomes the duty of the executors and the trustees to carry out his wishes regarding certain public beneficiaries. They are charged with the duty, first, of establishing a free library in his native village, New Liberty, also in Yonkers; and if in the discretion of the trustees they choose to establish a free library in this city, they may do so, and if any of them are at liberty to use the funds that a free library would cost in the promotion of any charitable or educational cause. A great deal is left to the discretion of the trustees. In general terms the relatives are handsomely taken care of by the receipt of specific incomes, which consumes, Mr. Bigelow says, an amount not to exceed one-third of his estate. All the rest and residue is devoted to the public good, and the trustees are charged with the responsible duty of choosing such methods as shall prove the greatest good to the public in the disposition of this property.

The estate is not as large as estimated by some people. The value has been placed at \$10,000,000, but Mr. Bigelow says this is double its real value.

As regards a public library for this city, that matter is left to the discretion of the trustees, both as to location, equipment and cost. Hence the city will have the library if the trustees think that the funds in their hands cannot be used for the public to better advantage. The instrument most likely will be offered for probate in this city, the law giving the executors the right to choose the place of probate where a person owns property in more than one county. Citations will be issued tomorrow from the Surrogate's Court to all the relatives to be present at the probate.

Mr. Bigelow returned to Greystone tonight. Col. Tilden, Gen. H. Tilden, Mrs. Pelton, the Misses Edy and Susan Tilden, and Mrs. Hazard are at Greystone.

**As Mark to Bait a Snake.**  
Edward Shepard of Harrisburg, Ill., says: "Having received notice from Elmira (N.Y.) that I was duty to interview humanity kindly, I had a running sore on my leg for three weeks. My doctor told me I would have to have the leg amputated or leg suspended. I used, instead, three bottles of Electric Balm, and now my leg is now sound and well." Electric Balm is sold at fifty cents a bottle and Dunken's Arnica Balm at 25¢ per box by Hancock Bros.

## Editor Cutting in Jail.

A correspondent of the New York World who saw Editor Cutting in the Mexican jail at El Paso del Norte on Sunday says:

The prisoner was found in the open court of the prison in his shirt sleeves, enjoying the cool evening preparatory to spending a hot, uncomfortable night in his cell. The only visible change in his looks since his incarceration is a slight tinge of gray in his hair. He is enjoying good health, and since he made his manager to live very fairly. He takes his present predicament calmly, and has the utmost confidence that something will turn up to succor him. His theory is that diplomatic relations will cease on Monday, and in that case, Mexico will back down. Sooner than go to war it will grant him a pardon, he thinks.

Outsiders do not take such a sanguine view of affairs. They say that Cutting is a doomed man. He would the United States take the final step and declare war, Cutting undoubtedly will be the first man to be sent to the gallows. On the other hand, if the government does not interfere and the prisoner is compelled to serve out the sentence imposed on him, he will never live to see its expiration, as no American can do the work that will be imposed on Cutting on the allowance for food of five cents a day. This, he will be pardoned is generally believed, as the Mexicans have got their hands up.

In issuing an order upon Cutting, the Mexican chief justice, Pasquel Norte, used the following language: "It is the decree of the court that the defendant, A. K. Cutting, be compelled to serve the State of Chihuahua at hard labor, on public works, for the period of one year, and that he pay the attorney of the State of Chihuahua, in the event of failure to do so, the sum of \$100,000. Cutting is held to serve on an additional 100 days at hard labor on public works of the State. It is further more decreed that the said A. K. Cutting be held responsible to a civil suit for damages to Emilio Medina, the party injured by the illegal publication by the defendant, should the said Medina desire to institute such a suit. In regard to the application of the proceeding attorney, asking that this court recommend that the United States court at this point be withdrawn on account of offensive officiousness, the court holds that it is a matter of such importance as to be brought before and its scope, and the application is therefore respectfully referred to the Supreme Court of Chihuahua for action.

As soon as the verdict became known on the American side the excitement became intense, every one seeming to understand that a crisis was rapidly approaching. Places were opened for the enrollment of minute-men, nearly every able-bodied man in the community volunteering. On the Mexican side the excitement is equally intense.

**ADVICE TO MOTHERS.**  
Mrs. Winslow's SOOTHING SYRUP should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhea. Twenty-five cents a bottle. [jan24tdusthatwv](http://jan24tdusthatwv)

**Mexican Trouble.**  
ST. LOUIS, Mo., Aug. 10.—A special from Mineola, Texas, says: Friends of Governor Ireland here are jubilant over the endorsement of his policy by the old States and the city is full of excitement in favor of the United States taking a decided stand against Mexico. There could be one thousand men raised here for a Mexican war. At a mass meeting last night resolutions were passed favoring an immediate war with Mexico.

WASHINGTON, August 10.—It was stated at the war and navy departments today that while the fighting branches of the governments are in their customary condition of readiness for action, offensive or defensive, the present difficulties with Mexico are as yet the exclusive concern of the diplomatic branch, and that no movement of any vessels have yet been ordered with a view to possible warfare.

At the State department it is said that there is nothing new which it would be proper to make public at present, but that there is still no reason to doubt an amicable adjustment of the Cutting affair.

It is unofficially learned that the correspondence now in progress is expected to bring about definite results of some kind in a few days, and that the direct objects sought to be accomplished by this government are, first, the release of Cutting; and second, the renunciation of the claim by Mexico of extra-territorial jurisdiction.

KIOWA, Kansas, August 9.—Two hundred volunteers for a cowboy cavalry battalion organized here to-day and will offer their services to the Secretary of War, awaiting marching orders.
