VOL. V.

NEW BERNE, N. C., FRIDAY, AUGUST 13, 1886.

NO. 116.

## LOCAL NEWS.

### Craven County—The Importance of Unity Among Democrats.

The importance of united action on the part of the Democrats of Craven county at this time is no small matter. They have always stood shoulder to shoulder and rallied around the nominees on their State tickets, while they were in a hopeless minority in their own county. They could then afford to have their personal preferences for those of their fellow-citizens likely to be honored with a position on the State ticket or with appointment from the Governor. But when an opportunity offers for them to do something of real benefit to their country, it would be worse than folly to throw it away by tolerating warring factions and personal prejudices. No possible good can be accomplished by such a course. Whenever a line of action has been settled upon, all personal differences should cease and all pull together for the good of the county.

### Business Locals.

Bathing suits at \$1.00, summer neckwear, White Lawn Duds, Bows, Summer Underwear, Tennis Shirts, Flannel Room Shirts, Tourist Bags, etc., at HOWARD & JONES.

The Democratic county convention assemblies today at the theatre. Several delegates from the county to the Democratic convention arrived last evening.

We regret to hear that Dr. Guion is unwell and not able to be at his desk in the National Bank.

A large excursion of colored people from points above on the A. & N. C. R. arrived yesterday evening. They gave an entertainment at Stanly Hall last night.

The Democrats and Republicans combined in Jones county eight years ago and elected Thos. J. Whitaker, a good Democrat, clerk of the Superior court. He has held the office since that time, has never compromised his principles as a Democrat, neither of the parties have suffered on account of it, and the people have had a very efficient and accommodating officer.

### For Trenton.

Once Superior court assemblies next Monday. Wm. McDaniel, Esq., will run during the week a coach from Trenton to Core Creek and will carry passengers at reasonable rates. He has good team and will be at the station on the arrival of trains.

### The First District Convention.

Having a reporter on the ground, we expected to keep fully posted on the Democratic convention at Elizabeth City, but up to the time the telegraph office was closed here last night, not a word could we hear. Either the wires are down or the convention is in a muddle, we know not which.

### The Third District.

The Hon. W. J. Green was defeated in the nomination in the third district. Hon. C. W. McClammy having been nominated in his stead.

The Hon. W. T. Dortch had a considerable following and entered the convention with votes enough to prevent Mr. Green from receiving the necessary three-fourths vote of the convention. The passing of the convention and the result that would be likely to be brought forward the Wilmington Review said:

Of the candidates named are gentlemen of ability, integrity and influence, and there is not one of them who will not, if elected, serve his people with honor and fidelity. It is only a choice among good men.

### Personal.

W. B. House, of Kenner, was in the city yesterday. He has just made a trip through Greene and Pitt counties with his gin sharpener and finds the crops damaged worse in those counties than any he has seen.

J. W. Shepard, the straight up and down merchant of Pollockville, was in the city yesterday and reports fair crops in his vicinity.

H. R. Bryan, Esq., returned from a trip to the Western part of the State. Prof. Joseph Kinsey, of La Grange, is in the city. He has had several years' rest, and will enter the school room again this fall fresh and vigorous. Parents who have daughters to send from home, cannot do better than entrust them to his care.

### Fort Mocco.

Major H. B. Baker was to take a trip to Mocco and Beaufort and just drop over and look at this particular portion of the National defenses, he would most assuredly feel interested in its preservation, either as a work of defense or a relic of the past.

There seems to be some work in progress to build the aggressive sea from washing onto the beach and inundating the land. But an inexperienced man is certainly not to be trusted with such a task. The work is being done to ward off the equal effective work of time from the fort. A fort without a garrison is a mere shell. The many soldiers who are in a bad condition, the bridges across the river are rotting, while the water in the harbor is polluted with sewage. It is a matter of doubt how long it will last in order, but we will not be misled by the fact that the work is being done. It is a matter of doubt how long it will last in order, but we will not be misled by the fact that the work is being done.

### ADVICE TO MOTHERS.

Mrs. Winslow's Sore Throat Syrup should always be used for children's coughing. It cures the child, softens the throat, relieves all pain, cures wind-cold, and is the best remedy for influenza. A bottle costs five cents.

### Craven County—The Importance of Unity Among Democrats.

The importance of united action on the part of the Democrats of Craven county at this time is no small matter. They have always stood shoulder to shoulder and rallied around the nominees on their State tickets, while they were in a hopeless minority in their own county. They could then afford to have their personal preferences for those of their fellow-citizens likely to be honored with a position on the State ticket or with appointment from the Governor. But when an opportunity offers for them to do something of real benefit to their country, it would be worse than folly to throw it away by tolerating warring factions and personal prejudices. No possible good can be accomplished by such a course. Whenever a line of action has been settled upon, all personal differences should cease and all pull together for the good of the county.

An opportunity now presents itself to do something. Two candidates—Democrats—for the General Assembly have been placed before the people for election. The manner in which they were brought out may not be considered regular, but it was done by the action of Democrats, and in justice to these gentlemen it appears to us that it is the duty of Democrats to try to elect them.

We have heard the question asked, "What difference does it make if we don't have any representative in the General Assembly?" We are surprised that any Democrat should ask such a question. Does any Democrat suppose for one moment that if Clark and Lane had been in the last General Assembly, a large slice of Craven county would have been taken off and given to Carter without carrying with it a proportionate share of the county debt? This is a question that goes right to your pockets. Does any Democrat believe, with these gentlemen to represent them, that the present arrangement of the judicial districts would have been made? This, too, goes right to your pockets, for remember that in taking a prisoner before the judge in the present district, upon a writ of habeas corpus, the sheriff having to take him by way of Raleigh to Warren county, a bill was presented for the county to pay amounting to over fifty dollars; this for traveling expenses to get to the Judge.

Does any citizen of Craven county believe that such representatives as Messrs. Clark and Lane would not have made an effort to secure such legislation that would have made the Smithfield road a part of the A. & N. C. and extended it on to the C. F. and Y. V. Y. The failure on the part of the last General Assembly to do this was a heavy blow to the prospects of this entire section, and we are bound to believe it was for want of proper representation that we did not get it.

Make any difference? Why, it makes all the difference imaginable. In 1870 the Democrats of New Hanover county, by a coalition with the Republicans, elected Capt. Sam. Ashe and Maj. McClammy, both stalwart Democrats, to the General Assembly along with three Republicans, and since that time New Hanover has been kept in a Democratic Congressional district and the result is hundreds of thousands of dollars have been secured for the improvement of the inlet to Wilmington, and we have never heard that the election of these gentlemen by Republican votes compromised or in any way injured the Democratic organization in the State. The counties of Northampton and Halifax, though largely Republican, have sent Democratic members to the General Assembly, and we have never heard any complaint from Democratic papers on account of it. But just so soon as Craven undertakes to secure representation, we hear a howl from a paper in one of the very counties that have done the same thing. This little outside opposition—and we are glad to say it is small—should of itself unite the Democrats of Craven county and prompt them to make a strong effort to put men in the General Assembly that will be able to accomplish something for us. Then why not divert ourselves of all personal prejudices and vote the ticket agreed upon by the Democrats and the better element of the Republican party? There is no compromise of principle in doing this; it will not interfere with the organization of either party. It is bound to result in good for the county if the ticket is elected.

Intelligent Republicans will readily understand that any good that may be accomplished for the county by this movement is as much for their good as for the Democrats.

### ADVICE TO MOTHERS.

Mrs. Winslow's Sore Throat Syrup should always be used for children's coughing. It cures the child, softens the throat, relieves all pain, cures wind-cold, and is the best remedy for influenza. A bottle costs five cents.

### NEWS.

Ruskin, the English author, who has been very ill, is convalescing. Hanlan won the boat race over three other competitors at Nantasket. Occasionally there comes a report from Rome of the serious illness of the Pope, but you have only to wait a short while to learn of its denial. The steamship City of Chicago reports having passed in mid-ocean two Norwegians, in a sail craft only nineteen feet long, on their way to this country.

The Postoffice Department will shortly issue a stamped letter sheet so arranged to fold and seal with gummed edges that envelopes will be dispensed with. They will be sold and in pads from postoffices and at so low price as to take the place, very largely, of postal cards.

The opening of the Southern Exposition takes place August 29th. The distinguished musical directors, Damrosch and Cappa, have been engaged to furnish the music for the season. These annual exhibitions, since first organized in the fall of 1853, have proven a great success and added much to the progress of the beautiful city of Louisville.

Secretary Bayard says that he sees no reason why the imbroglio with Mexico cannot be amicably settled. It is true that a wrong has been inflicted upon an American citizen, and our government owes him protection, but for nations to declare war is no small matter and due deliberation, which no doubt will be, should be taken before plunging into what might prove so great an undertaking.

### Kinston Items.

It is said that Clerk Dunn of the Superior court is not at all alarmed regarding his position. He thinks the clerk's office is sufficiently large to hold his sunflower deputy and himself.

Ion J. E. O'Hara was in Kinston last Tuesday, clearing the track for the Congressional race this fall. He appears to be in good spirits and feels sure of success in the great contest on the 29th instant at Kinston.

The Claimants of New Berne contested with the Lenoir baseball club, at Kinston, last Monday for the belt. It was a wet evening, causing the Claimants to lose all their tail feathers but two. The result stood two for the Claimants and thirty-three for the club.

Miss Maud Foy, daughter of Rev. J. H. Foy of St. Louis, Mo., is now visiting Mrs. N. D. Myers and other friends and acquaintances in this place. Her distinguished father, in his search of the Scriptures for life eternal, has now fixed upon Unitarianism as "the way and the life."

In giving the aspirants for county offices, F. M. Haskins for treasurer and James B. Cummings and John L. Hartfield for Superior court clerk were inadvertently omitted. They are all life long Democrats, who have always taken their medicine unmurmuringly, and the party might do well to promote them on this occasion.

It is observed that a few of the "press gang" outside of Craven county are growing at the candidacy of the "coalition candidate" for senator from Craven. "Forgive them, Father, they know not what they do." Fortunate indeed are the people who can secure a law-maker as honest, able and incorruptible as Charles C. Clark.

Lon. F. B. Loftin, at the special invitation of his political friends of Jones, will speak at Trenton next Tuesday, the 14th instant. Being one of the best stump speakers in the district, he amuses, interests and instructs all who hear him. He is also a candidate for the Congressional nomination from the Second district, and if nominated will ably and honorably represent the State in the next Congress of the United States.

The Methodists are holding an interesting protracted meeting at Rose of Sharon church in this county, where much good is being effected. Among the visiting brethren is the venerable D. Culbreth of Raleigh, now on the retired list, whose presence is felt by all as "a father in Israel." He began his ministrations at this church soon after the war with only four members. Now the church numbers close upon two hundred souls.

Robert Bryan, who farms on the land of John P. Davis in Trent township, gave a "crop dinner" several days ago after "laying by" this year's crop, when all the substantial of life as well as pure corn juice and "Maryland bitters" were bountifully supplied. Such gatherings of farmers, besides cultivating the social side of life, offer opportunities of discussing the most successful methods of farming. "Knowledge is power," and the farmer who instructs how to make "two blades of grass grow where only one grew before," deserves better of mankind than all the race of politicians together. "Have your 'crop dinners' and scatter useful hints and information among one another. Don't be a claim any longer."

### An End to Bone Spraying.

Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know. I have had a running sore on my leg for eight years; my doctors told me it would have to be the bone scraped, or the amputation. I used several other bottles of Electric Bitters and soon had the sore healed and my leg as good as well." Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at the same price by Hancock Bros.

### Republican State Executive Committee.

This body met at the Yarbore house, in this city, yesterday. There were present the chairman, Hon. D. L. Russell, Col. L. W. Humphrey and Maj. M. A. Bledsoe, representing the State at large, and Messrs. E. A. White, John R. Smith and Dr. J. J. Mott, chairman, from the congressional districts. There were visiting delegates from present, among them John G. Guion, Forsyth, Knapp, of Guilford; James Eaves, of Rutherford; Wanslow, of Wayne; T. P. Devereux, J. C. T. Harris and Argo, of Wake.

The matters of calling a State convention and the tenure of the State committee in the event of no convention being held, were discussed.

Col. Humphrey moved that no State convention be called at this time and that an address be issued setting forth the policy of the party. Upon this motion there was a full and free interchange of opinion, some opposition being shown, and it prevailed by the following vote—Messrs. Humphrey, Mott, Russell, Smith and White—5, ayes, Mr. Bledsoe.

On motion, the chairman was charged with the preparation of the address, to be assisted by James Russell and Col. Humphrey. The committee then adjourned.—News and Observer.

### To Delegates to the Democratic State Convention.

Arrangements have been made with the several railroads of the State to sell return tickets at reduced rates to and from the convention, to be good for the week. R. H. BATTLE, Chm'n.

Democratic papers will please print the above. Raleigh, N. C., August 10.

### Notice.

The Democratic delegates to the 3d congressional district convention are hereby notified to meet at Wilson, September 1st, at 4 p. m. to nominate a candidate for Congress and appoint an executive committee for the district. The Democratic papers within said district will please copy.

R. H. BATTLE, Chm. Dem. Ex. Com. 3d Cong. Dist.

### Fire at Greensboro.

Early Tuesday morning the spoke and handle factory at Greensboro, owned by the North Carolina spoke and handle company, was discovered to be on fire, and before the flames could be extinguished the property was entirely destroyed. The business was being carried on by Mr. V. G. Hundley, with headquarters at New York, and the enterprise usually afforded employment to about sixty hands. Mr. Hundley made large purchases of timber along the Cape Fear & Yadkin Valley railway, and filled extensive orders for manufactured goods in Australia and other foreign markets. The Charlotte Chronicle says the fire originated by incendiarism. The property was considerably involved by debt, and had only \$500 insurance.

### Cotton Mills Shut Down.

AUGUST, Ga., Aug. 11.—This is the first day of the lock-out in the cotton factories here. The following mills are in the league: Augusta, Enterprise, King, Sibley, Algernon, Shamrock and Riversdale. All is quiet in the factory settlements. Relief committees are looking after needy families and moving many people into the country or sending them to other cities. The number of people shut out is 2,738. To these are paid in wages \$47,140 per month, not including officers or overseers. These mills consumed 2,737 bales of cotton per month. At present there is no sign of a compromise.

### Secretary Lamar and Gen. Black.

WASHINGTON, Aug. 9.—The report of serious and continued friction in the Interior Department between Secretary Lamar and Pension Commissioner Black has been denied in certain quarters, but it is nevertheless true. There is hardly a doubt that Gen. Black will be transferred to some other office, at Mr. Lamar's request, very soon, but Secretary Bayard denies that he is to be sent to Vienna.

### They do not Share Lesseppe's Faith.

PANAMA, July 31.—Although a cable message has been received that M. de Lesseppe had again declared that the canal will be finished by June, 1889, doubts are very generally entertained on the subject, and confidence has not increased on the ultimate success of the project under the present company.

### Minister Hopkins Dead.

WASHINGTON, Aug. 11.—A private cable dispatch announces the death of Rev. Moses A. Hopkins, U. S. minister to Liberia. There are no particulars. [He was appointed by President Cleveland from this State, where he is well known. He was for a time in charge of a church at Frankinton. He was highly esteemed by his race and had the respect and confidence of the white people.]

### Good Results in Every Case.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled by his throat; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured. He has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. Trial bottles free at Hancock Bros. drug store.

### Democratic Convention.

The delegates to the Craven county Democratic convention will assemble today at 12 m. at the theatre. A. W. WOOD, Chairman of Executive Committee.

### Commissioners Meeting.

There will be meeting of the Board of the County Commissioners on Tuesday, August 17, at 10 a. m. JAMES A. BRYAN, Chm'n. auldwid

### Bucklen's Arnica Salve.

CATHERINE LAKE, Onslow Co., N. C.  
This is to certify that J. McSorley has made me two pair of boots of fine quality, excellent fit and very durable. I take pleasure in patronizing and recommending to all who may call on him in his life of business, as being worthy of confidence.  
CHAS. DUFFY, SR.  
Mr. McSorley wishes to inform the public that he has now two first-class Bootmakers employed, has a stock of the very best material, and can put up the very best quality of boots and shoes, made on the shortest notice, and guarantees a fit. Your order is respectfully solicited.  
jyl4 dlm wif

### A Rare Opportunity.

There are at present several vacant stores on Middle and Broad streets, in New Bern, that would make excellent places for CIGAR STORES, and if some enterprising person would take them they might well be made to create a lively business. But as I have a place already that takes all my time to attend to successfully, I would say to the students of New Bern and the public generally that I will continue to serve them with the VERY CHEAPEST CIGARS ever made by the KNIGHTS OF LABOR; these are some better than good.  
TAN HELL Smoking Tobacco a specialty. The very best. Cheverus, Fine and First Cut Tobacco, etc., etc. Call and see, and I can't tell you near the corner of Middle and South Front streets, New Bern.  
WM. L. PALMER.
