## LOCAL NEWS.

**Journalist's Return.**  
New Bern, Atlantic, 39° 3' North, longitude, 77° 5' West. Sun rises 6:44. Length of day, 14 hours, 14 minutes. Moon rises at 11:40 p.m.

### BUSINESS LOCALS.

Any one wanting fresh Beaufort Mullet can get them this morning at G. T. Watson's Fish House.  
Old papers for sale at this office.  
The street sprinkler is in demand.  
The Raleigh graded schools have over seven hundred children in attendance.  
F. M. Simmons, Esq., addresses the people at Maysville, Jones county today.  
The steamer Kingston took out a large crew of cotton pickers up Neuse yesterday.  
The Shenandoah brought in her usual large cargo of general merchandise yesterday morning and took out a good cargo of cotton in the evening.  
W. S. Phillips, registrar for the 4th ward, will open the books at his shop on Middle street on the 27th and keep them open until the day of election.  
The schooners *Ella Hill*, Capt. Hill, and *Anna Camp*, Capt. John Price, are in port from Philadelphia loaded with coal, the former for Geo. Allen & Co., the latter for Watson & Daniels.  
We are requested to announce that E. J. Matthews, registrar for the third ward, will open the registration books on the 27th inst. at his residence on Broad street and keep them open until the day of election.  
The receipts of cotton at the Exchange yesterday was near two hundred bales. This was the biggest day of the season so far and the most of it was brought in on carts and wagons. This made business quite lively with the merchants.  
Cotton pickers and farmers in this section have agreed on forty cents per hundred for picking cotton, and all seem to work harmoniously. At present prices, the farmer barely pays expenses for manuring and cultivating. So forty cents would seem to be a good price.  
The Wilmington Star has entered upon its thirty-ninth half-yearly volume and is sixteen years old. It is bright, witty and ably edited. Upon literary topics the Star has no superior in the State. We can afford to do it justice, notwithstanding its recent unjust criticisms and false accusations against the Journal.  
The steamer *Shenandoah* yesterday with a full cargo of cotton. Capt. Pearce, the clear commander of the *Shenandoah*, is a friend to the farmers. He recognizes the fact that the success of all enterprises depends upon the success of the farmer, and his heart is full of sympathy for the class of our citizens when misfortune befalls them.  
The Democratic executive committee convenes today at the city hall for the purpose of organizing. It is high time they were at work. Voters must be registered; they must be told who are the candidates for judges, solicitor and for Congress. In our county affairs the Democrats must be shown the necessity of voting for "People's Ticket." There should be no faltering, every Democrat should be called upon to do his duty.  
**Match Game of Baseball.**  
A match game of baseball, between the "Dreads" and the "Quick Stop," was played at Bryan's Hill yesterday afternoon at 3:30 o'clock. The score stood 33 for the "Dreads" and 30 for the "Quick Stop." The "Dreads" are the upper boys.

**New Berns For Goods.**  
Our merchants were fortunate enough this season to get the bulk of their goods in before the advance in freight. The competition in the trade here is sharp and vigorous, therefore those who have goods to buy will find that it will pay to take a bold or two of cotton and come along to New Bern. Every branch of trade is fairly represented and there is no end to competition.  
A telegram, received here yesterday announced the death of Alexander C. Latham, a former sheriff of this county, but lately a resident of Washington, N. C., where he died.  
Capt. Latham was a native of Craven, and among the earliest to enter service in the late war. He is captain of artillery, rendered gallant service throughout the struggle, and won for his battery a blue reputation in the army of Northern Virginia.  
"How should be what they seem," and if they are suffering tortures with toothache, they should not try to smother with root and bannana. How much water to soothe the pain with a little of our "Cathartic Oil," which can be bought for 50 cents.

**Personal.**  
Capt. Homer W. Styron, the former collector of customs at Hatteras inlet, is in the city. Being an "offensive partisan" he was turned out and a Democrat put in his place. He becomes a subscriber to the Weekly Journal, with the understanding that if the mails do not carry it regularly and promptly we will help him to make war on the priggish carriers and postmasters. We think he will find Democratic postmasters and route agents as efficient as the "offensive partisans."  
Miss Myra Burris has returned from a visit to Hyde county.  
Mrs. J. T. Hall has returned from a visit to High Point.  
Mr. F. Ulrich has returned from the North, and is ready to greet customers at his stand on Middle street. Go to see him.  
**That Telegram.**  
The Beaufort Record, speaking of the telegram sent to Pollockville on Tuesday last, while the senatorial convention was in session, says:  
"Now the facts in the case are those, that a party of disappointed office-seekers and disgruntled Democrats, numbering less than 50 persons all told, did meet at the court house in Beaufort, on Tuesday, September 21st, and during their deliberations took up a collection and sent the above telegram. We pronounce the statement as made in the telegram a lie made out of the whole cloth. The Democrats of Carteret in convention assembled met and nominated a ticket on Tuesday, August 31, 1886. This convention was as full and fair a Democratic convention as was ever held in Carteret county. Dr. John W. Sanders was the choice of that convention for the Senate, and he is the choice of the Carteret Democracy today. Dr. Sanders and Charles L. Thomas, Jr., with the rest of the nominees associated with them on the ticket will be elected in November by 500 majority. Every true and genuine Democrat will vote for the nominees."  
The telegram stated that the Democrats, five hundred strong, in convention assembled, recommended Col. J. N. Whitford for Senator. We have been informed that this convention held at Beaufort on Tuesday last nominated a ticket. Why didn't the Record tell us who they nominated? We are glad to see the Record so hopeful of electing the regular county ticket and giving Latham a handsome majority.

**Congressional Canvass.**  
Hon. L. C. Latham, the Democratic nominee for Congress, will address the people of Carteret, Dare and Hyde at the following times and places:  
Newport, Carteret county, Saturday, Oct. 9th, at 11 a. m.  
Hartlow, Carteret county, Saturday, Oct. 9th, at 7 p. m.  
Beaufort, Carteret county, Monday, Oct. 11th, at 11 a. m.  
Morehead City, Carteret county, Monday, Oct. 11th, at 7 p. m.  
Smyrna, Carteret county, Tuesday, Oct. 12th, at 7 p. m.  
White Point, Carteret county, Wednesday, Oct. 13th, at 11 a. m.  
Ocracoke, Hyde county, Thursday, Oct. 14th, at 2 p. m.  
Trent, Dare county, Friday, Oct. 15th, at 2 p. m.  
Kinnekeet, Dare county, Saturday, Oct. 16th, at 2 p. m.  
His opponent is respectfully invited to be present and join the discussion.  
Three C's—There are three c's that seize the children and carry them off, and the sorrowing mother, weeping seas of tears, sees the little ones borne away to the cemetery. The three c's are cold, coughs, and croup. Mother! Dr. Bull's Cough Syrup saves the little one's eyes.

**A Conference with Secretary Manning.**  
NEW YORK, Sept. 22.—An Albany special says: "President Cleveland and party arrived here by special car at three o'clock this morning. About eight o'clock this morning the President and Col. Lamont drove to the office of the Albany Argus, about three blocks away to meet Secretary Manning, who had driven there a short time before. The President and the Secretary were in private consultation in Mr. Manning's office for about an hour, while Col. Lamont met a few friends in the rear office. A crowd of interested bystanders awaited the President's appearing. When the consultation was ended the President, Secretary Manning and Col. Lamont drove back to the special car, where a few friends were awaiting them. The train left at ten o'clock. The President and Secretary Manning alone are aware of the decision that was reached at the meeting, and of course they have nothing to say upon the subject. Secretary Manning will return to Washington in about a fortnight, but whether to remain or to close up affairs in his department is not known. He was certainly in good spirits this morning, and, barring the limp in his gait, it is not believed here, however, that he will remain in the department for any length of time."  
**A Captain's Fortunate Discovery.**  
Capt. Coleman, schr. Weymouth, plying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's New Discovery for Consumption. It not only gave him instant relief, but allayed the extreme soreness in his breast. His children were similarly affected and a single dose had the same happy effect. Dr. King's New Discovery is now the standard remedy in the Colombian household and on board the schooner. Free trial bottles of this Standard Remedy at Hancock Bros. Drug Store.

**WRINKLES.**  
A snow storm occurred in New Hampshire on the 21st inst.  
More wonders of the buried city of Pompeii are being discovered.  
Stanley, the famous African explorer, will soon visit the United States on a lecturing tour.  
It is appalling to think of 90,000 cotton spinners on a strike in one place. This is at Burnley, Eng.  
A good many accusations and attacks are being heaped upon Mr. Gladstone, but the old man defends himself nobly.  
Miss Winnie, youngest daughter of the Honorable Jefferson Davis, is the recipient of much honor and esteem at Richmond, where she is visiting.  
The New York Yacht Club has received a challenge from the Royal Clyde Yacht Club in Scotland to contest for the America's cup next year.  
The joint gubernatorial canvass between the Taylor brothers in Tennessee is not so friendly as it started out. At their discussion in Murfreesboro considerable ill feeling was aroused, but they managed to right it afterwards.  
The German ship *Albatross* was dispatched to the New Hebrides to protect German settlers there. Numbers of them had been murdered by the savages, and through revenge the gunboat opened fire upon them with most deadly effect.  
A Maine newspaper tells of a peddler who sold a farmer's wife the familiar sign, "Ici on parle Francais" (French spoken here), assuring her that it was the original Latin text for "God bless our home," and the good woman proudly hung it in the best room.  
Mr. Joseph Nimmo, of the statistical bureau at Washington has written a pamphlet discussing the defenseless condition of our sea coast. He estimates the value of property exposed to destruction at our twelve principal seaports from a hostile fleet to be five thousand millions of dollars, that of New York, Brooklyn and Jersey City alone being put at twenty-five hundred millions.  
The French are certainly a nation of ideas. One of their latest movements is the formation of a syndicate to fit up a mammoth steamship with a complete line of machinery for the generation and utilization of electricity. The cargo will consist of lamps of the arc, incandescent and jablokoff types, carbons and carbon-holders, wires of all descriptions, dynamo machines, batteries and every requirement to properly fit up and maintain electric lights and power stations, telephone, telegraph and time stations. The ship is to visit all the important coast towns of South and Central America for the purpose of exhibiting the varied uses to which electricity may be applied, thus opening new markets for French industries.

**Never More a Candidate.**  
In Cincinnati, about eleven o'clock Monday night, the Thurman Club, about 100 strong, headed by a band of music, marched to the Gibson House and tendered a serenade to the distinguished ex-Senator in whose honor the club was named, Judge Thurman, in responding said:  
"My Young Friends: When I was a boy at school, many years ago, one of the text-books I studied was a Latin one, 'Cicero on Old Age,' and I remember well when I read that beautiful treatise in which the author sets forth in the most beautiful and impressive manner that consummation in old age which would in some degree be a compensation for the trials of youth, I wondered if that lot would ever be mine. Now, when I look down upon your heads and see your bright faces and know who you are and what you are, I feel something of regret that the old author never had a Ciceroian clue to honor and console him in his old age, as you have mine. I thank you, first, for the honor you have done an old man in taking his name for your club, and, second, for the kindness you have manifested toward me by your attendance tonight and your beautiful serenade. My friends, no one can say you are worshipping a rising sun. No, it is a setting sun, low down in the horizon, and fast disappearing forever. I shall never hold another office nor shall I ever be a candidate for office; hence it will not be in my power to reward my friends or to punish my foes. You come, merely to honor an old fellow who from boyhood has been a Democrat, and who until his dying day will be a Democrat, and who is pleased not to be forgotten while he still lives. It is my pride and boast that I have always been a strong and steadfast adherent of the principles of democracy, and when my dying day comes, as soon it must, and my eyes are turned to behold the sun in the heavens for the last time, it will be the eyes of a Democrat that will look upon that orb. And when I am under the sod, and some one stumbles over my grave, there will be the epitaph: 'Here lies a man who was an honest Democrat his whole life long.'"  
**ADVICE TO MOTHERS.**  
Mrs. Winslow's *SCOTT'S EMULSION* should always be used for children's coughing. It soothes the child, strengthens the frame, allays all pains, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. Sold at Hancock Bros. Drug Store.

**Oil Tanks Exploded by Lightning.**  
CLEVELAND, Ohio, September 23.—A special from *King's City* says Calderon & Madison's oil well was struck by lightning at 7 o'clock this morning and the fire consumed two five-hundred barrel tanks, which burst and the oil spread over the southern part of the city, endangering thousands of dollars worth of property. A fire tank across the street from Calderon & Madison's well was also struck and 2,400 barrels of oil were consumed. There is imminent danger of the fire spreading to other wells and endangering the entire city across the river. The entire department is out and great excitement prevails.  
**NOON.**—The fire is still raging and it is beyond the power of the fire department to check its progress. Mrs. Henderson, standing in the doorway of her home, near the first well struck, was struck by a stray bolt of lightning and killed. The Eagle oil well was ignited, but further damage was averted by tearing down the rigging.

**A CARD.**  
How It Was at Kingston.  
**EDITOR JOURNAL.**—A space in your paper, if you please, for me to express the sentiments of the children of liberty, the countless sons of toil. I think Mr. E. R. Dudley will get along with the county affairs first-rate if he would attend to it and let Abbott take care of himself. I tell Mr. Dudley that the poisonous arrow pointed at O'Hara makes a wound in the breast of a majority of the horny fisted sons of toil. I was an alternate at Kingston and know whereabout I write. I do not intend as yet to write about what happened behind locked doors, but what was done in open hall, as I saw it.  
After a little delay in getting a hall, W. W. Watson, chairman of district executive committee, called the convention to order and said in a gentlemanly way the hall would be cleared. S. N. Hill, purporting to be a delegate from Wilson county, living in Craven county, interposed the chair in regard to his right of such action. Upon such interposition the chairman told Hill he was not a delegate from any county. Then Hill jumped up and down, screaming at the top of his voice, imputing upon the chair with insolent language. The mob, at the signal of their notorious leader, Hill, placed in nomination for temporary chairman, F. D. Dancy. Law and order were subverted, and not an uncontented county save Vance gave ear to the mob's wild and excited delirium, not a decent or white gentleman would allow his name to go before the mob convention; and not a man in Kingston could be found to take the nomination except I, B. Abbott. The delegates from Craven county that were instructed to vote for Abbott as their second choice, did not enter the rabble crowd, but took their seats in the Republican convention; and the Hubbs delegates who were instructed to vote for O'Hara as their second choice failed to carry out their instructions, and in the rabble crowd did vote on the second so-called roll call for I. B. Abbott, and he, Abbott, accepted it knowing that it was done contrary to the plan of organization of the Republican party.  
Abbott told J. W. Harrell that if the Republican convention did not nominate him he would not allow his name to be used as a bogus candidate against the nominee of the regular Republican convention. And after the Republican convention nominated that most sterling and distinguished son of the 3d Congressional district, the prince of negro parliamentarians, the Hon. Jas. E. O'Hara, upon the motion to make the nomination unanimous, Mr. J. W. Harrell announced to the convention that Abbott told him to make known to the convention that he, Abbott, was not in the field.  
But he, Abbott, true to his tradition and a traitor to every cause, failed to stand by the agreement made to J. W. Harrell. And I ask you to think of it, my countrymen, for I. B. Abbott is disobedient to God and man—disobedient to authority and truth.  
W. H. DEWEY.  
All Republican papers please copy.

**FOUND AT LAST.**  
M. A. Abbey, of Russellville, Ark., dated June 8th, 1884: "At last I have found an honest remedy. B. B. B. is the best Blood Poison remedy on earth, and if I had a voice that would reach from Atlanta to the sea, I would proclaim its virtue. I have used only four bottles, and am newly cured of a serious Blood Poison."  
Sold in New Bern by R. N. Duffy and E. H. Meadows.  
**Notice.**  
The books for the registration of the voters in the 2d ward will be open at the store of Wm. Saiter & Co., on East Front street, from Monday, 27th inst., until the day of election.  
**State Registrar.**  
A new registration is ordered and no name will be transferred from the old book, therefore all persons failing to register will not be allowed to vote in the coming election.  
**Medford Market.**  
My wife has been a great sufferer from catarrh. Several physicians and various patent medicines were resorted to, yet the disease continued unabated, nothing appearing to make any impression upon it. Her constitution finally became implicated, the poison being in her blood.  
I secured a bottle of B. B. B. and placed it upon my nose, and to our surprise the improvement began at once, and her recovery was rapid and complete. No other preparation ever produced such a wonderful change and for all forms of Blood Disease I cheerfully recommend B. B. B. as a superior blood purifier.  
H. E. DODD,  
Yardmaster, Craven County Jail.  
Sold in New Bern by R. N. Duffy and E. H. Meadows.

**Is Polygamy Really in Peril.**  
Indications are thickening weekly showing the unwillingness of the rank and file in the Mormon Church to sustain polygamy at the risk of arrest and imprisonment. A Mormon official, who has sense enough to see how things are going, stated as much yesterday. He said it all depended on John Taylor how long this continued, one word from him and polygamy would be given up. The church can't fight; the Mormon people can't emigrate, and the hold of the priesthood upon them is so weakening, as avenues of communication are opening up between the "Saints" and outside Gentiles, that the filthy lucre necessary to grease the palms of impetuous Congressmen is being cut short in reduced tithing. The grasp of the polygamous organization are coming quicker, the fatal hectic flush is deepening upon its cheek, and the deathrattle is plainly heard within its limits.—*Salt Lake Tribune.*

**Interesting Experience.**  
Hiram Cameron, furniture dealer of Columbus, Ga., tells his experience, thus: "For three years have tried every remedy on the market for Stomach and Kidney Disorders, but got no relief, until I used Electric Bitters. Took five bottles and am now cured, and think Electric Bitters the best blood purifier in the world."—Major A. B. Reid, of West Liberty, Ky., used Electric Bitters for an old standing Kidney affection and says: "Nothing has ever done me so much good as Electric Bitters. Sold at fifty cents a bottle by Hancock Bros."
