**October.**  
Dry and dusty.  
Speaking at Camp Palmer today.  
Read "ad" of Watson & Street, auctioneers.

One loads of crab grass hay are to be seen daily on our streets.

Cotton reached 9 1-16 yesterday, the highest price of the season.

The Democrats of Jones county hold their convention at Trenton next Monday.

Nearly all the cotton sold at the exchange yesterday arrived on carts and wagons.

The steamer *Carolina* arrived from up Neuse yesterday evening with a cargo of cotton.

Boeh Hashanah, the Jewish new year, was observed by our Hebrew citizens yesterday.

The steamers *Kinross* and *Blanche* arrived from up Neuse river last night with cotton.

Contractor Pavie is rushing work on the stores on Middle street near the market dock.

The steamer *Trent* arrived yesterday evening from Trenton and Pollockville with 50 bales of cotton.

The steamer *Belle* arrived from Elizabeth City yesterday and will be put on a line between this city and Bayboro.

Miss Maria Manly opened school on East Front street yesterday with twenty pupils, the number at which her school is limited.

The Virginia State Fair will be held October 30, 21, and 22, at Richmond. Thanks to the secretary for a complimentary ticket.

A few oysters from Harlowe were brought up yesterday and went off like hot cakes. They were pretty fair for the first of the season.

Mr. John Suter has a large stock of furniture at his store on Middle street which our readers in need of furniture should call and examine.

The Orphan class will arrive here next Tuesday by private conveyance from Bayboro. Arrangements should be made to care for them while in the city.

The county candidates on the coalition ticket will be at Fulcher's precinct on Saturday, the 9th of October, and not at Fulcher's Store, as advertised heretofore.

Messrs. F. M. Simmons, O. H. Allen and W. A. Darden addressed the people at Kinston yesterday. A good crowd was present and the speakers made a fine impression.

New Berne has good streets but miserable sidewalks. Ask the man who stumbled over a stone sticking up in the middle of the sidewalk near the crossing of Craven and South Front.

Geo. Ash has been busily engaged arranging his elegant stock of clothing since his return from the North and is now about ready for the rush. He has reserved space in the JOURNAL to tell about it.

Remember the Orphans will be at the theatre next Tuesday night. New Berne should give them a full house. It is to be regretted that a class has to be taken out and around the country in order to sustain the Asylum, but if necessity drives the superintendent to adopt this plan, let us give them a hearty welcome when they do come and send them away with something to help food and clothe the little ones for whom they are working. No institution in North Carolina is doing nobler work than the Oxford Orphan Asylum.

**Funeral Notice.**  
The funeral services of Jennie V. Dail will be held from the residence of G. F. M. Dail, on Pollock street, at 9:30 o'clock this morning. Friends invited to attend.

There will be a raffle of a full size silk dress quilt at Bell's jewelry store tonight at eight o'clock. The quilt is unique in design and one of the hand-painted pieces of handwork ever seen in New Berne. Do not see it and take a chance.

For your Good Article of Fine Tobacco, ask your dealer for "The Daily Journal" and sell 4w8m

## Fine Tobacco.

Mr. C. M. A. Griffin, of Belle Ferry, sends a sample of tobacco raised on his farm this year. It is nicely cured and resembles the Grayville bright leaf. This sample verifies Mr. Jonathan Havens' statement in his pamphlet on the Pamlico section that the finest tobacco can be grown here. But we hold to the idea that this is naturally a grain, grass and stock-growing section. It is a land, however, adapted to the growth of almost anything necessary for the existence and happiness of man.

**Personal.**  
Mr. Wm. Smith, son of Chief Justice Smith, spent the day in the city yesterday.

Dr. D. W. Smith, of Vanceboro, is in the city. The "People's Ticket" will get a big vote, he says, in his township. Maj. Gordon, of Egypt farm, called to see us last night. He reports a good rain in his section on Wednesday night. Jas. A. Bryan, Esq., returned last night from a trip to the mountains.

Misses Carrie Mayhew and Bessie Planner returned last night from a trip to New York.

Mrs. Joseph Nelson and children have returned from a trip to Warren-ton.

Mr. and Mrs. J. F. Ives returned last night from a trip North.

Another Shock of Earthquake at Charleston.

CHARLESTON, S. C., Sept. 28.—Shortly after 1 o'clock this afternoon the city was visited by another shock of earthquake, which alarmed the entire city. Houses were shaken, and the inmates ran out into the streets. The disturbance was similar in its movement to that of last evening, and it was quite severe. The movement was apparently horizontal and lasted about five seconds. It was accompanied by the usual horrible subterranean growl, with which this people have become so familiar. The recurrence of these shocks on the eve of the day designated by Wiggins for his great earthquake has had a most demoralizing effect upon the people, and many of them will take to the squares tonight rather than risk sleeping in their houses. Unfortunately the shelter committee have taken down many tents, and as a consequence many people will have to sleep in the open air. What has added to the general terror is the fact that last night there was an unusual meteoric display from 9 till 11 o'clock. The heavens seemed to be alive with shooting stars. Exactly what connection there is between a meteoric storm and an earthquake it is impossible to say, but in this afflicted city all signs point to disaster, and it must be remembered that it is now just four weeks since Charleston's awful calamity came. Many timid people have left the city, dreading the day designated by Wiggins for the great shock, and even among those who remain a feeling of uneasiness prevails. There has been but little interruption in the work of repairing the damages, and business appears to be going on in its usual channels. The shock at 1 today, so far as is known here, does not seem to have been felt outside of Charleston. Some people aver that shocks were felt last night at 9 a.m. and 4 a.m., and there is little doubt but that there were slight tremors of the earth at the hours named, but they were not sufficiently sharp to awake the slumbering people, although they were felt at Summerville.

Calamities certainly do not visit this afflicted city singly. The earthquake shock today was preceded by a fire and a fatal accident, which are rather an accumulation of incidents for a city of 60,000 inhabitants. The fire fortunately was not destructive, owing principally to the fact that the fire department is still camping out and that the engines, men, and horses are constantly on the alert. It broke out in a quarter of the city entirely composed of wooden houses, and would have proved disastrous but for the quick response of the department.

At 11 a.m. a house in Bedon's alley, which had been shattered by the earthquake, but the lower floor of which was still occupied by colored tenants, fell in and crushed a colored woman, who was subsequently dug out of the ruins and sent to the hospital fatally injured.

CHARLESTON, S. C., Sept. 28.—A severe earthquake shock was felt here at eight minutes past one this afternoon. It lasted about one and a half seconds. It was from north to south and shook nearly all the houses in the city, the vibration being very perceptible in wooden houses. Scientists say these shocks will keep up for an indefinite time, and that there is nothing alarming in the recurrence of shocks. There were three slight shocks at Summerville today, but no damage was done.

WASHINGTON, Sept. 28.—A telegram was received at the Treasury Department today from Mr. Devereaux, superintendent of the custom-house at Charleston, S. C., saying that the shock of earthquake yesterday afternoon caused a serious displacement of the west portion of the government building, so much so as to necessitate closing that entrance to the building.

**ADVICE TO MOTHERS.**  
Mrs. Winslow's SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. *Jan 24th 1887*

**NEWS.**  
At the residence of her parents on Pollock street, New Berne, N. C., on Thursday, Sept. 30th, Jennie V. Dail, youngest daughter of G. F. M. and Amy J. Dail, aged 5 years 2 months and 11 days.

## BRIEFS.

B. F. Pell has been appointed assistant keeper of the light house at Hatteras. Philadelphia has five free bath houses in which over half a million people have bathed this season.

Atlanta, Ga., has an artesian well 2,044 feet deep, and except through the first 34 feet, it all runs through rock.

At the Democratic convention of the tenth Ohio district the Hon. Frank Hard was nominated on the first ballot. Col. Morgan Rawls, a candidate for Speaker of the lower house in the Georgia legislature, is said to be a better violinist than either of the Taylor candidates of Tennessee.

An Omaha (Neb.) woman was so mad because her baby did not secure the prize at a baby show that she went away and left it. The father found it in time to prevent its being taken to a baby show.

A Pittsburg man recently received a note from one of his neighbors which read: Dear Sir—I have seen your advertisement for a cook for three days in the papers. When you get the one you want please direct the rest to me as I don't care to advertise."

The steam yacht *Alva* being built for Wm. K. Vanderbilt, is about ready for launching and is thought will outrival any pleasure yacht in existence. When Mr. Vanderbilt gave the order he said that he wanted the most elaborately finished, the swiftest and largest pleasure boat that ever floated upon the waters of the world.

Prof. E. S. Wiggins, the Canadian prognosticator, has issued the following address from Ottawa to the people of the United States: "The prediction published in the New York press, and asserted to be mine, that a great earthquake will devastate New Orleans, Galveston and other Southern cities along and south of the thirtieth parallel, on Wednesday, the 29th of September, is a falsehood. It was originated here by their own correspondents and for their own purposes. I never received any reward except untested abuse for weather or other predictions, my sole object being to protect public property and save human life, and in this I have treated the United States, the home of my ancestors, the same as my own country. Two years ago I foresaw that a great storm would occur in the North and South Atlantic from September 29 to October 1, 1886, and that an earthquake period would occur in America from August 25 to October 15, the greatest strain being on September 29, south of the thirtieth parallel of north latitude, and so made my report to the Canadian government. This is the sum and substance of my prediction and of my knowledge on the subject, and the newspaper talk of devastation of States, swallowing up of cities, and of ruin generally, has originated with the New York press, for their own advantage and to frighten religious and other lunatics throughout the United States, at the same time abusing me personally. After having saved the lives and vessels of the Gloucester fishing fleet in March, 1883, when the Hull fishing fleet, which laughed at my prediction, was lost, I think you will say I am deserving of better treatment. But this will not again occur. Only one newspaper in New York, which I will select, will in future publish my predictions, and then only over my own signature. The New York *Herald* gives at my name, but it should remember that it was a Governor of Massachusetts, a Wiggins, and my own ancestor, who first raised the standard of American freedom."

**Rhyme and Reason:** If you cannot keep quiet, because your cough makes a riot, there's something, pray try it, a quarter will buy it; be quick now about it; don't be without it; your cough, this will route it; I beg you not to doubt it; to the world I would shout it. Oh yes, you guess! Dr. Bull's Cough Syrup.

**Pleuro-Pneumonia in Pennsylvania.**  
READING, Pa., Sept. 28.—Pleuro-pneumonia is raging with unprecedented violence among cattle in Limerick township, Montgomery county, as well as some neighboring districts. Many have died. Dr. Gilbert reported to the State board of health eighteen cases in Limerick alone, and the farmers find that the only remedy is to kill the cattle, leaving the State to pay for them. A movement is on foot among the farmers to hold a convention to petition the legislature to take more effective measures to stamp out the disease, and with the Western States ask aid from the general government.

**Good Results in Every Case.**  
D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cough that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose throats have been saved by this Wonderful Discovery. Trial bottles free at Hancock Bros. drug store.

## A Horrible Murder.

RALEIGH, Sept. 28.—Last Thursday night the store of A. D. Owens, at Crewell, Martin county, was entered by burglars. Owens' dwelling adjoined the store. He heard a noise and as he stepped to the door he saw two burglars, one of whom raised a gun and fired. Forty buckshot entered the stomach of Owens, who in a few moments was a corpse. Since that time the authorities have been on the track of the murderers. Monday night Sheriff Spruill arrested at Plymouth the wife of the murdered man and two negroes. Another negro, James Davenport, alias Ambrose, was shot and killed. One of the negroes made a confession some days ago as follows: That Mrs. Owens had hired them to kill her husband. She wished them to drown him, and had prepared water in a barrel for that purpose. She gave him medicine to put him in a sound sleep, and the three negroes actually stood by his bedside ready to commit the crime, but their courage failed them. Finally, Ambrose, some nights afterward, entered the store and when Owens appeared shot him. Ambrose was pursued, and on making a desperate attempt to kill a member of the sheriff's posse was shot through the heart.

Mrs. Owens and the two negroes are in jail at Plymouth.

## The Anarchists' Motion for a New Trial.

CHICAGO, Sept. 28.—The motion for a new trial in the cases of the condemned anarchists was presented to the State's attorney today. Thirteen grounds are assigned for the motion, among them the alleged discovery of new evidence, misbehavior of jurors and improper rulings of the court. The motion is supported by eight affidavits. John P. Hillup Deluse, a saloon keeper at Indianapolis, in his affidavit swears that a man came into his saloon one morning, and after drinking, said he came from New York, and was going to Chicago. He referred to the labor troubles, and said Deluse would soon hear of trouble in Chicago. Pointing to a small sheet he had with him, he said "I have got something in here that will work. You will hear of it." There are several affidavits alleging remarks by jurors showing prejudice against the prisoners.

## Prohibition Contest in Atlanta.

ATLANTA, Ga., Sept. 28.—The chief interest in the Democratic primary which was held here today centered in the fact that an attempt was made to mix it up with the prohibition question. Certain extreme prohibitionists formed an allegiance with certain Knights of Labor some time ago and put out a ticket pledged to these two interests. The rank and file of the prohibitionists protested against this effort to mix up moral with political questions. In the vote today hundreds of prohibitionists either stayed at home or voted against the alleged prohibition ticket, while many who voted for the ticket put out did so under protest. The result was a defeat, not of prohibition, but of objectionable methods.

## Norfolk Items.

NORFOLK, Va., Sept. 28.—A young man named J. F. Elderkin, of Portsmouth, was killed a few days ago at Athens, Tenn., by being knocked from a railroad train. Elderkin joined Doris' circus when it left Portsmouth, about a month ago.

The first ship of the foreign cotton-bearing fleet to arrive this season, the Spanish steamship *Hugo*, arrived today. The largest compress works started up several days ago and the season may now be considered fully commenced. About 3,000 bales were received over the various lines today.

John R. Shields & Co., hardware merchants, made an assignment today. Their liabilities are estimated at \$20,000; assets \$20,000.

Salvation Oil is the greatest cure on earth for pain. This invaluable liniment routs and banishes all bodily pain instantly, and costs only 25 cts. a bottle.

## Three Children Killed by a Rattlesnake.

CHICAGO, Ill., Sept. 28.—Near Andalusia, Alabama, three children of a family, ranging from two to six years old, went out Sunday afternoon to play near the house. A large pine tree had been blown down, and they were playing around in a hole made by the roots of the tree being torn up. The afternoon passed and at night the children were missed. The parents instituted a search and soon found them lying near the roots of the fallen tree. The two younger ones were dead and the eldest was in a dying condition. Upon investigation it was found that the children had all been bitten by a rattlesnake, which had made its den under the roots of the tree. Their bodies were terribly swollen, and looked as if they had been bitten in several different places. The eldest child died during the night and the three innocents were buried together.

## An Aged Pedestrian.

Next to a walking match is Mr. R. R. Sauter's walking fifteen miles in one day, fishing and hunting. He lives at Athens, Ga., is 78 years old, has had a running ulcer on his leg 50 years—only half a century—and previous to that day had not walked over half a mile per day for 30 years. Mr. Sauter, the Banner-Watcher, and Rev. Dr. Calvin Johnson say that E. B. cured the ulcer and restored him.

"Oh, Josie," said little gleeful Maud, "we are going to have some honey made at our house." "How do you know?" asked Josie. "Because mamma sent the servant after three lbs, and I don't know what bees are good for only to make honey." Sold in New Berne by R. N. Duffy and E. H. Henderson.
