Register.
L. H. Cutler has received a large stock of new hardware, stoves, etc. See change of "ad." and go examine his stock.

About twenty-five Onslow county men arrived yesterday evening to attend a trial before Justice Brinson today.

A runaway horse down Craven street caused a little excitement yesterday. No damage save tearing the cart to pieces.

The match game of baseball yesterday evening between the "Swift Steps" and "Dreads" resulted in the defeat of the latter by 17 to 1.

Yesterday was a busy day at the cotton exchange. Many cars and wagons were in from Onslow and Jones county, and the merchants were busy.

The steamer *Elm City* arrived from Baltimore yesterday morning with a cargo of merchandise which was discharged, and she left for Bayboro on her new line.

Capt. K. R. Jones is still dealing out family groceries on the corner of South Front and Middle streets at prices to suit the times. He solicits consignments of cotton, grain and other produce; is thoroughly reliable and will give prompt attention to business.

The county candidates on the "People's Ticket" spoke to a good crowd at Camp Palmer yesterday and we learn from parties who were present made a very favorable impression. The people should turn out and hear the candidates on this ticket. We believe they can convince thinking people that they are right and ought to be elected.

We understand that George Rodman, Esq., is perfecting arrangements to deliver a lecture, based upon the experience of his recent trip to New York City. The title of the lecture will be "The Ebony Tramp Abroad, or the Mystery of a Lost Overcoat." His second lecture will be "Ice Water vs. Shorts." Tickets 5 cents. No gentleman admitted unless he comes himself.

Mr. J. K. Willis, the marble man of Eastern Carolina, received a large lot of marble per *Shenandoah* yesterday. He is always ready to pay tribute to the dead, and monumental evidences of his skill and workmanship can be found in almost every cemetery in Eastern Carolina. The neat and clean cut marble work on Patterson's new hotel is being done by him.

Police-kettle Bridge.
Capt. Days Roberts, of the steamer *Trent*, requests us to call the attention of the commissioners of Jones county to the condition of the draw in the bridge across Trent river at Pollockville. The steamer sometimes delayed several hours on account of its condition.

Farmers' Organizations.
We publish today an address to the farmers of North Carolina from the famous club of Forsyth county. It is taken from the *Progressive Farmer*, a most excellent agricultural journal published by Col. L. L. Polk. We commend both the address and the *Progressive Farmer* to our farmer readers.

The Champion Rope Walker.
Prof. Frank Stooker, "King of the Alps," arrived yesterday and will give an exhibition this evening at 8 o'clock at the corner of Pollock and Middle streets. He will walk a rope stretched from the "Wainwright" building to Bell's jewelry store. He is the champion rope walker of the world, being the same gentleman who crossed the Niagara Falls for 17 consecutive days in 1873.

The Panacea Section.
In view of the convention of Northern settlers to be held at Raleigh during the State Fair, we suggest that steps be taken to distribute a large number of Mr. Johnson's *Havana's* pamphlet on the Panacea section. A few copies purchased by each individual who feels an interest in the development of the Panacea section and distributed at this convention would do much to advertise the section and would eventually lead to something beneficial. The pamphlet can be purchased no doubt at small cost and we hope a ready market will be distributed at the State Fair.

Good Remedy in Every Case.
D. A. Bradford, wholesale paper dealer of Charlotte, N. C., writes that he was seriously afflicted with a severe cold that settled on his lungs; he tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose names have been saved by this Wonderful Discovery. Trial bottles free at Hancock Drug store.

PERSONAL.

W. S. Chadwick, Esq., of Beaufort, was in the city yesterday. He is very confident that C. R. Thomas, Esq., Dr. J. W. Saunders and the other regular Democratic nominees will carry the county by at least five hundred majority.

Dr. F. P. Bates of Bayboro is in the city and reports some sickness in his section.

W. H. Rountree, Esq., of Contentnea Neck, Lenoir county, arrived on the steamer *Kinston* yesterday morning with cotton.

Duty of School Committees.
The State Superintendent of Public Instruction requires school committees in every school district to forward school statistics to the county superintendents. This work should be done before the apportionment of the school funds of the ensuing year, and should be done with care and accuracy. The county board of education must know the number of children in each school district in order to correctly apportion the money. We have been requested to call attention to this matter that the committees in the various school districts may be reminded that the time for doing this work is near at hand.

Shotwell Memorial Bazaar.
The ladies of Raleigh have organized a "Shotwell Memorial Bazaar" to raise money to increase the "Shotwell Monument Fund." The ladies of New Berne are asked to contribute articles for sale. Any small, or fancy articles will be acceptable. Packages can be sent to "Shotwell Memorial Bazaar," care Mrs. F. A. Olds.

The general manager of the Southern express company has very kindly given the ladies who will conduct the Shotwell Memorial Bazaar free express rates on all parcels of five pounds weight and under, when shipped to Raleigh from any point in North Carolina, addressed to "Shotwell Memorial Bazaar."

A number of ladies at various points in the State have consented to act as local agents in collecting and forwarding contributions for the bazaar. It is particularly desired that some lady shall so represent the bazaar at every place in the State.

The bazaar will be conducted in one of the spacious dining halls at the fair grounds during fair week. Luncheon will be handsomely served at all hours and the fancy articles, etc., contributed will be effectively displayed. State papers please copy.

If You Wish a Good Article Of PLUG TOBACCO, ask your dealer for "Old Rip."

"Alone unto our Father's will
Our thought hath reconciled;
That He whose love exceedeth ours,
Hath taken home His child."
In memory of Jennie V., daughter of G. F. M. and Amy J. Dall, died September 30th, A. D. 1886, in the sixth year of her age.

But few more interesting children were to be found, than this little girl whose remains were followed to the grave on yesterday.

She was bright in intellect, beautiful in countenance, and sweet in disposition—but—
"God looked among his cherub band,
And one was missing there,
To sing all o'er the heavenly land
The song of praise and prayer."
He selected this little girl.

Her remains lie quietly in Cedar Grove Cemetery; the little grave is banked with flowers; sorrow fills the breast of many; the hearts of her parents are bleeding; her soul is in Heaven—
"There, mother, in the Saviour's arms,
Forever undivided,
Amid the little cherub band
Is 'Jennie' thy child."

An End to Bone Scraping.
Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. I have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven bottles of Bucklen's Arnica Salve, and my leg is now sound and well." Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c. per box by Hancock Bros.

Reunion.
The second annual reunion of the members of Company H, First N. C. Cavalry, will be held at Kinston, N. C., the second Wednesday in October, 1886 (Oct. 15th). Every surviving member of the company is cordially invited and urged to attend.

H. T. SAULS, Captain.
O. R. and Cor. Sec'y.

BRIEFS.

A rumor comes from the Northwest of a general uprising of the Indians. The volcano of Colima, Mexico, is in a state of eruption for the third time within 12 months.

A new explosive has been invented in France for which Gen. Boulanger claims to be equally as powerful as gun cotton and much more easily handled.

The Bulgarian regency has given public notice of an election to elect a successor to Prince Alexander, but the special Russian agent there is endeavoring to prevent its taking place.

An experiment of sprinkling streets with crude petroleum instead of water is being tried in a California town. It is believed that the oil, after two or three sprinkles will lay the dust for months.

The annual exposition at St. Louis has been a grand one. It is thought that there have been more strangers there during the past three weeks than was ever before known. The musicians, under the leadership of P. S. Gilmore, numbered 3,000.

The Germans are not at all pleased with the weakness, as they deem it, that Bismarck has shown towards Russia. They probably forget that France stands ready at any moment to strike the blow of revenge when an opportunity offers itself, which Bismarck is well aware of.

In 1884, near Ashland, Ky., K. F. Burchett killed Albert Anglin. At the trial that followed there was no defense except that the accused was drunk when he did the killing, and he was convicted and sentenced to the penitentiary for life. The court of appeals has just affirmed the judgment, holding that drunkenness is no excuse for crime, and does not lessen the degree of the offense.

A Northern exchange speaks of four very remarkable brothers name Acklen who live in Middlesex county, New Jersey. William is 83 years old, 6 feet and 3 inches high and weighs 250 pounds, Henry is 81, 6 feet 4, and weighs 270; Samuel is 79, 6 feet 5, and weighs 225; Theodore is 73, 6 feet 6, and weighs 230 pounds. They are in excellent health and vigorous for their years.

The proposition to widen the boundaries of Chicago so as to include the important suburbs of Hyde Park, Lake and Lake View, is again seriously discussed, and it is probable that before the taking of the next federal census all the outlying districts, extending nearly to the limits of Cook county north and south, and the Desplaines river on the west, will be included within the city. The lines which separate the towns mentioned from Chicago are imaginary, but their existence compels the maintenance of four district police jurisdictions, taxation bureaus and legislative boards. If the boundaries of the city are extended to the extreme lines mentioned, the city territory will be eighteen miles long by eleven miles wide, giving the city a present population of about 900,000.

Cluverius Doomed.
STANTON, Va., Sept. 30.—This morning the Supreme court of Virginia, sitting here, handed down the papers in the case of T. J. Cluverius, who stands convicted of the murder of Lillian Madison, at the old reservoir, Richmond, Va., with the endorsement that the petition for a rehearing is denied. This renounces the case to the hustings court of Richmond, by which the time will be fixed for the death penalty by hanging, unless executive clemency interposes.

Can't Say Too Much.
TOWALIGA, Ga., June 5, '85. We find B. B. to be the best blood poison remedy we ever handled, and gives more satisfaction. Its cures are quick and decided, and you can't say too much in its praise. We know of two cases of blood poison and one of osanrh cured by its use. We can't tell any other now.

The Pratt Gin.
STONKWELL, N. C., Sept. 30, 1886. EDITOR NEW BERNE JOURNAL:
Dear Sir—Will you allow me space in your columns to say something for the 50-watt Pratt Gin I have lately bought of J. C. Whitty, Esq., of New Berne, and have placed it in my gin house and now have at work. On the 19th it turned out fifty-five hundred pounds of lint cotton, making a fraction over twelve bales of four hundred pounds each. How is that for high? After the gin is used longer, I think I shall be able to beat the above. So far, I think the Pratt Gin is the best in use.

Truly yours,
C. H. FOWLER.

ADVICE TO MOTHERS.
Mrs. WILSON'S Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, always all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. Sold by Hancock Bros.

Jones County Items.

E. S. Franks is improving, and hopes are entertained that he will be up and out in a few days.

Our farmers complain that their cotton is not only short, but they fear that their corn crops are much shorter than they expected.

There is considerable dissatisfaction in the Republican circles over some of their nominees. Dock Cox says that he is a candidate for register of deeds, and will show to the people that he is the choice of the Republicans of Jones county.

We see in Tuesday's *JOURNAL* Col. Whitford's card stating that he had been nominated by a mass meeting in Carteret and would address the people of Jones in order to obtain their views on the subject. After reading his card I took especial pains to enquire of the different representative men of the several parts of the county what were their views of his course. Every one to a man deprecated the course he was pursuing; said that Dr. Sanders was nominated by the regularly called convention of Carteret county and that his nomination had been ratified by the Senatorial convention regularly called at Pollockville, and that they should advise every good Democrat to support Dr. Sanders. This is the sentiment of Jones county Democracy, both rank and file, and Col. Whitford will find it so on Monday next.

Our Senatorial candidate, Dr. Sanders, met the people at Trenton on Tuesday last and addressed them in a fine speech which was well received. The people of Jones are perfectly united and will in November give him a heavy vote. Every word of his speech had in it the true ring of the old Democratic metal. F. M. Simmons, our candidate for Congress, addressed our people when Dr. Sanders had concluded, in an able and masterly effort. It is useless for me to say how his speech was received. Our people are somewhat like the old church man, when he was asked during church hour how he was getting along, "Why," says he, "brother, no need talking to me; I am ready to go now. Go talk to them that are not ready." We are always ready to receive him, we know him and we will give him our votes almost without distinction of party, and must say to Clem like old brother Jim, we are all ready, ready for you now, without any talking. You go and talk to them that needs talking, we don't need any talking, you may rest assured.

SUGGESTION TO JONES COUNTY DEMOCRATS.

I would suggest to the Democrats of Jones county; the following gentleman for the lower House of the Legislature; one who could fill the position better and who would get every Democratic vote in the county, with the addition of nearly two-thirds of the white Republicans; a gentleman who could represent our county, to the full satisfaction of every good citizen; one whom we are all proud to say is a citizen of Trenton—Joseph A. Smith, Esq. Study on, gent; he can get a better vote than any man in Jones county. Would it not be a good idea for us to select some one for the treasurer's office who would aid and be independent of speculators in giving his bond? and it ought to be a gentleman who is a good financial manager of his own business at home. I must say that our friend E. M. Foscoe could meet all these requirements. For sheriff, Lewis King, Esq., who would fill the office acceptably to all; besides, he is well known and well liked by men of all parties.

I don't suppose either of these gents desire the office, but they are too patriotic not to accept if nominated.

An Aged Pedestrian.
Next to a walking match is Mr. R. R. Sauter's walking fifteen miles in one day, fishing and hunting. He lives at Athens, Ga., is 75 years old, has had a running ulcer on his leg 60 years—one-half a century—and previous to that day had not walked over half a mile per day for 30 years. Mr. Sauter, the Banner-Watchman, and Rev. Dr. Calvin Johnson say that B. B. cured the ulcer and restored him.

"Oh, Joie," said little gleeful Maud, "we are going to have some honey made at our house." "How do you know," asked Joie. "Because mamma sent the servant after three B's, and I don't know what bees are good for only to make honey."
