"Tis finished: yes the work is done.
The battle fought, the victory won." She was unceasing in her personal atention to the sick, the poor, and the

afflicted.
She was faithful to her people, faithful to her church, faithful to her God, faithful over a few things, and will be made the ruler over many things.

"Enter thou into the joy of thy Lord."
Borne by the hands of the vestry and other members of Christ Church, her remains were taken to that holy sanetuary where it was her delight to

worship.

The funeral services were read by the Rev. Mr. Shields, and her remains placed in the family burial ground of Maj. John Hughes.

It has been reported that I was dead—but I am not. For four years I have been afflicted with a severe case of Blood Polace, Rhoumatism and Neuralgia. My flesh shrank away, my mucles seemed to dry up and form into little knote, joints were swollen and painful and all concluded I must die. I have used five bottles of B. Diphtheria.

The difficulty of educating the public into the belief of the necessity of quarantining the sufferent from this disease is beyond comprehension. We have seen children playing in the street suffering from a mild attack of diphtheria, who were as capable of infecting others with the disease as though they had it in the most virulent form. Indeed, we witnessed one death produced by contact with these children, and yet their parents could not be persuaded to keep them from contact with others. It is thus that the disease is often diffused from house to house and kept alive where it ought to be diligently extirpated. Western N. C. Politics.

EDITOR JOURNAL:—Politics up here are getting pretty lively. Candidates are even more numerous than in Craven. If Mr. Clark is elected, he and the Doctor will see that our good old county is no longer slighted.
