The meetings at the Baptist church ducted by Rev. Thomas Needham, continues with much interest. Several have professed faith in Christ, and many others are enquiring the way to eternal life. Mr. Needham is preaching every night to large congregations, and also conducting Bible readings every evening at four o'clock, which are very instructive. The public are cordially invited to attend these meetings.

The New Silver Certifiquie. Mr. Wm. H. Oliver has shown us one

of the first issue of the naw one-dollar silver certificates. It is beautiful in appearance, and will be much easier to carry than the silver dollar. Mr. Oliver fought earnestly to prevent

the demonstration of silver, and it is doubtless a great consolation to him to see the appearance of these certificates instead of the suspension of the coinage of silver. He thinks the appearance of these is the beginning of better times.

Realth Reports,

The September number of the Bulletin of the North Carolina Board of Health is out. It contains a summary of reports from county superintendents of health for the month of August, 1886. Out of the ninety six counties in the State only forty two have superintendents. From a careful perusal of these reports it will be found that typhoid and malarial fevers and whooping cough were prevalent in the central and western counties. We would like to see full monthly reports from all the countine, as we are estisfied such reports Valriy and honestly made would show that the title "malerial district" is very

Stmmous' Canvaus.

We hear the most flattering reports from the Congressional canvass being made by F. M. Simmons, Esq , and there is every prospect of his election if the Democrate will turn out and give him a full vote. Craven county is his limbs of the law, and one old sprout of adopted home, and her people should not only feel a pride in his election, but ought to endeavor to give him a larger vote, in proportion to the Democratic strength, than any county in the district. To do this there must be harmony, and earnest work. The township committees should see that every Democrat is registered and see that every vote possible is cast for Simmons, Dunn, the Judicial ticket and the county "People's Ticket."

Disturbances in Abbeville County-President Cleveland's Contribution. CHARLESTON, S. G., Oct. 5.—Earth-quake news of a somewhat startling nature comes from the northwestern part of this State. A letter from "Ninety-six," in Abbeville county, says: "During the past week the shocks have been much stronger, and come much more frequently. They are confined mostly in a triangle formed by two public roads and a stream of water. All the Spanish revolutionists who two public roads and a stream of water, were condemned to death for having the sides of which would measure two engaged in the recent revolt have been commuted to imprisonment in a milison and Mr. Ellenburg live nearer the creek than the others, and are more troubled. His wife was in the field with to bring him some fresh water. As long as the shocks continued in Charleston we thought it all came from there.

> There have been one or two slight shocks in Charleston since October and those at Summerville still continue.

Mr. Samuel G. Stoney, treasurer of the Gentleman's Auxiliary Association of the Confederate Home, has received New York under the auspices of the a check for twenty dollars from Presi-Grant Memorial Association. She is dent Cleveland, accompanied by the following letter:

"EXECUTIVE MANSION. Washington, Oct. 1, 1886.

My Dear Sir:—A circular just received informs me of the object and purpose of the Home for Mothers, Widows and Daughters of Confederate Soldiers at Charleston, as well as its present need caused by recent misfortune. Though decorations and a monument. A granite constantly appealed to from all sides obelisk has just been erected at Lip- and upon all manner of occasions for pecuniary aid, I cheerfully inclose slight contribution to the sum necessary to make such repairs as will enable this useful and benevolent institution to again open its doors to the mothers. widows and daughters for whom it was intended, and whose condition presents such an urgent appeal to the sympathy Yours sincerely, GROVER CLEVELAND.

The city council of Charleston at a special meeting tonight authorized the mayor to withdraw their proclamation of September 17, which stated the wants of Charleston for the needy suf ferers by earthquake at that time. | This action is based on the reports of the committee on relief, who state that they have furnished aid to those needing food, shelter and immediate pecuniary help, and in their judgment there has been such a resumption of the normal life of this city as to justify the discontinuance of this system of assistance at an early day. The committee believe that the sums of money already received together with the estimated amount of collections now being made will place the committee in a position to substan-tially help the needy sufferers, for se relief only this committee was formed.

A Fine Opening with Small Capital. The citizens of Kinston love chickens. For years past there has never been a glut in the market. The demand has giut in the market. The demand has steadily kept ahead of the supply. With a Kinston housekeeper, the price of a chicken is a matter of small moment; for there must be chicken for breakfast. And, as for what the "good man of the house" may say about it, there is very little concern or disturbance of mind on the rest of the "good woman of the on the part of the "good woman of the house." The chicken must come.

Seeing then that this is the state of the case, what hinders any man from making a fortune by setting up a hen-nery near Kinston? Land is cheap. range is ample, feed is plentiful, and the stock law does not apply to fowls. It must pay large profits to the chicken farmer. And suppose it does cost twenty cents each to raise the bipedsyou can sell them at any price you may see fit to ask. Price is nothing to a chicken-craving public.

You cannot gorge our market. You do not know the enormous capacity we have for digesting chickens. Set up your hennery and get rich. HEN-PECKED.

It has been reported that I was dead but I am not. For four years I have been afflicted with a severe case of Blood Poison, Rheumatism and Neural-gia. My flesh shrank away, my mus-cles seemed to dry up and form into little knots, joints were swollen and painful and all concluded I must die. I have used five bottles of B. B. Advised to Resign.

Washington, Oct. 5.—The cabinet meeting today was attended by Scoretaries Endicott and Lamar, Attorney-General Garland, Poetmaster-General Vilas and Acting Secretary Fairchild. An interesting question arcse in the case of a United States district attorney who has been nominated for Congress, with regard to the propriety of his continuance in office pending the result of the congressional election. The general opinion expressed was that the incumbent had better resign by rederal office, and he will be so informed. This action is in accordance with the recent Executive order in regard to federal officials participating in politics. Advised to Resign.
