The Little Helpers of the M. E. Church will have a Dime Party at the residence of Col. J. N. Whitford, corner of Hancock and Broad streets, Friday evening. n1824

Old papers for sale at this office.

Weather Observations.

Wednesday, 4 p. m.
Signal flag flying for change in temperature. Predicted to fall 20 to 30 degrees during next 24 hours.

The signals are:
White flag, fair or clear weather.
Orange flag, local rains.
Blue flag, general rains.
White flag, black square, cold wave.
Black triangle, rising temperature if above weather flag; falling temperature if below it.

Weather flag displayed alone, without black triangle, indicates stationary temperature.

The white flag with black square was displayed yesterday, denoting a cold wave.

Some unusually fine oysters have been in the market for the past few days.

We think the Elizabeth City *Economist* right when it says that as fine tobacco can be grown in the eastern part of this State as any other.

The weather signal flags have been received and will soon be in use. We publish this morning the prediction of cold wave as indicated last evening.

Very enjoyable weather we are having now. Yesterday was a day of sunshine and spring-like breezes. Neuse river looked very pretty with its rippling waves dancing to the wind.

There is a gentleman in this county who killed one hundred and sixteen rattlesnakes of the most venomous description with a short black-gum stick in less than an hour, says the *Smithfield Herald*. Ahead of Craven, with Onslow to be heard from.

There have been reported considerable meteoric disturbances for the last few nights. We cannot bear witness to the above for we, as well as most people, were otherwise engaged than star gazing at the stated hour of occurrence—between three and four o'clock a. m.

Mr. J. T. Patrick, Commissioner of Immigration for North Carolina, will soon visit the eastern part of our State for the purpose of selecting the most suitable location for a winter resort. From the many advantages offered by New Berne, we think no more desirable place can be found.

Prof. E. Morrisette, of Virginia, who has been canvassing here for Hitchcock's *Analysis of the Bible*, leaves tomorrow for Fayetteville where he goes to make delivery of the book. His assistants, Messrs. T. E. Woodfin and J. R. Robertson, will remain in the city until it has been thoroughly canvassed. They report having met with considerable success while here.

Beyond a doubt the weather this fall has been the most pleasant for many seasons. Through the summer months a remarkably heavy rain-fall was experienced, which considerably damaged the growing crops; but during harvest, finer weather could hardly have been desired, and while the yield was short, the condition in which it was saved was excellent. A finer grade of cotton for the whole season never was marketed at New Berne.

Slight Fire.
The alarm of fire yesterday afternoon quickly brought out the department. It was found to be at the mill of Maj. Demmons, on South Front street. The turning on of the waterworks arranged by the Major, and the early assistance of the fire engines soon arrested what might have proven a serious conflagration. To think of the vast amount of property destroyed by fire that Durham has just experienced, it would seem that our excellent means for quenching them are well worth maintaining.

Paddy Ryan all Right.
SAN FRANCISCO, Nov. 15.—Inquiry was made last night at the Palace Hotel as to the condition of Paddy Ryan, who was knocked out Saturday night by Sullivan. Ryan was out, but it was learned that he had almost completely recovered from the effects of the blow. He went out driving during the day.

Week of Prayer for Young Men.

The meetings at the Y. M. C. A. rooms on Middle street will continue through the week, beginning at 8 p. m.
Thursday evening—Services at the churches.

Friday evening—Dr. W. H. Barker, leader. Topic: "From Inquiry to Knowledge." Acts viii: 26, 29.

Saturday evening—T. C. Hancock, leader. Topic: "A Merchandise that is Better than Silver." Prov. 31: 13, 26; Matt. xiii: 44, 46.

Personal.

Mr. and Mrs. E. L. Francks and Silas W. Venters, of Onslow, are in the city.

Mr. A. P. Barrow, of Jones, was in the city yesterday with a lot of cotton. Messrs. E. M. Foscoe and Cyrus Foscoe of Jones were in the city yesterday.

Mr. B. F. Delemar, contractor for lathing and plastering the Hotel Albert, is in the city and will commence work at once.

Miss Laura Hughes has returned from a visit to Raleigh.

Messrs. F. W. Hancock, G. F. M. Dail and A. H. Holton were caught in the matrimonial cyclone yesterday and landed at Bell's Ferry where they attended the marriage feast.

C. R. Thomas, jr., Esq., arrived from Beaufort yesterday and received the congratulations of his friends upon his election by the largest majority given in Carteret since the war.

A Matrimonial Cyclone.

A matrimonial cyclone has swept over our vicinity and has played havoc with some of our promising young men.

It first gathered force from the blue ridge; it exhibited an increasing strength at Wytheville, Va., where one of our young lawyers happened to be visiting. He was literally doubled up by it. Reaching New Berne a bank teller was swept from the counter like a cancelled check and wafted clear over into Pitt county, where he was shielded from the severity of the gale by friendly arms.

An engineer of the A. & N. C. R. R. was wrenched from his cab without ceremony and found himself only after being securely coupled up by a reverend friend. The trucking interest did not escape from a share in the fearful hurricane. Rushing up the Neuse road a truck farmer was snatched from his plow-handles with such violence as to throw him into a beech grove where a united stand of himself and a beautiful inhabitant weathered the storm in safety.

This is the most remarkable matrimonial cyclone ever experienced in this vicinity, and, considering the short space of time it continued, so large a number of our young kings of the forest were never before so suddenly uprooted.

Kinston Items.

There is very little sickness in town. The Thanksgiving robber roasts high these nights.

Rev. W. J. Fulford, of Snow Hill, was in Kinston Monday.

Cold weather is coming. Let the wise take warning.

Only twenty-three old bachelors left in Kinston, and five widowers.

The cold waves are farmers' friends; for they enhance the price of wood.

Rev. Dr. Whitfield, of New Berne, spent Monday with friends in Kinston.

Court in session this week, our favorite Judge Clark presiding. The docket will probably be cleared the first week.

We heard one Lenour county farmer say, on Saturday last, that he had made a first-rate crop. He shall have the medal for candor.

Rev. A. J. Hires, of this place, will represent the Baptists of Kinston in the N. C. Baptist State Convention in Wilmington this week.

The bricks in the front of the walls of Dr. Tall's new hotel resemble the pressed bricks very much. Our brick maker knows how to make the article.

Mr. John Bizzell, brother of Clerk Bizzell, will keep the same position under Mr. B. F. Nunn, that he held under Mr. Archbell. Mr. B. is a most efficient clerk.

The butcher does have some funny expressions; he told his assistant the other day to break the bones in Mr. Williams' chops, and put Mr. Smith's ribs in the basket for him, and tell Mrs. Black to take Dr. Bull's Cough Syrup for her cold.

MARRIED.

At Bellair, near New Berne, N. C., on Wednesday, Nov. 17th, 1886, Miss Kate S. Richardson to Mr. W. F. Crockett, Rev. W. J. Oronson officiating.

At the residence of the bride's parents, on Wednesday, Nov. 17th, 1886, by Rev. V. W. Shields, Mr. John E. B. Carraway, of New Berne, to Miss Lizette Gaskins, of Pitt county.

The happy couple, accompanied by friends started immediately for their home in this city.

At the residence of the bride's father, in the city of New Berne, on Wednesday, Nov. 17th, at 7:30 o'clock a. m., Mr. Fred Hunter to Miss May Richardson, Rev. Mr. Crawford officiating.

Mr. and Mrs. Hunter left on the morning train for Laurinburg, on a visit to the father of the groom.

Why the Statue is Unlighted.

WASHINGTON, Nov. 15.—The Post-morrow will publish an article saying that the Bartholdi statue remains unlighted because different branches of the government are waiting for each other to take the initiative. At the Treasury Department it is stated that the department is powerless to act because the statue has not been turned over to the department by the President, as it is maintained by the law requires. At the White House it is said that the President has no objection to making the order necessary for illuminating the statue, but he understands that the statue is, under the law, subject to the control of the lighthouse board, and he is waiting for that bureau to lay the matter before him through the Secretary of the Treasury. Commodore Peck, of the lighthouse board, said it would be possible to light the statue from funds contributed by private persons, but he did not think such an extreme course necessary. He believed that funds could be found in the lighthouse appropriations to pay for the illumination of the statue, provided the President would order its illumination. At present their hands were tied. The lighthouse board is said to have collected a large amount of data regarding the illumination. It finds that \$900 a month will be required to illuminate the statue with the same kind of light as that used during the unveiling ceremonies. The lighthouse board has also given considerable attention to the mode of lighting. It is thought to be impossible to illuminate the whole statue so that it will be seen at night, owing to its dull, non-reflecting surface.

The Substitute System.

WASHINGTON, D. C., Nov. 15.—Secretary Manning intends to break up the abuses of the substitute system in his department, under which heretofore employees who were sick were permitted to put on substitutes to fill their places. The system is said to have been greatly abused by employees in good health supplying substitutes who received only a portion of the salary of the position—usually one-half of it—the other half going to the regular employee. An order for clerks who are permitted by substitutes to return to their desks goes into effect tomorrow. There were today about seventy-five substitutes at work in the department. The order will probably not be enforced with a severity that amounts to cruelty, but the cases will have to be of undoubted merit where exceptions are made.

The Baptists in Convention.

BALTIMORE, Nov. 16.—The fourth annual meeting of the Baptist convention of the United States began in this city today. Rev. W. F. Hatcher, of Richmond, Va., in the chair, and Rev. G. D. Pepper, of Waterville, Maine, read a paper on the "Inspiration of the Scriptures," which was discussed by Rev. O. P. Eschus of New Jersey. A paper on "Faith Cure," sent by Rev. W. H. Whitsett, of the Southern Baptist Theological seminary, in Louisville, was discussed by Hon. James Buchanan, of Trenton, and Rev. G. F. Downing, of Cleveland, Ohio. The convention is very fairly attended and will remain in session until Thursday.

Chicago Strike.

CHICAGO, Nov. 16.—Large crowds of men assembled at the Forty-third street depot, and at the railroad tracks on Rock street in the stockyards this morning to apply for their old positions. There was no disorder of any kind. About twice as many men were engaged yesterday, and were selected from the crowd this morning and ordered to report to the various packing houses for duty. The militia have all been withdrawn from the outposts and are now in barracks. Gen. Fitzsimmons has recommended that the soldiers be withdrawn tomorrow, as in his opinion the civil authorities will be all that is needed.

Invading the Indian Territory.

CALDWELL, Kansas, Nov. 15.—A company of soldiers have been ordered to this place from Fort Reno to keep prospectors out of the Indian Territory. The greatest excitement prevails. Thousands of claims have been staked out in the Territory below Caldwell, where silver is believed to exist in large quantities.

Americans Arrested in Russia.

LONDON, Nov. 16.—Six American citizens have been arrested in Southern Russia for preaching in an orthodox assembly of Russians. Mr. Lothrop, the United States minister at St. Petersburg, has been endeavoring to induce the authorities to release the prisoners, but so far has been unsuccessful.

Moving a Court House to a Rival Town.

MONTVIDEO, Minn., Nov. 15.—Saturday last a crowd of men with teams from Madison loaded the Lacqui Parie court house, which is a frame building about 90 by 40 feet, two stories high, on four large truck wagons, and Sunday morning began moving off the building to Madison, fourteen miles distant. Intense excitement prevails throughout the county.

Bureau of Correspondence.

Col. F. A. Olds, who has long been the representative here of such papers as the *Richmond Dispatch*, *New York Herald*, *Philadelphia Times*, *Christian News and Courier*, etc., will now devote himself entirely to his bureau of correspondence, and will endeavor to advance in all ways the best interests of the State and of Raleigh, while keeping his papers thoroughly informed as to all news.—*Evening Visitor*.

Salvation Oil, the greatest cure on earth for pain, as no remedy has so equal in the market. It is without doubt the best liniment. Price twenty-five cents a bottle.

Bitter Bread.

Complaint is frequently made by those who use baking powders that they leave in bread, biscuit, or cake raised by them a disagreeable, bitter taste. This taste follows the use of all impure baking powders, and is caused either by their containing alum (introduced to make a cheap article), by the impure and adulterated character of other ingredients used, or from the ignorance of their manufacturers of the proper methods of combining them. These baking powders leave in the bread a residuum formed of lime, earth, alum, or other deleterious matters, not always, though frequently, tasteable in the food, and by all physicians classed as injurious to health. The Royal Baking Powder is free from this serious defect. In its use no residuum is left, and the loaf raised by it is always sweet, light, and wholesome, and noticeably free from the peculiar taste complained of. The reason of this is because it is composed of nothing but absolutely pure materials, scientifically combined in exactly the proper proportions of acid and alkali to act upon and destroy each other, while producing the largest amount of rising power. We are justified in this assertion from the unqualified statements made by the Government chemists, who after thorough and exhaustive tests recommended the "Royal" for Governmental use because of its superiority over all others in purity, strength, and wholesomeness. There is no danger of bitter bread or biscuit where it alone is used.

Russia Must Keep Out.

LONDON, Nov. 15.—The *Standard* says: The plain English of Count Kalnoky's declaration is that Russia shall not occupy Bulgaria. If she does she will have to reckon with Austria and England, and, in case of need with Germany.

COPENHAGEN, Nov. 15.—It is stated on authority that Prince Waldemar is personally willing to accept the throne of Bulgaria.

SOFIA, Nov. 15.—It is rumored here that Russia is mobilizing troops. General Kaulbars has demanded the dismissal of the perfect and sub-perfect of Philippopolis because the patrol, late at night, disarmed and conducted to the Russian consulate a Russian cavass, who had refused to give his name or the password when challenged.

Captain Nabokoff has been delivered to the Russian Consul at Bourgas.

The Socialists and Lord Salisbury.

LONDON, Nov. 15.—The council of the Social Democratic Federation will read a letter to the Marquis of Salisbury demanding of him that he, as prime minister, receive a deputation of unemployed workmen next Sunday afternoon and hear from them a statement of reasons for government assistance. The letter will give as a reason for making Sunday for receiving the deputation that it is the only day convenient for the persons who will compose the deputation to wait formally upon the prime minister because, the letter will say, they are compelled to spend all their time on the other days of the week seeking work, and the document will caution the premier from attempting to evade the deputation, and ask him to refrain from following this week his custom of going into the country on Saturday.

The Spanish Tobacco Monopoly.

MADRID, Nov. 15.—It is reported that Senor Puigerver, minister of finance, will introduce in the Cortes a project to place the State tobacco monopoly in the hands of a syndicate of native and foreign bankers, who will pay the treasury a fixed rental exceeding the present income which the government derives from that source.

Marvelous.

Nashville, Ten., Nov. 8, 1884.
One of my customers, Mrs. L. Williams, has been using B. B. B. for a short time and reported to me that its effects were simply marvelous, but that it far surpasses all other blood remedies she has used, and that she could heartily sanction anything said in its favor, as it had given her more relief than anything she had ever used before.

W. H. OWEN, Druggist,
and E. H. Meadows.

The Express Robbery.

ST. LOUIS, Nov. 16.—D. S. Fotheringham, the Adams express messenger, whose car was robbed three weeks ago of money and valuables amounting to \$100,000, was arraigned in the criminal court this morning, charged with grand larceny and accepting stolen property. The messenger pleaded "not guilty" to the charges, and was remanded to jail.

"Oh, might I kiss those eyes of fire,
Ten thousand scarp would quench desire;
Still would I steep my lips in bliss,
And dwell an age on every kiss."

That young dude needs something for his blood; he is utterly too fresh. B. B. B. is the best thing for him, because one bottle will cure him. But that dude is not all alone in his hysterical glory—not by a "jug full." Many others are considerably "rattled" just now about that blood poison business, but H. B. B. will cure for the least money and in the shortest time. The boom is coming. Purify, Purify.

Sold in New Berne by E. N. Duffy and E. H. Meadows.

Bulgaria's Ruler.

LONDON, Nov. 16.—Russia has designated Prince Nicholas, of Mingrelia, as her candidate for the throne of Bulgaria. The other powers have unanimously approved of him as the successor to Prince Alexander, and have invited Russia now to propose a satisfactory solution of her conflict with the Bulgarian regency.

THE BIGGEST THING OUT

For Chills

IS
House's Chill Syrup!

If your Druggist or Merchant does not
keep it, send to

BERRY'S DRUG STORE.

If House's Chill Syrup fails to cure if
directions are adhered to, you can get
your money back.

The trade supplied by R. Berry.

House's Chill Syrup effected an immediate
and permanent cure before one bottle
was used.
E. J. PATTERSON, Shoe Store.

Have sold every bottle of House's Chill
Syrup I could obtain from the manufacturer.
It not only broke the Chills but left the
patient in robust health.
W. M. L. PALMER, Tobaccoist.

"I was completely broken down and suffered
intensely with dumb chills. Four doses
House's Chill Syrup resulted in a complete
cure. I most heartily recommend to all who
suffer from Chills and Fever as harmless,
certain and sure."
EDWARD GEROCK, Photographer.

"Myself and three children were cured by
House's Chill Syrup. I consider it the best
malarial remedy in the market."
A. S. CARROLL.

"Have used House's Chill Syrup in our
families; cheerfully recommend it as a positive
cure for Chills and Fevers."
JOHN SCHLESIER,
CHAS. B. JONES,
FRED. B. HIXON,
At Erdman's Cigar Factory.

Not a single complaint from the many
bottles of House's Chill Syrup sold.
Nothing but the most unbounded satisfaction
as to results and surprise at its
promptness.
R. BERRY, Druggist,
2018 4th New Wm
