success.

Mr. Harrison Palmer, of Fort Barn-
well, in this county, was in the city
yesterday distributing "Articles of Con-
federation of the Poor Man's Life As-
sociation." He will apply to the next
General Assembly for a charter.

Thanksgiving day was generally ob-
served in an appropriate manner in this
city. Places of business were closed
and everything had the appearance of
Sunday. Services were held at the
several churches and collections taken
up for the Oxford Asylum.

Personal.
Capt. Thos. O. Daniels, of the Davis
School at La Grange, is home for a day
today.

Rev. Z. Parish, of the M. E. Con-
ference, on the Onslow Circuit, is in
the city on his way to the Conference
which convenes at Reidsville next
Tuesday.

Grand Excursion.
The A. & N. O. R. R. will run an ex-
cursion train from Kinston tomorrow
Sunday, to the A. M. E. Conference,
which is in session in this city. Emi-
nent preachers from nearly every sec-
tion of the State are present. Fare for
round trip from Kinston, 75c.; Cam-
well, 75c.; Dover, 60c.; Core Creek,
60c.; Thessalon, 40c.; 75c. 1887.

Striking of Dining Room and Kitchen.
A. P. Davis, Esq., of this county, in-
forms us that the kitchen and dining
room on the plantation of Mr. Wm.
Arnold, deceased, near Fort Barnwell,
were destroyed by fire on Thursday. It
was with difficulty that the dwelling
was saved. The fire originated from a
stove pipe in the dining room. The
loss is about \$200.00. No insurance.

An Accident Prevented on the A. & N. O. R. R.
C. E. S. to the caution of the S. E.
Engineer.

Thursday night near Core Creek what
might have proven a very serious ac-
cident was barely escaped. A huge
tree standing within the fence of a
pasture was blown down and fell
directly across the track. Section
Master White, who was on the lookout
after the storm for the safety of his
train, discovered it in time, cut the
tree up and removed it. The escape
from this accident shows the wisdom
of removing the right way into the
pasture of the Railroad Company as
proposed to be done whenever nec-
essary, and to clear it off. The tree stood
in a man's field who for years had
submitted it, but it was on the right of
the road.

Parties who have been invited
to the A. M. E. Conference at La Grange,
Ga., will be glad to go to all which
are from Charleston, S. C., and
it will be very kind to see that you
get the invitation. Price twenty-five
cents a ticket.

The Board of Censors.

As announced in Thursday's **JOURNAL**,
certain members of the county board of
censors appeared before U. S. Com-
missioner Cogdell of Goldsboro, at the
court house at noon yesterday, to an-
swer the charge of wilfully failing to
perform their duty as members of the
board of censors. U. S. District
Attorney Busbee was present in behalf
of the government. Messrs. W. W.
Clark and Clement Manly appeared on
behalf of the defendants. The district
attorney called a list of the defendants
who responded, at the conclusion of
which Mr. Clark stated that Mr. Rowe,
one of the board whose name had not
been called as a defendant, was present
and desired to be made a party; that
Mr. Rowe had not been served with
process, but had received information
of the proceedings against the mem-
bers of the Board and voluntarily sub-
mitted himself to the judgment of the
court.

Mr. Clark said the defendants had
been brought before the court charged
with violating the election laws in re-
gard to the election of a member of
Congress; he desired to waive an exam-
ination, not to escape or evade the law,
but in order that the investigation and
trial may be made as public as possible,
and that it might be tried before a
court having free jurisdiction. He
courted the fullest and freest inquiry,
but entered his most earnest, vigorous
and indignant protest at the action
which invoked the aid of the United
States to ascertain the title of certain
persons to county offices.

Mr. Busbee said that the action sug-
gested by Mr. Clark was in his opinion
the fairest and frankest course to pur-
sue; he did not misconceive the action
of the defendants and did not deem it
at all an admission of guilt, but that it
was done only with a view to having a
full hearing of the case; he accepted
statement of counsel that the hearing of
the case was only waived for the pur-
pose of having an honest, full, free
investigation.

Mr. Manly appreciated the frank and
courteous statement of the district at-
torney; that his clients courted the
fullest investigation and wished the
facts arrived at in the highest court;
that he deemed the proposed course the
speediest; his clients desired the case
investigated without any fear of the
result.

On the recommendation of the district
attorney, the commissioner fixed the
appearance bonds of the defendants at
\$300, and several citizens came forward
and tendered themselves as sureties.
A full hearing of the case will be had
at the next term of the U. S. District
court before Judge Seymour, which
convenes in this city next April.

Let's Sustain Him.

Commissioner J. T. Patrick made a
flying trip to the city on Thursday
night, returning on Wednesday morn-
ing. He will return again in a few
days and go to work in earnest to es-
tablish a winter resort for Northern people.
We believe there is something in him,
and hope our people will give him all
the encouragement in their power. He
is satisfied that in a few years he can
have at least three hundred thousand
dollars distributed annually in this com-
munity by Northern visitors. The suc-
cess he has made of "Southern Pines" is
a guarantee that he knows how to
manage the thing. Now let the com-
munity sustain him, as far as practic-
able, in his efforts to develop our section.

Thanksgiving Day.
The day was generally observed in
our community as a holiday. The
weather was pleasant as to temperature,
but it was cloudy and windy, remind-
ing one much of a day in March or early
in April. Services were held in all our
churches, attended by large congrega-
tions, and at Christ Church, as a com-
memoration there on Thanksgiving, the
font, chancel and pulpit were appropri-
ately decorated with fruits, vegetables,
grains and grasses, suggestive of an
offering of first fruits.

The keeping of a day of public thank-
sgiving was not "Founded by our Pil-
grim Fathers," as is said with poetic
license in the pretty lines printed in the
JOURNAL of the 25th. The observance
of such a day ante-dates the discovery
of America by many years, though its
observance in New England States,
since their earliest settlement, has
doubtless been more regular and dis-
tinctive than elsewhere. The custom
was perhaps originally suggested by
the Jewish feast of tabernacles or "Feast
of Ingathering." A day of thankgiving
was not unusual in Europe in times
long past, and a proclamation appoint-
ing one was published in Holland in
1575, while the "Harvest Home" of
Great Britain is well known.

The Continental Congress appointed
a day of thanksgiving every year during
the continuance of the war of the revo-
lution, and one also in 1783, for the re-
turn of peace. In 1789 President Wash-
ington proclaimed a thanksgiving for
the adoption of the Constitution of the
United States. But it remained for the
strict constructionist, Governor Wise,
of Virginia, to refuse, (in 1857) to ap-
point a day of thanksgiving, on the
ground that he had no authority to in-
terfere in matters of religion. He
would have labored under no such dif-
ficulty in North Carolina, for here the
Governor of the State has, for more
than thirty years past, been required by
statute to appoint such a day generally.
In the Book of Common Prayer,
special services are provided for Thank-
sgiving Day:
"A form of Prayer and Thanksgiving
to Almighty God, for the fruits of the
earth, and all other blessings of His
merciful Providence;" and the first
Thursday of November is appointed for
the festival, if no other day be set apart
by the civil authorities.

An Important Decision.
We find the following communica-
tion in the last issue of the **Free Will**
Baptist of this city:
We are informed that by a recent de-
cision of the Supreme Court of North
Carolina, the sales for taxes on town
lots and land in the city of New Bern,
made by the city tax collector from
1879 to 1885, are illegal, null and void.
Two of the main reasons for such de-
cision, are the tax levies are unconsti-
tutional in not observing the equation
between the poll and property, and
want of more full description of prop-
erty in the tax levy, etc.
We make this announcement for the
benefit of those whose property have
been sold for taxes during the years
1879-80-81-82-83-84 and '85, that
they may not be frightened out of their
boats by threats of the city treasurer or
tax collector, in their notice to the peo-
ple to come and redeem land which has
been illegally sold. We also learn that
the city treasurer now has on hand 100
or 200 of these illegal deeds. It is also
asserted that one of the reasons for this
decision may be applied to sales of land
made to the State and county.

A CITIZEN.
We have not seen the decision refer-
red to in this communication, but the
one thing that is bound to strike the
reader, and that is, the law in regard to
the collection of taxes is very defective
or the collectors do not do their duty.
It seems that there is real estate prop-
erty in Craven county that not only
pays no taxes but is actually a tax upon
the taxpayers of the county. The
county and city incur the expense an-
nually of selling this property, yet the
sales are invalid. If a sale cannot be
made legally, then it would be far bet-
ter for the taxpayers that they be saved
the expense of the farce of selling.
Such a state of affairs is demoralizing
and unless something is done to remedy
it will produce trouble.

Kinston Items.
Thanksgiving day was observed here.
The schools had a holiday, and there
were religious services at the Methodist
and at the Baptist church.
We sincerely hope that Rev. N. M.
Jurney may be sent back to this station
by the conference. He has many warm
friends here in all the denominations.
Mr. James Y. Joyner, of Goldsboro,
made a fine speech in court this week.
He gives promise of becoming one of
the leading lawyers of North Carolina.
A scaffold, upon which a large quan-
tity of bricks had been placed, fell, last
week, and slightly injured a few of the
workmen. This happened at Dr. Tull's
new hotel.

The pole secured for displaying the
weather signals proved to be rather
rough; so it was discarded and another
one ordered. We will have signals
flying in a few days.
Mr. Henry Griffin, a native Kinston-
ian, but now of Durham, spent two
days in town this week. He reports
business very brisk in his town, and
everybody in some kind of work.
Mr. Bizzell, our new Democratic
clerk of the Superior Court, has rented
the house formerly belonging to the
late Dr. J. T. Walsh, and will move
into it with his family in a few days.
A fire, at the homestead of Dr. F. M.
Rountree, near this town, on Wednes-
day morning about seven o'clock, con-
sumed the house with all its con-
tents. The house was well filled with
the grain, and the loss is severe.
Venner's predictions, tho' in the
main pretty accurate, are not infallible.
But Dr. Bull's Cough Syrup was never
known to fail.

Our Timber Interests.
A number of Northern capitalists
passed through our city a few days
since from Buffalo, New York, on their
way to North Carolina to look at timber
lands in the western part of that State
for the purpose of purchasing \$200,000
acres. It pleased with the inspection.
Should they decide to buy, a company
will be organized at once, and
other mills established as soon as pos-
sible on the land, and the timber got
out for Northern markets. It is esti-
mated that over \$1,000,000 in the aggre-
gate will be expended in the enterprise
if undertaken. -Norfolk Virginian.

Analyzing the Baking Powder.

Under the direction of the New York
State Board of Health, eighty-four dif-
ferent kinds of baking powders, em-
bracing all the brands that could be
found for sale in the State, were sub-
mitted to examination and analysis by
Prof. C. F. Chandler, a member of the
State Board and President of the New
York City Board of Health, assisted by
Prof. Edward G. Love, the well-known
United States Government chemist.
The official report shows that a large
number of the powders examined were
found to contain alum or lime; many of
them to such an extent as to render
them seriously objectionable for use in
the preparation of human food.
Alum was found in twenty-nine sam-
ples. This drug is employed in baking
powders to cheapen their cost. The
presence of lime is attributed to the im-
pure cream of tartar of commerce used
in their manufacture. Such cream of
tartar was also analyzed, and found to
contain lime and other impurities; in
some samples to the extent of 93 per
cent. of their entire weight.

All the baking powders of the mar-
ket, with the single exception of the
"Royal" (not including the alum and
phosphate powders, which were long
since discarded as unsafe or inefficient
by prudent housekeepers) are made
from the impure cream of tartar of
commerce, and consequently contain
lime to a corresponding extent.

The only baking powder yet found by
chemical analysis to be entirely free
from lime and absolutely pure is the
"Royal." This perfect purity results
from the exclusive use of cream of tar-
tar specially refined and prepared by
patent processes which totally remove
the tartrate of lime and other impuri-
ties. The cost of this chemically pure
cream of tartar is much greater than
any other, and on account of this great-
er cost is used in no baking powder but
the "Royal."

Prof. Love, who made the analyses of
baking powders for the New York State
Board of Health, as well as for the
Government, says of the purity and
wholesomeness of "Royal":
"I have tested a package of Royal
Baking Powder, which I purchased in
open market, and find it composed of
pure and wholesome ingredients. It is
a cream of tartar powder of a high de-
gree of merit, and does not contain
either alum or phosphates or any inju-
rious substances."

Stonewall Items.

Schooner A. E. Rudolph, Levine mas-
ter, has been on bottom for the past
eight or ten days, loaded with lumber
for Philadelphia, the tide being so low
that it was impossible for her to sail.
She left on the 26th to the gratification
of her captain.

Our court was quite a short one, last-
ing only two days. Nothing of general
interest was done. One Isham Thomp-
son, colored, for the third or fourth
time was sent to the State prison; this
time for 10 years. The sheriff and posse
had a lively time in getting him to jail.

Thanksgiving has past and the most
thankful man I know of is Nat Potter,
Jr., who was married to Miss Fannie
Tuten, at the residence of the bride's
father, Maj. Tuten, of Durham creek,
Beaufort county; Claud Tuten, J. P.,
being the Thanksgiving knot on the

The Cluverius Case.
RICHMOND, Nov. 25.-A curious com-
plication has grown out of the case of
Cluverius, condemned to be hanged
December 10 for the murder of Fannie
Lillian Madison, Carter Harrison, one
of the jurors, basing himself in getting
up a petition for pardon or commuta-
tion of sentence, after the case had taken
its tedious course through the courts.
Others of the jury, eight in all, have
signed a petition to the Governor to
hang the man.

A Neat Scheme.
NEW YORK, November 25.-The Sun's
Washington correspondent reports a
scheme on foot to give the Democrats
control of the next Senate by passing
through the House the pending Senate
bill admitting Washington Territory as
a State, while leaving on the calendar
the bill admitting Dakota.

ADVICE TO MOTHERS.
Mrs. WINDLOW'S SOOTHING SYRUP
should always be used for children
coughing. It soothes the child, softens
the gums, allays all pain, cures wind
colic, and is the best remedy for dia-
rrhoea. Twenty-five cents a bottle.

Death from a Queer Cause.
KANSAS CITY, Mo., November 25.-
The death of Ralph Newman, a promi-
nent young business man of this city,
occurred yesterday from ulceration of
the pit of the stomach. Newman had
unconsciously swallowed some days ago
a raw bean, which gradually produced
inflammation sufficiently to cause death.
Six physicians attended the patient,
but were unable to diagnose the case.
The cause of death was not discovered
until the post-mortem autopsy.

Married to Death and Reduced to Life.
A story of a man near Maxey's, Ga.,
who for ten or twelve years was almost
a solid man from head to foot.

For three years, his appearance being
so horribly repulsive, he refused to let
any one see him. The disease, after
eating his flesh, commenced on his skull
bones. He tried all doctors and medi-
cines without benefit, and no one
thought he could possibly recover. At
last he began the use of B. B. B., and
after using six bottles his bones were all
healed and he was a sound man.

He looks just like a man who had
been brought to death and then restored
to life. The best men of the county
know of the case, and several doctors
and merchants have spoken of it as a
most wonderful cure.
