The Speaker laid before the House a letter from the Secretary of the Treasury, submit, ng book estimates for fiscal vear 1888.

Mr. Herbert, chairman of the Committee on Naval Affairs, called attention to a dispute which had arisen between that committee and the committee on Appropriations, as to which had jurisdiction over the estimates for naval vards and stations and the new naval observatory. After fully examining the question, he had come to the concured.

clusion that the position taken by him on Saturday, that the estimates were within the jurisdiction of the Appro-

priation Committee was erroneous, and he offered a resolution referring to the Committee on Naval Affairs so much of the book of estimates as had reference to those objects. The Speaker called attention to the

fact that Mr. Herbert's resolution disposed of only a small part of the book of estimates, and on motion of Mr. Blount, the resolution and the book of
