special benefit of large cattle syndicates.

DAILY JOURNAL

At the conclusion of Mr. Springer's remarks the committee rose and the matter went over and the House at 3:30 adjourned until January 4th.

Why The "Royal" is the Best. The improved method by which it has

been made possible to produce pure cream of tartar, has had an important bearing upon the manufacture of baking powder. By the process heretofore generally employed, it has been found impossible to remove all impurities, more particularly the tartrate of lime which remained to such an extent as to greatly impair the quality of the cream of tartar, and to interfere seriously with the strength and wholesomeness of the baking powders into which it entered.

WASHINGTON, Dec. 22.-Mr. Ed In the new process, which is owned by the Royal Baking Powder Company

By the employment of these superior

Powder, as the chemists all certify, of the highest possible degree of strength. "absolutely pure" and wholesome, and with an always uniform leavening power. It is for these reasons that the "Royal" never fails to produce bread, biscuit, cakes, etc., that are light sweet, digestible and wholesome; the eating of which is never followed by in-digestion, or any of those physical dis comforts attendant upon the partaking of improperly prepared food. In ren dering possible the production of a baking powder possessed of these qual-

ifications, the improved method of recullnary world.

The Durham Mystery

A telegraphic dispatch received in this city lind algorith from Darham N. C., impairing the prosperity of home stated that the search in that vicinity for the body of Miss Lizzie B. Turling ton, the missing young lady supposed to have been murdered by 'Walter 1.

lies somewhere in a great stretch of pine forest between Morrisville and Durham. People at the first mentioned place say that Bingham and Mise Turington passed through Morrisville Friday in a buggy, but only a mile beyond, Bingham was seen in the buggy alone. This rather conflicts with the story of their being seen together within eight miles of Durham, as Morris

ville is fourteen miles from Durham. Bingham and the young lady were each aged twenty-three, and had long been lovers, becoming such while at the institution for desf mutes in Raleigh as pupils. Later Bingham went to a simi-

lar iustitution at Carmansville, N. Y.
